NOTE: Prices do not include applicable taxes and surcharges

Government Fixed Wireless Unlimited High Speed Internet (Router Plan) Not available in all areas; addresses ineligible for 5G may be eligible for 4G LTE or other fixed wireless options. During congestion, customers on this plan may notice speeds lower than other customers due to data prioritization. Plus taxes & fees: Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $1.40 per data only line ($0.12 for RPF & $1.28 for TRF) apply; taxes/fees approx. 3-12% of bill. Credit approval required. For use only at location provided at activation. Video streaming resolution depends on available speeds. For best performance, leave video streaming applications at their default resolution setting. Not compatible with some live TV streaming services. Coverage not available in some areas. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users. See contract for additional information.

*Requirements for the Government Unlimited Rate Plan with Subsidy Allowance and First Responder Government Rate Plan with Subsidy Allowance - Smartphones
  1) For the device subsidy ("Device Subsidy") to be effective, Customer will activate a line of Service under its Master Account. Each line of Service which receives a Device Subsidy must be activated and maintained for at least 24 months from the date of activation without any suspension or termination of any line of Service (the "Subsidy Term");
  2) Each line of Service must remain active, without suspension, for a 90-day period following the activation ("Minimum Activations Period");
  3) Each line of Service must be activated in accordance with the terms of the Agreement;
  4) Each line of Service which is activated under the Master Account can only qualify once for a Device Subsidy during the Initial Term;
  5) The Device Subsidy cannot be combined with any other discounts, credits or promotional offers; and
  6) Customer's account with T-Mobile must be in good standing to receive the Device Subsidy.

Minimum Activation Period/Termination. For any line of Service that receives a device subsidy ("Device Subsidy"), each line of Service must be activated and remain active for a minimum of 24 months without suspension or termination of any line of Service (the "Subsidy Term"). Customer will be eligible to upgrade or replace a subsidized device at a discounted device price upon fulfillment of the Subsidy Term. Service terminations prior to the end of the Subsidy Term, may require Customer to reimburse T-Mobile for a pro rata portion of the Device Subsidy that has been credited by T-Mobile to the Customer for each terminated line of Service (for purposes of illustration only, if Customer terminates the applicable line 12 months following activation, and if T-Mobile has issued a subsidy of $150 for such line, then Customer will reimburse T-Mobile $75 (i.e. 50% [12/24 months] X $150) for such terminated line). In the event of Service terminations prior to the end of the Subsidy Term, Customer agrees to reimburse T-Mobile within 30 days of termination of the affected lines of Service for the aggregate amount of issued Device Subsidy for lines of Service which are terminated before the end of the Subsidy Term.

Higher Education Plan Promotion (offer expires August 31, 2022): Limited time promotional offer; subject to change in T-Mobile's discretion. Device offer is subject to inventory availability. Service term of twelve (12) months from date of activation is required. Intended for student, faculty, or staff mobile connectivity. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $1.40 per data only line ($0.12 for RPF & $1.28 for TRF) apply. Roaming not available. **Video** streams at up to 2.5Mbps (SD). Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Optional educational filtering may prevent some video streaming or other content. **Coverage** not available in some areas. **Network Management**: Service may be **slowed**, **suspended**, **terminated**, or **restricted** for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or roaming. See T-Mobile.com/OpenInternet for details. See **Terms and Conditions** at www.T-Mobile.com for additional information.

*First Responder plans (excluding Connecting Heroes) are restricted to qualifying state government, local government and tribal government fire, police, and EMS agencies who verify eligibility. Minimum qualification is meeting one of the following NAICS Codes [(i) Police Protection 922120, (ii) Fire Protection 922160, (iii) Ambulance Services 621910). Final eligibility determinations are in T-Mobile's discretion and can only be purchased through the Government Account Executive.

**Connecting Heroes $0 Plan and AMP $15 plan are not eligible for any aggregate volume discount; $15 price does not include applicable taxes, fees and surcharges. Video typically streams on smartphone/tablet at DVD quality (480p). Coverage not available in some areas and may be impacted by emergencies; check your response area. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $3.18 per voice line ($0.60 for RPF & $2.58 for TRF) applies to $15 plan; taxes/fees approx. 0–19% of bill. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may

cost extra; additional costs posted here: https://www.t-mobile.com/support/account/out-of-plan-phone-numbers. Unlimited high-speed data US only. In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 128kbps. Additional international features available for purchase. Not available for hotspots and some other data-first devices. On $0 plan, video streams at up to 1.5Mbps unless you add Plus. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Tethering: 1GB high-speed data (20GB with Plus) then unlimited on our network at max 3G speeds. For the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Network Management: Program/Service may be slowed, suspended, terminated, or restricted for interference with our network or ability to provide quality service to other users or abusive/excessive use. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device. See T-Mobile.com/OpenInternet for details. See Terms and Conditions at www.T-Mobile.com for additional information.

**Connecting Heroes plans are restricted to qualifying state government, local government and tribal government fire, police, and EMS agencies who verify eligibility. Final eligibility determinations are in T-Mobile's discretion. Meeting one of the following NAICS Codes is required but is not the sole basis for eligibility: Police Protection 922120 Fire Protection 922160, Ambulance Safety Services 621910. Additionally, qualifying in one of the following subcategories is required:
  -Police, fire, or emergency medical services first responders
  -Public safety or law enforcement command -Police, sheriff, fire, or emergency medical services
  -Police or fire chiefs and their staff -Police or fire field command
  -Police or fire dispatch -911 call centers

**Total Line Eligibility and Line Limits for Connecting Heroes. Customer may be subject to a limit on lines using either, or a combination of both, the $0 and $15 rate plans ("Line Limit"). Line Limits are based on number of personnel performing first responder functions as described herein ("Qualifying Headcount"). By way of example only, Qualifying Headcount will include, but will not be limited to, firefighters, EMTs, police officers, and dispatchers, but will not include, by way of example only, maintenance staff and office staff. In its sole discretion, T-Mobile will review the Customer's Line Limit based on Customer's Qualifying Headcount. T-Mobile may request documentation from Customer relating to its Qualifying Headcount. T-Mobile may also re-verify Customer's Qualifying Headcount on a regular basis during the Term of the Addendum. Changes in Customer's Qualifying Headcount may affect Customer's total Line Limit.

*Project 10Million
Limited time offer; subject to change. Available lines are limited. Intended for student mobile connectivity. Must verify student National School Lunch Program eligibility. 1 offer per household. Confirm your program can accept free equipment and/or service. Roaming not available. Annual data service ends at earlier of 100GB or 365 days; monthly data service ends at 100GB on $12 plan. Excessive switching between data allotments may be limited. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $1.16 per data only line ($0.15 for RPF & $1.01 for TRF) apply for paid plans. Video streams at up to 1.5Mbps. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Coverage not available in some areas. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion the small fraction of customers using >50GB/mo. may notice reduced speeds until next monthly cycle due to data prioritization. See T-Mobile.com/OpenInternet for details. See Terms and Conditions (including arbitration provision) at www.T-Mobile.com for additional information.

Teacher Plans
24 months consecutive service on qualifying plan required for device subsidy pricing; if any line receiving a device subsidy is cancelled, suspended, or changed to a lower-priced rate plan, you may be charged a subsidy repayment (1/24th of subsidy per month remaining in the subsidy term). Tax on pre-subsidy price of device due at sale. For individual educator use; not for classroom connectivity. Qualifying government account, credit approval, deposit, and $25 SIM starter kit or, in stores & on customer service calls, $20 upgrade support charge may be required. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $3.18 per voice line ($0.60 for RPF & $2.58 for TRF) applies; taxes/fees approx. 6-28% of bill where applicable. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Unlimited high-speed data US only. In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 128kbps. Not available for hotspots and some other data-first devices. Video streams at up to 1.5Mbps. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Optional educational filtering may prevent some video streaming or other content. Not for extended

international use; primary usage must occur on our network. Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. We are not responsible for our partners' networks. Coverage not available in some areas. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. See T-Mobile.com/Open Internet for details. See Terms and Conditions at www.T-Mobile.com for additional information.

***SMARSH:** Qualifying credit, service, activation, and one license per line required. Subject to third party license and service terms; visit www.smarsh.com for details. Coverage not available in some areas. See Terms and Conditions (including arbitration provision) at www.T-Mobile.com.

Customer's use of the MyGeotab Application is subject to acceptance of the Geotab End User Agreement Terms and Conditions presented to Customer upon first log-in to the MyGeotab Application ("Geotab Terms"). Customer may log-in to the MyGeotab Application at http://my.geotab.com.

General Rate Plan Terms and Conditions: On all T-Mobile plans, for the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets.   Not all features available on all devices. Coverage not available in some areas Unlimited talk & text features for direct communications between 2 people. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use.

Tethering: Tethering at max 3G. Service may be terminated or restricted for excessive roaming.

Simple Global: Usage may be taxed in some countries. Calls from Simple Global countries over Wi-Fi are $.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada). Standard speeds approx. 128Kbps without Plus; with Plus approx. 256 Kbps. See http://www.t-mobile.com/optional-services/roaming.html for included countries and destinations. The list is subject to change at T-Mobile's discretion.

Stateside Int'l Talk: Calls must originate on T-Mobile's U.S. network or in Canada/Mexico. Rates and included countries vary and may change. On-network and U.S. roaming data allotments differ; includes 200 MB domestic roaming. Partial megabytes rounded up. Select companion smartphone and separate qualifying service on each device required.

Simple Choice North America General Terms: Charges apply for calls to other countries. Call forwarding only to U.S. numbers. Partial minutes/megabytes rounded up. Full speeds available up to monthly allotment, including tethering (Unlimited on-smartphone High Speed data option includes 14 GB of tethering); then, slowed to up to 2G speeds through bill cycle. Certain uses, e.g., some speed test apps, may not count against high-speed data allotment or have speeds reduced after allotment reached. U.S. roaming and on-network data allotments differ; see your selected service for details.

Data Stash: Up to 20 GB of on-network data from past 12 months carries over to next billing cycle for as long as you maintain qualifying service. Coverage not available in some areas; we are not responsible for our partners' networks.

Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See T-Mobile.com/OpenInternet for data management details.

T-Mobile State of Florida ITN: DMS-19/20-006B (MCS-2) Subsidy Device Offerings

WIRELESS SERVICES TERM AND VOLUME DISCOUNT   [Back to Price Page]

</div>

1.   The Parties agree that the Contract pricing shall be amended to delete the existing Unlimited BlackBerry E-mail and Wed Add-on Plan and the existing Nationwide Unlimited Voice Plan and replace with the following Unlimited BlackBerry E-mail and Wed Add-on Plan and Nationwide Unlimited Voice Plan listed below to reduce the monthly recurring charges for these plans by one cent in an effort to create consistency between the Contract and the data feed provided by the Service Provider to the Department:

Plan Description	NET MRC
Unlimited Blackberry E-mail and Web Add-on Plan	$20.50
Nationwide Unlimited Voice Plan	$51.25

2.   The Parties agree that Contract is amended in Section 7.04 ("Taxes") by modifying the second paragraph to read as follows:

   The only applicable FCC authorized fee, surcharge or assessment in effect as of the date of this Contract is the Federal Universal Service Fund charge which is subject to fluctuations. The Federal Universal Service Fund shall vary quarterly and will be referenced in the product catalog.

3.   The Parties agree that Contract is amended in Exhibit 2, Section 2.05.1.1.2.5 ("Taxes and Fees Classified as Services") by modifying the third paragraph to read as follows:

   Taxes and fees identified in the Contract or the product catalog may appear on bills to DMS. No other FCC or PUC fee, cost recovery fee, surcharge or assessment applicable to wireline and/or wireless voice and/or data telecommunications services shall be imposed during the term of this Contract, without inclusion in the Contract, unless mandated by the FCC or PUC. The Service

   Provider will only bill for discretionary fees that are sanctioned by the Federal or State governments if they are included in the Contract, product catalog or subsequently agreed upon between both Parties.

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

*Data roaming is subject to the data roaming sections of the wireless services product annex.

1) Wireless high-speed data coverage is not available everywhere and requires a wireless high-speed data-compatible phone. Where the wireless high-speed data network is available and a wireless high-speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

2) Direct Connect and Group Connect are available on select devices. Additional Direct Connect features, including, but not limited to, TeamDC[SM], are available with certain devices and may be subject to an additional charge.

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] Data roaming is subject to the data roaming sections of the wireless services product annex.

*Unlimited use available while on the Sprint network. Sprint will throttle to 64kb and reserves the right to modify or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming

machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

(1) Wireless high-speed data coverage is not available everywhere and requires a wireless high-speed data-compatible phone. Where the wireless high-speed data network is available and a wireless high-speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(2) Direct Connect and Group Connect are available on select devices. Additional features, including, but not limited to, TeamDC, are available with certain devices and may be subject to an additional charge.

(3) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject to the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

Premium Data	Included

*Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a device on the Green Plan above if such device exceeds 25 GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] Data roaming is subject to the data roaming sections of the wireless services product annex.

(1) The Green Plan includes unlimited Domestic voice and text, provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services.

(2) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

*Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 10GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] Data roaming is subject to the data roaming sections of the wireless services product annex.

[3] Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

(1) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(2) Direct Connect and Group Connect are available on select devices. Additional features, including, but not limited to, TeamDC, are available with certain devices and may be subject to an additional charge.

(3) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or

unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

[1]Customer's Service Pricing Discount is not applicable.

[2]The data allowance for the Smartphone Data Plans includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices. Sprint Mobile Hotspot usage on the Unlimited Data Plan is limited to 10 GBs of usage and does not pool. If Customer's Sprint Mobile Hotspot usage on the Unlimited Data Plan exceeds 10 GBs, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

* Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

(1) Sprint Plan for Unsubsidized Device Only includes unlimited Domestic voice, and text; provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services.

(2) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(3) Customer will receive an additional MRC charge of up to $25.75 on any Sprint subsidized devices that are activated on any of the unsubsidized plans in this section in addition to the MRC shown above.

(4) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar

messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject to the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

E. If Customer activates a Smartphone on this plan, Customer is required to purchase either a Sprint Blackberry data plan or a Sprint Pro-Pack data plan to be used in conjunction with this plan.

19. Sprint Direct Connect Plus™. – ADD-ON

	MRC*
Sprint Direct Connect Plus™	$5.13

*Service Pricing Discount does not apply.

