## I Accuse

Originally published in OpEdNews, October 18, 2008

The daily economic bloodletting we're witnessing around us is not solely the result of the fall of the U.S. subprime market or of the U.S. banking sector generally, as some would have us believe.

It isn't solely the result of the global market's loss of confidence in worthless commercial paper and bundled debt.

Rather, what we're seeing is the end result of a long period of political and financial manipulation by a global elite known to themselves as the "Illuminati" (though none are illuminated) and the "New World Order."

They're responsible for what Michel Chossudovsky called "the worldwide scramble to appropriate wealth through 'financial manipulation' [which] is the driving force behind this crisis. It is the source of economic turmoil and social devastation." (1)

Perhaps, in the face of the global financial meltdown, we're now ready to hear the truth about them, where for years we've thought that truth fantastic or conspiratorial.

President Eisenhower warned the world against them in his "Farewell Address to the Nation" on January 17, 1961. He called them the "military-industrial complex."

"In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will

persist. We must never let the weight of this combination endanger our liberties or democratic processes. We should take nothing for granted. Only an alert and knowledgeable citizenry can compel the proper meshing of the huge industrial and military machinery of defense with our peaceful methods and goals so that security and liberty may prosper together." (2)

Only a matter of months later, President John F. Kennedy also warned us against them, calling them a "secret society":

"For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence, on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly-knit, highly-efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

"Its preparations are concealed, not published. Its mistakes are buried, not headlined. Its dissenters are silenced, not praised. No expenditure is questioned. No rumor is printed. No secret is revealed." (3)

This global elite conducts its business through organizations like the Bilderberg, the Trilateral Commission, and the Council on Foreign Relations.

Some say it is centered in the United States; others in Europe. It includes among its numbers an unlikely coalition of people from all backgrounds - ex-Nazis sit down with Jews in their deliberations, as well as some members of European royalty, etc. It is ruthless in its methods. Most of us have no idea of the formidable opponent it represents to the freedom-loving society that we profess to uphold. Our very naivete and complacency are what make it strong.

The Illuminati have infiltrated and exert varying degrees of control over armed forces, intelligence agencies, police forces, government departments, banks, financial houses, the media, and other institutions.

Today they are called the "deep state" and "shadow" or "secret government." Opposing them

cost President Kennedy and many other brave men and women their lives.

Some of their war crimes and crimes against humanity have been exposed and condemned in international tribunals such as the International Criminal Tribunal for Afghanistan. (4) Others are currently being investigated by such panels as the Steering Committee to pursue the prosecution for war crimes of President Bush and culpable high-ranking aides after they leave office, Jan. 20, 2009. (5)

Their reach is global and tenacious. It's imperative that we unmask this secret state and, through legal and non-violent means, overturn it. The first step in doing so is to catalogue as many of their crimes as are known. Hopefully this will assist those who are planning to prosecute President Bush and other members of the cabal.

The crimes listed below are known to me. Others could probably add many more to the list and I invite them to do so.

**I accuse this "secret state" of knowingly and collectively**

1. Causing the implosion of several national economies (Thailand, Korea, Indonesia, Japan, and Russia) decades ago through stock market speculation and manipulation.
2. Causing further financial hardship to those countries, through the IMF and World Bank, by imposing terms on them that enriched American financial houses under the cover of helping the affected nations to regain their economic stability.
3. Reducing the Western workforce to penury by destroying millions of jobs through predatory automation, lowering wages, diminishing benefits, and eliminating pensions.
4. Further impoverishing the Western workforce through the relocation of factories to low-wage areas of the globe and the offshore outsourcing of many of the jobs that remained.
5. Enforcing or reinforcing near-slave-labour conditions in the states to which those factories were relocated.
6. Blowing up the Murrah Federal Building in Oklahoma City on April 19, 1995, claiming 168 lives and injuring over 800 others, to win congressional support for the Counter-Terrorism Bill.
7. Blowing up World Trade Centers 1, 2 and 7 and the Pentagon on Sept. 11, 2001; murdering passengers on airliners; and blaming "Muslim terrorists" for what they themselves

engineered; the official death toll for which was 2,974 people, but the unofficial death toll for which is probably upwards of 10,000.

8. Creating a blanket of poisonous materials that would in time claim the lives of tens of thousands of New Yorkers from respiratory and other complications and illnesses.

9. Creating and operating a fraudulent 9/11 Commission to whitewash events and conceal the true identity of the perpetrators.

10. Using weather weapons (HAARP) to cause worldwide flooding, earthquakes, and hurricanes, most notably, I believe, the 2008 Sichuan earthquake that killed 69,200 people and injured above 300,000.

11. Using an ultra-low frequency (ULF) device located at nearby Augsburg College to destroy the I35W Minnesota River Bridge, killing thirteen people and injuring 145.

12. Causing murderous wars in the Balkans (1999), Afghanistan (2001) and Iraq (2003) to extend their global influence, secure oil, and ensure control of the Afghan drug trade.

13. Using depleted-uranium weapons in these wars, causing countless horrible birth deformities and numerous deaths of both local civilians and Coalition soldiers, and turning the affected countries into what some observers call "radioactive wastelands."

