Important Messages about COVID-19

The return to face-to-face instruction and residential living requires a multifaceted strategy that includes health monitoring, isolation of those with COVID-19, quarantining those exposed, handwashing and other personal hygiene, physical distancing, wearing cloth face-coverings, and cleaning and disinfecting surfaces. The success of this strategy depends on the community adopting and implementing the behaviors described in our Health and Safety Plan.

In accord with the Pennsylvania Department of Education guidance issued June 3, 2020, this Health and Safety Plan has been developed by Saint Vincent College and Seminary for the resumption of face-to-face instruction and residential living. This document will be reviewed weekly by the Forward Together Advisory Committee and revised if conditions change and/or new guidance is received from federal, state, and local officials.

Please review the complete Health and Safety Plan, available at: https://www.stvincent.edu/docs/default-source/coronavirus/updated-health-and-safety-plan-07072020.pdf?sfvrsn=ca4bbc49_2 as well as the Community Commitment and Symptoms Checklist, provided on the following pages.

FORWARD TOGETHER

Community Commitment

As we move forward together in the midst of a pandemic, we must take measures to protect ourselves and others and to be accountable, together, for our health. In keeping with the Benedictine hallmarks, and as a member of the Saint Vincent community, I will:

DISCIPLINE AND HUMILITY

Protect myself:

- Wash my hands often with soap and water, or use hand sanitizer.
- Monitor myself for symptoms of COVID-19 and contact the Wellness Center (students), or my supervisor (employees) if I experience symptoms.

LOVE AND OBEDIENCE

Protect others:

- Stay home if I feel sick, or if I have been exposed to someone with COVID-19.
- Maintain physical distancing of at least six feet from others as much as possible.
- Wear an appropriate face mask in accordance with the Health and Safety Plan.

STEWARDSHIP AND COMMUNITY

Protect the Saint Vincent community:

- Participate in testing and contact tracing to help minimize potential transmission.
- Follow all guidelines and instructional signs.
- Be positive and encouraging of our fellow community members as we move forward in our educational mission.

SAINT VINCENT COLLEGE MISSION STATEMENT

Saint Vincent College is an educational community rooted in the tradition of the Catholic faith, the heritage of Benedictine monasticism, and the love of values inherent in the liberal arts approach to life and learning. Its mission is to provide quality undergraduate and graduate education for men and women to enable them to integrate their professional aims with the broader purposes of human life. The programs, activities, and encounters that make up student life at Saint Vincent College encourage the intellectual gifts, professional aptitudes and personal aspirations of students to mature harmoniously.

Catholic, Benedictine and Liberal Arts Values

Central to the Mission of the College are its Catholic tradition, its Benedictine heritage, and its commitment to liberal arts education. Outlined below are some of the values of a Catholic, Benedictine, liberal arts education as defined and operated upon by the Saint Vincent College community.

Catholic

Saint Vincent College seeks to provide an understanding of the positive contributions which the Catholic Church has made, and continues to make, to human progress. Faculty, administrators, staff, and students of all faiths work together in a common search for truth in an environment that does the following:

- Affirms that the love of God and faith in Jesus Christ are authentic values for believers. The life of faith and the life of learning are regarded as inclusive and mutually compatible, as expressed in the College motto: *veri justique scientia vindex*, “learning is the best advocate of truth and justice.”
- Represents a sacramental view which consecrates all visible creation as a pledge, reminder, and active instrument of God’s invisible presence and grace.
- Supports the integration of religious and temporal values in everyday life.
- Promotes appreciation for the positive contributions of all peoples and cultures to world civilization. In this sense, Saint Vincent is truly “Catholic,” ecumenical, and international.

Benedictine

The traditional Benedictine apostolate of education is characterized by an appreciation of truth wherever it is found and by respect for the unique person and talents of every student. In an authentic Benedictine environment, students are not just objects of an educational enterprise; they are valued partners in a common search for truth and beauty. Saint Vincent College is grounded in the following core values of Benedictinism:

- Hospitality, as exemplified by a tolerant spirit that recognizes the mystery of God’s presence in all creation and the sacred dignity of each person.
- Commitment to a concept of community that advocates tranquility and order and is nourished by mutual respect, appreciation, and charity. Even in times of historical and personal upheaval, Benedictine life seeks to preserve peace and solidarity, maintained by the communal effort of prayer and work.
- Care and concern for each individual as evidenced in personal interactions that anticipate the needs of others, bear patiently with others, and promote the personal growth of others.
- Stewardship for all workspaces, living spaces, and the natural environment.

Liberal Arts

Liberal arts education is integrative, challenging students to explore the principles, perspectives, and goals of many different disciplines and modes of learning. Saint Vincent’s particular approach to liberal arts education, undergirded by the values of its Catholic, Benedictine heritage, provides an education for life and for lifelong learning. It espouses a love of learning and a belief in the intrinsic worth of higher education. The College seeks to instill the following educational virtues:

- Facility to comprehend particular phenomena conceptually and to look for patterns and regularities in experience.
- Ability to evaluate ranges of evidence and to revise previous theory or hypotheses accordingly.
- Skill in discovering relationships between seemingly divergent phenomena.
- Ability to be an independent learner rather than a mere consumer of others’ interpretations.
- Facility to articulate and express one’s thoughts clearly.
- Self-assurance in adhering to mature social and ethical values, coupled with tolerance for alternate values in others.
- Skill in making informed decisions and courage to act on them.
- Appreciation for the fine arts, especially art, music, and literature.
- Receptivity to uncommon opinions and unfamiliar cultures.

FROM THE ARCHABBOT AND CHANCELLOR

Dear Students,

It is my pleasure as the newly elected (June 23, 2020) Archabbot of Saint Vincent to extend a warm welcome to you as you join our College community. Many of you may be leaving home and family for the first time and all of you are coming during a worldwide pandemic. No doubt, all are feeling at least a little apprehensive. At Saint Vincent you will find an extended family that not only cares about your safety and academic growth, but is also interested in your social, emotional and spiritual growth. Our extended family is a large one— fellow students, faculty, administrators, Benedictine monks, employees, alumni and friends spread all over the world. We are here for you—you are now part of this family.

Archabbot Boniface Wimmer, who was the founder of Saint Vincent, coined the motto “Forward, Always Forward, Everywhere Forward.” Moving forward does not mean leaving the past behind but embracing it, learning from it and taking it onward as we move through life. If I may, I encourage you to use the talents and gifts which you already possess and combine these with what you will learn and experience at Saint Vincent in the years ahead and make this world of ours an even better place.

My personal wish for you is that your experience at Saint Vincent will be one of the best times of your life. Reach out and make new friends while you are here and take advantage of the academic, spiritual, social and cultural opportunities that are abundantly available at Saint Vincent. Join in one of the many service projects offered here in the United States or in one of the many foreign countries where Saint Vincent College has service programs.

Some years ago, I served as a member of the College faculty. I recall fondly the energy and excitement that accompanied a new academic year. May this new year bring you renewed enthusiasm for growth and development. And, if you see me on campus, by all means, please introduce yourself— I look forward to meeting you.

