

A silver Subaru is shown from a rear three-quarter view, driving on a winding asphalt road. The car is in motion, with a blurred background of mountains and a blue sky with white clouds. The car's rear features include a red taillight, a silver bumper with dual exhaust tips, and a license plate that reads "VH 14". The Subaru logo is visible on the rear hatch.

Genuine Subaru Performance Parts

Take it up a notch.

 **SUBARU**
Confidence in Motion

Unleash your passion with Genuine Subaru Performance Parts.

For you, driving a Subaru is more than a way of getting from A to B, it's a way of life. A life lived beyond limits. Give your Subaru heart-pounding power, pulse-racing performance and jaw-dropping style that perfectly matches not just how you drive, but who you are. Customize your vehicle's performance and appearance without compromising its quality with Genuine Subaru Performance Parts.

Parts not marked with asterisk(s) are covered by the Limited Warranty for Genuine Subaru Replacement Parts and Accessories. See dealer for complete warranty details.

* Parts with one asterisk are covered by the Parts Only Limited Warranty for Select Genuine Subaru Performance Parts (Labor Excluded).

Parts intended for off-highway application only. May bring vehicle out of compliance with safety/emissions standards. Can only be lawfully installed by end user. See dealer for complete warranty details.

** Parts with 2 asterisks sold "as is" without any warranty coverage. Intended for off-highway application only. May bring vehicle out of compliance with safety/emissions standards. Can only be lawfully installed by end user. See dealer for complete warranty details.

STI Performance Parts – our middle name is “performance”

Developed under the umbrella of the “total tuning” concept, STI Performance Parts are created in close cooperation with the development team of STI (Subaru Tecnica International), a 100% wholly owned subsidiary of Fuji Heavy Industries Ltd. (FHI). Unlike generic performance parts, STI Performance Parts reflect the synergy of STI and FHI, working together to take performance to a new level. Real time performance parts data gleaned from the WRC has been fed back to the STI development group, which uses this knowledge to produce high quality products designed specifically for the unique powertrain requirements of the Subaru.

STI Under Spoiler – Front

STI Under Spoiler gives the WRX and STI a mean, ground-hugging attitude. Includes STI logo.

WRX & STI (2015-2017): **E2410VA000**
 Impreza (2017): **E2410FL000**

STI Under Spoiler – Side

Continue the mean ground-hugging attitude down the rocker panels of the WRX or STI. Kit includes both left and right side under spoilers.

WRX & STI (2015-2017): **E2610VA000**
 Impreza (2017): **E2610FL010**

STI Under Spoiler – Rear Quarter

Completes the look on the side of the WRX or STI with the addition of the STI Rear Quarter Under Spoiler. Kit includes both right and left side under spoilers.

WRX & STI (2015-2017): **E5610VA000**
 Impreza (2017): **E5610FL010**

STI Under Spoiler – Rear

Finish off the overall ground-hugging look with the addition of the rear under spoiler. The final piece of the under spoiler kit is finished in rich metallic silver and includes a STI logo.

WRX & STI (2015-2017): **E5610VA100**

STI Under Spoiler – Front

STI Under Spoiler gives the BRZ a mean, ground-hugging look. Includes STI logo.

BRZ (2013-2017): **E2410CA000**

STI Under Spoiler – Side

Continue the mean ground-hugging look down the rocker panels of the BRZ. Kit includes both left and right side under spoilers. Includes STI logo.

BRZ (2013-2017): **E2610CA000**

STI Under Spoiler – Rear Quarter

Complete the look on the side of the BRZ with the addition of the STI Rear Quarter Under Spoiler. Kit includes both right and left side under spoilers.

BRZ (2013-2017): **E5610CA100**

Under Spoilers

Lightweight color-matched ground effects components give the WRX Sedan an aggressive look of performance.