14. Releasing tons of lethal depleted uranium into the atmosphere from these and other wars to circle the globe and inflict pain and death on countless faraway victims.

15. Siphoning off trillions of dollars from the American people through direct theft, as reported for instance by Defence Secretary Donald Rumsfeld on Sept. 10, 2001, and corrupt Iraqi "reconstruction" arrangements from 2003 to the present.

16. Using armed forces and intelligence agencies to smuggle drugs (in medivacs, false coffins, body bags, etc.) and oversee the international drug trade (Honduras, Kosovo, Afghanistan, etc.) to raise money for "black operations."

17. Funding numerous terrorist groups around the world, including Al-Qaida.

18. Torturing opponents, both at home and abroad, in prisons run by and for Americans.

19. Creating private armies like Blackwater.

20. Subverting the American Constitution by eliminating constitutional safeguards on civil rights.

21. Corrupting existing police and armed forces and using them for criminal purposes.
22. Running an extensive program of citizen surveillance.
23. Creating deep underground military bunkers (DUMBs) and above-ground detention facilities to jail dissident citizens.
24. Corrupting the mainstream media and enforcing a rigid censorship.
25. Manufacturing infertile genetically-engineered seeds, making farmers dependent on agricompanies for future seeds, to control world prices, contributing to the suicide of thousands of bankrupted farmers in India.
26. Withholding from the world beneficial technologies derived from salvaged spacecraft and using them instead for profit and for promoting their agenda of global domination.
27. Assassinating opponents like President John F. Kennedy, Secretary of the Navy James Forrestal, ex-CIA Director William Colby, Congressman Paul Gilmor, and whistleblowers Phillip Schneider and William Cooper.
28. Murdering Stanley Meyer, inventor of a water-fuelled car that would have ended transportation's dependence on fossil fuels.
29. Pursuing an agenda of global depopulation aimed at bringing Earth's population to a controllable level of 500 million.
30. Seeding the atmosphere with chemtrails containing barium and depleted uranium, thereby causing the death of unknown numbers of victims from Morgellons Disease and other ailments.
31. Planning and trying to instigate a nuclear war between the West and Russia and China.

I am not afraid of this cabal. And neither should any of us be.

It's time to expose the global elite for the ruthless killing machine it is. They've taken us close to World War III. They've murdered us in the thousands and millions and plan to continue to do so if we don't stop them.

I don't propose acting violently or illegally. Our legal institutions are capable of overturning them if we, the citizens of the world, join together and express our desire that their rule end.

I ask the world community, at every level and in every form of organization, to refuse any longer to tolerate the abuses of the Illuminati or to submit to their agenda of global warfare, depopulation, and enslavement.

Let's be sure, from this day forward, that they're aware that we know their plans and that we won't permit them to succeed.

## The Black Hats Must Go

Reposted from Nov. 2, 2009

<http://www.opednews.com/articles/The-Black-Hats-Must-Go-by-Steve-Beckow-091102-514.html>

It's time to run the Black Hats outta town. It's time to end the New World Order's game, close the casino, and lock the doors.

It's time to lower the boom of justice on the Black Hats in the World Bank, the IMF, the BIS, Congress, the Federal Reserve, the Bilderbergers, Goldman Sachs, Bank of America, the corrupt judicial system, the corrupt police system, Northcom, NORAD, CIA, FBI, everyone.

Everyone who turned the world into a reckless gaming house in which the rich got richer and the poor got poorer, everyone who grew more powerful at the expense of the rights and freedoms of others.

Everyone who denied basic medicare to citizens. Everyone who made subprime loans to poor people, collateralized them, raised their rates, and then evicted the owners. Everyone who took out "Dead Peasant" insurance policies on their employees and made millions from them, sharing none with the relatives of the deceased.

Everyone who engineered 9/11, Oklahoma City, the London bombings, Madrid, and Mumbai to stampede the world. Everyone who began illegal wars in Afghanistan and Iraq, who took away citizens' rights, pushed for martial law, and set up FEMA camps to incarcerate "trouble-makers."

Everyone who designed viruses - AIDS, SARS, avian flu, and now swine flu - some of them

racially-specific - and vaccines whose only purpose was to sicken and kill in the name of depopulating the globe. Everyone who seeded the skies with chemtrails causing sickness and death from Morgellon's disease.

Everyone who kept technologies from us that would have freed us from fossil fuels back in the 1950s. Everyone who murdered inventors who discovered how to make cars run on water. Everyone who created space-based weapons systems to extend their rule into space.

Everyone who kept from us knowledge of the populated world of space. Everyone who created a secret space service that has colonized Mars since at least the 1970s.

Everyone who killed to hide Roswell from us and created secret areas of research where they back-engineered miracles gained from downed space craft and from treaties with the Greys and then kept them from the public.

Everyone who ran torture prisons overseas, at secret underground bases, or at Guantanamo. Everyone who ran institutions like the School of the Americas where gangsters were trained to overthrow democratically-elected regimes.