May the Spirit of God fill you with wisdom and blessings. May you be successful in your studies and be drawn closer to God, the source of all knowledge.

Sincerely,

+Martin R. Bartel, O.S.B.

Archabbot and Chancellor of Saint Vincent

MESSAGE FROM THE PRESIDENT

Dear Students,

You belong in this community of Saint Vincent College.

Your presence here is not just a matter of you choosing Saint Vincent, but also that Saint Vincent chose you. The commitment we make to one another on this journey is a covenant.

We bind ourselves to each other, not just for a few years in college, but for

life. Once a bearcat. . . always a bearcat.

Your Saint Vincent education will challenge you with a rigorous major field of study and the opportunity to engage in ideas that are new to you through a broad core curriculum.

Saint Benedict in his Rule in Chapter 53 speaks of the importance of Hospitality. It is not just meant for welcoming guests. Hospitality also means entertaining ideas and thoughts that are new, or strange, or different from those that you already have. Hospitality is stretching out of your comfort zone, so that the best of the “new” becomes part of you.

In all of these challenges, though, you have imbedded yourself in a supportive community; one that will not lower the standard, but rather one that can assist you to meet and exceed the standard.

I appreciate your effort to make this educational community strong and the best that it can be. Blessings to you for your success in this academic year and into the future.

Fr. Paul Taylor, O.S.B.
President

STUDENT RIGHTS and RESPONSIBILITIES and COLLEGE POLICIES

The Saint Vincent College community encourages mutual respect and consideration, maintaining an atmosphere of cooperation and an appreciation for the rights of others. Each student, by becoming a member of Saint Vincent College, accepts a commitment to strive for the betterment of his or her fellow students and the community.

A person is considered a student from the day of his or her paid deposit upon admission until one year after commencement (including any breaks in enrollment of one year or less). The term student includes all persons taking courses at Saint Vincent College, either full-time or part-time, pursuing undergraduate, graduate or professional studies. Persons who withdraw after allegedly violating the student code, who are not officially enrolled for a particular term but who have a continuing relationship with the College or who have paid a deposit upon admission are considered “students,” as are persons who are living in College residence halls, although not enrolled in this institution.

In order to provide a quality education which enables students to integrate their professional aims with the broader purposes of human life, Saint Vincent College has established policies and guidelines that ensure a healthy campus community. When College policies are violated, on- or off-campus, incidents are reported and then addressed by the Office of Student Conduct. Any question of interpretation or application of the student code is at the discretion of the Vice President for Student Affairs or his/her designee.

As part of a Campus Review and Resolution Process, a member of the Student Affairs staff may request to meet with a student regarding issues which are not in violation of College policy, but which are concerning. The staff will seek to provide support and guidance to these students in order to assist them in overcoming their challenges and may acknowledge that with an official Letter of Concern.

STUDENT RIGHTS

1. The right to seek God and grow in faith through the daily experience and activities of College life.
2. The right to matriculate in an environment free of religious indoctrination and coercion.
3. The right to participate fully in the academic and extracurricular life of the College.
4. The right to live and learn in an environment free from discrimination or harassment.
5. The right to be treated with respect by all members of the College community.
6. The right to be graded and evaluated fairly.
7. The right to have privacy within the boundaries of the law and College policies.
8. The right to receive accommodations for disabilities.
9. The right to acquire information about College policies, procedures and statistics.
10. The right to address grievances through appropriate College procedures.

ACADEMIC POLICIES

Please note: Changes to certain academic policies necessitated by the COVID 19 pandemic are set forth at https://www.stvincent.edu/docs/default-source/coronavirus/updated-health-and-safety-plan-07072020.pdf?sfvrsn=ca4bbc49_2. These will remain in effect until further notice.

1. Academic Information Sources

Saint Vincent College promotes an engaging learning atmosphere that creates an attitude of mutual respect between students and faculty.

- Academic policies and procedures are contained in the College *Bulletin*. Each student will be introduced to these policies and procedures in the First Year Seminar. Students should be familiar with the contents of the *Bulletin* and monitor their progress toward graduation.
- Processes such as registration procedures, adding and dropping of courses, refund policy, transcripts, financial aid, tuition, fees, credit hours and numerous other topics are discussed in the College *Bulletin*.
- Advisors will assist the student about matters such as course and program selection.
- The ultimate responsibility for knowledge of requirements, course prerequisites, and for verification of the accuracy of records maintained by the Registrar remains with the student.

2. Class Attendance

- **Absences from Class and Make-Up Exams**
- Faculty expect students to attend all classes.
- Students should be familiar with the attendance policies of their instructors as stated on the course syllabi.
- Absences, as well as make-up exams, are handled at the discretion of the individual faculty members. Students are responsible for consulting with each individual instructor concerning completion of course requirements in cases of prolonged absence.
- When students face unusual circumstances, such as an extended illness or a death in the family, they should contact the Student Affairs Office which will notify the students' instructors about the reasons for the absence. This notification does not serve as an excused absence from class or coursework and is meant to serve only as a resource for notifying College faculty.
- Prolonged, unexcused absences from class may result in suspension or dismissal from both the College and the residence halls. The Vice President for Student Affairs and/or Dean of Students reviews and decides such cases in consultation with the Office of Academic Affairs.
- **Excused Absences for Participation in NCAA Division III Intercollegiate Sports and Other College Activities**
- The College officially sponsors the following men's and women's intercollegiate sports: baseball, basketball, bowling, cross country, field hockey, football, golf, lacrosse, soccer, softball, swimming, tennis, track, and volleyball. There are also many recognized student organizations. Participation in events in these sports and organizations will be considered excused absences provided these procedures are followed:
 - inform their professors that they will be participating in an intercollegiate sport or other College activity
 - provide a schedule of games or events which may conflict with class schedules
 - make provisions for make-up exams in advance of the examination date
 - continue to be responsible for learning course material
 - present an official excuse signed by the coach or advisor for games or events which necessitate absences
- Students should rely on the judgment of their professors and faculty advisors in cases when athletic or organization participation appears to be jeopardizing academic progress. The College demands of every student an academic average of 2.0 at each semester grading period. If a student fails to attain this 2.0 average, or a cumulative average of 2.0, the Academic Status Committee issues a letter of academic warning with a copy to the student's advisor, departmental chairperson and parents. A freshman or sophomore student (first through fourth semester) who has not achieved at least a

cumulative GPA of 1.75 or higher may not participate in formal extracurricular activities. Junior and senior students (fifth through eighth semesters) must achieve at least a cumulative GPA of 2.0 or higher in order to participate in formal extracurricular activities. Any transfer student who has junior status or above (by credits) at the end of their first semester at Saint Vincent College must follow the same guidelines as the third- and fourth-year student. Examples of formal extracurricular activities include the student newspaper, intercollegiate sprouts, student government and drama.

