

St. Dorothy

ROMAN CATHOLIC SCHOOL

Spiritual, Academic, Moral Preparation for the 21st Century

SPRING 2019

Once a Charger, Always a Charger

No, we don't mean a device charger or even charger with a credit card (although we admit it might feel that way when one is shopping for school or sports equipment). We mean a St. Dots Charger, the cavalry horse that is our school's mascot.

St. Dorothy School is blessed to have so many people who remain devoted to the school and its mission for years. In past newsletters, we: provided updates on our passionate alumni; we thanked long-time coaches, teachers, and the countless volunteers comprised of both current parents as well as those whose children had long since graduated. In truth, many of those people belong in more than one of those categories. Simply stated, once St. Dot's has touched a person, it often becomes a part of them that never diminishes.

In this newsletter, you will see the following testaments to this truth:

In November, we celebrated the 60th anniversary of the Turkey Bowl.

So many parents and children, uncles and nephews, sisters and aunts, indeed **generations** of St. Dorothy families have participated.

Our **school staff** is comprised of **devoted, trained educators**, several of whom have continued to hone their skills by obtaining graduate degrees and additional certifications. This is **just a glimpse** of the **highly qualified professionals** that make up

ST. DOROTHY'S FACULTY:

ONE Administrator and **ONE** Administrative Assistant

TWENTY Full-time Teachers, **SIX** Part-time teachers, **THREE** Classroom aides

TWENTY-EIGHT Bachelors degrees

TEN Masters degrees with **TWO** more pending

THIRTY-FOUR varied Certifications in Education

Other Specialty Areas:

Reading Specialists, Social Studies, English, Special Education, Latin American Studies, Opera and Theater, and Wilson Practitioner

Our All-Class Reunion

celebrated alumni from near and far who came back to see how their **beloved school** has changed.

Our **Annual Fund donors** are equally **faithful**. **Twenty percent of our donors** have contributed **every year** since the Annual Fund was started.

Knowing there are **people we can count on year after year** means so much. With a **committed base of support**, **St. Dots** is able to make **plans for coming years** and continue to **enhance the learning environment** for our **students**.

Group photo from the All-Class Reunion... a great time was had by all!!!

Neumann Scholarship Winner

The Neumann Scholars Program, developed and sponsored by the Connelly Foundation, was formed to honor St. John Neumann, the founder of our parochial schools. In the previous newsletter, we were pleased to share with you that 22 of our St. Dorothy's current 8th grade students were invited to take the Neumann Scholarship Test. Now, it is with great pride and happiness that we announce that one of those students, Tommy Fien, has been awarded a Neumann Scholarship!!! Students designated as Neumann Scholars are offered four-year scholarships to any of the seventeen Archdiocesan high schools. Tommy has decided to use this scholarship to continue his education at Archbishop John Carroll High School. Congratulations, Tommy!!!

Congratulations to our Scholarship Recipients

The 2019 Graduating Class received a total of **\$756,000** in scholarship rewards! Congratulations to all the following recipients (note: Below list is as of March 4th, 2019):

- | | |
|-------------------------|---|
| Alessia Astuto | Cardinal O'Hara High School, and Sacred Heart Academy |
| Caitlyn Breslin | Academy of Notre Dame, Cardinal O'Hara High School, Sacred Heart Academy, and Merion Mercy Academy |
| Ashley Ciampitti | Cardinal O'Hara High School, and Merion Mercy Academy |
| Thomas Dinh | Cardinal O'Hara High School, Devon Preparatory School, and St. Joseph Preparatory School |
| Michael DiTrolio | Cardinal O'Hara High School, and St. Joseph Preparatory School |
| Gretchen Dorsey | Academy of Notre Dame, Merion Mercy Academy, Monsignor Bonner & Archbishop Prendergast High School, and Villa Maria Academy High School |
| McKenna Foody | Merion Mercy Academy |
| Thomas Frein | Neumann Scholar – Archbishop John Carroll High School, and Malvern Preparatory School |
| Maura Grady | Cardinal O'Hara High School |
| Tara Grady | Cardinal O'Hara High School |
| Collin Gross | Cardinal O'Hara High School, and Monsignor Bonner & Archbishop Prendergast High School |
| Joseph Gross | Cardinal O'Hara High School, and Monsignor Bonner & Archbishop Prendergast High School |
| Jack Habicht | Cardinal O'Hara High School |
| Katia Hemphill | Academy of Notre Dame |
| Katherine Le | Cardinal O'Hara High School |
| Brendan McGuire | Archmere Academy |
| Emily McKenna | Sacred Heart Academy, and Monsignor Bonner & Archbishop Prendergast High School |
| Riley Morrissey | Cardinal O'Hara High School, and Monsignor Bonner & Archbishop Prendergast High School |
| Lauren O'Mara | Cardinal O'Hara High School |
| Colin Short | Archmere Academy, and Monsignor Bonner & Archbishop Prendergast High School |
| Kristen Webb | Monsignor Bonner & Archbishop Prendergast High School |