A.   General. Sprint Direct Connect Plus transmissions occur only between or among Sprint Direct Connect Plus Devices, and are not backwards compatible with Sprint Direct Connect® transmissions. All Sprint Direct Connect Plus Devices are capable of making nationwide transmissions. Sprint Direct Connect Plus transmissions do not work simultaneously with a voice call from the same Product. Sprint Direct Connect Plus service areas and international coverage areas may change and are accessible through www.sprint.com or by contacting Customer's Sprint Account Representative. Sprint Direct Connect Plus is available on the Sprint 3G Network and the Sprint 4G Network.

B.   Sprint Direct Connect Plus™ Features. To access Sprint Direct Connect Plus, a user must utilize a Sprint Direct Connect Plus Device.

(1) Group Connect®. Group Connect service requires all participants to have the Sprint Direct Connect Plus Application running on a Sprint Direct Connect Plus Device. Group Connect for Sprint Direct Connect Plus is limited to 30 total participants (including the originator) if the group is created in the Sprint Direct Connect Plus Application, or up to 250 total participants if the group is created from the Corporate Administrator Tool described below. Group Connect calls may also be referred to as "TalkGroups" when a Group Connect is created in the Corporate Administrator Tool. The Group Connect "Talker Priority" feature allows the Group call creator to designate, via the Corporate Administrator Tool, priority for certain group members to interrupt other participants during the group transmission.

(2) Call Alerts Call Alert allows a Sprint Direct Connect Plus user to send a repeating alert to notify another Sprint Direct Connect Plus user that the user would like to communicate.

(3) Presence. The Presence feature allows a Sprint Direct Connect Plus user to change his/her presence status and see the presence of all of the contacts the user has stored in the Sprint Direct Connect Plus Application. A Sprint Direct Connect Plus user's ability to receive Direct Connect calls and other Sprint Direct Connect Plus features depends on the user's Sprint Direct Connect Plus Presence status. Sprint Direct Connect Plus supports the following presence states: Available, Unavailable, and Do Not Disturb ("DND"). A Sprint Direct Connect Plus user can only change his or her status from Available to Do Not Disturb ("DND") and vice versa. Unavailable status means the Sprint Direct Connect Plus Device is not logged on to the Sprint Direct Connect Plus Application.

(4) Broadcast Calling. Broadcast calling provides the ability for Customer to make a one-way, high priority call to a group of up to 500 Sprint Direct Connect Plus users. Incoming broadcast calls have a tone preamble and will preempt all ongoing calls, except for other broadcast calls. Broadcast group calls will be delivered in call batches, with 250 Sprint Direct Connect Plus users as the maximum batch size. If a user receives a broadcast call late (e.g., due to extra time required for preemption of another Sprint Direct Connect Plus call), he or she will hear the broadcast call in progress. If a broadcast call fails to go through to a Sprint Direct Connect Plus user, the call will be retried once more after all other batches are attempted. Customer creates and administers broadcast groups through the Corporate Administrator Tool. Each group can be configured to override a user's DND status.

(5) Roaming and International Support. Sprint Direct Connect Plus has no restrictions for domestic or international Roaming. The Sprint Direct Connect Plus Application will attempt to register for service wherever there is a working cellular data connection or Wi-Fi service.

(6) Wi-Fi Support. Users with a Wi-Fi capable Sprint Direct Connect Plus Device can access Sprint Direct Connect Plus over a Wi-Fi network. The Sprint Direct Connect Plus Application automatically performs a handoff from the cellular network to a Wi-Fi network whenever the Sprint Direct Connect Plus Device connects to Wi-Fi. The Sprint Direct Connect Plus Application will switch back to cellular data as soon as the Wi-Fi connection is terminated.

(7) Corporate Administrator Tool. Customer may designate one or more corporate administrators to create and manage Customer's Sprint Direct Connect Plus contacts and groups through the online Sprint Direct Connect Plus Corporate Administrator Tool. Contacts and groups are pushed to Customer's Sprint Direct Connect Plus Devices within the same Corporate ID.

23a. SPRINT ENTERPRISE MESSAGING.   [Back to Price Page]

Sprint Enterprise Messaging is a suite of messaging solutions provided by TeleMessage Ltd. ("TeleMessage"). Customer must purchase Sprint Enterprise Messaging solutions through Sprint's Productivity Marketplace. Customer's use of Sprint Enterprise Messaging solutions is subject to acceptance of the TeleMessage End User License Agreement ("TeleMessage

Terms") presented to Customer at the time of purchase. The TeleMessage Terms are subject to change without prior notice to Customer. If TeleMessage chooses to make a change to the TeleMessage Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the Sprint Enterprise Messaging solutions, then the Customer may terminate the affected Sprint Enterprise Messaging solutions for convenience without incurring any early termination liability relating to the discontinuance of the affected Sprint Enterprise Messaging solutions.

A. **Sprint Enterprise Messaging Gateway (EMG).** EMG allows Customer to send messages to large numbers of Employees, including those who have Sprint devices and those who have devices from other carriers. Features include the ability to send text messages exceeding 160 characters as one message, notification of message delivery, and integration with some Customer IT systems. Except as otherwise set forth below, charges are applied at Customer's Billing Account Number (BAN) level.

(1) **EMG Pricing for IP Messages to any Carrier's Wireless Devices or SMS to Sprint Wireless Devices.**

	10,000 Messages **	100,000 Messages **	Unlimited Messages
MRC*	$61.50	$512.50	$5,125

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** Customer may not exceed the number of purchased messages in a billing cycle. To send additional messages, Customer must purchase an additional allotment.

(2) **EMG Pricing for EMG Originated SMS to Other Carriers.**

	1,000 Messages
MRC*	$61.50
Per message overage**	$0.0615

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** Overage is aggregated and billed separately to one Customer-designated Customer Line.

B. **Sprint Enterprise Messenger (SEM).** SEM provides a messaging client available for any wireless device using Android and iOS platforms. Features include IP messaging capabilities on the device, rich content, group chat, messages in excess of 160 characters, centralized user management and reporting, and segregation of business and personal messages. Charges are applied at Customer's Billing Account Number (BAN) level, based on the number of devices activated.

	Unlimited Messages
MRC*	$2.04

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

C. **Sprint Secure Enterprise Messenger (SSEM).** SSEM provides a messaging client available for any wireless device using Android and iOS platforms. SSEM features include IP messaging capabilities on the device, rich content, group chat, messages in excess of 160 characters, centralized user management and reporting, segregation of business and personal messages, message encryption, HIPAA and SOX compliance capabilities, smart message management (e.g., auto-erase and securely save messages) and centralized control (e.g., remotely wipe messages and remotely lock applications). Charges are applied at Customer's Billing Account Number (BAN) level, based on the number of devices activated.

	Unlimited Messages
MRC*	$5.12

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

23b MOBILE URGENT ALERTS. Mobile Urgent Alerts, which is provided by TeleMessage Ltd. ("TeleMessage") allows an Employee with Mobile Urgent Alerts activated on their Customer Line ("MUA User") to send an automated SMS alert with the Approved Device's (as defined below) PTN and geographic location (if available) to TeleMessage's Enterprise Messaging Gateway ("EMG") platform. The EMG platform will then send Customer-designated information ("Alert Information") to a pre-defined Customer contact list ("Customer Contacts"). Alert Information may include Customer's name, the MUA User's name, MUA User's picture, the PTN/PTT number of the Approved Device, and the location of the

Approved Device at the time the alert was sent. Additional features include centralized message management through the EMG and support for multiple wireless devices. Customer must activate an EMG account and purchase Mobile Urgent Alerts through Sprint's Productivity Marketplace. Customer's use of the EMG account and Mobile Urgent Alerts is subject to acceptance of the TeleMessage End User License Agreement ("TeleMessage Terms") presented to Customer at the time of purchase. The TeleMessage Terms are subject to change without prior notice to Customer. If TeleMessage chooses to make a change to the TeleMessage Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the Mobile Urgent Alerts, then the Customer may terminate the affected Mobile Urgent Alerts for convenience without incurring any early termination liability relating to the discontinuance of the affected Mobile Urgent Alerts.

A. **Mobile Urgent Alerts Pricing.** Charges are applied at the device level.

	Unlimited Messages
MRC*	$1.64

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

B. **Additional Terms and Conditions for Mobile Urgent Alerts.**

(1) Mobile Urgent Alerts is available for certain wireless Sprint devices using Android or BREW platforms ("Approved Devices"). More information about eligible devices is available by contacting Customer's Sprint Account Representative.

(2) Customer will ensure that all MUA Users are aware of the requirements and limitations set forth in this Section concerning the Approved Devices and Mobile Urgent Alerts. It will be Customer's sole responsibility to implement and enforce policies for the proper and safe use of the Approved Devices and Mobile Urgent Alerts.

(3) Customer is responsible for ensuring that the Alert Information (except for the Approved Device location information) and Customer Contacts are accurate at all times.

(4) **Location Based Service.**

(a) Mobile Urgent Alerts is a "Location Based Service," as defined in the Wireless Services Product Annex. Customer consents to Sprint's and TeleMessage's disclosure of Alert Information to the Customer Contacts, which may include governmental and public safety authorities. Customer must clearly, conspicuously and regularly notify all MUA Users that the MUA User's name and location information may be accessed, used or disclosed in connection with Mobile Urgent Alerts.

(b) Customer will comply with all applicable privacy laws and will obtain all necessary consents from each MUA User authorizing the location tracking of the MUA User, providing the MUA User with the right to revoke such authorization, and providing the MUA User with the right, upon reasonable notice, to permanently delete the location tracking information of the MUA User.

(5) **Service Limitations.** Customer acknowledges that use of Mobile Urgent Alerts is dependent upon the Approved Device's ability to transmit messages, and the availability of the Nationwide Sprint Network. Approved Devices must be charged and in good repair. Due to limitations concerning Wireless Services, as set forth in the Wireless Services Product Annex, it is possible that certain locations will not have access to the Nationwide Sprint Network. At any time the Nationwide Sprint Network is not capable of being accessed by an Approved Device, any attempt to transmit an alert by such Approved Device will not be received, and Mobile Urgent Alerts will be unavailable with respect to the particular Approved Device. **Customer should implement secondary means of communication, as appropriate under the circumstances, to avoid the risk of injury or death or damage to property in the event that Wireless Services are unavailable.**

(6) **Limitation of Liability. CUSTOMER ACKNOWLEDGES THAT THE APPROVED DEVICES AND MOBILE URGENT ALERTS WILL NOT PREVENT PERSONAL INJURY, PROPERTY DAMAGE, OR THE LOSS OF LIFE. SPRINT WILL NOT BE LIABLE FOR ANY CLAIMS, LOSSES, EXPENSES, OR DAMAGES CONCERNING MOBILE URGENT ALERTS, THE INTERRUPTION OR UNAVAILABILITY OF WIRELESS SERVICES UTILIZED WITH MOBILE URGENT ALERTS, INCORRECT ALERT INFORMATION OR CUSTOMER CONTACTS, OR THE FAILURE OR MALFUNCTION OF ANY APPROVED DEVICE.**

(7) **Indemnification. CUSTOMER WILL INDEMNIFY AND DEFEND SPRINT, AND SPRINT'S DIRECTORS, OFFICERS, EMPLOYEES, AGENTS AND THEIR SUCCESSORS, AGAINST ALL CLAIMS FOR DAMAGES, LOSSES, LIABILITIES OR EXPENSES, INCLUDING REASONABLE ATTORNEYS' FEES, BROUGHT AGAINST SPRINT BY A THIRD PARTY ARISING OUT CUSTOMER'S (A) USE OF MOBILE URGENT ALERTS**

OR APPROVED DEVICES, OR (B) FAILURE TO NOTIFY MUA USERS OF CUSTOMER'S ELECTION TO USE MOBILE URGENT ALERTS OR APPROVED DEVICE LOCATION INFORMATION.

3G/4G Connection Card Plan

The 3G/4G Connection Plan provides both EVDO (using CDMA technology) and Sprint 4G data functionality in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a Sprint 4G Network data-compatible connection card. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas and applicable wireless devices. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

3G/4G Connection Plan Charges

MRC	NET $30.74 [1]
Usage Included	Unlimited for Acceptable Use [2]
Data Roaming limitation in Megabytes ("MB")	100 MB
Additional data Roaming usage above 100 MB	$0.2563 per MB[3]

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

[3] If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

A. The 3G/4G Connection Card Plan includes unlimited data usage on the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

B. Roaming is not available on the Sprint 4G Network at this time.

C. Premium Services content is not available with this Business Plan.

D. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts

of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject to the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

E. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

26aa   Sprint Public Sector 5G Mobile Broadband Plan   **Back to Price Page**

NET MRC[1]	$51.25[1]
Sprint 5G Data Services limitation prior to throttling	100 GB
Throttling level	128 Kbps
Data Roaming limitation in Megabytes ("MB")	300 MB
Overage charge for additional data Roaming usage above data Roaming limitation	$0.26 per MB

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

A. The rate plan identified in the table above is compatible with the Sprint 5G Network as well as certain other Sprint Networks, depending upon device capabilities. Customer may contact their account representative for availability of 5G service.

B. Additional charges apply for messaging service on compatible devices.

C. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

D. Neither Static IP nor Data Link is permitted with this rate plan.

26b&c. 3G/4G Connection Card Plan MBB – UNSUBSIDIZED ONLY   **Back to Price Page**

E. The 3G/4G Connection Card Plan provides both EVDO (using CDMA technology) and Sprint 4G data functionality in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a Sprint 4G Network data-compatible connection card. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas and applicable wireless devices. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

F. 3G/4G Connection Card Plan Charges – Unsubsidized Only

MRC	$10.25[1]	$23.57[1]
Data Services limitation in Gigabytes ("GB")	2 GB[3]	Unlimited for Acceptable Use[4]
Overage charge for additional data Services usage above plan limit	N/A	N/A
Data Roaming limitation in Megabytes ("MB")	100	300
Overage charge for additional data Roaming usage above plan limit	$0.2563 per MB[2]	$0.2563 per MB[2]

Device Eligibility	Unsubsidized Only	Unsubsidized Only

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] If Customer's data usage in a given month exceeds the plan's data Services limitation or data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the plan's Data Services limitation and Data Roaming limitation.

[3] Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

[4] Unlimited use available while on the Sprint network. Sprint reserves the right to throttle, modify or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

(1) The 3G/4G Connection Card Plan includes combined data usage on the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network, up to the plan's data Services limitation. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(2) Premium Services content is not available with this Business Plan.

(3) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are intended to be used for web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; or for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user.