Under Spoiler – Rear

WRX Sedan (2002-2003):
E5610FE200WG (Aspen White)

Under Spoiler – Side

WRX (2002-2004):

SPT High Flow Air Intake

The SPT High Flow Air Intake is constructed of 319 diecast aluminum, manufactured to ensure the smoothest high flowing bends. Each system includes a silicone-reinforced boot, anti-vibration mounting system, stainless steel t-bolt clamps, and a SPT 4-layer cotton gauze filter with a built in velocity stack for smooth air flow. The intake is coated in new gunmetal gray-textured powder-coat finish. Professionally dyno tested and when combined with the SPT Heat Shield and SPT Performance Exhaust System, produces up to 30hp and 20 lb-ft of torque on a stock 2007 STI, up to 10hp and 17 lb-ft of torque on a stock 2007 WRX, and up to 30hp and 30 lb-ft of torque on a stock 2007 Legacy GT Sedan when measured at the wheel. Installation of High Flow Air Intake System will result in increased turbocharger and diverter valve air flow sounds during operations. This condition is indicative of normal operation.

WRX (2002-2007) and WRX STI (2004-2007):

SOA8431000

Legacy 2.5GT and Outback XT (2005-2009) and spec.B (2006-2009):

SPT High Flow Replacement Element

WRX (2002-2007), WRX STI (2002-2007), Legacy 2.5GT and Outback XT (2005-2009) and spec.B (2006-2009):

SOA8431110

SPT Heat Shield

The SPT Heat Shield helps ensure that the SPT intake is able to supply the engine with cool air, which reduces the loss of power that comes from a heated intake charge. Cooler air is drawn from inside the passenger front wheel well and behind the headlight - not from the hotter areas surrounding the turbocharger, engine and radiator. Unlike a traditional cold-air intake, which places the filter element as low as possible in the vehicle, this setup helps to supply cool air, limiting the risks of water ingestion.

WRX (2002-2007) & WRX STI (2004-2007):

SOA8431030

Legacy 2.5GT & Outback XT (2005-2009) & spec.B (2006-2009):

STI Air Cleaner Element*

Drop-in replacement air cleaner element allows a higher volume of air flow versus the stock air filter. Paper element and steel mesh construction does not require oiling. Replaces standard element 16546AA020.

WRX (2002-2007) & WRX STI (2004-2007):

ST165464S000

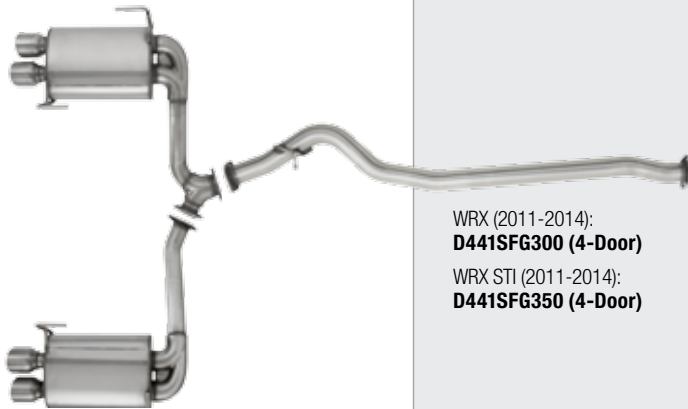

SPT Legacy 2.5GT Sedan Performance Exhaust System

Cat-back exhaust system is manufactured of T304 stainless steel. Smooth mandrel bend construction helps to minimize back pressure, improve exhaust flow and produce a rich mellow tone. The exhaust system includes a 3-inch intermediate pipe, 3-inch rear y-pipe that splits to two 2-1/4-inch polished pipes and two polished mufflers with SPT engraved tips.

Legacy GT Sedan & spec.B (2005-2009):
SOA3881110

SPT Performance Exhaust System

These exhaust systems feature full stainless steel construction with smooth mandrel bands for low restriction and that famous boxer engine sound. All systems incorporate optimized tubing diameters and exhaust tips that are polished and etched with the SPT logo.