Newsletter purpose

The Newsletter for St. Dorothy Roman Catholic School is compiled by the Development Committee for distribution to alumni, alumni parents, current school families, and friends of St. Dorothy School. Its purpose is to communicate, on a semi-annual basis, the state of our enrollment, happenings of interest, an accounting of funds raised and spent, and to acknowledge contributors to our Annual Fund.

Thanks for 27+ Years of Support!

This year's Annual Fund has co-chairs, Steve and Mary Porth. They have had a long-standing relationship with St. Dorothy Parish & School. Their oldest child, Stephen, started kindergarten in 1989. From that point onward, the Porths had a child enrolled in St. Dorothy for 27 consecutive years until Connor, the youngest of the five Porth children, graduated in 2016. Steve and Mary's commitment to St. Dorothy School is far deeper than their role as parents and now alumni parents. They were both active volunteers, and when the Development Committee was formed 14 years ago, Fr. Murphy asked Steve to serve as the committee's first chair. In their Annual Fund letter, Steve and Mary recall the deep concern they felt in the Spring of 2005 as St. Dorothy School struggled to deal with declining enrollment. They were determined to do what they could to ensure that Connor would have the same opportunity to graduate from St. Dorothy that his older siblings had.

St. Dorothy School now thrives. Steve continues to serve as an Oktoberfest volunteer, and Mary is now teaching Spanish at St. Dorothy. In fact, before becoming our Spanish teacher, Mary would visit school each year on the feast day of Our Lady of Guadalupe. Treasa Schumacher ('16) spoke fondly of her memory of Mrs. Porth coming in to explain to the students the importance of this special day. "She would bring costumes and the students would dress up as the people in the story. The experience for me strengthened my faith and my connection with the Blessed Mother," said Treasa.

Steve and Mary Porth's contributions, and yours, have helped to ensure our school is strong and growing. So, thank you to the parents of Stephen ('98), Molly ('02), Leo ('05), Tom ('09), and Connor ('16) for their 27 years and counting of support for St. Dorothy School!

2019 St. Dorothy Annual Fund Campaign Status

As of March 24, 2019, the total of this year's
Annual Fund was
\$36,684.33.

Thanks to those who have already contributed.
If you have not done so already, we hope that
you will be able to contribute to this year's
campaign. There is a donation envelope
included in this newsletter or, if you prefer, you
can donate online via the school's website at
[https://www.saintdorothy.org/
make-a-donation-annual-fund.](https://www.saintdorothy.org/make-a-donation-annual-fund)

The Power of Reading

Each year during Catholic Schools Week, the annual Book Fair is hosted in the school Library. All the classes have an opportunity to visit and purchase books for themselves and for their classrooms. The benefit of this event extends well beyond its seven days. This year, the Book Fair put 1,115 books into the hands of our students. These books will provide them with an estimated 200,700 reading minutes. If you are wondering what that means for a student, just look at the data from Scholastic...

Reading Matters!

HERE'S THE IMPACT OF
READING 20
MINUTES PER DAY!

A student who reads

20:00

minutes per day

will be exposed to
1.8 MILLION
words per year
and scores in
90th PERCENTILE
on standardized tests

A student who reads

5:00

minutes per day

will be exposed to
282,000
words per year
and scores in
50th PERCENTILE
on standardized tests

A student who reads

1:00

minute per day

will be exposed to
8,000
words per year
and scores in
10th PERCENTILE
on standardized tests

Celebrating St. Dots!