Everyone who created and used Blackwater and Whackenhut to create a private army and prison or who sentenced children to jail as a business.

Every Congressional Representative and every Senator who accepted bribes, favors, sex, trips and any other inducement that led them to sell their vote to the Black Hats.

Everyone who plotted to take over Canada and Mexico out of a so-called "Security and Prosperity Partnership" (ironic misnomer) or start a third world war with Iran, Russia, or China to bring the population down from 6.8 billion to a more manageable 500 million, destined to be slaves.

Everyone who developed HAARP and used it to cause or amplify earthquakes and hurricanes (including Katrina), killing tens of thousands. Or ULF (ultra-low-frequency weapons) and experimented with them, bringing down the I35W Minneapolis bridge.

Everyone who speculated in currency and brought down national economies which they then held hostage to onerous debt payments. Everyone who made loans to third-world countries and then robbed them of their resources when they couldn't pay.

There is so much more - a media bought and paid for, deep underground military bunkers,

Pine Gap, Australia, space base, Area 51, depleted-uranium weapons, printing truckloads of dollars.

This planet, reeling under the black-hole debt of the derivatives megabubble, will no longer tolerate your rule.

We know you, Black Hats. We know the whole range of your activities. We know you inside and out.

We know your business. Three showers a day won't keep you clean.

The Black Hats, the hangers on, the vultures, the whole gang - it's time for you to go.

# High Noon

Oct. 29, 2009

*High Noon* was a 1952 Western starring Gary Cooper and Grace Kelly. It was iconic in its day. Will Kane, the marshall of Hadleyville, NM, who has just quit, plans to live as a storekeeper with his newly-married Quaker wife, and is awaiting his replacement the following day. Suddenly he hears that Frank Miller, a man he has put away, has just been released from prison and is on the noon train to meet three hired killers and kill Kane.

Kane goes to the saloon, the church, the stores, the people's houses, but no one will join a posse to fight Miller. Each has a good excuse. Finally Kane faces Miller and his gang alone and, by wiles, takes down three of the outlaws while his Quaker wife takes down the fourth.

Perhaps a month or two before disclosure of the ET presence, an event which will turn the tables on the dark, the NWO appears to be doing its level best to take down the new marshall in town, Barack Obama.

## Approaching High Noon

We are approaching the High Noon of ET disclosure and Marshall Barack Obama seems to be running out of deputies.

Most of the battles that are going on we know nothing about. How Obama is approaching them, we can only surmise.

I'd like to tell you of one that you may not be aware of.

Gen. Gene Renuart, Commander of Northern Command and NORAD, addressed a gathering of the Military industrial Complex in 2007:

"NORAD and NORTHCOM, by their nature, are both in the business of anticipating events," Renuart said. "In the case of a man-made threat, yes, we work to prevent and defeat attacks.

"But in natural disasters and other non man-made events, we need to be able to assume that they may occur, to prepare for the consequences that they may bring and to be prepared to respond to that in a way that supports our nation." (1)

Indeed, one of the events that Renuart helped predict and produce was 9/11, where, on Renuart's watch, NORAD stood down and launched not a single timely fighter to intercept the hijackers but instead planned for and executed an air-defence drill that bled America's fighters off to Canada.

NORAD falls under the command of NORTHCOM.

NORTHCOM's anticipation of events has made it the spearhead of numerous "Vigilant Shield" exercises to coordinate responses to a second 9/11. None of the plans to launch a new 9/11 were permitted by the galactics, the same ones who are now neutralizing the vaccine.

NORTHCOM has also anticipated what to do in case of a pandemic.

### **What 9/11 and Pandemics Share**

We need to remember some common things about 9/11 and pandemics, the most important being that they were both inside jobs. Thus Renuart was probably a key actor not only in anticipating what response would be necessary but in designing the operations themselves.

I think it makes perfect sense, in the dark world of the Illuminati, to have the designer of the operation also design the cabal's response to it.

What you may not know about pandemics is their relationship to a shady plan to allow the United States to take over its neighbours, Canada and Mexico, through the staging of a pandemic outbreak. This event would kick off the North American Union (NAU), with its Amero, already shipped overseas, which George Bush was having trouble selling to America. Goodbye, greenback. Hello, Amero.

The NAU had been largely rammed down Canada's throat, by creating a hawkish American

business community in Canada who then provided energetic calls for the NAU, masquerading as the native voice of Canadians.

Few Americans, Canadians, or I daresay Mexicans are familiar with the “Security and Prosperity Partnership” (SPP), or its secret treaties and codicils, that link the three countries.

The SPP outlined exactly how the NAU would to be initiated.

### **Invasion Cloaked as Response to NWO Black Ops**

The SPP contained clauses that said either country could “come to the assistance of” (read: invade) the other in the event of a terrorist attack *or a pandemic*.

Now picture for yourself Canadian troops boarding buses and trucks from Canadian Forces Base Petawawa and driving down to help Chicago when the Sears Center is bombed by the NWO or a pandemic breaks out in Boston. Maybe the Canadians would hand out donuts and coffee.