▪ **First-Year Student Participation in Orientation Seminars and Events**

During Orientation, first-year students learn the traditions of Saint Vincent College and receive important information intended to facilitate the new students' college education. In order to ensure their acclimation into the Saint Vincent community, students who miss sessions will be required to attend follow-up seminars.

3. Academic Integrity (See also the College *Bulletin* on Academic Honesty)

Saint Vincent College assumes that students are responsible individuals who demand of themselves high standards of honesty and personal conduct, both in the performance of academic assignments and in the conduct of personal life.

- The attempt of a student to present as his or her own any work which he or she has not performed or to pass any examinations by improper means is a serious offense.
- No piece of work may be submitted for credit in more than one course or module except with the permission of all instructors involved.
- In any case of academic dishonesty, the faculty member and school dean review the case and determine appropriate sanctions in consultation with the Assistant Vice President for Student Success and Retention. Appeals will be reviewed by the Vice President for Academic Affairs. Faculty will clearly state their policies on the course syllabi for academic honesty and the penalty a student will incur for breaching the standards of academic honesty.
- Depending on the seriousness of the offense, possible sanctions are failure for the assignment, failure for the course, suspension or expulsion.
- The Assistant Vice President for Student Success and Retention will maintain an ongoing file of all such cases. More serious action will be recommended if a student has a previously recorded incident.

Academic Integrity Prohibits:

A. **Falsification:** the fabrication of data.

B. **Plagiarism:** an offense involving use of another person's words, phrases or ideas without giving that person credit. Plagiarism is discussed in the *Harbrace College Handbook* (1962: 410) as follows: "Any failure to acknowledge borrowed material is a serious offense called plagiarism. If a borrowed idea is expressed in the student's phraseology, an acknowledgment of the source is sufficient. If it is in the phraseology of the source, it should be put in quotation marks and also acknowledged. Usually a conscious quotation (except well-known or proverbial passages) of three or four connected words or more should be placed in quotation marks."

- The source of the material should be given credit when using someone else's work or ideas.
- Material from a print, electronic publication or Internet source (book, journal, article, film, images, etc.) should be enclosed in quotation marks or otherwise set off, and the source of the material acknowledged.
- When paraphrasing published material (using it almost word for word) the source should also be acknowledged, and pages given.
- Students must cite **any and all** resources used in a presentation, project or writing a paper.
- Students will assume responsibility for understanding each individual instructor's policy concerning academic honesty.

C. **Work by Other Students:** When students are asked to prepare material jointly and or in groups, the contributions of all individuals to this material should be clearly acknowledged unless otherwise stated by the instructor. Having someone else prepare material for a student to submit or having someone else help with a project or paper in any way should only be done when a student has obtained the instructor's permission to do so.

4. Student Concerns Regarding Academic Matters

If a student has a concern about a particular course, the student is encouraged to utilize the following procedures:

- Schedule an appointment with the professor to discuss the problem or concern.
- Meet with the faculty member's chairperson or school dean if the student believes that the concern has not been resolved by the professor.
- If the issue remains unresolved, contact the Assistant Vice President for Student Success and Retention who will work with the student, faculty member and the chairperson or dean.

5. Classroom Etiquette

An essential characteristic of Saint Vincent College is the dignity and civility with which students and instructors conduct themselves both inside and outside the classroom. All students share in the responsibility of making the classroom a positive place to learn. Attendance is more than just being in the classroom, laboratory or field experience. Students are expected to be prepared and attentive. Some specific behaviors that are distracting and should be avoided include holding side conversations, arriving late or leaving early, eating, or doing work for other classes. The use of technology such as cell phones and laptop computers is not permitted in the classroom without the instructor's permission. When using devices outside of the classroom on campus, such as the library, study center, etc., students are asked to be considerate of their surroundings, and to silence their devices when appropriate. Students should check with individual professors for additional expectations and guidelines for classroom etiquette, including whether or not recording of classroom lectures is permitted.

GENERAL COLLEGE POLICIES AND STUDENT RESPONSIBILITIES

These policies are established for the good of the entire Saint Vincent College community. Students and guests are expected to abide by them. **The College continually seeks ways to improve student life and in doing so reserves the right to update the *Student Handbook* and policies as needed. The most current version of the Handbook and policies can be found on the College's website and portal.** Any questions regarding these policies or reports of infractions of them should be referred to Student Affairs. The term "policy" means the written regulations of the College as found in, but not limited to, the student code, the *Student Handbook*, residence life contract, the College webpage and computer use policy, and graduate/undergraduate catalogs.

For graduate students enrolled in the Master of Science in Health Sciences Nurse Anesthetist Program or the Doctorate of Nurse Anesthesia Practice Program, all concerns will be resolved by deference to the respective Excelsior program Handbook.

Please note: Until further notice, the College will enforce policies consistent with its Health and Safety Plan available at https://www.stvincent.edu/docs/default-source/coronavirus/updated-health-and-safety-plan-07072020.pdf?sfvrsn=ca4bbc49_2. Students must comply with those policies.

1. Alcohol and Other Drugs Policy

The College encourages students to abstain from alcohol and other drugs. If students choose to consume alcohol, they should do so responsibly and legally. Excessive quantities of alcohol are not permitted. The National Institute on Alcohol Abuse and Alcoholism defines "heavy episodic drinking" as a pattern of drinking alcohol that brings blood alcohol concentration to 0.08. To reach this level, a typical adult male or female would consume five or four drinks, respectively, in a period of two hours.

Reporting Alcohol and Drug Related\Other Emergencies: Students are expected to seek help for their peers' personal welfare in drug or alcohol or other emergencies. The Pennsylvania Legislature recently passed a law that gives an underage person a defense to prosecution for the summary offense of consumption or possession of alcohol if, 1) the person calls 911 or alerts campus safety, police or emergency services in the good faith belief that another individual needs immediate medical help to prevent death or serious injury; 2) they reasonably believe that they are the first person to make that emergency call; 3) they give their own name in making the call; 4) they stay with the person in need of medical attention until the help arrives; and, 5) the only way law enforcement becomes aware of their own possession or consumption of alcohol is because of their conduct in 1 – 4 above.

Similarly, under Act 139, limited immunity from charge and prosecution for certain drug offenses is provided if an individual calls 911 in the event of an overdose. To be protected under the law, individuals who report an overdose must give their names, stay with the person who overdosed until help arrives, and cooperate with law enforcement personnel. Drug offenses that are covered under this law are those related to possession of drug paraphernalia and small amounts of drugs. Individuals in possession of a quantity of drugs that constitutes as "intent to sell" are not protected under the Good Samaritan statute. The person who overdosed is also protected under the law where the person who made the call is protected.

The conduct of a student meeting the criteria of this statute will also be considered a mitigating factor in any disciplinary proceedings Saint Vincent conducts that arise out of the incident.

ALCOHOL

- Students 21 years or older who choose to consume alcoholic beverages are expected to do so responsibly and are prohibited from distributing alcoholic beverages to persons under 21 years of age.

