## STEM Designated Degree Program List Effective January 1, 2020

The STEM Designated Degree Program list is a complete list of fields of study that VA considers to be science, technology, engineering or mathematics (STEM) fields of study for purposes of the Edith Nourse Rogers STEM Scholarship described at 38 USC 3320. Under 38 USC 3320(b)(4)(A)(i), a STEM field of study is a field of study included in the Department of Education's Classification of Instructional Programs taxonomy within the two-digit series containing biological or biomedical science, physical science, science technologies or technicians, computer and information science and support services, mathematics or statistics, engineering, engineering technologies, health professions or medical residency, agriculture or natural resources science programs, or a related field. In general, related fields will include fields involving research, innovation, or development of new technologies using engineering, mathematics, health, computer science, or natural sciences.

Accordingly, this list designates the following twelve CIP summary groups/series at the 2-digit CIP code level: Biological and Biomedical Sciences (CIP code 26), Physical Sciences (CIP code 40), Science Technologies/Technicians (CIP code 41), Computer and Information Sciences and Support Services (CIP code 11), Mathematics and Statistics (CIP code 27), Engineering (CIP code 14), Engineering Technologies/Technicians (CIP code 15), Health Professions and Related Clinical Sciences (CIP code 51), Health Professions Residency/Fellowship Programs (CIP code 60), Medical Residency/Fellowship Programs (CIP code 61), Agriculture, Agriculture Operations, and Related Sciences (CIP code 01) and Natural Resources and Conservation (CIP code 03). Any new additions to those areas will automatically be included on this STEM Designated Degree Program list. Consistent with the definition of "related field" above, related fields in this list include fields involving research, innovation, or development of new technologies using engineering, mathematics, health, computer science, or natural sciences. VA designates these fields at the 6-digit level.