But picture to yourself the American response if the NWO sets off a bomb in the Montreal subway, which they could do since the same security company that manned the WTC also watches over that subway.

Or if a pandemic breaks out in Canada.

Well, under the SPP, United States forces could stream into the country and “secure” it against the “terrorist threat” or a “breakdown” in public order caused by an NWO-created pandemic. Canada would become part of a “North American Union” before it awoke the next morning.

I'm sure Canada would be in peril of losing its nationhood.

Same with Mexico.

### **Pandemic Response Authority Taken Out of American Hands**

In 2005, the U.S. pandemic response was placed directly under U.N. agencies, which took it outside of U.S. control and Congressional oversight. None of these arrangements were presented to Congress for discussion and approval. They probably were never circulated in Canada or Mexico except in NWO circles.

Certainly I as a Canadian heard nothing about them till long after the fact. Jerome Corsi

writes in Sept. 2007:

"The SPP plan for avian and pandemic influenza announced at the Canadian summit last week embraces the international control principles Bush first announced to the U.N. in his 2005 International Partnership on Avian and Pandemic Influenza declaration.

"The SPP plan gives primacy for avian and pandemic influenza management to plans developed by the WHO, WTO, U.N. and NAFTA directives - not decisions made by U.S. agencies. ...

"Moreover, the SPP plan openly acknowledges, 'The WHO's international guidance formed much of the basis for the three countries' planning for North American preparedness and response.'

"[World News Daily] previously reported NORTHCOM has been established with a command center at Peterson Air Force Base, tasked with using the U.S. military in continental domestic emergency situations.

"WND also has reported President Bush signed in May two documents, National Security Presidential Directive-51 and Homeland Security Presidential Directive-20, which give the office of the president extraordinary powers to declare national emergencies and to assume near-dictatorial powers." (2)

**OK, Cut!**

OK, let's stop the film.

The people who brought you 9/11 are now bringing you the pandemic. They have a plan that allows American troops into Canada and Mexico in the event of the breakout of a pandemic, which they themselves would produce, and at the behest of a U.N. agency, WHO, which is headed by an American stooge, Dr. David Nabarro, who turns out to be "certain there will be another pandemic sometime."

Nabarro stressed at the press conference that he saw as inevitable a worldwide pandemic influenza coming soon that would kill millions. (3)

How could he see it as inevitable unless he is privy to the plans underway to launch the next NWO pandemic?

So now we have Gen. Gene Renuart, who headed NORTHCOM and NORAD during 9/11 and during exercises to prepare for a second 9/11, all of them NWO creations, working with Dr. David Nabarro of WHO, who sees a new pandemic as inevitable, to develop and implement a response to the “expected” next pandemic, which is now here.

### **Back to Hadleyville**

So against these mass murderers, which is what they are, the lone marshall, Barack Obama, stands. He knows he has the backing of many top military officers in the Navy. Some American forces have actually mutinied against being sent to invade Iran. Many soldiers everywhere are probably ready to lay down their guns.

He has the backing of the Earth allies and the galactic and spiritual hierarchy. The rising energies favor him.

But the white hats, unlike the dark hats, obey the law. They need to collect evidence on the bad guys before they bring them to justice at The Hague.

Left to them, there would never be a shootout in the middle of Hadleyville or a gunfight at the OK Corral.

But wouldn't it be a good thing if Barack Obama declared a “national emergency” over the very pandemic that the NWO has planned for and whose oversight they have invested in an ally, WHO director Dr. Nabarro?

Would that not be a slick way to get Renuart moving and pull Nabarro into action, almost against their wills?

Let's put the finishing touches on it by having Michelle and Sasha have some safe inoculations too.

Granted that the old scenarios of taking over Canada and Mexico and becoming a mega-superpower are not do-able, how about tempting NORTHCOM into a little martial law in the U.S. under REX84, (4) sending a few regime opponents to FEMA camps? Just to nail the coffin on the whole NWO pandemic setup? How about getting Renuart and Nabarro to play their hands?

Would that not smoke them out? Would the fact that Obama is assuming greater powers over the military over the issue of a pandemic not force Renuart and others to say what

their plan is and have its lack of constitutionality exposed and its real intent be made clear, especially when the galactics and Earth allies are able to prove that the pandemic in the first place was a false-flag operation?

And how better could President Obama foil this scheme and take power away from NORTHCOM and NORAD and WHO than by declaring a national emergency around the very pandemic that allows him, by the NWO's own set of rules, to concentrate executive and military power in himself rather than leaving the decisions to Renuart and Nabarro.

Now I don't say that this scenario is accurate. It's only a surmise of the kind of unfinished business Marshall Obama has on his plate which he cannot avoid tackling and may have to do without telling all of us the details.

Declare a "national emergency" on exactly the grounds the cabal is already committed to. Then assume enhanced powers over the military as laid out in that scenario and use those enhanced power to defang them.

I think this scenario is an example of the kind of chess game that Obama is obliged to play to outsmart the NWO in these hours before the High Noon of disclosure.

In *High Noon*, none of the townsfolk would help Marshall Kane. But I am going to help Marshall Obama.