(4) Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

(5) Customer will receive an additional MRC charge of up to $25 on any Sprint subsidized devices that are activated on any of the unsubsidized plans in this section in addition to the MRC shown above.

27 & 28. MBB 1GB AND 2 GB PLAN

A. **Sprint Business Share Plus Plans for Tablet and Mobile Broadband**

Shareable Data Plan Allowance Per Line in Gigabytes ("GB")	Customer Line1 MRC	Eligible Devices
1 GB	$15.38	Mobile Broadband
2 GB	$20.50	Tablet, Mobile Broadband

[1] A "Customer Line" is the same as a "Corporate-Liable Active Unit," as defined in the Wireless Services Product Annex.

(1) The data allowance includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices.

(2) Customer Lines activated on Sprint Business Share Plus plans are subject to a data Roaming limit of 100 MBs or a majority of kilobytes ("KBs") per line. Data Roaming limits are not sharable with other lines. This Roaming limitation includes Sprint Mobile Hotspot usage. Sprint will bill Customer $0.2563/MB for any data Roaming usage above the data Roaming limit. Additional charges for both the rate plan's data allowance and the data Roaming limit may occur.

(3) Shareable data usage will be aggregated among devices on the Sprint Business Share Plus plans for Tablet and Mobile Broadband set forth in the table above if such devices are activated and maintained under the same billing account number. Aggregated data is consumed on a first come first served basis until the allowance is exhausted. Additional data usage after the aggregated allowance is exhausted will be billed at $0.00515/megabyte ("MB") ($5.15/GB). Data is not shareable with Sprint Business Share Plus for Machine-to-Machine rate plans.

    (a) Customer may not exceed 600 Customer Lines obtained through any combination of Installment Agreements and Business Lease Agreements per BAN. Subsidized Devices, wireless devices purchased in one payment at full SRP, and wireless devices provided by Customer are not subject to a limit.

(4) The data usage limitations and restrictions set forth in the Wireless Services Product Annex apply to the Sprint Business Share Plus Plans.

(5) Sprint Business Share Plus Plans are not eligible for the Corporate Service Pricing Discount.

28 A & B   Non – Sprint Inventoried Embedded Computing Connection for Chromebooks [Back to Price Page]

A. The Non – Sprint Inventoried Embedded Computing Connection for Chromebook Plan provides Sprint 4G Network service in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a 4G Network data-compatible embedded connection device. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

B. **Non – Sprint Inventoried Embedded Computing Connection for Chromebook Plan Charges**

MRC	$8.20	$15.38[1]
Data Services limitation prior to throttling	2 GB	15 GB
Date Overage Charge above Data Services limitation	$0.0513/MB	N/A
Throttling level	N/A	256 Kbps
Roaming Limit	100 MB	100 MB
Roaming Overage Charge	$0.2563/MB	$0.2563/MB
Device Eligibility	Chromebook procured from third party vendor	Chromebook procured from third party vendor
Like Plan Pooling	Included	N/A

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

1. Premium Services content is not available with this Business Plan.

2. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

3. Neither Static IP nor Data Link is permitted with the rate plan that throttles after 15 GB. Should Sprint determine that Customer is utilizing Data Link or Static IP with the rate plan that throttles after 15 GB, Sprint reserves the right to discontinue service.

4. Seasonal Standby plan as outlined in Section 28C below may be utilized annually for no more than 3 months.

5. Minimum Service Term of the Non-Sprint Inventoried Embedded Computing Connection for Chromebook plan is 12 Months.

6. Data will be pooled among devices in the rate plans in the table above provided all subscribers are on the same rate plan and same BAN.

7. Should Customer cancel service on a subscriber line, the cancelled device may not be put back in service for a minimum of 180 days, without Sprint's consent.

28C   SPRINT SEASONAL STANDBY PLAN – For Chromebooks.

A. Description. The Sprint Seasonal Standby Plan allows Customer to place Chromebook devices on inactive status for a period not to exceed 3 consecutive months. Only Corporate-Liable Active Units that have been active on another Business Plan for a minimum of 3 consecutive months are eligible for the Sprint Seasonal Standby Plan. At the end of the inactive status period, all Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will be moved to a generally available Business Plan, which will depend on the applicable device type, unless Customer notifies Sprint in writing at least 30 days prior to the expiration of the Sprint Seasonal Standby Plan and specifically requests a particular Business Plan. Customer may incur usage charges in addition to the new Business Plan MRC. Time spent as inactive on the Sprint Seasonal Standby Plan does not count toward the fulfillment of a Corporate-Liable Active Unit's Minimum Service Term. A Corporate-Liable Active Unit's Minimum Service Term, and the number of months contributing to upgrade eligibility, will be extended for the length of time the Corporate-Liable Active Unit spent as inactive on the Sprint Seasonal Standby Plan. Sprint reserves the right to limit the devices that can be used with this Business Plan. The Sprint Seasonal Standby Plan may not be available in all Sprint tools, including self-service tools such as Enhanced Account Manager. Sprint reserves the right to remove the Sprint Seasonal Standby Plan at any time.

B. Pricing. Sprint will charge Customer the following charges:

MRC	$5.13* per Corporate-Liable Active Unit

*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will not have access to any voice or data features. Customer will be liable for any applicable taxes, fees, charges and surcharges.

C. Service Credits, Wireless Device Discounts, Rebates. Corporate-Liable Active Units on the Sprint Seasonal Standby Plan are not eligible for service credits, wireless device discounts, or rebates.

MACHINE TO MACHINE

29. Machine to Machine - 3G (1MB) with Command Center   [Back to Price Page]

Sprint Data Access Plans for Business for Third Party M2M Devices with Command Center
Sprint Data Access Plans for Business for Third Party M2M Devices provide data transmission services via the Sprint 4G Network, the Sprint 3G Network, and/or the Nationwide Sprint Network depending on the M2M Device used and the Business Plan purchased.

Charges. The following MRCs apply to Sprint Data Access Plans for Business for Third Party M2M Devices:

Sprint Data Access Plans for Business for Third Party M2M Devices. Sprint Data Access Plans for Business for Third Party M2M Devices provide access to the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible M2M Device. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Sprint Data Access Plan for Business for Third Party M2M Devices, the M2M Device first will attempt to connect to the Sprint 4G Network, and then will default to the Sprint 3G Network or Nationwide Sprint Network, depending on coverage and network availability. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a Sprint Data Access Plan for Business for Third Party M2M Devices, the M2M Device first will attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network, depending on coverage and network availability.

Sprint Data Access Plans for Business for Third Party M2M Devices with Command Center	
Plan Size	1MB
MRC	$0.1025[1]
Overage per MB	$0.1025[1]
Data Pooling	Included
Command Center	Required

[1] MRCs on these Business Plans are net of all discounts. Customer's M2M or Wireless (as applicable) Government Discount does not apply.

a.   Additional Terms

Usage limitations, including roaming usage limitations, and other data usage restrictions or limitations as set forth in the Wireless Services Product Annex and/or the Government Wireless Services Product Annex (as applicable) apply.

Roaming is not available on the Sprint 4G Network at this time.

b. Restricted Uses. Sprint Data Access Plans for Business for Third Party M2M Devices may not be used with laptops, netbooks, notebooks, tablets, or other comparable devices that involve active participation by a person. All usage must be embedded within machine-to-machine applications and M2M Devices.

c. Data Pooling. Data usage will be pooled among M2M Devices on plans with the same Business Plan type, in the same Business Plan size, and with the same billing account number (each a "**Pooling Group**").

1. **Sprint Command Center.** Sprint Command Center provides a self-service, web-based M2M Device management platform for Customer to manage and obtain reporting for its devices and services on the Nationwide Sprint Network, the Sprint 3G Network and certain International M2M Networks. Customer's use and Sprint's provision of Command Center is also governed by the Sprint Command Center Product Annex, which is incorporated into the Agreement as posted to the Rates and Conditions Website.

Sprint Command Center Charges. The following charges apply to M2M Devices in Sprint Command Center and are further defined in the Sprint Command Center Product Annex:

Sprint Command Center Device State Change Fees	
Activation Fee	Waived
Suspend Fee	A per M2M Device fee that is an amount equal to 2 months of the MRC onto which the M2M Device is assigned
Un-Suspend Fee	$0
Re-Activation Fee	A per M2M Device fee that is an amount equal to 1 month of the MRC onto which the M2M Device is assigned
Cancellation Fee	$50*

*For M2M Devices in Command Center, the Cancellation Fee of $50 applies instead of the applicable deactivation fee.

a. Account Activation Fee. For all of Customer's Command Center billing accounts, Sprint will waive the $36 account activation fee that is set out in the "Activation Fee" section of this Attachment C.

b. Minimum Service Term. For M2M Devices in Command Center, the Minimum Service Term is 12 total months in the Active-Billed State (and no other state). The Minimum Service Term begins when the M2M Device moves to the Active-Billed State.

c. Active-Billed Thresholds. Sprint Command Center allows for a pre-defined usage or time-based threshold. Once the threshold is exceeded, the M2M Device in Sprint Command Center will automatically switch to the Active-Billed State from either the Provisioned State or Suspended State. Sprint will charge Customer for the usage incurred up to the defined threshold at the overage rates set out in the selected data Business Plan.

i. Initial Activation thresholds. The threshold for moving from Provisioned State to Active-Billed State is whichever of the following occurs first: 10 KB of usage; 1 SMS message; or 120 days from date the M2M Device in Sprint Command Center was initially provisioned onto the Nationwide Sprint Network, the Sprint 3G Network or an eligible International M2M Network.

ii. Un-Suspend thresholds. The threshold for moving from Suspended State to Active-Billed State is whichever of the following occurs first: 1 KB of usage; 1 SMS message; or 120 days from the date the M2M Device in Sprint Command Center was moved to the Suspended State.

Device Commitment Level. Only M2M Devices in Command Center that are in the Active-Billed State—and no other state—count toward the Active Unit Commitment Level or the M2M Device Commitment Level, as applicable.

Custom Command Center Solutions. At Customer's request, Sprint or Sprint's authorized provider, will provide the professional services set forth below to create custom Command Center solutions for Customer.

(1) Standard VPN Connectivity Offering. Sprint will provide a single hardware VPN connection to a single Customer site with dual peers for failover. This single site VPN setup will be provided at no extra charge. Sprint will charge Customer $250.00 for each additional connection to a single site with dual peers.

(2) Additional VPN Options and Fees

a. Dual Site, Single VPN (Dual Peers) with Load Sharing. For each configuration consisting of a single hardware VPN connection to two Customer sites with dual peers for load sharing, Sprint will charge Customer a $750.00 setup fee.

b. Dual Site, Dual VPN (Dual Peers). For each configuration consisting of dual hardware VPN connections to two Customer sites with dual peers, Sprint will charge Customer a $1,600.00 setup fee.

   c.   **Dual Site, Dual VPN (Four Peers) with Load Sharing and Full Mesh.** For each configuration consisting of dual hardware VPN connections to two Customer sites with four peers with load sharing and full mesh, Sprint will charge Customer a $2,400.00 setup fee.

Private Static IP Network (Contiguous IP Blocks).

   a.   The following contiguous IP blocks may be purchased based on the applicable one-time setup fee:

CIDR	Hosts	One-Time Setup Fee
/13	524,286	$5,000
/14	262,142	$2,500
/15	131,070	$1250
/16	65,534	$500
/17	32,766	$500
/18	16,382	$500
/19	8,190	$500
/20	4,094	$500
/21	2,046	$500
/22	1,022	$500
/23	510	$500
/24	254	$500

   b.   Customer must use at least 50% of the Private Static IP subnet mask within the first 12 months after setup, and 75% within 24 months after setup. If Customer does not meet these thresholds, Sprint reserves the right to reclaim the unused subnet IP addresses for allocation to other customers. For example, if Customer has been allocated a /24 with 254 subnet IP addresses but has used only 100 subnet IP addresses at the end of 12 months after setup, Sprint reserves the right to reclaim the remaining 154 subnet IP addresses.

29a   Sprint Data Rate Plans for myDevices.   [Back to Price Page](#)

Data Allowance (in Megabytes ("MBs") and Gigabytes ("GBs"))	1 GB
MRC	**$10.25**
Overage charge for additional data services usage above plan allowance per MB	$0.01
Data roaming allowance	50 MB
Data roaming overage charge per MB	$0.26
Pool Group	1

A.   Third party, non-Sprint branded M2M Devices that have been approved by Sprint for use on the Sprint M2M Networks ("Third Party M2M Devices") may be activated on any of the Sprint M2M Plans set forth in the table above. In addition, Sprint-branded devices purchased from Sprint for use with M2M Services ("Sprint M2M Devices") may be available for use with the Sprint M2M Plans. Sprint reserves the right to limit the Sprint M2M Devices that can be used with the Sprint M2M Plans.

B.   If Customer's data usage in a given month exceeds the Sprint M2M Plan's data allowance or data Roaming allowance, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the Sprint M2M Plan's data allowance and data Roaming allowance.

C.   Data usage on the Sprint M2M Plans will be pooled among M2M Devices in the same Pool Group and activated on the same billing account number. Data Roaming limitations are applied on a per M2M Device basis.

D.   The data usage limitations and restrictions set forth in the Wireless Services Product Annex will apply to the Sprint M2M Plans, and the Sprint M2M Plans are not eligible for any discounts.

E. Third Party M2M Devices.

  (1) Third Party M2M Devices. Customer may purchase Third Party M2M Devices from Sprint or a third party. The pricing for Third Party M2M Devices purchased from Sprint is not included in the Business Plan MRC. Third Party M2M Devices purchased from Sprint are not eligible for a discounted device price.

  (2) SIM Cards. For International M2M Services, Customer must purchase SIM Cards from a Sprint-authorized third party.

F. Minimum Service Term Requirement.

  (1) Minimum Service Term Generally. Wireless Services may require a device or Business Plan to remain active for a minimum period of time ("Minimum Service Term"). The Minimum Service Term begins on the M2M Device purchase date and ends on the expiration of the device Minimum Service Term or the Business Plan Minimum Service Term, whichever is later. The applicable Minimum Service Term(s), if any, are available at Customer's My Sprint Business account or by contacting Customer's Sprint Account Representative.

  (2) M2M Devices Purchased from Third Parties. Third Party M2M Devices purchased from third parties are subject to a deactivation fee of up to $50 per terminated device, in addition to any other Service charges that apply to the terminated device.

  (3) Pre-Existing Units. M2M Devices activated under an agreement that was superseded by the Agreement will remain subject to the ETF or deactivation fee, as applicable, set forth in the superseded agreement until expiration of the original Minimum Service Term.

