Dear Mayor Feinstein,

I became a patient here on 5B last Saturday; I was diagnosed a week ago - pneumocystis. For several days, I was in HC, and although I had several fine nurses there, I was overjoyed to become a part of this spirited community. This is a haven, and will need to be expanded most certainly.

The Shanti Project is an extra bonus. Sarah talked with my mother and me for a couple hours. When the body struggles, the spirit rises, and Shanti opens the doors to communication which now need to be unlocked.

I'm lucky. I have started out in a strong condition, with a powerful base of friends and family. I'm relieved not to have to worry about getting AIDS, since I have! I'm on a spiritual high, and determined to keep my optimism and humor till the end. With these marvelous healers all about me, it should be easy.

Sincerely,

John S. Selby