No, I don't understand all he is doing.

But he has dealt with us honourably. He has a health-care plan which includes us. He has taken on this very difficult role of playing both sides until he can trap the black hats. He is risking his life to disclose the presence of the galactics and further the agenda of the 2012 scenario.

He has laid out his vision many times. And we've heard many of the galactics and spirits say that he is the man to lead us into the Golden Age.

So I can tell you that for my two-bits worth, I'll be standing beside the marshall when the noon trains comes in. Whoever he has to fight off, I'll help him fight them off, whether I know what is happening behind the scenes or not because I trust the man.

Disclosure will trap the black hats and rob them of their power base - a terrified population.

My job is to lend Obama my support until disclosure happens and the role of the NWO becomes a matter of public knowledge. Then my job is to explain to newly-awakened people what just occurred.

I'd love to have company, but I'll carry out that role alone if I have to.

## Nimble Mammals - 1; Brainless Dinosaurs - 0

Looking over David DeGraw's article, "Full-Blown Civil War Erupts On Wall Street: As Reality Finally Hits The Financial Elite," which Pat published yesterday, (1) I'm struck by two things.

In discussing them, I have to acknowledge that I don't claim deep understanding or awareness of financial matters or indeed some of the other matters that I'll refer to tangentially. What I wish to relay more is just my sense of things.

The more I read about the cabal's forward motion in any area - finances, police, military, UFO cover-up, pharmaceuticals, pandemics, whatever - a few things seem to leap out at me.

One is the supreme confidence the cabal appears to have had that they'd succeed in taking power from the people and enforcing the "New World Order." That regime would see the elite dominate global society and the rest of us "useless eaters" die or serve them.

A second is the lock-step, dinosaurian manner in which the cabal seems to move. It lacks a brake or reverse gear. Its answer to every dilemma is to press ahead and more or less overcome resistance by its sheer weight and momentum.

When it genuinely meets opposition that it cannot overcome, it possesses no Plan B and almost shreds itself crashing into the barricades put up against it, taking everyone of its own kind down with it, which is just what DeGraw is pointing at.

We tend to look at matters in a linear, compartmentalized manner so for instance we often examine financial events as if they go on in a vacuum. But I remember listening to a George

Green video once in which Green was attending a party of the Illuminati and said that there was every kind of notable there - politicians, financiers, big corporate players, superstars, leaders in all fields of endeavors.

I think we tend to forget that the people behind the New World Order's agenda covered the entire spectrum of social, financial, business, medical, educational, and other leadership. And I think we also forget that they believed what they were up to could not fail.

This is not that George Green video, but it'll serve to give a pretty good picture of the elite's intentions for all of us.

<http://www.youtube.com/watch?v=LNK9OWgO1QA>

The New World Order had the military behind them, the police, government agencies and indeed the government itself. Their legislative program was the only one in town. They vied for spots at the various deep underground military bunkers, Green said, and knew about the depopulation agenda and the plan for a nuclear World War III to bring the world's population down from 7 billion to 500,000.

Did I hear someone draw back in surprise? Let me cite SaLuSa and Matthew about that agenda:

SaLuSa: "There is truth in the claims that the dark Ones have always planned to drastically reduce the population numbers, but they have been severely set back through our actions." (2)

Matthew Ward: "Evidence of this new flu effort and other Illuminati activities to drastically reduce the population is being amassed and eventually will completely eliminate that dark group's long control through fear, ignorance and economic slavery." (3)

MW: "Depopulation by any means is an Illuminati goal." (4)

MW: "All of that theft – that is exactly what it has been, and on a mind-boggling scale – has been completely in accordance with the Illuminati's generations-old plan to attain global domination by creating and spreading impoverishment, devastation, and death of the masses who are not needed to serve their sinister purposes." (5)

MW: "[9/11's] even deeper purpose than controlling oil resources in the Mideast, ... is

to dominate the entire planet and kill or enslave its peoples.” (6)

As far as the elite were concerned, they had the bases pretty well covered and plutocracy would rule. This confidence in their ability to master the planet oozes out of a report from Citigroup issued on March 6, 2005, entitled *Equity Strategy. Revisiting Plutonomy: The Rich Getting Richer*. That report says in part:

“Our thesis is that the rich are the dominant drivers of demand in many economies around the world (the US, UK, Canada and Australia). These economies have seen the rich take an increasing share of income and wealth over the last 20 years, to the extent that the rich now dominate income, wealth and spending in these countries.

“Asset booms, a rising profit share and favourable treatment by market-friendly governments have allowed the rich to prosper and become a greater share of the economy in the plutonomy countries.

“Also, new media dissemination technologies like internet downloading, cable and satellite TV have disproportionately increased the audiences, and hence gains to “superstars” - think golf, soccer and baseball players, music/TV and movie icons, fashion models, designers, celebrity chefs, etc.