30-37   Sprint Data Access Plans for Business for Third Party M2M Devices   **Back to Price Page**

A. Sprint Data Access Plans for Business for Third Party M2M Devices provide data transmission services via the Sprint 4G Network, the Sprint 3G Network, and/or the Nationwide Sprint Network depending on the M2M Device used and the Business Plan purchased.

B. Charges. The following MRCs apply to Sprint Data Access Plans for Business for Third Party M2M Devices:

  (1) Sprint Data Access Plans for Business for Third Party M2M Devices. Sprint Data Access Plans for Business for Third Party M2M Devices provide access to the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible M2M Device. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Sprint Data Access Plan for Business for Third Party M2M Devices, the M2M Device first will attempt to connect to the Sprint 4G Network, and then will default to the Sprint 3G Network or Nationwide Sprint Network, depending on coverage and network availability. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a Sprint Data Access Plan for Business for Third Party M2M Devices, the M2M Device first will attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network, depending on coverage and network availability.

Data Pooling	Included	Included	Included	Included	Included	Included	Included	Included

[1] MRCs on these Business Plans are net of all discounts. Customer's M2M or Wireless (as applicable) Government Discount does not apply.

C. Additional Terms

  (1) Usage limitations, including roaming usage limitations, and other data usage restrictions or limitations as set forth in the Wireless Services Product Annex and/or the Government Wireless Services Product Annex (as applicable) apply.

  (2) Roaming is not available on the Sprint 4G Network at this time.

(3) **Restricted Uses.** Sprint Data Access Plans for Business for Third Party M2M Devices may not be used with laptops, netbooks, notebooks, tablets, or other comparable devices that involve active participation by a person. All usage must be embedded within machine-to-machine applications and M2M Devices.

(4) **Data Pooling.** Data usage will be pooled among M2M Devices on plans with the same Business Plan type, in the same Business Plan size, and with the same billing account number (each a "**Pooling Group**").

29-37   M2M Seasonal Standby   Back to Price Page

Sprint Machine-To-Machine ("M2M") Seasonal Standby Plan.

Description. The Sprint M2M Seasonal Standby Plan allows Customer to place its M2M Devices on inactive status for a period not to exceed 6 consecutive months. Only M2M Devices that have been active on another Business Plan for a minimum of 3 consecutive months are eligible for the Sprint M2M Seasonal Standby Plan. At the end of the inactive status period, all M2M Devices on the Sprint M2M Seasonal Standby Plan will be automatically migrated back to a basic M2M Business Plan unless Customer notifies Sprint in writing at least 30 days prior to the expiration of the Sprint M2M Seasonal Standby Plan and specifically requests a particular M2M Business Plan. An M2M Device may only be placed on the Sprint M2M Seasonal Standby Plan once during the Term of this Attachment. Time spent as inactive on the Sprint M2M Seasonal Standby Plan does not count toward the fulfillment of an M2M Device's Minimum Service Term or for upgrade eligibility. An M2M Device's Minimum Service Term, and the number of months contributing to upgrade eligibility, will be extended for the length of time the M2M Device spent as inactive on the Sprint M2M Seasonal Standby Plan. Sprint reserves the right to limit further the devices that can be used with this Business Plan. The Sprint M2M Seasonal Standby Plan may not be available in all Sprint tools, including self-service tools such as Enhanced Account Manager. Sprint reserves the right to remove the Sprint M2M Seasonal Standby Plan at any time.

Pricing. Sprint will charge Customer the following charges for each M2M Device on the Sprint M2M Seasonal Standby Plan:

MRC	$1.015* per M2M Device

*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

M2M Devices on the Sprint M2M Seasonal Standby Plan will not have access to any voice or data features.

Mobile Broadband Routers

38. Mobile Broadband Routers– UNLIMITED   Back to Price Page

Non – Sprint Inventoried Embedded Computing Connection and Router Plan

A. The Non – Sprint Inventoried Embedded Computing Connection Plan and Router Plan provides EVDO (using CDMA technology) data functionality and Sprint 4G data functionality in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a 4G Network data-compatible embedded connection device. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas and applicable wireless devices. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

B. **Non – Sprint Inventoried Embedded Computing Connection and Router Plan Charges**

MRC	$30.74[1]
Data Services limitation in Gigabytes ("GB")	Unlimited for Acceptable Use [2]
Data Roaming limitation in Megabytes ("MB")	300 MB

Overage charge for additional data Roaming usage above plan limit	$0.2563 per MB[3]

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] Unlimited use available while on the Sprint network. Sprint reserves the right to throttle, modify or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device: (i) exceeds an average of 50 GB/month on a Customer billing account; or (ii) a Customer Line exceeds 75 GB/month, 300 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

[3] If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

(1) Non – Sprint Inventoried Embedded Computing Connection Plan and Router Plan includes data usage up to the plan's Data Services limitation on the Sprint 4G Network (if included), the Sprint 3G Network and the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network (if included), then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(2) Data usage on the Sprint 4G Network requires a 4G capable device.

(3) Roaming is not available on the Sprint 4G Network at this time.

(4) Premium Services content is not available with this Business Plan.

(5) Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

Data Pooling[3]	Included	Included	Included	Included	Included	Included

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] If Customer's data usage in a given month exceeds the Business Plan's Data Services limitation or Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the Business Plan's Data Services limitation and Data Roaming limitation.

[3] Data usage on Wireless Modem Pooling Plans, excluding Roaming, will be pooled among devices with the same Wireless Modem Pooling Plan size, and with the same billing account number. Data Roaming limitations are applied on a per-device basis and Roaming data usage does not pool.

A. All pricing and available MBs and GBs are the same whether Corporate-Liable Active Units use the Sprint 4G LTE Network, the Sprint 3G Network or the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere. When the Sprint 4G LTE Network is available, Corporate-Liable Active Units first will attempt to connect to the Sprint 4G LTE Network, and then will default to the Sprint 3G Network or Nationwide Sprint Network, depending on coverage and network availability.

B. Roaming is not available on the Sprint 4G LTE Network at this time.

C. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G LTE Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G LTE Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's Business Plan; or (ii) while Roaming, (A) 100 MB/month (B) 300 MB/month or (C) a majority of kilobytes depending on the applicable Business Plan; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

D. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

Tablet Plans

45. Tablet unlimited

MRC	**$30.74**
Data Services limitation in Megabytes ("MB") or Gigabytes ("GB")	Unlimited for Acceptable Use[5]
Overage charge for additional data Services usage above data Services limitation[2]	N/A
Data Roaming limitation in Megabytes ("MB")	300MB
Overage charge for additional data Roaming usage above data Roaming limitation	$0.2563 per MB[3]

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] The data Services overage charges set forth in the table above apply only to tablets compatible with the Sprint 4G LTE Network. The data Services overage charges for all other tablets will be $0.0513 per MB.

[3] If Customer's data usage in a given month exceeds the plan's Data Services limitation or Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

[4] Customer will be liable for the overage charge set forth in the table above for any data usage that exceeds 300MB per month.

[5] Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

A. All pricing and available MBs and GBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network (if included), the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible data device. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a wireless high-speed data Business Plan, Active Units will first attempt to connect to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Business Plan for Sprint 4G Services, Active Units will first attempt to connect to the Sprint 4G Network, and then default to the Sprint 3G Network or Nationwide Sprint Network depending on coverage and network availability.

B. Data usage on the Sprint 4G Network requires a 4G capable device.

C. Roaming is not available on the Sprint 4G Network at this time.

D. Additional charges apply for messaging service.

E. A two year Minimum Service Term is required if Customer receives a wireless device discount. Wireless device discounts may not be available on all devices. Tablets compatible with the Sprint 4G LTE Network are not eligible for wireless device discounts, service credits or rebates, but may be eligible for certain promotions.

45.1   Tablet Plans - Bring-Your-Own-Device and Full SRP only

MRC	$23.56[1]
Data Services limitation in Megabytes ("MB") or Gigabytes ("GB")	Unlimited for Acceptable Use[4]
Overage charge for additional data Services usage above data Services limitation[2]	N/A
Data Roaming limitation in Megabytes ("MB")	100MB
Overage charge for additional data Roaming usage above data Roaming limitation	$0.2563 per MB[3]
Device Eligibility	Unsubsidized Device[5]

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] The data Services overage charges set forth in the table above apply only to tablets compatible with the Sprint 4G LTE Network. The data Services overage charges for all other tablets will be $0.0513 per MB.

[3] Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

[4] Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

[5] An Unsubsidized Device is a device that is (a) purchased from Sprint at full Suggested Retail Price either (i) at the point of sale, or (b) provided by Customer (BYOD). Customer will be charged an additional MRC of up to $25 for any rate plan utilizing a device procurement method that is incompatible with the Device Eligibility row in the table above.

46 a & b. Tablet 1GB AND 2 GB PLAN

Back to Price Page

Sprint Business Share Plus Plans for Tablet and Mobile Broadband

Shareable Data Plan Allowance Per Line in Gigabytes ("GB")	Customer Line1 MRC	Eligible Devices
1 GB	$15.38	Tablet, Mobile Broadband
2 GB	$20.50	Tablet, Mobile Broadband

[1] A "Customer Line" is the same as a "Corporate-Liable Active Unit," as defined in the Wireless Services Product Annex.

(1) The data allowance includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices.

(2) Customer Lines activated on Sprint Business Share Plus plans are subject to a data Roaming limit of 100 MBs or a majority of kilobytes ("KBs") per line. Data Roaming limits are not sharable with other lines. This Roaming limitation includes Sprint Mobile Hotspot usage. Sprint will bill Customer $0.2563/MB for any data Roaming usage above the data Roaming limit. Additional charges for both the rate plan's data allowance and the data Roaming limit may occur.

(3) Shareable data usage will be aggregated among devices on the Sprint Business Share Plus plans for Tablet and Mobile Broadband set forth in the table above if such devices are activated and maintained under the same billing account number. Aggregated data is consumed on a first come first served basis until the allowance is exhausted. Additional data usage after the aggregated allowance is exhausted will be billed at $0.00513/megabyte ("MB") ($5.13/GB). Data is not shareable with Sprint Business Share Plus for Machine-to-Machine rate plans.

(a) Customer may not exceed 600 Customer Lines obtained through any combination of Installment Agreements and Business Lease Agreements per BAN. Subsidized Devices, wireless devices

purchased in one payment at full SRP, and wireless devices provided by Customer are not subject to a limit.

(4) The data usage limitations and restrictions set forth in the Wireless Services Product Annex apply to the Sprint Business Share Plus Plans.

(5) Sprint Business Share Plus Plans are not eligible for the Corporate Service Pricing Discount.

46b.1 Tablet **Plans - Bring-Your-Own-Device and Full SRP only**   **Back to Price Page**

MRC	$10.25[1]
Data Services limitation in Megabytes ("MB") or Gigabytes ("GB")	2 GB[3]
Overage charge for additional data Services usage above data Services limitation[2]	N/A
Data Roaming limitation in Megabytes ("MB")	100MB
Overage charge for additional data Roaming usage above data Roaming limitation	$0.2563 per MB[3]
Device Eligibility	Unsubsidized Device[5]

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

[2] The data Services overage charges set forth in the table above apply only to tablets compatible with the Sprint 4G LTE Network. The data Services overage charges for all other tablets will be $0.0513 per MB.

[3] Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

[4] Unlimited use available while on the Sprint network. Sprint reserves the right to modify, throttle or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

[5] An Unsubsidized Device is a device that is (a) purchased from Sprint at full Suggested Retail Price either (i) at the point of sale, or (b) provided by Customer (BYOD). Customer will be charged an additional MRC of up to $25 for any rate plan utilizing a device procurement method that is incompatible with the Device Eligibility row in the table above.

Enhanced Services

47a-p   **ACTSOFT ENCORE APPLICATIONS (PRODUCTIVITY MARKETPLACE).**   **Back to Price Page**

Actsoft Encore Applications available through Productivity Marketplace are cloud-based Workforce Management solutions from Actsoft.

A. Accessories, installation, professional services, wireless data Business Plans, messaging, Managed Network Services and maintenance support are not included in the MRC for any of the Actsoft Encore Applications. Customer may purchase the rest of the excluded products and services from Sprint or a Sprint-authorized provider for an additional charge.

B. Charges.

Actsoft Encore Applications	MRC	NRC – Hardware Charge
Workforce Management Solutions		
Classic (Mobile Forms, Tracking, Messaging)	$10.25*	NA
Essentials (Classic package + Time and Attendance)	$15.38*	NA
Ultimate (Essentials package + Work Order Dispatching)	$20.50*	NA
Attachable (GPS)	$5.13	NA

* MRCs and NRCs are net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Activations of the Actsoft Encore Applications are not eligible for service credits, wireless device discounts, or rebates. The Actsoft Encore Applications may not be purchased in conjunction with certain Sprint promotions or contests.

(2) As indicated in the table above, Sprint may charge Customer a one-time Hardware Charge for each CalAmp Device activated with certain Actsoft Encore Applications.

C. Features.

(1) Encore Workforce Management Classic is workforce management solution that includes Mobile Forms, Event-Based Tracking, and Messaging.

(2) Encore Workforce Management Essentials provides the features of Encore Workforce Management Classic plus Time & Attendance.

(3) Encore Workforce Management Ultimate provides the features of Encore Workforce Management Essentials plus Work Order Dispatching.

(4) Encore Workforce Management Attachable (GPS) provides continuous GPS location tracking for handsets and smartphones. It is attachable only to Encore Workforce Management Classic, Essentials, and Ultimate plans.

(5) The features described above may change in Actsoft's sole discretion.

D. Additional Terms.

(1) Customer must comply with the Sprint Productivity Marketplace Terms of Service, including the Sprint Software as a Service Terms of Services as well as any other Application Specific Terms, all of which are incorporated into this agreement as posted to: https://www.sprint.com/business/support/ratesTandCproducts.html and as may be amended from time to time. This provision applies only if Customer chooses the Productivity Marketplace for those services identified as available through the Productivity Marketplace in the table above.

(2) License Agreement. Customer's use of the Actsoft Encore Applications is subject to acceptance of the Actsoft End User Terms and Conditions presented to Customer upon first log-in to the Actsoft portal ("Actsoft Terms"). The Actsoft Terms are subject to change without prior notice to Customer. If Actsoft chooses to make a change to the Actsoft Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the Actsoft Encore Applications, then the Customer may terminate the affected Actsoft Encore Applications for convenience without incurring any early termination liability relating to the discontinuance of the affected Actsoft Encore Applications.

