Disclaimer: The K12 OLS (Online School) paces lessons into weekly plan consecutively on specified days for each course and component. Not completing a lesson will simply move it to the next day, but not keep a student on pace. The pacing calendar below does not account for "Optional" lessons that will not count toward overall progress. Course grades are calculated as percent progress to goal over time and will fluctuate during weeks with no lesson. The pacing below accounts for 50% of the course to be completed each semester.

The pacing calendar below does not account for "Optional" lessons that will not count toward overall progress. Course grades are calculated as percent progress to goal over time and will fluctuate during weeks with no lesson. The pacing below accounts for 50% of the course to be completed each semester.