“These ‘content’ providers, the tech whizzes who own the pipes and distribution, the lawyers and bankers who intermediate globalization and productivity, the CEOs who lead the charge in converting globalization and technology to increase the profit share of the economy at the expense of labor, all contribute to plutonomy.” (7)

This concentration and centralization of wealth, I believe, was intended to funnel it to an ever decreasing number of hands. What the “superstars” and others did not realize, in my opinion, was that they too, like everyone else, were intended simply to be the intermediate holders of society's wealth before it was also skimmed from them and found its true home with the very small circle of Illuminati megarich.

And then, for reasons known to us but to few others, the whole scene began to come crashing down.

I say “known to us but few others” not because the information is private, not because we too are some kind of elite, but because few others would or do believe the story that is being told by such sources as Matthew Ward, SaLuSa, Wanderer of the Skies, and the many

other galactic and spirit sources who reveal exactly what's going on in our world. At some point, after Disclosure, everyone will know and very many more people will buy what's being said. But I don't think we're at that place now.

But the galactics, the spirit hierarchy, and their Earth allies have been hard at work for decades, bottling up the elite, using space technology to deprive them of their funds, removing their nuclear weapons, and defeating their attempts to stampede society with false-flag operations and weather warfare. I don't want to run through the whole story here because it's been told in many other places, (8) but let me just quote one example, from Matthew Ward, of the way the Company of Light worked to defeat Illuminati aims.

“ET technology will be directed at electronic issues wherein money movement will not go the way the dark forces intend and undetectable glitches in their communication efforts will create confusion and errors. I am not speaking 'out of school' here as the dark forces are aware that this has started happening and they cannot locate the origins or detect and correct the flaws. This adds to their fear that they are losing control and their activities will become even more clumsy and obvious until all is 'brought to light.’” (9)

I'd say that's a pretty good statement about exactly what David DeGraw is getting at but probably doesn't know about.

In the beginning, the cabal, through the use of blackmail, intimidation, assassination, and similar measures, worked their way into a position where no force could stand against them. They controlled the government, the press, the police, the courts and every other significant social institution. And, because they thought they were unstoppable, they became narrower and narrower in focus and more and more complacent in action.

Now we see them unable to manoeuvre, unable to cover up their atrocities, unable to stop the investigations which Pat has shown are starting to really gear up.

A dinosaur is a fearsome adversary as long as strength and momentum are what determine the issue. But when an opponent comes along with more strength, more momentum, and a vastly bigger brain, a dinosaur can be a pathetic figure. And the cabal has become just such a pathetic figure in the face of the combined efforts of the Company of Light.

I think its ultimate fate will look a lot like *Judgment at Nuremburg*, where once-feared

criminals will try to hide behind arguments like “just following orders” and blame everyone else but themselves. Deprived of their high-priced lawyers and ad agencies, their actual pleas and explanations will evoke only pity.

But until the day when they're totally removed from power, expect them to keep blundering along, out of the hubris of the once mighty that more of the same will produce victory - as it always had in the past. We're the little mammals that survived the ponderous dinosaurs, small but nimble. Pity the poor monstrosities as everything they worked so hard for collapses around them. They'd even decided to bring this world down in a nuclear conflagration and escape to Mars if need be. Now none of that'll occur. Instead they face the ultimate humiliation of trading places with their victims and their undoing will be too pathetic to watch.

## The Woodenness of Authoritarianism

As we examine issues like the local police aiding BP in the Gulf or supposedly "independent" experts advising the World Health Organization while receiving money from Big Pharma, one thing about the behavior of the cabal seems clearer to me.

The cabal runs by methods like bribery, fear, and blackmail. It doesn't engender creativity in at least its lower ranks. It expects them to "get with the program" and follow orders. You remember the capo in the movie saying "I don't pay you to think. I do the thinking around here." I think that about captures it.

It values predictability, success, and loyalty. If you break rank, become a loose cannon, or fail, you run the risk of being eliminated. And their members, once they are firmly snared, are made to understand that in no uncertain terms.

Because the cabal works in this manner, there is often an almost zombie-like quality to their behavior. (The words "redneck" and "goon" come to mind.) The cabal's soldiers seem capable of going in only one direction and that's forward.

In my view, some local police have become enlisted into the cabal's program of domination through erecting a police state. Some "independent experts" with WHO have become

enrolled into the cabal's program of depopulating the globe through the use of manufactured pandemics and toxic vaccines. Once having agreed to serve the cabal's agendas, I think a lot of them don't see any way out of following the program til the bitter end.

Uncorrupted people seem to have a certain agility or nimbleness so that they can abandon efforts that are revealed to be headed in the wrong direction or admit mistakes, like Anderson Cooper did not so long back in a CNN news broadcast. But corrupted people seem to have a greatly-diminished agility and an apparent inability to admit mistakes. They seem to keep spinning the party line all the way to jail.

They remain dangerous because many of them appear to be willing to use deadly force on ordinary citizens. But they are highly susceptible to prosecution because of their woodenness.

I think many in the cabal genuinely believed they would succeed in taking over the world. They've had it good since the Reagan years when the government began taking apart the regulatory framework. They had it swell in the Bush years, blowing up buildings with impunity and stripping the citizens of more and more rights and freedoms. It looked like they would pull off the epitome of the "national security state," a docile population and an iron-fisted security machine. I think they got arrogant and careless.