E. Technical Support. For technical support related to the Actsoft Encore Applications, Customer should contact Actsoft Customer Care at: 1-888-732-6638.

ACTSOFT ENCORE VAULT APPLICATIONS. Actsoft Encore Vault Applications are cloud-based Workforce Management solutions from Actsoft.

A. Customer must utilize a smartphone or tablet device and a primary service plan onto which Encore Vault Services are added for an additional MRC (such device and service plan may be purchased from Sprint or from another carrier).

B. Accessories, installation, professional services, messaging, Managed Network Services and maintenance support are not included in the MRC for any of the Actsoft Encore Vault Services.

C. Charges.

Actsoft Encore Vault Applications	MRC*
Encore Classic - Vault	$15.38
Encore Essentials - Vault	$20.50
Encore Ultimate - Vault	$25.63
Encore GPS Tracking Add On - Vault	$5.13
Encore GPS Tracking Stand-Alone - Vault	$15.38
Encore Enterprise Instance	$46.13
Encore Fleet - Vault Purchase	$20.50
Encore Fleet - Vault Bundle	$25.63
Encore Asset - Vault Purchase	$15.38
Encore Asset - Vault Bundle	$21.53
Encore EVV (Electronic Visit Verification)	$8.20
Encore EVV with Timekeeping	$12.30

* MRCs are net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Activations of the Actsoft Encore Vault Applications are not eligible for service credits, wireless device discounts, or rebates. The Actsoft Encore Vault Applications may not be purchased in conjunction with certain Sprint promotions or contests.

D. Features.

(1) Encore's Classic Vault tier offers enhanced security that supports HIPAA compliance, the ability to add up to five modules, and other basic functionalities.

(2) Encore's Essentials Vault tier offers enhanced security that supports HIPAA compliance, the ability to add up to 10 modules, and a larger number of functionalities.

(3) Encore's Ultimate Vault tier offers enhanced security that supports HIPAA compliance, the ability to add unlimited modules, and the solution's largest number of functionalities, including premium scheduling, API access, and more.

(4) Encore Vault's GPS Tracking Add-On allows 24/7 or scheduled mobile device tracking during working hours.

(5) Encore Vault's standalone GPS Tracking solution offers basic GPS monitoring of mobile devices.

(6) Encore's Enterprise Instance offers certain custom services and support such as custom onboarding, 24/7 support and a dedicated Actsoft advisor. Encore's Enterprise instance is designed for customers of 1000 units or more, and by default offers the enhanced security features that Vault offers. All services on the Encore Vault instances up to and including Encore Ultimate-Vault are available on the Enterprise tier. Please see your Sprint Account Representative for details.

(7) Encore Fleet – Vault Purchase allows 24/7 fleet tracking to improve near real-time decision-making, minimize vehicle loss/theft, curb unauthorized usage, and reduce high maintenance costs. Customers must purchase the fleet tracking device directly from Actsfoft via an upfront charge.

(8) Encore Fleet – Vault Bundle allows 24/7 fleet tracking to improve near real-time decision-making, minimize vehicle loss/theft, curb unauthorized usage, and reduce high maintenance costs. The MRC includes the cost of the device. However, Customer will be required to sign a 3 year service term with Actsoft..

(9) Encore Asset – Vault Purchase allows 24/7 asset tracking to improve near real-time decision-making, minimize loss/theft, curb unauthorized usage. Customers must enter into a 3-year device contract with Actsoft. No upfront device cost. Customer must purchase the asset tracking device directly from Actsoft via an upfront charge.

(10) Encore Asset – Vault Bundle allows 24/7 asset tracking to improve near real-time decision-making, minimize loss/theft, curb unauthorized usage. The MRC includes the cost of the device. However, Customers will be required to sign a 3 year service term with Actsoft.

(11) Encore EVV (Electronic Visit Verification) facilitates the recording of patient visits, with a target of providing proof of delivery of services. By implementing this solution, customers capture critical, government required data points. Encore EVV (Electronic Visit Verification) may be considered a stand-alone service, or may be incorporated within the Encore Vault offerings above.

(12) Encore EVV with Timekeeping provides the same functionality as Encore EVV (Electronic Visit Verification) but adds timekeeping capabilities. End users have the ability to track their time on-site with patients, clock-in, clock-

out, and more. EVV makes it easier to accurately record patient visits, with a target of providing proof of delivery of services. By implementing this solution, customers capture critical, government required data points. Encore EVV with Timekeeping may be considered a stand-alone service, or may be incorporated within the Encore Vault offerings above.

47-72. ACTSOFT VEHICLE APPLICATIONS.   **Back to Price Page**

Actsoft Vehicle Applications ("Actsoft Vehicle Applications") are cloud- or enterprise-based vehicle tracking solutions from Actsoft LLC ("Actsoft").

E.   For Actsoft Comet Tracker EZ, Actsoft Comet Asset Purchase, Actsoft Comet Fleet, Actsoft Comet Tracker, Actsoft Comet Fleet Purchase, Actsoft Comet Fleet Premium – Hardware, Actsoft Comet Fleet Platinum – Hardware, and the Actsoft HOS Application, Customer must purchase CalAmp Devices (as defined below) from Actsoft. For these Actsoft Vehicle Applications, the MRC in the table in Section D below does not include the purchase price of the CalAmp Device. Instead, Sprint will invoice Customer separately for the CalAmp Devices purchased from Actsoft for use with these Actsoft Vehicle Applications.

F.   For Actsoft Comet Asset Bundle, Comet Fleet Bundle, Comet Fleet Premium, Comet Fleet Platinum, and the Actsoft ELD + HOS Bundle, Customer must obtain CalAmp Devices from Actsoft, pursuant to the terms of an Actsoft Device End User Agreement between Customer and Actsoft. Title to the CalAmp Devices used with these Actsoft Vehicle Applications remains with Actsoft; Customer is not purchasing the CalAmp Devices used with these Applications. The MRC in the table in Section D below includes the Actsoft Comet Application and the use of a CalAmp Device.

G.   Accessories, installation, professional services, wireless data Business Plans, messaging, Managed Network Services and maintenance support are not included in the MRC for any of the Actsoft Vehicle Applications. Customer must purchase a wireless data Business Plan from Sprint for an additional charge. Customer may purchase the rest of the excluded products and services from Sprint or a Sprint-authorized provider for an additional charge.

H.   Charges.

Actsoft Vehicle Applications	MRC	NRC – License Fee	NRC – Hardware Charge

Actsoft Mobile Worker (add-on to Comet Tracker) 1-15 units	$17.42*	NA	NA
Actsoft Mobile Worker (add-on to Comet Tracker) >=16 units	$13.32*	NA	NA

* MRCs and NRCs are net of all discounts. Customer's Service Pricing Discount is not applicable.

(2) Activations of the Actsoft Vehicle Applications are not eligible for service credits, wireless device discounts, or rebates. The Actsoft Vehicle Applications may not be purchased in conjunction with certain Sprint promotions or contests.

(3) As indicated in the table above, Sprint may charge Customer a one-time License Fee or a one-time Hardware Charge for each CalAmp Device activated with certain Actsoft Vehicle Applications.

I. **CalAmp Devices.** As used herein, "CalAmp Device" refers to a CalAmp wireless device included in one of the series referenced herein. Actsoft Comet Tracker EZ and Actsoft Comet Tracker may be activated on the CalAmp LMU-2600 series, CalAmp LMU-2800 series, or CalAmp LMU-3000 series of wireless devices. Actsoft Comet Asset Bundle and Actsoft Comet Asset Purchase may be activated on the CalAmp LMU-2800 series, CalAmp TTU-620 series, or CalAmp TTU-720 series of wireless devices. Actsoft Comet Fleet may be activated on the CalAmp LMU-2600 series, CalAmp LMU-2800 series, or CalAmp LMU-3000 series of wireless devices. Comet Fleet Bundle, Comet Fleet , Comet Fleet Premium, Comet Fleet Premium – Hardware, Comet Fleet Platinum, and Comet Fleet Platinum - Hardware may be activated on the CalAmp LMU-2600 series, CalAmp LMU-2800 series, or CalAmp LMU-3000 series of wireless devices. The Actsoft ELD + HOS Bundle and the Actsoft HOS Application may be activated on the CalAmp LMU-4200 series of wireless devices.

J. **Features.**

(1) Actsoft Comet Tracker EZ provides an entry level GPS tracking solution that includes near real time and historical locations, as well as speeds, stop time, geo-fencing, reporting and alerts for locations and speed.

(2) Actsoft Comet Asset Bundle utilizes the Actsoft Comet Tracker EZ software functionality and includes the use of a CalAmp Device.

(3) Actsoft Comet Asset Purchase utilizes the Actsoft Comet Tracker EZ software functionality and requires the purchase of a CalAmp Device as described above.

(4) Actsoft Comet Fleet provides the features of Actsoft Comet Tracker EZ plus vehicle maintenance reporting, driver scorecards, driver identification, input sensors (Power Take Off, lights, doors, etc.), additional alerts and reporting to support the added functionality. In addition, if Customer activates Actsoft Comet Fleet with certain devices from Garmin Ltd. (Garmin devices sold separately) Customer will receive timekeeping and dispatching information through the Garmin device.

(5) Actsoft Comet Tracker provides the features of Actsoft Comet Fleet plus the available option to use basic forms, timekeeping and dispatch, and the ability to add on "Advanced Wireless Forms." An eligible wireless handset, Smartphone or tablet and a Sprint wireless data Business Plan are also required and are sold separately.

(6) Comet Fleet Bundle offers all of the same functionalities of Actsoft Comet Fleet and includes the use of a CalAmp Device.

(7) Comet Fleet Purchase offers all of the same functionalities of Actsoft Comet Fleet and requires the purchase of a CalAmp Device as described above.

(8) Comet Fleet Premium offers all of the same functionalities of Comet Fleet Pro (including the use of a CalAmp Device) plus electronic forms, driver vehicle inspection reporting (DVIR) and forms to capture signatures and pictures. If Customer utilizes a Smartphone or tablet to access Comet Fleet Premium, Customer must purchase a wireless data Business Plan from Sprint. Customer may contact its Sprint Account Representative for information on compatible Smartphones and tablets.

(9) Comet Fleet Premium – Hardware offers all of the same functionalities of Actsoft Comet Fleet Premium except that Comet Fleet Premium – Hardware requires the purchase of a CalAmp Device as described above.

(10) Comet Fleet Platinum offers all of the same functionalities of Comet Fleet Premium (including the use of a CalAmp Device) plus order dispatching, voice guided directions, recurring order schedules, and time and attendance forms. If Customer utilizes a Smartphone or tablet to access Comet Fleet Platinum, Customer must purchase a wireless data Business Plan from Sprint. Customer may contact its Sprint Account Representative for information on compatible Smartphones and tablets.

(11) Comet Fleet Platinum – Hardware offers all of the same functionalities of Actsoft Comet Fleet Platinum except that Comet Fleet Platinum – Hardware requires the purchase of a CalAmp Device as described above.

(12) The Actsoft ELD + HOS Bundle allows drivers to electronically log their Hours of Service as well as enter DVIR data. Actsoft provides "Hours of Service" information in the cloud via an Actsoft web portal for real time and historical access. An eligible Smartphone or tablet, and a Sprint wireless data Business Plan, are required and are sold separately. Customer may contact its Sprint Account Representative for information on eligible Smartphones and tablets. In addition, for each purchase of an Actsoft ELD + HOS Bundle, Customer must also purchase Comet Fleet Pro, Comet Fleet Premium, or Comet Fleet Platinum.

(13) The Actsoft HOS Application offers all of the same functionalities as the Actsoft ELD + HOS Bundle except that the Actsoft HOS Application requires the purchase of a CalAmp Device as described above. An eligible Smartphone or tablet, and a Sprint wireless data Business Plan, are required and are sold separately. Customer may contact its Sprint Account Representative for information on eligible Smartphones and tablets. In addition, for each purchase of the Actsoft HOS Application, Customer must also purchase Comet Fleet Pro, Comet Fleet Premium, or Comet Fleet Platinum.

(14) The features described above may change in Actsoft's sole discretion.

K. **License Agreement.** Customer's use of the Actsoft Vehicle Applications is subject to acceptance of the Actsoft End User Terms and Conditions presented to Customer upon first log-in to the Actsoft portal ("Actsoft Terms"). The Actsoft Terms are subject to change without prior notice to Customer. If Actsoft chooses to make a change to the Actsoft Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the Actsoft Vehicle Applications, then the Customer may terminate the affected Actsoft Vehicle Applications for convenience without incurring any early termination liability relating to the discontinuance of the affected Actsoft Vehicle Applications.

L. **Technical Support**. For technical support related to the Actsoft Vehicle Applications, Customer should contact Actsoft Customer Care at: 1-888-732-6638.

73-84. ACTSOFT ENCORE APPLICATIONS.

Actsoft Encore Applications are cloud-based Fleet, Asset, and Workforce Management solutions from Actsoft.

A. For Encore Workforce Management solutions, CalAmp equipment is not required. Rather, Customer must utilize a Sprint handset or smartphone and a primary Sprint service plan onto which Encore Workforce Management Services are added for an additional MRC.

B. For Encore Fleet Vehicle (unbundled), Fleet Management ELD add-on (unbundled), Encore Standalone Electronic Logging Device (ELD), and Encore Asset (unbundled), the MRC in the table in Section E below does not include the purchase price of the CalAmp Device. Instead, the customer will be invoiced separately for the CalAmp Devices purchased from Actsoft for use with these Actsoft Encore Applications.

C. For Encore Fleet Vehicle (Bundled), Fleet Management ELD add-on (bundled) and Encore Asset (bundled), Customer must obtain CalAmp Devices from Actsoft, pursuant to the terms of an Actsoft Device End User Agreement between Customer and Actsoft. Title to the CalAmp Devices used with these Actsoft Vehicle Applications remains with Actsoft; Customer is not purchasing the CalAmp Devices used with these Applications. For these services, the MRC in the table in Section E below includes the Actsoft Encore Application and the use of a CalAmp Device.