- Student under 21 years of age may not be present in a room where alcohol is being consumed.
- If students living in a room are all under 21, then alcohol cannot be present in that room.

General Alcohol Policies:

- The presence, possession or use of any bulk or common container of alcohol (i.e., kegs, beer balls, etc.) or any device or activity (i.e., beer bong, beer pong, etc.) used to consume alcohol in a dangerous or unhealthy manner, or excessive amounts of alcohol in any campus living unit is prohibited, no matter the age of the participants. Mock drinking games (i.e. water pong) are not permitted.

 - 3 liters of wine
- No money may be charged for any event at which alcoholic beverages are present or observed.
- The public possession and use of alcoholic beverages are prohibited in all public or common areas on campus, except at official College approved events or locations.
- All empty containers will be treated as “in use” by students of any age.
- No posters, throw rugs, furniture or displays of any kind that advertise alcohol or drugs and/or alcohol- or drug-related paraphernalia are permitted anywhere in Saint Benedict Hall.

- It should not be assumed that the College is liable for injuries students incur while participating in such events.

29. Records and Privacy Rights (Please see complete FERPA information in Appendix B)

- The Family Educational Rights and Privacy (FERPA) Act of 1974 (The Buckley Amendment) established procedures that govern access to and release of students' records kept by the College. Questions about the access to and release of student records should be directed to the Registrar and/or the Office of Student Affairs.
- Academic transcripts and other correspondence that concern the student's status at Saint Vincent are sent directly to the students. Students and other interested parties entitled to access to the students' records as outlined in the Act will be requested to follow the request procedures established by the College offices involved.
- Because academic transcripts and other correspondence concerning a student's status are forwarded directly to the student, it is strongly advised that parents or others financially responsible for the education of the student anticipate this arrangement by working out a satisfactory agreement between themselves and the student relative to records and correspondence received from Saint Vincent College.
- Access to or release of student records under circumstances other than those provided for in the Act will be permitted by the College with a signed waiver by the student.
- Students' academic records will be maintained in the Registrar's Office and will be kept intact for five (5) years after graduation, withdrawal or dismissal. At the end of the five years the files will be purged of everything with the exception of the academic transcript and essential materials pertaining to it.
- According to FERPA, the Vice President for Student Affairs or his/her designee cannot discuss the disciplinary record of a student unless the student has signed a written release of those records (an exception may be made in drug and alcohol cases when a student is under 21.) If a student wishes his/her disciplinary record to be discussed in full with a particular party, s/he must submit and sign a letter to the Office of Student Affairs releasing the Vice President for Student Affairs or his/her designee to discuss the disciplinary record with a particular party. The letter must indicate the specific party (parent, legal guardian, etc.) with whom this record is to be discussed. A letter of release allows the student conduct officer to discuss the entire disciplinary record of the student with the party specified in the letter. In a case where a written notification is sent to a parent/legal guardian regarding an alcohol or drug offense by a student under the age of 21, the student conduct officer may discuss the particular offense committed and the sanctions imposed with the parent/legal guardian.
- Saint Vincent reserves the right to purge disciplinary records from a student's file once a period of seven years has elapsed since the last violation. Students may review their discipline file in the Office of Student Affairs under the supervision of a College official. However, no other party may review that file without the explicit written permission of that student. No portion of that file may be photocopied or removed from the Office of Student Affairs by the student.

30. Relationship to the College

- Students who engage in business ventures on behalf of a club or organization of Saint Vincent College must have the authority or official permission to do so.

- The College prohibits any form of retaliation, including but not limited to intimidation, threats, coercion or discrimination, against any individual who has, in good faith, sought advice regarding a complaint, filed a complaint or served as a witness in the investigation and/or proceedings of a complaint.
- Retaliation may be present even where there is a finding of “not responsible” on a reported policy.
- Encouraging others to engage in retaliation is prohibited.

- Students should close and lock the windows when leaving for a weekend or vacation.

STUDENT CONDUCT PROCESS

The Office of Student Conduct, serving within the context of the Catholic and Benedictine heritage of Saint Vincent College, is committed to fostering a safe and welcoming community that promotes mutual trust and respect, safety and accountability. It is the goal that all parties involved learn and develop through their interactions with the Office of Student Conduct.

Please Note:

Due to the COVID-19 pandemic, pre-hearings, hearings and related meetings may be held virtually.

REPORTING INCIDENTS/HEARING PROCESS

The following process will be utilized for all incidents not covered by the College's Sexual Harassment and Sexual Misconduct Policy. See Appendix C.

1. Incident Report

- Anyone can report an incident if there is reason to believe a policy has been violated.
- In general, all persons present when a violation of policy occurs are alleged to be in violation of the policy (e.g., visitation, alcohol, and noise policies).
- Incident reports are submitted to the Office of Student Conduct.

2. Summons

- Written notification of specific charges will be delivered to the Accused Student either personally by a College administrator or a Residence Life staff member, or via the U.S. Mail, or via the student's official Saint Vincent email address.
- When the letters are hand-delivered, Accused Students sign a form to verify that they have received a student conduct summons.
- Acknowledgment of student conduct summons in any form does not indicate admission of responsibility.
- When possible, summons letters will be delivered within 72 hours of the reported violation.
- Accused Student may receive 24 hours advance written notice of the time and place of the hearing.
- For more severe charges resulting in possible removal from the residence halls or College, an Accused Student will receive 72 hours advance notice of a hearing unless circumstances require shorter notice.
- Where an Accused Student was under the age of 21 at the time of the incident and has been found in violation of the alcohol or drug policies of the College, the College reserves the right to notify the parents of that student of the violation and the sanctions imposed. Notice of such violations will be sent to the parents of Accused Students who were over 21 years of age at the time of the incident only if the Accused Student has authorized release of such information under FERPA.

3. Student Conduct Pre-Hearings and Hearings **This policy is currently under review and will be updated in the online Student Handbook when complete, and the student body will be notified*

- Accused Students are expected to either (1) attend the scheduled disciplinary hearing, or (2) in certain situations which will be communicated in writing to the student, to admit responsibility and communicate that decision to the Office of Student Conduct. In those situations, the hearing will be waived, with the understanding that Accused Students will accept the resulting sanction(s) and waive the right to appeal.
- It is within the discretion of the Office of Student Conduct to accept an Accused Student's admission of responsibility and request for a waiver of the hearing. If the request to waive a hearing is accepted, the student conduct officer will determine and communicate details for completing sanctions.
- **Failure to either (1) attend the scheduled disciplinary hearing or (2) to provide an admission of responsibility when that opportunity is presented will result in a decision without the benefit of the Accused Student's testimony. In such cases, the Accused Student waives his/her right to review or appeal the decision.**
- A pre-hearing may be scheduled when the alleged conduct is very serious. A pre-hearing is conducted at the request of the accused or the Office of Student Conduct.