STI Performance Exhaust System

Mounted behind the catalytic converter, the STI Performance Exhaust System provides a smooth mandrel bend construction to help reduce exhaust flow restrictions, allowing the engine to "breathe" more efficiently. The exhaust systems include a free-flowing center pipe after the catalytic converter than splits into two pipes and mufflers with engraved STI tips.

STI Stainless Mesh Brake Hose Set*

Replaces stock brake hoses for a more positive brake pedal feel under heavy braking conditions. Unlike aftermarket look-alikes, hoses are covered with double thread stainless steel mesh which helps inhibit expansion (and distortion) of hoses under severe usage, and with a polyolifin coating to help prevent dust and ice build-up.

WRX STI (2004-2007):
ST265504S000

STI Air Duct Hose*

High-temperature red silicone hose embossed with STI logo. Connects intercooler to intake plenum. Matches STI Radiator Hose Set.

WRX (2002-2005):
ST2183066000

SPT Radiator Shroud

A functional and good looking accessory that helps to increase the air flow across the radiator by closing the gap between the radiator and core support. The shroud is manufactured of highly polished stainless steel.

All Impreza Models (2002-2007):
SOA8431080

STI Radiator Cap*

High-pressure radiator cap increases pressure rating of cooling system from .9 bar (13.0 lbs.) to 1.3 bar (18.9 lbs.). Allows for more efficient cooling under demanding conditions.

WRX (2002-2015), 2.5RS (2002-2005), WRX STI (2004-2015) & 2.5i (2006-2007) and Forester XT, XT Premium, XT Ltd. & Sports (2004-2008):
ST4511355010

SPT Turbo Heat Shield

The SPT Turbo Heat Shield helps to retain heat within the turbocharger which helps to maintain turbocharger exhaust gas velocity. The shroud also helps keep heat generated by the turbocharger away from the intercooler. The SPT Turbo Heat Shield can be used in conjunction with the stock turbo heat shield and is manufactured of highly polished stainless steel.

WRX (2006-2007), WRX STI (2004-2007) and Forester XT (2008):
SOA8431100

Impreza 2.5GT (2009-2011), WRX & WRX STI (2008-2014), Legacy 2.5GT & Outback 2.5XT (2005-2009) & Forester 2.5XT (2009-2013):

Everything rides on control.

From more responsive steering in extreme driving conditions to enhanced cornering and straight-line stability, Genuine Subaru Performance Parts offer next-level comfort, control and driving performance.

STI Transverse Link Bushings

Transverse links with a stiffer rubber compound replace stock links, which helps create a tighter more responsive handling experience.

WRX (2002-2007), 2.5RS (2002-2005)
& 2.5i (2006-2007):

B0200FE000 (R-RH)
B0200FE010 (R-LH)

STI Strut Mounts – Front

Harder rubber construction over stock mounts allows for less strut movement and more responsive steering during extreme driving conditions.

WRX & WRX STI (2004-2007), Forester XT,
XT Premium, XT Ltd. & Sports (2004-2008):

B0310FE000 (2 required)

STI Strut Mounts – Rear

Harder rubber construction over stock mounts allows for less strut movement and more responsive steering during extreme driving conditions.

STI Performance Suspension Components^{†*}

Adjustable Struts and Springs:

Inverted strut and spring design with variable height adjustment. Includes a 4-position strut dampening adjustment on front and rear struts. Strut diameter is increased from 22mm to 39mm on 2.5RS and WRX (equal diameter on the STI model). Springs initially lower body approximately 10mm on 2.5RS and WRX, 20mm on STI model, and may be adjusted an additional 30mm.

WRX Sedan (2004-2007), 2.5RS (2004-2005), 2.5i (2006) & WRX STI (2004):
203004S090 (Adjustable Strut/Spring-RL)

Hook Wrench:

Used to adjust struts. Includes set of 2 wrenches.

WRX Sedan (2004-2007), 2.5RS (2004-2005), 2.5i (2006-2007) & WRX STI (2004):
ST9701455000

STI Front & Rear Sway Bars:

Increased diameter to 21mm for front and rear sway bars helps reduce body roll and improve handling.