Catholic Schools Week serves as a celebration of all the people and activities that make St. Dorothy School—and all Catholic Schools—vibrant, faith-filled, joyful places of learning. Our celebration opened with Mass. Seventh grade students spoke at each Mass of the opening weekend. They shared with parishioners what they value about their St. Dorothy educations. Parents, prospective students, and community members were invited into the school for tours and to view Science Fair projects and other examples of student work.

On Parent Appreciation Day, students created cards to thank their parents and guardians for the gift of a Catholic education. They also wrote thank you notes to the many school and community helpers, including Fire, Police, E.M.T. and Homeroom Parents, which were distributed later in the week.

On Buddy Day, students engaged in activities with their grade buddies. Student council created Kahoots, learning quizzes that lower school students played with their upper grade buddies. Students also had a chance to move up to the next grade for a brief activity. Eighth grade got to move up to the Principal's office and escorted Mrs. Tomasetti as she visited the classrooms.

On Student Appreciation Day, students in the lower grades played Minute to Win it! And students in grades 5 to 8 had a fierce lip synch battle. "Actually, it was more like student appreciation day all week long," said Mrs. Tomasetti. "Our Student Council planned so many wonderful activities for the students."

For Volunteer Appreciation Day, we welcomed and thanked parent and community volunteers. We thanked God for all those who help St. Dorothy School thrive and then shared coffee and pastries with our guests.

Last, but definitely not least, we celebrated Teacher Appreciation Day. The Home and School Association provided lunch for the teachers. We choose to believe the students behaved perfectly all day to show how much they value their teachers.

Our week ended with the annual Variety Show and then a night of bowling. The week was a wonderful celebration of all those who make our school an special.

Just a small thanks from St. Dots to those who protect us.

These kids are in "Kahoots" together!

Moving up to the next grade to get a sneak peak of next year...

Some of our students having fun playing Minute to Win it...while others had a spirited lip synch contest.

And while the other grades moved-up, the eighth graders got to hang out with Principal Tomasetti. (You can see photos like this in real-time on Instagram!)

Living as Witnesses to Christ

Students live their faith every day at St. Dorothy School.

In the annual Nativity Tableau, students worship and celebrate the true meaning of the Christmas season as through song, dance, and the words of the Gospel, they share the story of Our Savior's birth.

Students devote part of their Catholic Schools Week celebrations to supporting others, a way to show that they understand why a Catholic education is so much more than academics. The week closes with a variety show, which is open to students in all grades. Proceeds from the event are donated to St. Dorothy's Family to Family ministry.

Through the annual Hoops for Hope basketball marathon, students, faculty, and even parents play basketball to help those directly affected by cancer in our school and community. Eighth grade students participate in an additional free throw contest in support of Children's Hospital of Philadelphia, and our Brownie troops run an Alex's Lemonade Stand too.

Girls Varsity Volleyball Champions!

Wow what a season! Our journey began on August 15th, 2018. From the start, we had in mind that we could win it all. We knew that our determination and talent would lead us to a championship. Our region was not that easy of a task to beat and had a lot of tough competition, but we knew that we would pull through in the end. Two years ago, we won the Region 25 JV Championship. With hard work and training, we knew that we could strive past the other teams. Our coaches, Mrs. O'Toole and her daughters Bella and Alexis, were the rock for our team. From day one, we saw the faith they had in us not only in their eyes, but also in their hearts. One of our most favorite memories that will stick with us is our Instagram account we made. With all our inside jokes, laughs, and more, we were more inseparable than ever. When we look at that banner hanging in the gym many years from now and see the Undefeated Season on it, it will bring back all these great memories. We will take all these great memories with us for the rest of our lives.

(Written by Emily McKenna, Class of 2019)

St. Dots vs St. Bernies: A [Friendly] 60-Year Rivalry

This past Thanksgiving, St. Dorothy and St. Bernadette celebrated the 60th anniversary of the Turkey Bowl, our annual tribute to friends and family—and especially football. Players, families, and fans, many of them former players or cheerleaders, gathered at Steel Field to watch the flag, JV, and Varsity teams take on St. Bernadette, which is now combined with Sacred Heart School in Manoa for football. It was freezing, but St. Dots pride kept everyone warm.