- The purpose of the pre-hearing is to review the charges and the disciplinary procedures. The pre-hearing is not intended to review the content or the merits of the case but merely the procedural aspects of the student conduct process.
- If the Accused Student does not contact the Office of Student Conduct within 24 hours of notification, then a pre-hearing will not be set. It is not necessary to conduct a pre-hearing in order to have a hearing.
- Neither parents/legal guardians nor legal counsel may be present at a student conduct hearing.
- Parents and attorneys may meet with an administrator from the Office of Student Conduct prior to the hearing or after the hearing.
- The outcomes of conduct hearings are confidential except when the law requires specific disclosure.
- The rules of evidence in a court of law do not apply to a student conduct hearing.
- Responsibility is established based on the preponderance of evidence. A preponderance of evidence has been described as just enough evidence to make it more likely than not that a fact is true.
- The Complainant and the Accused Student have the right to be assisted by an advisor they choose, at their own expense. The advisor must be a member of the College community and may not be an attorney. Advisors may only attend hearings which are held before the Committee on the Code of the College; however, the Complainant and/or the Accused Student is responsible for presenting his or her own information, and therefore, advisors are not permitted to speak or to participate directly in any hearing before the Committee on the Code of the College. A student should select as an advisor a person whose schedule allows attendance at the scheduled date and time for the Committee on the Code of the College hearing, because delays are not normally allowed due to the scheduling conflicts of an advisor.

4. Student Conduct Administrators

- The Student Conduct Administrator is not bound to the standards of criminal or civil courts of law.
- A student conduct hearing is conducted either by an individual Student Conduct Administrator (such as but not limited to Director, Residence Hall Director, Student Conduct Hearing Officer, or Dean of Students) or a panel, depending on the offense, and/or the record of the individual(s) involved, at the discretion of the Office of Student Conduct or the Office of Student Affairs.
- Cases may also be heard by the Committee on the Code of the College, which is summoned at the prerogative of the Vice President for Student Affairs.

5. Committee on the Code of the College

- The Vice President for Student Affairs (VPSA) has the option of summoning the Committee on the Code of the College to hear a case, to consider an appeal and/or to render recommendations for sanctions.
- If the VPSA calls the Committee on the Code of the College to render recommendations for sanctions, the Committee's decisions will be presented to either the Dean of Students or the VPSA. The Dean of Students or the VPSA may decide to apply the recommended sanctions or may amend them and will then communicate the decision to the Accused Student.
- If the VPSA calls the Committee on the Code to serve as a hearing body, their decision is communicated to the Accused Student by the Dean of Students or by the Chair of the Committee on the Code, and any appeal may be made to the VPSA in writing within five business days of the date on the sanction letter.
- In cases of appeals, the Committee may maintain the sanction levied or may overturn or recommend amending the original sanction.
- The membership of this Committee is appointed to serve by the VPSA and includes:
 - A member of the faculty who serves as Chair of this Committee
 - A Residence Hall Director
 - A Prefect
 - A member of the Administration
 - A member of Student Government Association, appointed in consultation with SGA President
- In cases where a member of the Committee cannot hear the case or the appeal due to a conflict of interest, the VPSA will appoint another member for the particular hearing.
- The VPSA will provide training for conducting a fair and impartial hearing.
- The VPSA may remove a member from the Committee with the consultation of the Chair.

6. Actions Pending Hearing

- The Vice President for Student Affairs and/or the Dean of Students may place a student on probation, may suspend a student from the residence halls or from the campus, or may place other expectations upon the student pending the resolution of a disciplinary hearing.
- Such actions pending a hearing do not assume responsibility before the fact, but are meant to protect all parties in a dispute until a formal decision is made regarding the case.
- The decision to take such action pending a hearing is not subject to appeal and can be made only by the Vice President for Student Affairs and/or the Dean of Students.

7. Hearing Outcomes/Sanction Letters

- Written notification of hearing outcomes will be delivered to students via campus mail, the student's official Saint Vincent email address, or U.S. Mail.
- Sanction letters may at times be copied to parents/guardians and or College administrators, faculty or coaches.
- For more severe charges resulting in probation, suspension or dismissal from the residence halls or College, students may be asked to pick up sanction letters in person and sign upon receipt.
- Students who have questions about the student conduct process may contact the Office of Student Conduct for assistance.

SANCTIONS

When it has been determined that a student was involved in violating a policy, a sanction or combination of sanctions is imposed. Sanctions give students an opportunity to grow, to become a better member of the community, and to be held accountable for their actions. Repeat offenders and/or students who fail to comply with sanctions levied for violations of College policy may also receive additional sanctions and/or loss of privileges. At the end of the academic year or upon graduation, any unfulfilled sanction obligations will be converted to monetary fines determined by the Office of Student Conduct.

Sanctions and Disciplinary Status

The Student conduct officer or Committee on the Code of the College determines and issues sanctions, giving consideration to the following:

- The seriousness/severity of the incident
- The student's understanding of his or her responsibility/involvement
- The rights of others in the community
- The disciplinary record of the person(s) involved
- Any special/mitigating circumstances

Sanctions imposed for violating the College's Code of Conduct include but are not limited to the following:

Minimum Sanctions Related to Consumption/Possession of Alcohol by a Person Under 21

(Other alcohol violations such as selling alcohol, distributing alcohol to minors, or public intoxication are subject to sanctions as determined by a student conduct officer; see *Other Possible Sanctions*.)

a. First Offense

- A fine of \$100.00 and/or community service, as determined by the student conduct officer.
- A letter will be sent to the student and a copy may also be sent to their parents or legal guardians informing them of the violation and penalty, as well as the penalty for a second and third offense.
- Completion of alcohol education program.

b. Second Offense

- A fine of \$200.00.
- A letter will be sent to the student and a copy may also be sent to their parents or legal guardians informing them of the violation and penalty, as well as the penalty for a third offense.
- Completion of advanced alcohol education program.
- If second offense is committed within one year of the first offense, student will be placed on residence hall and College probation.

c. Third Offense

- A fine of \$300.00.
- A letter will be sent to the student and a copy may also be sent to the parents or legal guardian informing of the violation and the penalty.
- Completion of a comprehensive alcohol assessment and treatment program.
- If third offense is within one year of the first offense, student may be suspended from the College for a minimum of one semester.

Minimum Sanctions Related to Consumption/Possession of Marijuana

(Other drug violations are subject to sanctions as determined by a student conduct officer; see *Other Possible Sanctions*. In compliance with the Drug-Free Schools and Communities Act, all drugs which are illegal under federal law, including medical marijuana, are not permitted on campus.)

a. First Offense

- Deferred suspension and permission to continue classes pending completion of a substance abuse assessment and any proscribed treatment.
- A fine of \$200.00 and/or community service, as determined by the student conduct officer.
- A letter will be sent to the student and a copy may also be sent to their parents or legal guardians informing them of the violation and penalty, as well as the penalty for a second and third offense.
- Possible restriction from serving as a College representative (i.e., athletics, study abroad, etc.)

b. Second Offense

- Student may be placed on immediate suspension.
- Temporary or permanent removal from residence halls.
- A letter will be sent to the student and a copy may also be sent to their parents or legal guardians informing them of the violation and penalty, as well as the penalty for a third offense.
- Student may request to return pending completion of a substance abuse assessment and any proscribed treatment. Upon return, other restrictions may apply, including limited College representation, drug testing, counseling, etc.

c. Third Offense

- Extended suspension or expulsion.