WRX Sedan (2004-2007):

B2010FE550 (Front)

Aluminum Arm Kit:

WRX & 2.5RS Sedan (2002-2003):

B2010FE251DS

STI Performance Suspension Kit^{†*}

Kit provides optimal suspension performance by enhancing the cornering, straight-line stability and overall handling of the WRX.

WRX & 2.5RS Sedan (2002-2003):

B2010FE211DS (Strut Kit-FR)

B2010FE221DS (Strut Kit-FL)

B2010FE251DS (Aluminum Arm Kit)

STI Lateral Link and Trailing Link Sets

All bushings are replaced with pillow ball (spherical) type joints allowing for smooth and accurate movement of the suspension with enhanced driving stability, handling response and driving feel.

STI Lateral Link Set

WRX STI (2004):

B0250FE010

STI Trailing Link Set*

ST2027055000

STI Lateral Link Set

Forester XT, XT Premium, XT Ltd. & Sports (2004-2008):

B0250SA001

STI Lower Arm Bar*

Made of lightweight and extremely strong SUS304 tubular stainless steel for lasting durability. The lower arm bar connects the front subframe with the center of the cross member providing improved steering and suspension feel.

WRX (2002-2007) & WRX STI (2004-2007) and Forester XT, XT Premium, XT Ltd. & Sports (2004-2008):

ST205104S020

STI Inverted Adjustable Struts and Springs^{†*}

Inverted strut and fixed spring design lowers the vehicle approximately 15mm. Front spring stiffness is increased 35% over stock, and 30% over stock on the rear springs. Front and rear struts include a 4-position strut dampening adjustment which may be adjusted to the dampening force of a stock WRX, to harder than a stock STI suspension. Struts are designed exclusively for the 2005-2007 WRX STI models.

WRX STI (2005-2007):

- 203004S221 (Inverted Adjustable Strut/Spring-FR)**
- 203004S231 (Inverted Adjustable Strut/Spring-FL)**
- 203004S241 (Inverted Adjustable Strut/Spring-RR)**
- 203004S251 (Inverted Adjustable Strut/Spring-RL)**

Shown with STI Strut Mounts:

- B0310FE000 - Front (2 required)**
- B0310FE013 - Rear (2 required)**

STI Strut and Spring Set^{†*}

Strut cylinder diameter is increased from 22mm to 39mm. Overall system stiffness is increased by 50%-130% depending on vehicle application. Springs lower body approximately 15mm-22mm.

WRX Sedan (2004-2007), 2.5RS (2004-2005), 2.5i (2006-2007) and WRX STI (2004):

- 203004S101 (Strut/Springs-FR)**
- 203004S111 (Strut/Springs-FL)**
- 203004S121 (Strut/Springs-RR)**
- 203004S131 (Strut/Springs-RL)**

[†]For a complete set order one of each component listed under body type.

STI Performance Springs

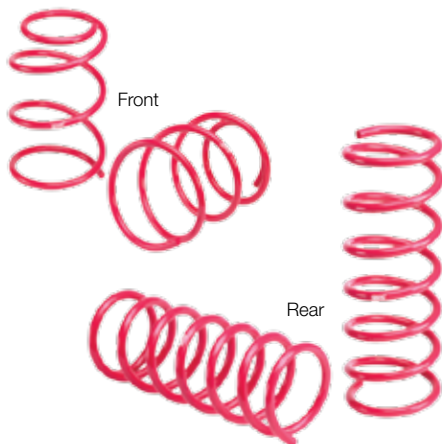

STI springs are stiffer than stock and lower the vehicle ride height by about 10mm. The lower center of gravity can reduce body roll and result in noticeably improved handling.