The big anniversary did not go unnoticed. The *Philadelphia Inquirer* published a story about our famous rivalry. Sports-talk radio station WIP-FM asked listeners which local football rivalry they'd like to hear broadcast on the Thanksgiving holiday, and the final choices included six high-school games and the St. Dorothy vs St. Bernadette game. Although we did not win that contest, our game was selected to be the NBC10 High School Blitz football game of the week. A reporter and film crew came out to the game, and highlights of the game were broadcast Thanksgiving night.

Even better, all three of our football teams won their games – flag won 13-12, JV won 19-6, and Varsity held on at the end to win 6-0. And, for the whipped cream on the pumpkin pie, the JV and Varsity soccer teams, which also play St. Bernies over the Thanksgiving holiday, won their games... JV won 3-1 and Varsity won 2-1. It was a sweep!

Brian ('01) and Christine Smith with their son, Jason (seventh grade). Christine is now one of our Pre-K teachers and one of the new track coaches.

It's like this every year... and this is only a fraction of the attendees.

Members of the 1999 undefeated championship team at the Turkey Bowl with (now retired) Coach Stewart. (From left: Pat Rugg, Bob Hogan, Coach Stewart, Tom Hayden, and Matt Gough. Matt is one of the Flag Football coaches and his stepson is on the team.)

These students are enjoying the Turkey Bowl atmosphere... as well as the view of the games from the back of this pickup truck.

It was a VERY cold day but that didn't stop our supporters, including these bundled-up Dot's moms.

A Great Time with Great Alumni!

On November 24, 2018, St. Dorothy School hosted an All-Class Reunion. Alumni representing many decades of the school's history enjoyed an evening of catching-up with former classmates while reminiscing about their time together at St. Dot's.

Here are just some of the fond memories shared that night:

- Alumni answered various polls, and we learned from one of them that 72% of the attendees wore the former maroon uniforms, 7% wore the current green ones, and that 21% wore both colors.
- Dennis Dunphy ('58) remembered going to Len's Den.
- Pam Chestnut ('79) remembered Mr. Frenchie, the janitor. He was so awesome!
- Dan Morris ('81) remembered going up on the roof of school to collect tennis balls.
- Dr. John DiBona ('62) remembered Sr. Alice Anne – a great teacher and disciplinarian!
- Rosie DiBona ('59) remembered Sister Patricia Miriam (AKA Miriam Scully) throwing a tennis ball across the school yard and catching it with one hand, setting in motion her collegiate softball career.

Thank you to all those who worked to make this such a wonderful event. And, a special thanks to John Serock ('87) for his superb catering as well as for his assistance with overall planning.

George Cocco ('59) and Margaret DiBona ('59) got "framed"

Megan McGinn ('85), Carl Hemphill ('85), Kelly McCalla McLaughlin ('85), and Ed Deal ('84)

Congratulations, Mr. Braun!

Mr. Stephen Braun, one of our seventh grade teachers, has been awarded a 2019 Delaware County Excellence in Teaching Award, representing both St. Dorothy School and the Archdiocese of Philadelphia. A parent nomination recognized him for his dedication, hard work, time, and love of learning, and for the instilled values shared with his students. Mr. Braun, who is among 20 other educators receiving this award, was selected from a pool of close to 300 pages of nominations!

Mr. Braun's commitment to education and to the children of St. Dorothy is evident each day. "After years of teaching in the public school system," he said during Catholic Schools Week, "I felt lost as a teacher, being bombarded by large classrooms, attending endless meetings and many other issues. As a Catholic school teacher, I feel at home. I feel as though I am not just a teacher in a classroom but a big part of the community, a community that supports me and will go out of its way to help me help my students." Mr. Braun also noted how he can get to know his

students and their families better at St. Dorothy because of the smaller classes and community involvement and events. "I get to spend my time teaching my students in engaging and interactive ways," he added. "I thoroughly enjoy teaching in a Catholic school and would never want to leave."