OTHER POSSIBLE SANCTIONS

1. Disciplinary Warning

- The student is given written warning that further misconduct will result in more severe disciplinary action.

2. Educational/Developmental

- The student is required to attend a program or counseling sessions; complete an online course; write an apology, paper or report; meet with a College official; and/or design a poster or bulletin board or other related activities.

3. Service Hours

- The student is required to participate in a prescribed number of service hours with the Saint Vincent College or general community.
- The type of work, service location and number of hours depend on the violation.
- The student conduct officer has the discretion to assign service hours in lieu of fines.

4. Restitution

- The student is required to make payment to the College, or to persons or groups, for damages incurred.
- The amount of the damages will be billed directly to the student's account.

5. Fines

- Fines are assessed for various infractions and will be placed directly on the student's business account.
- The student conduct officer has the discretion to assign fines in lieu of service hours.

6. Relocation

- The student may be required to move to another room, floor or residence hall.

7. Loss/Limitation of Privileges

- The student will lose residence hall and/or College privileges for a temporary or permanent period of time (e.g., loss of visitation privileges, loss of privilege to attend campus student activities, loss of privilege to participate on an athletic team, loss of lottery status for residence hall placement for the following year, being barred from residing in or entering a particular residence hall for a period of time, etc.).

8. No Contact

- The student will be prevented from addressing or communicating with particular parties and/or individuals.

9. Residence Hall Probation

- The student will be placed on Residence Hall Probation; if found responsible for another residential or College violation, then the student may be removed from the Residence Halls either for a period of time (suspension) or permanently (expulsion).

10. College Probation

- The student will be placed on College Probation; if found responsible for another residential or College violation, then the student may be removed from the College either for a period of time (suspension) or permanently (expulsion).
- While on College Probation a student may not represent the College in any public way without written consent from the Office of Student Affairs.
- A student may also be banned from the residence halls while on College Probation.

11. Class Only Probation

- The student will be placed on Class Only Probation, if found responsible for another College violation, the student may then be removed from the College either for a period of time (suspension) or permanently (expulsion).
- While on Class Only Probation a student may not represent the College in any public way without approval from the Dean of Students and/or the Vice President for Student Affairs.
- A student on Class Only Probation may be present on campus only to attend class. Other campus presence and involvement must be approved by the Dean of Students and/or the Vice President for Student Affairs.

12. Dismissal from the Residence Halls

- The student is dismissed from the residence halls and must leave the residence halls within the period of time designated.
- The student may apply to the Dean of Students to re-enter the residence halls after the period of dismissal has expired.
- Dismissal from the residence halls automatically bans the student from entering the residence halls.
- Any entrance to or attempt to enter the residence halls after dismissal will be viewed as trespassing and charges may be pressed against the individual.
- Students dismissed from the residence halls are not entitled to any refund for room and board.

13. Dismissal from the College

- The student is dismissed from the College either for a period of time (suspension) or permanently (expulsion).
- Suspension requires that if the student wishes to return to the College after the period of suspension then s/he must articulate in writing to the Vice President for Student Affairs the student's intent to return and why the request should be granted.
- Dismissal from the College will also result in being banned from campus either for the period of suspension or permanently in the case of expulsion.
- Cases of expulsion result in permanent separation from the College.
- Suspended or expelled students are not entitled to any refunds from the College.

14. Revocation of Admission or Degree

- Admission to or a degree awarded from the College may be revoked for fraud, misrepresentation, or other violation of College standards in obtaining the admission or degree, or for other serious violations committed by a student prior to graduation.
- Withholding Degree – The College may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Conduct Code, including the completion of all sanctions imposed, if any.
- Cases involving the imposition of sanctions other than residence hall expulsion, College suspension, College expulsion, or revocation or withholding of a degree may be expunged from the student's confidential record seven (7) years after final disposition of the case unless the matter regarding the sanction is the subject of ongoing or anticipated civil or criminal litigation.

Students who fail to comply with hearing outcomes may face additional sanctions.

APPEALS PROCESS

1. All decisions or sanctions may be appealed by Accused Students to the appropriate Appellate Student Conduct Administrator (as listed in the next section) within five (5) school days of the decision. Such appeals shall be in writing and shall be delivered to the Appellate Student Conduct Administrator or his or her designee. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the record of the initial hearing and supporting documents for one or more of the following purposes:
 - a. To determine whether jurisdiction as established in the Student Code was properly asserted.
 - b. To determine whether the original hearing was conducted fairly in light of the charges and evidence presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and present evidence that the Student Code was violated, and giving the Accused Student a reasonable opportunity to prepare and to present a rebuttal of those allegations.
 - c. To determine whether the decision reached regarding the Accused Student was based on substantial evidence, that is, whether the facts in the case were sufficient to establish that a violation of the Student Code occurred more likely than not (preponderance of the evidence test).
 - d. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.
 - e. To consider new evidence sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such evidence and/or facts were not known to the person appealing at the time of the original hearing.
2. The Appellate Student Conduct Administrator, as applicable, shall respond to the appeal, and deliver his/her decision within thirty (30) days of his/her receipt of such appeal, except where adherence to such time period would be impracticable, in which case such time period shall be extended as warranted by the particular circumstances.
3. If an appeal is upheld by the Appellate Student Conduct Administrator, the matter shall be remanded to the original Student Conduct Board or Student Code Administrator for re-opening of the hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld by the Appellate Student Conduct Administrator, as applicable, the matter shall be considered final and binding upon all involved.
4. In cases involving appeals by students accused of violating the Student Code, review of the sanction by the Appellate Student Conduct Administrator, as applicable, may not result in more severe sanction(s) for the Accused Student.

Appellate Student Conduct Administrators

The following information details the usual assignment of Appellate Student Conduct Administrators, but a different Appellate Student Conduct Administrator may be appointed at the discretion of the Dean of Students or the Vice President for Student Affairs. Appeals are to be made in writing to the Appellate Student Conduct Administrator within five business days of the date on the sanction letter.

- If the student conduct administrator for the case is a Residence Hall Director or other Student Conduct administrator, the appeal may be made to the Associate Director of Residence Life and Student Conduct.
- If the student conduct administrator for the case is the Associate Director of Residence Life and Student Conduct, then the appeal may be made to the Dean of Students.
- The Vice President for Student Affairs has the option of summoning the Committee on the Code of the College to hear a case, to consider an appeal and/or to render recommendations for sanctions.
- If the Vice President calls the Committee on the Code of the College to render recommendations for sanctions, the Committee's decisions will be presented to either the Dean of Students or the Vice President for Student Affairs. The Dean of Students and/or the Vice President for Student Affairs may decide to apply the recommended sanctions or may amend them and will then communicate the decision to the student.
- If the Vice President calls the Committee on the Code to serve as an initial hearing body, their decision is communicated to the student by the Dean of Students or the Committee Chair, and any appeal may be made to the Vice President for Student Affairs.
- If the student conduct administrator for the case is the Dean of Students, then the appeal may be made to the Vice President for Student Affairs.
- There are no further avenues for appeals beyond the Vice President for Student Affairs, whose decision is binding upon the student.