WRX STI (2008-2010):

- B2010FG200 - Front (2 required)**
- B2010FG300 - Rear (2 required)**

WRX (2008) and Impreza exc. WRX (2009-2010):

- B2010FG000 - Front (2 required)**
- B2010FG100 - Rear (2 required)**

STI Performance Spring Set

Lowers body approximately 15mm-21mm, depending on model, with an increase of 40%-45% in spring stiffness.

STI Spring – Front

WRX (2004-2007), 2.5RS (2004-2005) & 2.5i (2006-2007): **B2010FE500 (2 required)**

STI Spring – Rear (Sedan)

WRX (2004-2007), 2.5RS (2004-2005) & 2.5i (2006-2007): **B2010FE510 (2 required)**

STI Spring – Rear (Wagon)

WRX (2004-2007), 2.5RS (2004-2005) & 2.5i (2006-2007): **B2010FE520 (2 required)**

STI Spring – Front*

Forester XT, XT Premium, XT Ltd. & Sports (2004-2008): **ST2033088000 (2 required)**

STI Spring – Rear*

Forester XT, XT Premium, XT Ltd. & Sports (2004-2008): **ST2038088000 (2 required)**

SPT Performance Spring Set*

Performance Spring Set lowers the WRX Sedan stance approximately 1.4" front, 1.2" rear, resulting in a lower center of gravity, which improves handling performance and vehicle responsiveness. A lower center of gravity helps reduce squat during acceleration, body roll when cornering and excessive nose-dive under braking. Kit includes 2 front and 2 rear suspension springs.

WRX Sedan (2002-2003):

- SOA855Z1200**

Shift performance into high gear.

Make your engine and your pulse race faster with Genuine Subaru Performance Parts designed to deliver precision clutch action and higher torque in the heat of competition or off-road use.

STI Stainless Mesh Clutch Hose*

Replaces stock clutch hose and produces a more precise clutch action. Stainless steel mesh covering helps inhibit expansion and distortion of clutch hose.

WRX (2002-2005):
ST372514S000

WRX STI

STI Clutch Disc – Organic 7.7MM**

Organic friction material provides higher torque and temperature capabilities than stock disc. Some clutch judder may result when clutch is partially engaged. Use only with clutch cover ST302104S000.

WRX STI (2004-2007):
ST301004S020 (6MT)

STI Clutch Cover – Organic 7.7MM**

Heavy-duty cover allows for a more efficient transfer of engine power. For use with the 240mm diameter clutch disc ST301004S020. Exerts pressure of 1,150 kgf (2,535 lbf).

WRX STI (2004-2007):
ST302104S000 (6MT)

STI Lightweight Flywheel**

(7.2 kg or 15.8 lbs. vs. stock flywheel weight of 8.6 kg or 18.9 lbs.) Machined from high strength chromium molybdenum. Reduced rotating mass of the lighter flywheel allows engine to rev faster. Recommended when replacing stock clutch cover and disc with the STI clutch cover and disc sets.

WRX STI (2004-2007):
ST123104S000 (6MT)

STI Clutch Cover 5MM (for Ceramic/Metallic Clutch Disc)**

Heavy-duty cover allows for a more efficient transfer of engine power. Recommended for competition or off-road use. For use with the 230mm diameter metallic clutch disc ST3010055120. Exerts a pressure of 1,050 kgf (2,315 lbf).

WRX (2002-2005):
ST3021055000

STI Clutch Disc – 5MM Ceramic/Metallic (w/ Damper)**

Ceramic/metal friction material – recommended for competition or off-road use. Clutch judder will be experienced when clutch is half-engaged. Use only with clutch cover ST3021055000.

WRX (2002-2005):
ST3010055120

STI Lightweight Flywheel**

(5.5 kg or 12.1 lbs. vs. 10.5 kg or 23.15 lbs.) Flywheel is machined from high strength chromium molybdenum. Reduced rotating mass of the lighter flywheel allows engine to rev faster. Recommended when replacing stock clutch cover and disc with the STI clutch cover and disc clutch sets.

WRX (2002-2005):
ST1231055010 (5MT)

WRX