D. Accessories, installation, professional services, wireless data Business Plans, messaging, Managed Network Services and maintenance support are not included in the MRC for any of the Actsoft Encore Applications. Customer must purchase a wireless data Business Plan from Sprint for an additional charge. Customer may purchase the rest of the excluded products and services from Sprint or a Sprint-authorized provider for an additional charge

E. Charges.

Actsoft Encore Applications	MRC	NRC – Hardware Charge
Workforce Management Solutions		
Classic (Mobile Forms, Tracking, Messaging)	$10.25*	NA
Essentials (Classic package + Time and Attendance)	$15.38*	NA
Ultimate (Essentials package + Work Order Dispatching)	$20.50*	NA

85-87b. - GEOTAB   (Back to Price Page)

Geotab GO9 Solution

A.General

(1) MyGeotab is a cloud-based fleet management Application from Geotab, Inc. ("Geotab"). The Business Plans set forth in this section are available only for activation on Geotab's GO9 devices utilizing the MyGeotab Application. Equipment, including GO9, accessories, installation, professional services, and maintenance support are not included. Customer may purchase these products and services from Sprint or a Sprint-authorized provider for an additional charge. In addition, Customer must purchase a Sprint Data Access Business Plan that includes at least 5MB of data. In Sprint's sole discretion, MyGeotab may not be purchased in conjunction with certain Sprint promotions or contests.

(2) Customer's use of the MyGeotab Application is subject to acceptance of the Geotab End User Agreement Terms and Conditions presented to Customer upon first log-in to the MyGeotab Application ("Geotab Terms"). Customer may log-in to the MyGeotab Application at http://my.geotab.com. The Geotab Terms are subject to change without prior notice to Customer. If Geotab chooses to make a change to the Geotab Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the MyGeotab Application, then the Customer may terminate the affected MyGeotab Applications for convenience without incurring any early termination liability relating to the discontinuance of the affected MyGeotab Application.

(3) For technical support related to Customer's Geotab solution, including MyGeotab, Customer should call (800) 397-7102.

Sprint Data Access Plans are required for the Geotab GO9 solution. Additionally, Customer must use a separate device (e.g. tablet or smartphone) with a separate wireless service plan to utilize the "Hours of Service" feature, where available. Please see your Sprint Account representative for details.

B. Charges

	Geotab Base	Geotab Regulatory with HOS	Geotab Professional	Geotab Professional Plus
MRC	$14.81*	$16.66*	$19.22*	$16.66*
NRC – Geotab Device	$59.99*	$59.99*	$59.99*	$59.99*
MyGeotab	Included	Included	Included	Included

* MRCs and NRCs are net of all discounts. Customer's Service Pricing Discount is not applicable.

C. Features

(1) Geotab Base provides features that are GPS position and time-based, including: location, breadcrumb trail, geofencing, idling, speeding, stop/start times and time/location-based safety alerts, and maintenance reminders.

(2) Geotab Regulatory with HOS provides the features of Geotab Base plus an "Hours of Service" feature which provides Customer with the ability to keep electronic driver logs, IFTA fuel tax reports, and temperature monitoring.

(3) Geotab Professional provides the features of Geotab Regulatory with HOS plus accelerometer and engine data, such as: driver alerts for movement-based activity, swerving, harsh braking and acceleration, Driver ID, engine diagnostic codes, and the "Go Talk" feature which provides canned spoken audible instructions to drivers. To enable voice prompts as part of the Go Talk feature, additional hardware, sold separately, is required.

(4) Geotab Professional Plus provides the features of Geotab Professional, plus the "Active Tracking" feature that allows Customer to watch vehicle movement on the MyGeotab portal in near real time.

(5) Hours of Service and Driver Vehicle Inspection Reports (DVIRs) are accessible via select in-vehicle devices, such as an iOS or Android tablet. Customer may contact its Sprint Account Representative for information on compatible devices. An additional data Business Plan is required for tablets and other devices accessing DVIRs.

(6) The features described above may change in Geotab's sole discretion.

D. Optional Add-Ons.

Geotab Add-on	MRC*
Fuel Card Integration	$1.54
ELD/HOS for Geotab Base	$4.10

*Customer's Service Pricing Discount is not applicable.

(1) Fuel Card Integration integrates fuel purchase, usage and location data from four fuel card suppliers (Comdata, Fleetcor-Fuelman, USBank-Voyager and Wright Express) into the MyGeotab Application. Fuel Card Integration is available with the Geotab Basic, Geotab Professional or Geotab Professional Plus Applications.

(2) ELD/HOS for Geotab Base allows Customer to keep electronic driver logs on Customer's qualifying device (e.g. tablet or smartphone) using an "Hours of Service" feature on the Geotab Base Application.

88. CANVAS   **Back to Price Page**

Solutions that are software-as-a-service that allows you to create mobile apps that replace cumbersome paper forms.

Avoid lost forms, impossible-to-read handwriting and the redundancy that comes with manual data entry.   You can do all of that and more from a mobile device, electronically sign it and get on with your business.   Improve cycle times, reduce cost all while increasing productivity

Canvas Forms	PDSCNVS
Canvas Forms 30 Day Trial	PDSCNVSP

Canvas /month/user

$19.48   0 – 499 units
$17.94 after 500 lines (earned tier, upon Customer request and our verification of line achievement – not forward priced)

$16.40 after 1001 lines (earned tier, upon Customer request and our verification of line achievement – not forward priced)

For the first order, the license fee will be waived for the first 30 days.

Canvas is available on a month-to-month subscription.

Customers can add or remove users as needed; no termination charges apply.

Note: Data charges may apply

On day 27, Canvas will send an email to the customer to remind them that the first 30 days were free and billing for the app will start the following month.

Canvas only works with smartphones, laptops and tablets. It is not compatible with feature phones, MBB cards or M2M devices.

The use of Canvas is subject to a customer agreement to Canvas terms and conditions, which includes terms that may be unacceptable to some government customers. Before enrolling your customer please carefully review all Canvas terms and conditions.   View terms of use at -   https://www.gocanvas.com/terms_of_use.

(2) Optional accessories are available for an additional charge.

B.   **Spireon Terms.** Customer's use of the Spireon FL4 Standard Application and the FL4 Devices is subject to Customer's acceptance of the Subscription Service Agreement and Terms of Purchase presented to Customer upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate FL4 Standard Solution. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Sprint related to expedited shipping, installation, or repair, replacement and returns of the FL4 Devices. The Spireon Terms are subject to change without prior notice to Customer. If Spireon chooses to make a change to the Spireon Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the FleetLocate Solutions, then the Customer may terminate the affected FleetLocate Solutions for convenience without incurring any early termination liability relating to the discontinuance of the affected FleetLocate Solutions.

C. **Technical Support.** For technical support related to the FleetLocate FL4 Standard Solution, Customer should call Spireon at 888-546-9810.

101.1   Season Standby Plan – Tablets and Connection cards   [Back to Price Page]

A. Description. The Sprint Seasonal Standby Plan allows Customer to place Tablet and Connection Card devices on inactive status for a period not to exceed 3 consecutive months. Only Corporate-Liable Active Units that have been active on another Business Plan for a minimum of 3 consecutive months are eligible for the Sprint Seasonal Standby Plan. At the end of the inactive status period, all Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will be moved to a generally available Business Plan, which will depend on the applicable device type, unless Customer notifies Sprint in writing at least 30 days prior to the expiration of the Sprint Seasonal Standby Plan and specifically requests a particular Business Plan. Customer may incur usage charges in addition to the new Business Plan MRC. Time spent as inactive on the Sprint Seasonal Standby Plan does not count toward the fulfillment of a Corporate-Liable Active Unit's Minimum Service Term. A Corporate-Liable Active Unit's Minimum Service Term, and the number of months contributing to upgrade eligibility, will be extended for the length of time the Corporate-Liable Active Unit spent as inactive on the Sprint Seasonal Standby Plan. Sprint reserves the right to limit the devices that can be used with this Business Plan. The Sprint Seasonal Standby Plan may not be available in all Sprint tools, including self-service tools such as Enhanced Account Manager. Sprint reserves the right to remove the Sprint Seasonal Standby Plan at any time.

B. Pricing. Sprint will charge Customer the following charges:

MRC	$5.13* per Corporate-Liable Active Unit

*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will not have access to any voice or data features. Customer will be liable for any applicable taxes, fees, charges and surcharges.

C. Service Credits, Wireless Device Discounts, Rebates. Corporate-Liable Active Units on the Sprint Seasonal Standby Plan are not eligible for service credits, wireless device discounts, or rebates.

102   Wireless Priority Service -WPS (Public Safety)   [Back to Price Page]

No Terms and Conditions for this product

103-105d.   MULTILINE   Back to price page

Sprint MultiLine. Sprint MultiLine is a business grade voice and SMS text service that deploys an additional phone number on a wireless Smartphone via the Sprint MultiLine application (the "**MultiLine App**"). The Sprint MultiLine Service requires each end user of Customer that Customer authorizes to use the Sprint MultiLine Service (each an "**Individual Device Holder**") to (i) have a Sprint approved Smartphone, (ii) maintain a usage plan with any wireless telecommunications carrier on such Smartphone, and (iii) download the MultiLine App. Individual Device Holders use their personal mobile device wireless telecommunications carrier network and service plan to facilitate voice calls and SMS texts through the Sprint MultiLine Service and the Individual Device Holder may incur roaming, usage, and overage charges under their personal service plan. Sprint MultiLine is designed to be used primarily for domestic calling within the United States but U.S. International outbound dialing is available for an additional fee. Sprint will charge Customer list pricing on a per minute basis for International outbound dialing unless Customer purchases an International Outbound Calling plan with Sprint. Customer may use a new phone number or port an existing phone number for use with Sprint MultiLine.

A. Sprint MultiLine Options. The following capabilities may be included as described in the table below.

(1) **Sprint MultiLine Mobile Recording.** Sprint MultiLine Mobile Recording provides the ability to record voice and/or SMS text messages (as applicable depending on the plan) on individual Sprint MultiLine user phone numbers. Recordings will be stored for seven days on the Sprint MultiLine cloud platform. Customers will be given the ability to download recordings to a Customer site archive location.

(2) **Sprint MultiLine SMS Redaction.** Sprint MultiLine SMS Redaction is a feature that will (i) redact certain sensitive content within a message (either incoming or outgoing) and (ii) block SMS messages in their entirety when such SMS messages contain certain prohibited language. Due to the nature of this service some redactions and/or message blocks may be incorrectly captured or not captured at all and content or messages may not be blocked in all cases.

(3) **Sprint MultiLine SMS Opt-in.** Sprint MultiLine SMS Opt-In is a feature that seeks to allow Customer to obtain consent of an intended SMS message recipient for further SMS communications before Customer's subsequent SMS message is delivered to such intended recipient. Sprint's provision of this feature does not in any way ensure Customer's compliance with any law or regulation. Sprint does not guaranty that a SMS Opt-in message will be sent in every instance. Customer is responsible for ensuring that Customer has any necessary consent to send the initial message containing SMS Opt-In and for verifying that the intended recipient has approved receipt of further SMS messages before relying on such SMS Opt-in.

F. Sprint MultiLine Pricing

	MRC* PER LINE
Sprint MultiLine	$13.84
Sprint MultiLine with SMS Recording	$15.68
Sprint MultiLine with SMS Recording, Sprint MultiLine SMS Opt-In and Sprint MultiLine SMS Redaction	$18.45
Sprint MultiLine with SMS and Voice Recording	$23.06
Sprint MultiLine with SMS and Voice Recording, Sprint MultiLine SMS Opt-In and Sprint MultiLine SMS Redaction	$25.83

    * Customer's Service Pricing Discount is not applicable.

G. **Sprint MultiLine Add-On Features.** Customer may add the following features to the Sprint MultiLine Service for an additional fee as set forth below.

    (1) **Sprint MultiLine International.** The Sprint MultiLine service allows for international outbound calling and International Dialing Plans may be added to Customer's Sprint MultiLine service.   If an International Dialing Plan is not added to Sprint MultiLine or if Customer calls a location not covered by their International Dialing Plan, then standard Sprint international calling market rates will apply.   Additional information and rates can be found at www.sprint.com/internationalrates.

        (a) **Sprint MultiLine Unlimited International Calling and Text to Canada.** This Add-On Feature provides unlimited international calling and SMS service to Canada.

        (b) **Sprint MultiLine Unlimited International Calling and Text to 70+ Countries.** This Add-On Feature provides unlimited international calling and SMS service to the countries listed at https://www.sprint.com/en/support/solutions/international/sprint-international-connect-call-text-add-on.html

H. **Sprint MultiLine Add-On Feature Pricing**

Sprint MultiLine Unlimited International Calling and Text to Canada	$5.13
Sprint MultiLine Unlimited International Calling and Text to 70+ Countries	$15.38

    * Customer's Service Pricing Discount is not applicable.

I. **Reactivation Fee.** If service to a Customer Line on a Sprint MultiLine Plan is terminated, Sprint may charge Customer a reactivation charge of up to $15 before Sprint reactivates service to the affected Customer Line.

J. **Product Annexes.** In addition to the other applicable terms set forth in this Agreement, Customer must also comply with the Sprint MultiLine Product Annex. Such annex is posted in the "Product-specific Terms" section of the Rates and Conditions Website (https://business.sprint.com/terms-and-conditions/) and is incorporated by this reference into the Agreement. Capitalized terms not otherwise defined in this Attachment will have the meaning assigned to such terms in the Wireless Services Product Annex, the Sprint MultiLine Product Annex, or the Agreement.

106-114.   Prodapt -Connected Officer Solution   [Back to Price Page]

CONNECTED POLICE OFFICER SOLUTION ("CONNECTED OFFICER SOLUTION"). Sprint has partnered with Prodapt to offer the Connected Officer Solution. The Sprint/Prodapt end to end Connected Officer Solution provides support for police departments by utilizing the police officers' time and effort efficiently. The Connected Officer Solution covers the scenarios for officials at the command center (Commanding Officer) and the officials on duty attending to crime scene (Connected Officer). The Connected Officer Solution encompasses Prodapt's in-house developed frameworks across the gamut of wireless IoT which will be the foundation blocks for the solution.

A. **Device Enablement Framework.** M2M Device Enablement SDK. It supports bidirectional communication for device connectivity using a variety of industry standard protocols such as Zigbee, Wifi, BLE, RS232, RS485 and other short-range wireless protocols and access connectivity using cellular networks.

B. **IoT Middleware.** Robust IoT middleware platform, that adheres to ETSI standards. A scalable, managed platform helps customers build M2M applications for viewing data from connected devices and people.

C. **Service Management Framework (SMF).** Service management framework is built on open standards that enable police officers/departments to manage different devices efficiently. SMF is built with common components for User, service, device, data and customer management. It provides rich graphical interface for improved user experience.

D. **Pricing.** The frameworks above or the foundation blocks for the Connected Officer Solution is in the table below. Customers may contact their Sprint Account Representative for additional details.