Mr. Braun will be honored at the Annual Partners in Education celebration on Thursday, May 2nd, 2019. Congratulations!!!

New Coding Club

St. Dorothy's Technology teacher, Mrs. McGarvey, has started the Coding Club! Participating students in Grades 3 through 8 meet after school in the Computer Lab to learn basic coding, the building of games and websites using common programming languages (such as blocks, JavaScript, CSS, HTML), and more. Within programming/coding, you learn how to break down a problem into individual steps and to use a language that the computer understands to logically create a working program. Learning programming at a young age helps kids to gain advantages in thinking, processing, and communicating.

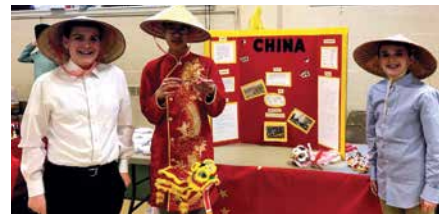

Here students are writing code on *tynker.com* and *code.org* by visually dragging blocks of code and snapping them together.

Immigration Day – February 21, 2019

Scotland: Alessia Astuto, Samatha Russo, Sophia DiRentis, and Angelina Batth

China: Jack Habicht, Thomas Dinh, and Joe Gross

England: Helene Stranick, Stephanie O'Reilly, and Veronica Pietrewicz

Mrs. Tomasetti showed off her accordion skills at the Russia display.

Below: The students sang "Lady's Maid" from the movie Titanic. The lyrics perfectly capture the hopes and fears of immigrants coming to the United States for a chance at a new life.

Congratulation, Sister Alice!

Sister Alice Gray, R.S.M. was awarded the St. Oscar Romero Award on Saturday, January 12, 2018. The award was presented to her at the Archdiocese of Philadelphia's annual Mass for Religious Education, which was celebrated at the Cathedral Basilica of SS. Peter and Paul. Sister Alice received this award from the Archdiocese for her 35 years of service as a Director of Religious Education (DRE), mostly here at St. Dorothy Parish.

There are over 250 children, from Kindergarten to eighth

grade, currently participating in St. Dorothy's Parish Religious Education Program, or PREP, program. Although a number like this is common at many parishes today, there was a time when this was not the case. Years ago, PREP students were sometimes treated less favorably than students who attended the parish school. Sr. Alice recognized this disparity and worked to correct it. "Sometimes people didn't understand there was a need for families to put their children in CCD rather than parochial school," Sister Alice said. "It is important to understand sometimes it is because the child has special needs, learning disabilities that can't be addressed in the parish school. There are a variety of needs and family situations."

In addition to working with children, Sr. Alice's role as DRE also provides her the opportunity to work as a catechist with adults through St. Dorothy's RCIA (Rite of Christian Initiation of Adults), Bible study, and adult education programs. Sister was quoted as saying that, "My reward is knowing I am passing on the faith to the people and to the children. It's a blessing my congregation lets us choose what we are doing. I hope to keep doing this a bit longer." We certainly hope so as well, Sister!!!

ALUMNI SPOTLIGHT ON...

Aidan McGahey ('16) – Morocco Experience

This past summer, I was able to travel to the North African nation of Morocco to extensively study Arabic through a NSLI-Y scholarship. NSLI-Y, which stands for National Security Language Initiative for Youth, is a program of the US State Department which allows a select number of high school applicants such as myself to study languages that are deemed critical to national security. There are NSLI-Y programs around the world, with students studying Arabic, Mandarin Chinese, Korean, Russian, Hindi, Persian, and Bahasa Indonesian. I personally had previously traveled to Morocco on two occasions, both when I was a student at St. Dorothy School.

My program was based out of the Moroccan capital city of Rabat. Located on the Atlantic Ocean, Rabat is a wonderful city to explore with African, Arab, and European influences. Whether wandering through the crowded “souk,” or traditional market, or strolling down the wide avenues of the cosmopolitan Agdal neighborhood, Rabat offered a way for me to experience a wide variety of cultures and meet many people. The primary focus of my trip was studying Arabic, which I did with 24 other American high school students. I spent my time at the Qalam wa Lawh language school, where I took classes for about five hours per day. While in Morocco, I lived with a local host family in the medina, or old city. My roommate, Talat, who is from Boston, and I spent a lot of time with our host-brother, Houssam, and other members of the family. We had fun playing soccer in the winding alleyways around our home,

using our Arabic skills to discuss American culture and music with host-siblings, and eating delicious Moroccan food prepared by my host-grandmother, the matriarch of the family. I also had the opportunity to travel around Morocco and visit other cities, such as Casablanca, Marrakech, and Tangier.