APPENDIX A

Information Technology Acceptable Use Policy

I. Applicability

- The following is an articulation of the policies and procedures the Information Technology Department will employ in dealing with issues regarding the acceptable use of informational technology on the Saint Vincent campus.
- This articulation applies to all members of the Saint Vincent community (employees and administrators of the College, Seminary, Archabbey and Parish, and students of the College and Seminary).
- With respect to members of the Saint Vincent College Faculty, this document is not meant to conflict with, alter or modify in any way the policies and procedures set forth in Section 3.4.2 (Computer Usage) of the Faculty Handbook. To the extent that there is any perceived inconsistency between Section 3.4.2 and this document, the provisions of Section 3.4.2 prevail with respect to any matter dealing with a member of the College Faculty.

II. General Principles

- Electronic resources, including computer email, network servers/storage, web pages and Internet access that are provided to the members of the Saint Vincent Community are provided by Saint Vincent solely for the use of these members in carrying out the mission and purpose of the institution.
- These resources are and remain at all times the sole property of Saint Vincent. Because these resources constitute a powerful tool in the hands of a user, Saint Vincent is obligated to ensure that they are used only for the proper purposes for which they have been provided. While Saint Vincent recognizes the value of privacy within this institution, and the related principles of academic freedom as they relate to members of the faculty, and will honor those ideals, there should be no expectation of privacy of information stored or sent through IT resources owned by Saint Vincent.

III. Account Access and Management

- Access to the computer resources on the Saint Vincent network must be approved by the Information Technology Department which will assign accounts to individuals. An individual account may not be used by a person other than the one to whom it has been assigned. No one may attempt to gain unauthorized access to the account or files of another user.
- The accounts of employees of Saint Vincent will be closed immediately upon their separation from employment unless arrangements are made with the employee's supervisor to permit access for an additional brief period. The accounts of graduates will remain active as long as the account is actively continued in use. An account which has been inactive for a period of approximately 12 months will be deleted. Students who leave Saint Vincent other than by graduation will have their accounts remain active for a period of time not to exceed 30 days after their last semester and will then be deleted.

IV. Internet Use and Management

- The electronic resources provided by Saint Vincent are to be used solely for the purpose of carrying out the mission and purpose of Saint Vincent. Any use of the account provided by Saint Vincent and/or the electronic resources otherwise made available that is contrary to the mission and purpose of the institution is strictly prohibited.
- Users of the account and electronic resources of the Saint Vincent network ["users"] are reminded that they must comply with all state, federal and local laws, and the policies promulgated by Saint Vincent as articulated in the various Handbooks and otherwise.
- Users may not use these resources for personal business ventures, commercial development, political endeavors or other wholly personal uses that are not consistent with the mission and purpose of the institution. Incidental and occasional personal use of email and electronic resources is permitted as long as it does not otherwise violate federal, state or local laws, or policies of the institution, otherwise significantly detract from the mission and purpose of the institution, increase security risks to the network or negatively impact the performance of the system on campus.
- No user may upload or copy any files or programs that are designed to hinder, damage or disrupt the Saint Vincent computer resources.

- Users are responsible for adherence to federal copyright laws. Saint Vincent will fully comply with any investigation of copyright violations brought to its attention.
- Users are advised that most of the software available through the Saint Vincent network is protected by licensing agreements and that no individual may copy or distribute such materials to unlicensed users.

V. Enforcement

- The Saint Vincent community is advised that Saint Vincent, as the owner of the electronic resources it otherwise provides to its members, reserves the right to track and analyze network traffic for routine administrative purposes to ensure the proper functioning of the network.
- Additionally, Saint Vincent reserves the right to track and analyze network traffic, email messages and attachments, Internet sites visited, electronic files and data to ensure that they are being used solely for the purposes for which they have been provided. Tracking of this nature will be approved in advance by the Archabbot and either the President of the College, the Rector of the Seminary or the Prior of the Archabbey, depending upon the location of the computer to be monitored. Notice of the analysis and tracking will be given to the individual affected when feasible.

VI. Disciplinary Action

- Any violation of the policies and procedures set forth herein will be immediately referred for possible disciplinary action to the supervisor having jurisdiction over the alleged offender. The Information Technology Department will provide technical support in determining whether such an offense has taken place.
- Disciplinary actions will proceed in the manner prescribed by the Handbook and policies of the relevant segment of the community in which the violation took place. In addition to any other discipline that may be imposed for a proven violation, the individual violator may be denied or severely limited in their further access to the electronic resources of the institution.

VII. Service Management

- Requests for service, training, reporting problems, etc., should be handled by calling the IT Service Desk at (724) 805-2297, stopping by the IT Service Desk on the ground floor of Alfred Hall, or by email to servicedesk@stvincent.edu. Each request will be logged through the IT Service Request database to insure a proper response.
- Users must note that when a Saint Vincent device is being serviced or replaced by the IT Service Desk, non-Saint Vincent related software could be removed unless specific to the proper needs of the department. Favorites, Instant Messaging software, Web software, Music, Videos, etc., may fall into this category.
- When personally-owned devices are being serviced, the IT Department will make a best effort attempt to troubleshoot these devices for users, but users must sign a Liability Waiver releasing the Information Technology Department and Saint Vincent for liability for any loss of software, files or data that may occur during the repair or reconfiguration of these devices.
- All users should be aware that the maintenance of electronic devices by the IT Department may require department personnel to have access to the files of said devices. Any user-specific service conducted by the IT staff outside of the Service Desk area (in a user's office or work space) will be conducted in the presence of the user or their designee. If questionable material is discovered during any such service, IT personnel will immediately advise the CIO who will thereafter refer the findings to other appropriate supervisory officials of Saint Vincent.
- Users must recognize that network service may be intentionally interrupted from time to time for maintenance purposes. Every effort will be made to have all planned interruptions occur during non-peak hours, with sufficient notice provided to all users affected by the outage. However, service may have to be interrupted during peak hours if warranted, and IT will make every effort to give adequate notification if at all possible.
- Because of a limited amount of disk space available on the network, from time to time restrictions/quotas may be placed on how much material individuals may store on the system. Requests for additional disk space or instruction on other methods for archiving data can be made by submitting an IT Service Request via email or by calling the IT Service Desk.