Minimum Units	Monthly Recurring Charge (MRC)/Unit [1]		
Tiers	Connected Officer Bronze	Connected Officer Silver	Connected Officer Gold
>7,000	$9.23	$12.30	$15.38
3,000-6,999 [2]	$20.50	$23.58	$26.65
500-2,999 [3]	$29.73	$32.80	$35.88
Pricing for any additional developmental work, as required based on Customer needs:[4]			
Onsite Development Resource	$130.00 per hour		
Offshore Development Resource	$45.00 per hour		

Connected Officer Solution is not eligible for Service Pricing Discounts available under the Contract. MRCs are billed on the Sprint branded invoice.

[2] Requires an 18 month minimum service term.

[3] Requires a 30 month minimum service term.

[4] Pricing for additional development work is billed on the Sprint branded invoice and is not is not eligible for Service Pricing Discounts available under the Contract.

(1) Based on the specific Customer needs for a solution, there will be several use cases that will be built based on these foundation blocks. Such system integration effort which will include but not limited to the following:
   a. Solution utilizing cellular wireless connectivity for field officers, commanding officers and command centers for public safety organizations.
   b. Systems designed and developed to provide reporting, tracking, video streaming and alarming through wireless devices such as smartphones, tablets, laptops and other computing devices.
   c. Device and system connectivity with software development of interfaces for mobile and web usage.
   d. Device connectivity enabled for IP Video cameras, Motion sensors, Smart watches, Smart Phones, tablets and other computing devices.
(2) Based on the solution that a specific Customer needs and the existing software systems/infrastructure in place, the Connected Officer Solution could take between 12-18 months for deployment from the date of initiation.

E. The Connected Officer Solution deliverables across the Bronze, Silver and Gold tiers are defined below:

Connected Officer Bronze	1. Mobile Application for the field officers for capturing frequent Field activities like Field Investigation, Field Data Report 2. Web Application for the officers in central office

	3. Officers Identity - Officer Details, unique identification, Area 4. Provisioning, Configuring, monitoring and association of users
Connected Officer Silver **(includes everything in Bronze)**	Additional Features: Location Tracking – Officer Location and Vehicle data 1. Privilege's and Permission 2. Notification Management 3. Weather Data integration
Connected Officer Gold **(includes everything in Silver)**	Additional Features: 1. CAD integration 2. Dashboards 3. Analytics

F. **Additional Terms.** The Connected Officer Solution requires an 18 month minimum service term for unit commitments of 3,000 to 6,999 devices. The Connected Officer Solution requires a 30 month minimum service term for unit commitments of 2,999 devices or less.

115. Sprint Static IP   **Back to Price Page**

i. If Customer purchases a Sprint data Business Plan, Sprint offers Public Static IP for an additional $1.54 MRC per IP address per month. Public Static IP is not available with Sprint Data Link, and may not be available for all deployments. More information is available by contacting Customer's Sprint Account Representative.

ii. **Maintenance.** In order to maintain the quality of Sprint Products and Services, Sprint will perform preventative maintenance and software updates to the Sprint Networks and Sprint 4G Network.

   1. "Scheduled Maintenance" is performed for functions such as hardware and software upgrades and network optimization. Sprint will perform Scheduled Maintenance at times that are anticipated to minimize disruption of Customer's service and activity. Sprint will use commercially reasonable efforts to provide advance notice of all Scheduled Maintenance.

   2. "Demand Maintenance" may occur as a result of unexpected events and is performed when Sprint network elements are in jeopardy. Sprint will perform Demand Maintenance at Sprint's discretion. Due to the nature of Demand Maintenance, prior notification may not be possible; however, Sprint will inform Customer when maintenance is complete.

116-119.   Utility Associates, Inc.   **Back to Price Page**

A. **General**.

   (1) Utility Associates, Inc.'s ("UA") family of solutions ("UA Solutions" and each a "UA Solution") is a body and in-vehicle camera video evidence solution for law enforcement consisting of BodyWorn, Rocket IoT, In-Vehicle Cameras, and AVaiLWEB.

   (2) Customer's use of the UA Solutions is subject to acceptance of the UA End User Agreement Terms and Conditions, which may be amended from time to time in UA's sole discretion, available at https://www.bodyworn.com/service-agreement and as are presented to Customer or Customer's end-users upon first log-in to the UA AVail Web Application (the "UA Terms").

(3) The UA Terms are subject to change without prior notice to Customer. If UA chooses to make a change to the UA Terms and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the UA Solutions, then the Customer may terminate the affected UA Solutions for convenience without incurring any early termination liability relating to the discontinuance of the affected UA Solutions.

(4) For technical support related to Customer's use of a UA Solution, Customer should contact UA as described in the UA Terms.

(5) Hardware, necessary for the use of the UA Solutions is provided for Customer's use as part of the Service. Customer will have neither an ownership right nor a title interest to the hardware.

B. Charges

Description	One-Time Charge/Set Up Fee*	MRC*
BodyWorn	$800	$61.50
Rocket IoT	$1,350.00	$30.75
Sprint Data Access Plan **	N/A	$30.75

*Charges are net of all discounts. Customer's Service Pricing Discount is not applicable.

** Customer may not utilize Data Access Plan for live streaming. Should Sprint determine that live streaming has been used, Sprint reserves the right to modify the rate plan. Customer will not be charged overages on the Data Access Plan. Data Access Plan terms and conditions are identified in Attachment A.

C. Features

(1) AVaiLWEB is the secure, cloud-based integrated evidence platform for BodyWorn, Rocket IoT, and In-Vehicle Cameras solutions.

(2) BodyWorn is a body worn camera solution.

(3) Rocket IoT is a vehicle-mounted router providing a Wi-Fi access point around the vehicle. Integrated GPS provides vehicle location.

(4) BodyWorn and Rocket IoT solutions purchased from Sprint each require a separate Sprint Data Access Plan.

(5) The features described above may change in UA or Sprint's sole discretion.

D. Optional Add-Ons.

Description	One-Time Charge/Set Up Fee*	MRC*
UA In-Vehicle Cameras	$1,450.00	$71.75

*Charges are net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) In-Vehicle Cameras are powered by the Rocket IoT router.

(2) In-Vehicle Cameras are an optional add-on service to the Rocket IoT solution.

E. Additional Terms.

(1) Customer will ensure that all UA Solutions end-users are aware of the requirements and limitations set forth in this Section. It will be Customer's sole responsibility to implement and enforce policies for the proper and safe use of these products and services.

(2) Location Based Service.

(a) UA Solutions is a "Location Based Service," as defined in the Wireless Services Product Annex. Customer consents to Sprint's and UA's disclosure of alert Information to governmental and public safety authorities. Customer must clearly, conspicuously and regularly notify all UA Solutions end-users that the UA Solutions end user's location and identifier information may be accessed, used or disclosed in connection with the UA Solutions and Sprint will not be held liable for a failure of Customer to do so.

(b) Customer will comply with all applicable privacy laws and will obtain all necessary consents from each UA Solutions end-user authorizing the location tracking of the UA Solutions end-user.

F. Service Limitations. Customer acknowledges that use of the UA Solutions is dependent upon the associated device's ability to transmit data, and the availability of the Sprint 4G Network. The UA Solutions are designed to operate on the Sprint 4G Network. The associated devices must be charged and in good repair. Due to limitations of wireless Services, as set forth in the Wireless Services Product Annex, it is possible that certain locations will not have access to the Sprint 4G Network. At any time the Sprint 4G Network is not capable of being accessed, any attempt to transmit data

will not be received, and UA Solutions will be unavailable with respect to the particular device. **Customer should implement secondary means of communication, as appropriate under the circumstances, to avoid the risk of injury or death or damage to property in the event that wireless Services are unavailable.**

G. **Limitation of Liability.** The UA Solutions will not prevent personal injury, property damage, or the loss of life. Sprint will not be liable for any claims, losses, expenses, or damages related to (i) the interruption or unavailability of wireless Services utilized with the UA Solutions; (ii) the provision of incorrect information; (iii) the failure or malfunction of any UA Solutions devices; (iv) the failure of data to upload or an upload being directed to the wrong destination; (v) unauthorized third party access to, or alteration, theft or destruction of, Customer's data, programs or other information through accident, wrongful means or any other cause while, in the course of providing the UA Solutions such data, programs or other information is within the control of Sprint or UA; or (vi) the failure to notify the UA Solutions end-users of Customer's election to use the UA Solutions or device location information.

123-129.   SAMSUNG KNOX APPLICATIONS   **Back to Price Page**

Samsung Knox Applications ("Knox") provide a device security portfolio from Sprint's vendor Samsung.

A. Knox Manage allows IT administrators to create a cloud-based command center enabling them to remotely manage devices across multiple operating systems. It allows for granular control of devices features and functionality and comprehensive administrative tools including but not limited to the following: event-based device management; management of device configuration settings such as connectively and applications; setting of mobile data limits by day, week, or month; external SD card usage management; and OS tampering prevention.

B. Knox Configure, available only for select Samsung devices, is a cloud-based service that allows IT administrators to configure and deploy branded, custom mobile devices. IT administrators may also configure select Samsung devices in bulk and tailor them to specific business needs. Unlike Knox Manage, Knox Configure does not track or monitor devices. The Setup Edition is designed to preconfigure and rebrand bulk devices over the air with limited control, while the Dynamic Edition allows more robust, and dynamic configuration.

C. Knox Premium is a cloud based command remote management offering available through September of 2018.

D. Knox Quickstart is a professional service providing an implementation platform for Knox deployments. Level 1 provides basic configuration assistance, Level 2 adds management and control of device applications, and Level 3 adds enhanced security and integration with existing infrastructure such as Active Directory & Exchange Servers.

E. **Monthly Recurring Charges.**

Knox Applications	MRC*	NRC* Hardware Fee	ARC*
Knox Manage	$2.05	n/a	n/a
Knox Configure (Setup Edition)	n/a	n/a	$5.13
Knox Configure (Dynamic Edition)	n/a	n/a	$10.25
Knox Premium	n/a	n/a	$12.30
Knox Quickstart Level 1 (Control)	n/a	$299.00	n/a
Knox Quickstart Level 2 (Application Control)	n/a	$499.00	n/a
Knox Quickstart Level 3 (Secure Control)	n/a	$1,699.00	n/a

* MRCs, ARCs, NRCs are net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Activations of Knox are not eligible for service credits, wireless device discounts, or rebates. The Knox Applications may not be purchased in conjunction with certain Sprint promotions or contests.

F. Knox may be optimized for Samsung Devices integrated with the Knox security platform.

G. The Applications and features described above may change without to notice to Customer in the sole discretion of Samsung or Sprint.

H. **License Agreement.** Customer's use of Knox is subject to acceptance of the Samsung End User License Agreement ("Samsung Terms"), posted to https://www.samsungknox.com/en/eula-knox-premium. The Samsung Terms are subject to change without prior notice to Customer.

I. **Additional Terms.** Customer must comply with the Sprint Productivity Marketplace Terms of Service, including any Application Specific Terms, which are incorporated into this agreement as posted to:

J. https://www.sprint.com/business/support/ratesTandCproducts.html

K. **Technical Support**. For technical support related to Knox, Customer should contact Samsung Customer Care at: samsungknox.com or 888-567-5669.

130-135.   SPRINT ENTERPRISE MESSAGING   **Back to Price Page**

Sprint Enterprise Messaging is a suite of messaging solutions provided by TeleMessage Ltd. ("TeleMessage"). Customer must purchase Sprint Enterprise Messaging solutions through Sprint's Productivity Marketplace. Customer's use of Sprint Enterprise Messaging solutions is subject to acceptance of the TeleMessage End User License Agreement ("TeleMessage Terms") presented to Customer at the time of purchase. The TeleMessage Terms are subject to change without prior notice to Customer.

A. **Sprint Enterprise Messaging Gateway (EMG).** EMG allows Customer to send messages to large numbers of Employees, including those who have Sprint devices and those who have devices from other carriers. Features include the ability to send text messages exceeding 160 characters as one message, notification of message delivery, and integration with some Customer IT systems. Except as otherwise set forth below, charges are applied at Customer's Billing Account Number (BAN) level.

(1) EMG Pricing for IP Messages to any Carrier's Wireless Devices or SMS to Sprint Wireless Devices.

	10,000 Messages **	100,000 Messages **	Unlimited Messages
MRC*	$61.50	$513	$5,125

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** Customer may not exceed the number of purchased messages in a billing cycle. To send additional messages, Customer must purchase an additional allotment.

(2) EMG Pricing for EMG Originated SMS to Other Carriers.

	1,000 Messages
MRC*	$61.50
Per message overage**	$0.0615

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** Overage is aggregated and billed separately to one Customer-designated Customer Line.

B. **Sprint Enterprise Messenger (SEM).** SEM provides a messaging client available for any wireless device using Android and iOS platforms. Features include IP messaging capabilities on the device, rich content, group chat, messages in excess of 160 characters, centralized user management and reporting, and segregation of business and personal messages. Charges are applied at Customer's Billing Account Number (BAN) level, based on the number of devices activated.

	Unlimited Messages
MRC*	$2.04

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

C. **Sprint Secure Enterprise Messenger (SSEM).** SSEM provides a messaging client available for any wireless device using Android and iOS platforms. SSEM features include IP messaging capabilities on the device, rich content, group chat, messages in excess of 160 characters, centralized user management and reporting, segregation of business and personal messages, message encryption, HIPAA and SOX compliance capabilities, smart message management (e.g., auto-erase and securely save messages) and centralized control (e.g., remotely wipe messages and remotely lock applications). Charges are applied at Customer's Billing Account Number (BAN) level, based on the number of devices activated.

	Unlimited Messages
MRC*	$5.12

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

136.   SPRINT SECURE WI-FI

A. **Secure Wi-Fi.** The following options may be added to a Sprint voice Business Plan on a per-Corporate-Line basis for the listed additional MRC, unless otherwise noted.

B. Description. Secure Wi-Fi is a Smart VPN Application (the "Secure Wi-Fi Application") that helps protect users of certain smartphones and tablets while they are using Wi-Fi. Once enabled, the Secure Wi-Fi Application automatically turns on when a user joins an unsecured Wi-Fi network and turns off when the user returns to the cellular network or otherwise disconnects from the unsecured Wi-Fi network. Additionally, the user may opt in to utilize the Secure Wi-Fi Application when engaging a password-protected Wi-Fi network. Secure Wi-Fi may detect if a Customer VPN has been invoked by the user, in which case Secure Wi-Fi will not activate as the overlap of VPN technologies would be redundant. Unsecured Wi-Fi traffic that isn't encrypted (http), is then encrypted by the Secure Wi-Fi Application through geographically distributed, cloud-based servers. Secure Wi-Fi helps to protect against malicious users and content seeking to misuse private data transmitted over a Wi-Fi hotspot, but Sprint does not guarantee complete security for Customer data because vulnerabilities may still exist and could be exploited.