So, as you watch researchers begin to uncover connections between the World Health Organization's expert advisers and Big Pharma or read about the clumsy manner in which local police serve Big Oil's interests, you may wish to watch this swaggering confidence, even arrogance, and the robotic manner in which the cabal's soldiers behave.

I don't know. This could all be a figment of my imagination but it keeps jumping out at me from the pages as I read. What shall I call this type of behavior? Fascistic? Neoconservative? Authoritarian? What word would suit you?

Whatever we call it, it makes a person mechanical and they trip themselves up in the end. You may wonder how the cabal could leave the paper trail they do or act so arrogantly in front of the TV cameras and what I just said is my explanation - for now. I can move in more than one direction so I may change it later.

## It All Starts Now

March 9, 2012

The tasks facing lightworkers are evolving as the dark cabal is swept from positions of power. Opportunities to work with the galactics are opening up. We're invited to increase our role in disseminating information on what is transpiring. Opportunities to work in government and on the new economy are becoming available as the transitional governments are being planned and brought forward.

Two recent messages deal with our role in the coming events and can profitably be gone over in some detail. One is from Sananda through James McConnel (1) and one from the Galactic Federation through Gregg Giles. (2)

Sananda and Jesus are different personalities. Sananda himself overlit Jesus in his ministry as the Christ but he occupies a different position in the spiritual hierarchy than Jesus does. If I remember correctly Jesus works with the ascended masters of the White Brotherhood but Sananda works with the galactic fleets. Both forward the goal of Ascension.

Sananda told us on Feb. 28, 2012, that "many changes are occurring at many levels throughout the planet. We are entering a time of cleansing unlike anything that has ever happened here." He went on to describe those changes: "Powers that be are being quietly replaced or set for reassignment. In so doing, your world is preparing for sweeping changes that are only moments away." He then issued his invitation to lightworkers.

“You, each one, have it within your power to be a part of those changes or watch them sail by with nary an inclination to participate. However, you are the light workers and came here to fulfill a mission that is fast moving toward completion. It is your choice to watch or become all you came here to be.”

If we are to take up this opportunity, “you need to act and act swiftly as times are indeed growing short.”

“It is truly time now to believe in yourselves and know that you are acting under the highest authority there is, that of Prime Creator. A decree has gone out across the universe for all to come to the aid of their fellow brothers and sisters.”

Our is a divine mission and “you are certainly not alone in your struggles to bring this Earth back to its long ago prominence. You have all of Heaven at your disposal and the assistance of light workers everywhere. So why then would you hesitate to act with the courage now that is needed when you are indeed nearing the finish line?” He outlines the work ahead.

“Why would you hesitate after lifetime after lifetime of stress and strain, to see a better earth now when you are so close. Is it too much to ask for just a little more effort to end the bonds of tyranny for ever on this planet or would you continue to sit idly by and wait for someone else to do it? What can I do you might ask? And that dear ones is the beginning of courage needed to finish the last mile.”

This work will not go ahead without the participation of terrestrials - even if many of these terrestrials are in fact starseeds.

“As you have been told many times and through many sources, you are the Ones. We can not do it without your help nor would we want to, as this is your world and what

happens here is a product of your collective unconscious.

“We can only guide and nudge you along but you are the ones who need to 'take the bull by the horns' and continue to propagate the species through your light and undying devotion.”

What can we do? Sananda replies:

“Prepare your selves, my beloved, for the times that are fast approaching that will literally shake all out of their doldrums and awaken them to realities they thought only existed in fairy tales and fantasy or science fiction.”

Specifically what should we prepare ourselves for and how should we prepare ourselves?

“Prepare by first becoming informed of the many atrocities that have been committed in the name of God or for misuse of power. This is only the tip of the proverbial iceberg as so much will be revealed to you shortly.”

We can expect the truth of our history and of our oppression to be revealed in the weeks and months ahead. And that is where our work begins.

“Many when they hear of these atrocities and ponder if they could be true, will reach out to those who may know.

“That dear ones will be where you come in, to assist those who are asking. As always, it is 'ask and you shall receive.' So as they ask, you will be there to assist in their awakening and to extinguish all the flames of mistrust that arise and to quench their thirst for truth. Literally, 'the truth shall set you all free.' It is the truth that will pave the way for a new earth and a new heaven upon the earth for only in truth are a people actually free.”

People all around the world are feeling a vague sense of urgency and seeing vaguely that something is happening.

“Many are feeling the urgency of these messages and knowing that something big is about to happen. Do you feel it within your selves? An inner knowing that all is about to come cascading down to be replaced by a new society that is formed for the betterment of all, not just a so called privileged few.”

It falls to us to inform and reassure them.

“You are being called upon now to wake up out of your long slumber and step once more onto the battlefield, not of war but of light and peace, not of mistrust but of truth, not of hate but of love. The plan for the earth is being reestablished once again for all to know their greatness and their inalienable right to freedom that is established in an environment of truth and real justice.”

Therefore we should be preparing now to take up our roles as the dark is swept from the Earth.

