

## SPRING 2020 Zero Cost & Low Cost Textbook Sections

This class list identifies sections in the Spring 2020 term that are defined as Zero Cost and Low Cost textbook sections. In compliance with Senate Bill-1359, "Zero Cost Textbook" and Hartnell's Academic Senate Resolution 19-2, "Designating Low-Cost Textbook Options" this list of section identifies Zero Cost and Low Cost sections with instructional materials more affordable than traditional publisher options.

**Zero Cost Textbook:** Instructor uses digital or other instructional materials that are free of charge to students.

**Low Cost Textbook:** Instructor uses instructional materials that costs \$40.00 or less, generally considered low-cost.

Please note there may still be other non-textbook mandatory costs associated with some of these sections (e.g. scantrons, scientific calculators, laboratory materials and/or supplies, etc.).

Under some circumstances, faculty may have to adjust selection of instructional materials and this can affect student costs. Replacement faculty have academic freedom to choose instructional materials regardless of costs and are not obligated to use free course materials selected by previous instructor.

For additional information, contact faculty assigned to teach ZTC & LCT sections or division deans.