C. Secure Wi-Fi. Secure Wi-Fi may be added for an additional MRC. Secure Wi-Fi requires an eligible Sprint Business Plan.

D. Pricing.

Secure Wi-Fi License MRC per subscription	$2.04*

*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

E. Customer's use of the Secure Wi-Fi Application is subject to Customer's acceptance of the Secure Wi-Fi End User License Agreement available at http://static.sprintsecurewifi.com/Customers/Sprint/HTML/sswf_privacy_and_terms.html as may be amended from time to time.

F. The Secure Wi-Fi product and plan features may change at Sprint's sole discretion.

G. Technical Support. For technical support related Secure Wi-Fi, Customer should submit a technical request form to support@sprintsecurewifi.com with a clear description of the technical difficulty.

137 -149   ES TRACKING SOLUTION

ES TRACK mixed fleet telematics APPLICATIONS. ES Track Applications ("ES Track Applications") are cloud- or enterprise-based mixed fleet tracking solutions provided through our vendor Equipment Share Inc. ("ES Track").

A. The ES Track Hardware Only Bundle includes the application and hardware. Customer is responsible for installation.

B. The ES Track Hardware + Install Bundle includes the application, hardware, and installation.

C. Monthly Recurring Charges.

ES Track Applications	MRC*	NRC* – Hardware Fee
Equipment – Hardware Only Bundle	$17.43	n/a
Equipment – Hardware + Install Bundle	$27.68	n/a
Fleet – Hardware Only Bundle	$17.43	n/a
Fleet – Hardware + Install Bundle	$27.68	n/a

* MRCs and NRCs are net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Activations of the ES Track Applications are not eligible for service credits, wireless device discounts, or rebates. The ES Track Applications may not be purchased in conjunction with certain Sprint promotions or contests.

(2) For each ES Track device, Customer must purchase a Sprint Data Access Business Plan to enable the ES Track Applications.

D. Devices. As used herein, "OEM Device" refers to an OEM wireless device included in one of the series referenced herein. ES Track Applications may be activated on the CalAmp LMU-2800 series or LMU-3000 series of wireless devices, or the Morey MC-3 series of wireless devices.

E. Select Features.

(1) Maintenance – Customizable maintenance alerts, remote inspection and diagnostics, maintenance history and service reporting

(2) GPS location and mapping, and geofencing

(3) Driver scorecard and operator behavior alerts, including customizable notifications for speeding, hard turns, sharp braking and idling

(4) Extensive reporting features

(50 Connected security features

The features described above may change without notice to Customer in the sole discretion of either ES Track or Sprint.

F. Optional Add-Ons

ES Track Add-ons	MRC*
Premier Support (40 hours/mo) – 1 year Minimum Service Term	$1025
API Asset Feed 1-99)	$102.50
API Asset Feed (100-499)	$256.25
API Asset Feed (500-999)	$513
API Asset Feed (1000+)	$1,025
Blue Tooth Node (1-99)	$102.50
Blue Tooth Node (100-499)	$256.25
Blue Tooth Node (500-999)	$513
Blue Tooth Node (1000+)	$1,025

* Customer's Service Pricing Discount is not applicable.

(1) Premier Support offers enhanced support options with extended hours and up to 40 hours/month of data entry and account maintenance included.

(2) API Asset Feed - In addition to mixed fleet assets that are tracked by ES Track, Customer can also include OEM telematics data such as Visionlink, JD Link and Komtrax into their ES Track portal providing a single solution to manage all of their assets. Customer provides OEM API credentials to allow ES Track access to the API data feed. Fees include data feed setup and setup of the asset in the Customer portal.

(3) Bluetooth Node - Bluetooth Nodes are installed on assets that need to be tracked for inventory, location or efficiency management purposes, and node data is transmitted to the ES Track portal via an ES Track telematics gateway for use by Customer.

G. License Agreement. Customer's use of the ES Track Applications is subject to acceptance of the ES Track End User License Agreement ("ES Track Terms"). The ES Track Terms are subject to change without prior notice to Customer.

H. Technical Support. For technical support related to the ES Track Applications, Customer should contact ES Track Customer Care at: estracksupport@estrack.com or 833-378-7225 (ESTRACK), Option 2.

150 – 152   - MYDEVICES APPLICATIONS   Back to Price Page

MYDEVICES. myDevices, Inc. ("myDevices") is the creator of a remote automated commercial monitoring solution for a variety of vertical markets. myDevices combines wireless sensors and gateways with a web and mobile application for monitoring solutions such as refrigeration.

A. myDevices. Includes either a Cellular–enabled or Ethernet gateway, a wireless sensor, and a web- and mobile-based application for managing account and device preferences, alerts, and reporting.

B. Pricing for myDevices applications. Pricing is available based on monthly billing, as described in the table below.

(1) Monthly Billing. For each application the Customer chooses, Sprint will charge Customer the applicable Monthly Recurring Charge(s) "MRC", as identified in the table below, unless otherwise noted. The MRCs in the table below include the use of hardware, which is provided directly to Customer by myDevices subject to the End User License Agreement referenced in Section D2 below and any other terms presented to Customer directly by myDevices.

Application Monthly Recurring Charges	
Gateway MRC (Customer chooses either cellular or Ethernet)[1]	**$20.50**
Sensor MRC	**$9.23**

Application Monthly Recurring Charges	
Push Button Alert Device MRC	$9.23
Sprint Data Plan MRC (required if Customer's gateway selection is cellular) [1]	$10.25

[1] Data transport is not included in the Gateway MRC. If Customer chooses the Ethernet based gateway, Customer must procure Ethernet service independent of this Agreement. If Customer chooses the cellular gateway, Customer must utilize a 1 GB Sprint Data Rate Plan from the table in Section 29a.

C. Stipulations.

(1) Service Pricing Discounts. myDevices MRCs are not eligible for Service Pricing Discounts.

(2) End User License Agreement. Customer must comply with the myDevices,Inc. End User License Agreement available at https://www.iotinabox.com/end-user-license-agreement/

(3) Additional Terms. Customer must comply with the Sprint Productivity Marketplace Terms of Service, including the Sprint Software as a Service Terms of Services and any Application Specific Terms, which are incorporated into this agreement as posted to: https://www.sprint.com/business/support/ratesTandCproducts.html

(4) Customer will receive a system-generated email from the Sprint Productivity Marketplace for each order placed. The email will contain a prompt for Customer to click-to-accept the Sprint Software as a Service Terms of Service, as well as any Application Specific Terms. Customer must click the accept button in the email to complete the order and gain access to the software. There may also be terms and conditions from myDevices that must be accepted prior to accessing the software.

(5) In the event of a conflict between the terms and conditions of this Agreement and the Sprint Productivity Marketplace Terms of Service, the Sprint Productivity Marketplace Terms of Service shall control for the purchase and use of all Sprint Software as a Service, including myDevices and any related value-added services. Definitions for capitalized terms used in this document can be found in the Sprint Software as a Service Terms of Service.

(6) Technical Support. For technical support related to myDevices, Customers should call 844-IOT-FACTS.

D. Push Button Alert Application.

(1) The "Push Button Alert Application" is a web-based location application from myDevices that, when engaged, provides near real-time location information based on the proximity of the Push Button Alert Device to the nearest Beacon.

(a) A "Push Button Alert Device" is a personal push button device provided by myDevices that activates the Push Button Alert Application. The Push Button Alert Device is included with Customer's MRC for the Push Button Alert Solution.

(b) A "Beacon" is a wireless location hardware device that must be installed by Customer throughout the space in which the Push Button Alert Application will be used. Beacons must be obtained directly from myDevices and the cost of such devices are not included in Customer's MRC for the Push Button Alert Solution.

(c) The Push Button Alert Devices and Beacons each independently and collectively are "Approved Device(s)".

(d) The Push Button Alert Solution is the Push Button Alert Application together with the Approved Devices.

(2) Customer must coordinate testing of the alert notifications with myDevices, and the Push Button Alert Solution will not work until such testing is successfully completed. Customer must have the appropriate number of Beacons installed at the location in which the Push Button Alert Solution is intended to operate, as determined by myDevices.

(3) Installation Delays. Sprint will have no liability under the Agreement for unavailability of Approved Devices or the Push Button Alert Solution, delays in delivery of Approved Devices, or failure to complete activation and deployment of Approved Devices within a specific time period.

(4) Alert Services. Subject to the limitations set forth herein, when a Push Button Alert Device is pushed and a network connection is available, the Push Button Alert Device will communicate with the nearest Beacon, determine the location of the Beacon signal and relay that information to Customer's designated recipients in the manner selected by Customer during the Push Button Alert Application set-up.

(5) Additional Customer Responsibilities.

(a) Customer must set-up the Push Button Alert Application in coordination with myDevices. The Push Button Alert Application set-up will include Customer's designation of alert recipients, location information of each Beacon and identification of the user of each Push Button Alert Device (a "User"). Neither myDevices nor Sprint is responsible for any inaccuracies related to Customer's Push Button Alert Application setup that may adversely impact the operation of the Push Button Alert Solution. The Push Button Alert Solution alerts only

those recipients designated by Customer and the Push Button Alert Solution does not automatically alert emergency personnel.

(b) It is Customer's sole responsibility to care for and maintain the Approved Devices in accordance with instructions provided by myDevices. Customer acknowledges that failure to do so may result in the inability of the Approved Device to properly transmit an alert or location information, thereby rendering the Push Button Alert Solution either partially or completely unavailable for the particular Approved Device.

(c) Customer agrees to comply with all safety warnings and other safety and operational information provided with the Approved Devices, and ensure that all personnel who use the Push Button Alert Solution are aware of the requirements and limitations set forth in this Attachment concerning the Push Button Alert Solution. It will be Customer's sole responsibility to implement and enforce policies for the proper and safe use of the Push Button Alert Solution.

(d) The Push Button Alert Solution is a "Location Based Service," as used below. Customer agrees that the Location Based Service provider may access, use and disclose as necessary the geographic location of the Approved Devices pursuant to the terms and policies of the Location Based Service purchased by Customer, including the Location Based Service provider's privacy policy. Customer must clearly, conspicuously and regularly notify all of its Users that end-user location information may be accessed, used or disclosed in connection with the Location Based Service. In addition, if Customer will be using Location Based Services to track or collect the location of end users that Customer knows, or reasonably should know, are under 13 years of age, Customer will be responsible for complying with all applicable notice and consent requirements in accordance with the Children's Online Privacy Protection Act (15 U.S.C. § 6501 et seq.) and any other applicable laws.

(e) Customer will comply with all applicable privacy laws and will obtain all necessary consents from each User authorizing the location tracking and monitoring of the User and provide the User with the right to revoke such authorization.

(6) **Product and Technical Support.** For all product and technical support relating to the Push Button Alert Solution, Customer will call myDevices at 844-IOT-FACTS. Customer will not call Sprint for product and technical support related to the Approved Devices or the Push Button Alert Solution.

(7) **Service Limitations.** Customer acknowledges that use of the Push Button Alert Solution is dependent upon the availability of a network connection, whether a Sprint network, LoRa or Customer's Ethernet service provided by Sprint or another carrier. Such availability may not always be present. At any time such network connection is not available, any attempt to transmit an alert by an Approved Device will not be received, and the Push Button Alert Solution will be unavailable. **CUSTOMER SHOULD IMPLEMENT SECONDARY MEANS OF COMMUNICATION, AS APPROPRIATE UNDER THE CIRCUMSTANCES, TO AVOID THE RISK OF INJURY OR DEATH OR DAMAGE TO PROPERTY IN THE EVENT THAT A NETWORK CONNECTION IS UNAVAILABLE.**

(8) LIMITATION OF LIABILITY. Customer acknowledges that the approved devices and PUSH BUTTON ALERT Solution will not prevent personal injury, property damage, or the loss of life. Sprint will not be liable for any claims, losses, expenses, or damages concerning the PUSH BUTTON ALERT Solution, THE INTERRUPTION OR UNAVAILABILITY OF ANY NETWORK connection UTILIZED WITH THE PUSH BUTTON ALERT SOLUTION, OR THE FAILURE OR MALFUNCTION OF ANY APPROVED DEVICE.

(9) INDEMNIFICATION. CUSTOMER WILL INDEMNIFY AND DEFEND SPRINT, AND SPRINT'S DIRECTORS, OFFICERS, EMPLOYEES, AGENTS AND THEIR SUCCESSORS, AGAINST ALL CLAIMS FOR DAMAGES, LOSSES, LIABILITIES OR EXPENSES, INCLUDING REASONABLE ATTORNEYS' FEES, BROUGHT AGAINST SPRINT BY A THIRD PARTY (COLLECTIVELY, "CLAIMS") ARISING OUT OF CUSTOMER'S OR ITS USERS' (A) USE OF THE PUSH BUTTON ALERT SOLUTION, AND (B) FAILURE TO NOTIFY USERS OF CUSTOMER'S ELECTION TO USE THE PUSH BUTTON ALERT SOLUTION OR APPROVED DEVICE LOCATION INFORMATION.

Sprint COVID-19 Public Sector Connectivity Solution **Back to Price Page**

153   **Sprint COVID-19 Public Sector Connectivity Solution – Mobile Broadband**

NET MRC[1]	$15.38[1]
Data Services limitation prior to throttling	10 GB

NET MRC[1]	$15.38[1]
Throttling level	128 Kbps
Data Roaming limitation in Megabytes ("MB")	300
Overage charge for additional data Roaming usage above data Roaming limitation	$0.26 per MB
Device Eligibility	BYOD or SRP in full at Point of Sale Only

[1] MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

A. Customer will be charged an additional MRC of up to $25 for any rate plan utilizing a Sprint-Subsidized Device. Certified Pre-Owned devices may be available for activation. Customer may sign a 12-month Purchase Order for the service in the above table, in which case the additional MRC for a Sprint-Subsidized Device would not apply.

B. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex.

C. Neither Static IP nor Data Link is permitted with this rate plan.

D. No new activations of the above plan will be allowed after May 31st, 2020. Plan activations subject to device inventory limitations.
