SPECIFICATIONS

Open Country A/T II

Capable & Versatile All-Terrain 4x4 Tyre

It's time for a change

Toyo Tires enables you to move better; our Japanese roots gives you the latest in mobility both on and off the road. But that's just the beginning. What Toyo really does is empower you to move confidently to new and bigger things, to make a change for the better. Just ask those who have. You see, tyres are not just a part of your vehicle. We believe that what you put on the outside of your car, matters to those on the inside. This is why we make **tyres for drivers**, not cars.

Make your *move*.

TOYO TIRES[®]

Go anywhere, any time with the **Open Country A/T II**, a true all-terrain tyre that's surprisingly capable off-road but retains the sealed road sensibilities to keep daily drivers safe and long-distance tourers sane, whether that be in a 4x4 ute, 4WD wagon or soft-roader SUV. Widely regarded as one of the best all-terrain tyres on the market due to its longevity, durability and balanced real-world capabilities, this dependable 4WD tyre is the perfect fit for avid adventurers and novices alike with an aggressive yet functional tread pattern that's got the go to match the show, on - or off-road.

Key driver benefits

- Tread life
- Steering response
- Off-road traction
- Low noise
- Puncture resistance

Suitable fitment

- Toyota Landcruiser 200
- Toyota Hi-Lux
- Nissan Navara

Features & Benefits

New tread compound with improved wear resistance

Long tread life

New casing profile

More even contact pressure distribution for improved resistance to irregular wear and longer wear life

Improved tread design with groove in tread blocks and fringed block edges

Improved off-road traction

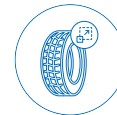

Staggered and scalloped shoulder lugs

Improved off-road traction

Two jointless cap plies

High speed durability and puncture resistance

Improved off-road traction

Deeper tread depth and more void area compared to Open Country A/T II for improved off-road traction.

Related Product Comparison

In comparison to **Open Country AT/II**

Open Country U/T

- ⬆️ is quieter and more comfortable
- ⬆️ is more suitable for towing
- ⬆️ has a the best sealed road performance

Open Country R/T

- ⬆️ has stronger off-road traction
- ⬆️ is more puncture resistance
- ⬇️ has a slightly faster wear rate

Open Country M/T

- ⬆️ has the maximum off-road traction
- ⬆️ is more puncture resistance
- ⬇️ has a faster wear rate

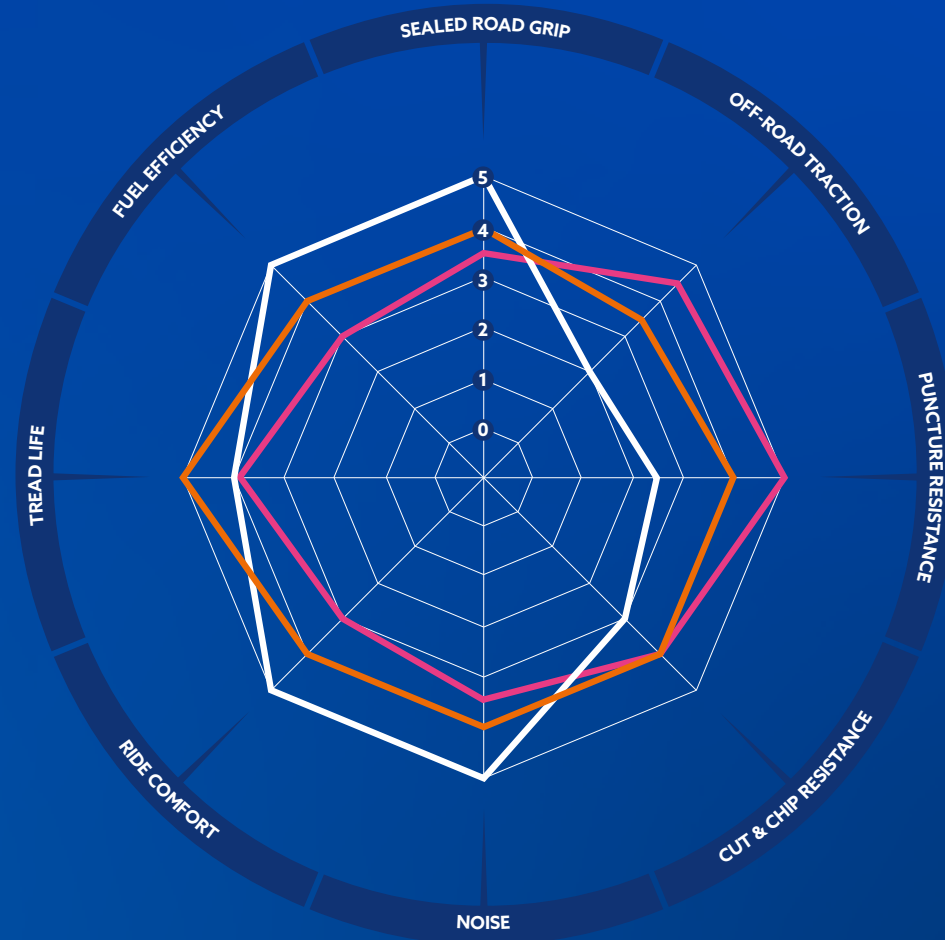

“The surfaces we perform on vary greatly, including wet, dry, tarmac, gravel, grass, mud, clay and sand, so good tyre traction in all conditions is essential” – Jack Monkhouse, Team D-MAX
