 HENRY SCHEIN®  
DENTAL

# Everything Dental

## and more...

To run a successful and profitable business, you need everything dental from a supplier that's easy to do business with. A supplier who is committed to delivering first class customer service, with a team of dedicated consultants, engineers and highly trained specialists.

## Don't just take our word for it... this is what our customers have to say

“

It's the personal approach that makes Henry Schein Dental different from the other companies we deal with. I wouldn't hesitate recommending them to anyone looking to get the very best out of their practice.

**Keith Burns**  
Keith Burns Associates

”

“

The service we received from Henry Schein Dental was fantastic - the engineer resolved our issues immediately which meant we could go back to looking after our patients very quickly.

**Sheraz Aleem**  
SmileDent Dental and Implant Centre

”

RESTORATIVES

## ChemFil™ Rock DENTSPLY

ONLY  
£69.99

- Zinc-reinforced glass ionomer restorative, with great handling and superior durability.
- Improved maturing process for earlier build-up strength and higher resistance to fractures.
- High fluoride release.
- Radiopaque.

### Capsule Refill 0.28g x 50

A1	1119120	
A2	1119121	
A3	1119122	
A4-O	1119123	
Contrast-White	1119124	

## SDR® DENTSPLY

FROM ONLY  
£38.91

- A unique 'Smart dentine Replacement', bulk fill, flowable composite base material, indicated for posterior (Class I and II) restorations.
- Low shrinkage stress, enabling bulk filling and a simplified procedure.
- Excellent cavity adaptation, with no voids or air bubbles for significantly reduced risk of post-operative sensitivity.
- SDR® is applied in bulk fill of 4mm increments to replace dentine and then capped with standard composite.
- SDR® contains a modulator which leads to controlled polymerisation.
- This reduces volume shrinkage and shrinkage stress.

### Refill

Compules 0.25g x 15 and IFU  
1111797 £38.91

### Eco Refill

Compules x 50

## Prime & Bond NT DENTSPLY

- Nanotechnology dental adhesive.
- One bottle, all purpose, self primary dentine/enamel bonding system.
- Indications: Composites, ceramic restorations, composite inlays and adhesive repairs with amalgam and porcelain.
- High bond strength.
- Reduced sensitivity.

### Refill Pack

4.5ml x 2 plus Accessories  
202819 £99.95

## XP Bond DENTSPLY

- Universal total etch adhesive.
- Extra performance with bonding excellence, ease of handling, technique tolerance and universal use.
- One bottle/one coat system for all direct restorations.
- No active brushing required.
- Good visibility of the adhesive layer.

### Unit Dose Refill

XP Unit Dose x 100, Holders x 3, Applicator Tips x 100 plus Directions for Use  
1096420 £122.63

## Filtek Z250 3M ESPE

ONLY  
£41.50

- Light-cured universal restorative for anterior and posterior restorations.
- Outstanding resistance to slumping for easy occlusal contouring prior to curing.
- Ideal flow and viscosity.
- Low polymerisation shrinkage means less stress on the tooth.
- Radiopaque.

### Expasyl

KERR

- Expasyl is a temporary gingival retraction paste which pushes back the marginal gingiva and dries the gingival crevice.
- Causes no damage to tissue and preserves the epithelial attachment, it is painless and ergonomic.
- Creates a dry operating field.
- This system for opening the sulcus is fast, reliable and practical.
- Guarantees a regular, reversible retraction of the gum.
- This process does not have the disadvantages encountered through the usual techniques of gingival retraction and gingivectomy.

# CEREC®

## Chairside single visit crowns for **ONLY £875 per month.**

Call us on 08700 10 20 41 for more information or to organise a chairside demo and meet your local CAD/CAM Specialist. Let us show you how CAD/CAM can work for your practice.

### Patients are amazed by the single visit.

Paul Mulligan, Euston Place Dental, Leamington Spa has been a partner at Euston Place Dental Practice since 2004 and is the practice's implantologist.

"There are three simple reasons why CEREC® has become my treatment of choice - I love it, my patients love it and the continuous developments **keep my practice well ahead of the competition.** CEREC® allows me to do **highly accurate, incredibly strong and aesthetically pleasing** restorations in a single visit. Patients actually enjoy being part of the process and are genuinely 'wowed' by this state of the art CAD/CAM system and doing everything in one session. Of all the treatments I provide as a general dentist, **CEREC® is the most rewarding both personally and financially.**"

Example shows a fractured LR6 restored with a CEREC® Lava Ultimate crown.

Paul Mulligan,  
Euston Place Dental