- To reduce security risk, “personally” owned laptops, MacBook’s, etc. are not to be connected to the network jacks via a patch cable in the classrooms, computer labs, or offices, unless it is under the direction of the IT Department. Mobile devices should only use the wireless network provided by the College or the 3rd party Resnet provider. Laptops and other mobile devices that are “property of the College” should be connected by patch cable to the network jack if at all possible when the device is in an office or classroom and a network jack is available because it allows for more efficient processing and better security. However, if wireless is the only feasible option, College owned devices should connect to the SVC wireless network (not the guest option), which requires an ID and password. Connecting via a network jack or SVC network wireless ensures the device will receive auto-updates of the latest antivirus and O/S patches. Additionally, the wireless signal should be turned off when the device is connected by cable. Having both connections active can cause problems with the laptop or mobile device, and it can also cause problems on the network.

APPENDIX B

NOTICE OF RIGHTS UNDER FERPA AND ITS IMPLEMENTING REGULATIONS

The Family Educational Rights and Privacy Act (FERPA), enacted by 20 U.S.C. § 1232g, is a conditional funding law that prohibits federal education funding to educational agencies or institutions unless certain policies involving inspection, review, access, and protection of student education records are in place. 20 U.S.C. § 1232g(e) mandates that institutions of higher education effectively inform students of the rights accorded to them by FERPA. This notice is meant to inform students pursuant to 34 C.F.R. § 99.7, the implementing regulation of 20 U.S.C. § 1232g(e), of these rights.

A. Student Rights under FERPA

1. Eligible students are afforded certain rights with respect to their education records. An “eligible” student” under FERPA is a student who is 18 years of age or who attends a postsecondary institution. As used in this notice, “student(s)” means “eligible student(s).”

2. All students at Saint Vincent College have the right to inspect and review their education records within 45 days after the day Saint Vincent College receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request or an in-person verbal request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. The student may be required to show proof of identification at the time of or prior to inspection. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

3. All students at Saint Vincent College have the right to seek amendment of their education records that the student believes to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If Saint Vincent College decides not to amend the record as requested, Saint Vincent College will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

4. All students at Saint Vincent College have the right to provide written consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA and 34 C.F.R. § 99 authorize disclosure without consent. Consistent with FERPA and its implementing regulations, Saint Vincent College may, without written consent of the student, disclose the following:

- i. Directory information, as defined in § C.3 of this notice, containing personally identifiable information about a student unless that student opts out of directory information disclosure under the procedures outlined in § C.4 of this notice; and
- ii. Education records containing personally identifiable information under the conditions specified in 34 C.F.R. § 99.31. Those conditions are listed in § D.1 of this notice.

5. All students at Saint Vincent College have the right to file with the Family Compliance Office of the Department of Education under 34 C.F.R. §§ 99.63 and 99.64 concerning alleged failures by the educational institution to comply with the requirements of FERPA and 34 C.F.R. § 99. The address of the Family Compliance Office is: Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202.

- i. A complaint must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA or 34 C.F.R. § 99. has occurred. A complaint does not have to allege that a violation is based on a policy or practice of the educational institution, other recipient of Department of Education funds under any program administered by the Secretary, or any third party outside of an educational institution.
- ii. A timely complaint is defined as an allegation of a violation that is submitted to the Family Compliance Office within 180 days of the date of the alleged violation or of the date that the complainant knew or reasonably should have known of the alleged violation. The Family Compliance Office may extend this time limit for good cause shown.

B. Education Records

1. FERPA protections extend to education records. Therefore, it is important for students to know what constitutes an “education record” within the meaning of FERPA. 34 C.F.R. § 99.3 defines education records as follows:

- i. The term “education records” means those records that are:
 - a. Directly related to a student; and
 - b. Maintained by an educational institution—i.e. Saint Vincent College—or by a party acting for the institution.
- ii. The term “education records” does not include

 - h. Grades on peer-graded papers before they are collected and recorded by a teacher.

C. Directory Information

1. FERPA requires Saint Vincent College, with certain exceptions, to obtain written student consent prior to disclosing personally identifiable information about the student. However, Saint Vincent College may disclose “directory information” without written student consent unless the student has advised Saint Vincent College to the contrary in accordance with College procedures. The primary purpose of directory information is to allow Saint Vincent College to include this type of information from students’ education records in certain school publications. Examples include, but are not limited to, the following:

- News releases informing the public about events at Saint Vincent College
- Dean’s Lists and other honors/recognitions
- Updates regarding athletics and athletes
- Commencement programs

2. Directory information can also be disclosed to outside organizations without a student's prior written consent.

3. Saint Vincent College's definition of directory information is modeled after the definition contained in 34 C.F.R. § 99.3:

- i. Directory information means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.
- ii. Saint Vincent College considers the following information pertaining to a student to be directory information:
 - Name
 - Address (local, home, and email)
 - Telephone listing (local, mobile, and home)
 - Photograph
 - Date and place of birth
 - Major field of study
 - Class level
 - Enrollment status (e.g., undergraduate or graduate, full-time or part-time);
 - Dates of attendance
 - Participation in officially recognized activities and sports
 - Weight and height of members of athletic teams
 - Past and present participation in officially recognized activities and sports
 - Degrees, honors, and awards received
 - Previous institutions attended
 - Home parish, church, synagogue, mosque, temple, or any other place of worship
- iii. Directory information does not include a student's
 - a. Social security number; or
 - b. Student identification (ID) number, except as provided in (1) and (2) of this subsection
 - (1) Directory information includes a student ID number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user; and
 - (2) Directory information includes a student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

4. If a student does not want Saint Vincent College to disclose directory information from his/her education records without his/her prior written consent, he/she must notify Saint Vincent College by filing a written statement in the Registrar's Office by the end of the first week of each semester. Failure to file a written statement may result in the routine disclosure of directory information.

5. A student may not opt out of directory information disclosures to (1) prevent Saint Vincent College from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled; or (2) prevent Saint Vincent College from requiring a student to wear, to display publicly or to disclose a student ID card or badge that exhibits information that may be designated as directory information.

D. Disclosure of Education Records Notice

1. FERPA permits the disclosure of personally identifiable information from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose personally identifiable information from the education records without obtaining prior written consent of the student –

A school official may also include a volunteer or contractor outside of Saint Vincent College who performs an institutional service of function for which Saint Vincent College would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks.

ii. To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))

These entities may make further disclosures of personally identifiable information to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. SAINT VINCENT COLLEGE
Sexual Misconduct and Harassment

On May 19, 2020 the United States Department of Education published new regulations for Title IX. Saint Vincent College is currently reviewing the regulations and its preamble. Due to the new regulations, Saint Vincent is revising and updating its Sexual Harassment and Sexual Misconduct policy and all related materials and information. The new regulations are set to go into effect on August 14, 2020.

At the time of the printing of this Handbook, this review has not yet been completed. In addition, the new regulations are the subject of multiple federal lawsuits, which may affect the contents of this policy. In order to avoid confusion, students will be provided with an updated copy of the College's Sexual Harassment and Sexual Misconduct policy on or before the first day of classes (August 17, 2020). The new policy will be delivered electronically via your Saint Vincent email, and this Appendix C of the Student Handbook will be updated on the web.
