

STOCK AND CUSTOM COATINGS GUIDE

This color selection represents a variety of the powder coatings SRS Coatings has as stock items in our shop, or can be ordered. It is important to note that a large part of our business is custom formulation of powder and liquid coatings to specific criteria. If you cannot find the exact coating you would like, then please let us know. We would be delighted to build a product around your application.

If a clear topcoat finish is required or preferred.

T209-CL01 90 Gloss Clear Polyester TGIC
T002-CL02 20 Gloss Clear Polyester TGIC
T909-CL05 90 Gloss Superdurable Clear Polyester TGIC

- * To maintain the appearance of exterior metallic finishes a clear topcoat is recommended.
- ** It is suggested that these products be applied as a topcoat to interior products only.
- Product exhibiting a metallic appearance and formulated for exterior use without requiring a clear topcoat.

Important notes about our stock coatings:

- Exterior powders start with a T, C, or P.
- Metallic exterior powders (T353-GR06, etc.) require a clear coat for exterior durability due to the effects of weathering on the metal flakes used to create the metallic appearance.
- H and E powders are not suitable as exterior topcoats if you need color and gloss stability.
- If your preferred finish is not shown, then please let us know. Many coatings are customized for special applications and not shown here.