“Be ready, dear ones, to answer the call when it is sounded for the final trumpet is soon to blow and with it will be the end of all that was dark upon this earth to be replaced only by the light. Light has indeed descended on earth and love and light and power are restoring the plan on earth.

“It is time now for you to respond to the call to do everything you can to spread the word of light and love to all you can, so that no one will be wanting again. You have the power dear ones to take back what has rightfully been yours, to nourish the earth and all those who reside on and within.

“Find it within yourselves to reach out one more time to lighten the loads of others as they strive to understand and grasp the full meaning of freedom that has eluded most for so long.”

Once our missions are complete, we'll be able to relax.

“Once this has reached its conclusion and all are fully on their way toward their own ascension, then dear ones, you can relax and consider this a job well done and a knowing that you were a participant in the greatest undertaking this universe has ever seen.”

Our reward will come not only from the appreciation of others but also from our own inner knowing that we go the job done.

“You will have earned the gratitude of many, but most of all you will know that you did your best and accomplished what many believed could not be done in such a short period of time. Until then, please keep your game face on and remain in the battle to keep the light shining brightly to all those who are ready to receive it, and to others, keep them in your payers so that they will open up to the light when they are ready.”

The Galactic Federation speaking through Gregg Giles tell us that the changes we're waiting will come swift and unannounced.

“The changes you wish to see in your world will come as a thief in the night. One moment your world will carry on with the hustling and bustling of the old paradigm, then suddenly, nothing that you have come to know as your reality will ever be the same. This is the kind of change we are talking about, and this the kind of change you will experience.”

Our task is to prepare ourselves and as many others as possible for a smooth transition and startup to the new arrangements.

“Your task [is] to prepare yourselves and as many other souls as is possible is so important to the smooth functioning of this operation. Please continue to spread the news of what is about to transpire. We greatly appreciate your efforts and assure you that it will be soon that this phase of your mission will be completed and all that has been discussed will be yours.”

Our work is to spread awareness of what is occurring and why it is happening.

“Give us, as well as our Earth allies, the opportunity to make this goal a reality by continuing your hard work spreading awareness of these arrests and the following proceedings and what significance they hold for the people of your world.”

They distinguish between the Galactic Federation and the Ashtar Command. The lightworkers are their ground crew and Earth allies.

“It is a very interesting sight to behold, these three large groups; the Galactic Federation of Light, the Ashtar Command, and our Earth allies, working together on this immense project. You, our faithful Lightworkers, are also a vital part to our overall mission, and we consider you part of our teams of the Galactic Commands, and as we have said, many of you are already members of either one of our space oriented organizations.”

They call the accountability phase the prelude to to Ascension. The dark needed to beremoved for the raising of our vibrations to go ahead.

“These proceedings are being carried out in order to help facilitate a smooth

transition leading to your ascension, as it was decided these dark ones and their alliances would be too disruptive a force and needed to be removed from your societies. Upon removal of these dark ones, we see an upsurge in your collective vibration, and we would like to see the greatest possible boost from this event.”

We are to prepare our fellow humans for this event which will be as sudden as well as the collapse of a row of dominoes.

"This is where you come in, our Lightworkers, as it is your job to set up the dominoes for this event to trigger. Continue to line them up as they will soon go down.

"You have all done a remarkable job leading up to this point, and we wish to thank you for your efforts and once again assure you that all that has been discussed can and will be yours. Do not allow yourselves at this late stage to now begin to fall for the lies and propaganda of our opposite numbers."

Some of our numbers have been ruined, incarcerated, or killed. But that has not stopped us or the galactics.

“You have experienced a few losses within your ranks as some of your brothers and sisters have fallen for these ploys and they have turned their backs on us and on their assignments. These are relatively rare cases and will not affect our mission. Continue on with your assignments remaining steadfast to your convictions, and do not allow yourselves to be lured by the sirens of deception.”

Once released from the grip of the dark, we'll begin a new phase. The blinkers will come off and we'll become partners of the Galactic Federation and Ashtar Command.

“There are many surprises in store for you, as can be expected once released from

your current amnesiac states and the veil of forgetfulness is lifted for you. Many of you have had long careers with us, and you of course, will be welcomed back warmly when your mission here is completed.

“As we have said, many of you will also begin working with us, and some of you will go on to begin your new careers as full members of the Galactic Federation of Light. We look forward to the day when our recruiters can speak personally with you, when all the details of this opportunity will be fully discussed with you.”

We can mull over the options available to us or we can return to our starseed homes. There is no need to rush into our next assignments as opportunities will always be available to us.

“You will have time to think over your new career choices, and you will also possess the opportunity to return home, wherever that home may be, if you decide you no longer wish to remain with our organization. You can always be considered again for recruitment in the future, as we are always growing as an organization and committed individuals are always a welcomed addition to our team.”

So this is the tenor of the messages that announce the intention of the galactics and ascended masters to sweep the dark from the Earth and liberate its population. The time we have been waiting for has arrived. The black hats truly will go. The planet will be freed. Peace and abundance will be brought to Earth and it all starts now.