My experience in Morocco taught me a few lessons. First, that the Arab world and Morocco are often very misunderstood. In a world where Islam and Arab culture is frequently demonized in the media narrative or related only to terrorism, I found my devout Muslim host family to be among the kindest people I ever met. Moroccan culture places a heavy emphasis on hospitality and friendliness, and never for a minute did I feel that I was in a dangerous or unsafe situation. I also had the opportunity to do service outside of my classroom learning. While in Morocco, my fellow NSLI-Y students and I were able to volunteer at various local organizations around Rabat, such as at a home for the elderly, a center for refugees from Sub-Saharan Africa, and a school for orphaned children in the neighboring city of Salé. I loved the opportunity to continue doing service for others, which I first started to do while I was a student at St. Dot's through events such as the Pay-It-Forward project in sixth grade.

Overall, I found my time in Morocco to be a thrilling, fun, and educational experience. I made many lasting friendships and connections not only with fellow NSLI-Y students from across the country, but also with my Moroccan host-family and peers too.

Aidan McGahey ('16) taking in the sights during his trip to Morocco

Matt Fohner ('12) – Engineers Without Borders – Guatemala

Matt Fohner ('12) came back to St. Dots to speak about why he got involved with Engineers Without Borders – Guatemala. We asked him to tell us about his experience for this newsletter...

“The fall of my sophomore year I wanted to join a club that made a difference. I love mechanical engineering and problem-solving, and when I saw the representatives for Engineers without Borders, I immediately felt that this was the club for me. In the summer following that year, I was a member of a 12-person team of undergraduate students and professors that travelled to the village of Tzununa in the southwest portion of Guatemala. This first project was focused on building and designing latrines for the village, while also taking surveys about overall health and hygiene. This experience was absolutely life-changing, and it really opened my eyes to the effect that engineering can have on the world that we live in. This experience inspired me to go back to Guatemala

as a Trip Leader for the next project, which is focused on designing a water implementation system in another small village surrounding Lake Atitlan. This project is much more design-based, and we have to work closely with the community leaders and Guatemalan engineers in order to make sure that the system to bring the water from the freshwater springs will end up actually working. Overall, my experiences of traveling to Guatemala, interacting with an interdisciplinary team of engineers, and applying some engineering principles to real-world problems has been something that has become very important to me. I would strongly encourage anyone to partake in these service-oriented trips as they truly open your eyes to the world, and at the end of the project, you feel like you left the world a little better than you found it, and that's what it is all about.”

Matt is currently a junior at the University of Pennsylvania.

Engagements

Meghan Durkin ('06) and Kris Hagner got engaged on August 12, 2018 on the Cliffs of Moher in Ireland. Their wedding date is January 4, 2020 at St. Dot's.

Alumni News

Alumni Updates

St. Dorothy School wants to know what our alumni have been up to. Has something interesting happened in your life? Have you moved, started a new job, or married? Let us know at Development@StDots.org. Be sure to keep your contact information up to date to stay informed of reunions and other events. Include your graduation year and maiden name if applicable. Also let us know if there are alumni not receiving the newsletter. We're happy to add them to the mailing list.

Weddings

AJ ('06) and Brianna Ehinger were married November 30, 2018.

Carly Liberatore ('04) married Nick Amoroso on September 29, 2018.

What WAS it?

In the last issue of the newsletter, we asked readers if they knew the color of the “St. D” patch that was presented to the Varsity Football team for winning the CYO Championship in 1958. The correct answer is that it was blue and yellow. Our winner is Dottie Bracken Evangelista ('62). For having her answer selected at random from all the correct answers submitted, Dottie will receive a St. Dorothy blanket. Thanks to everyone who submitted answers and watch for the next *What Is It?* in a future newsletter.
