# A NOTE FROM THE PRESIDENT

## DATES TO REMEMBER

**ANNUAL PICNIC**  
Sunday, July 31st  
Happy Landing Lodge  
Races start at 1:00 p.m.

## FISH FRY

Saturday, August 20, 2016  
Happy Landing Lodge  
4:00—7:00 p.m.

Tickets \$18.00 in advance  
Extra pieces of fish \$5.00 each

\*See members of the Board for  
tickets or Happy Landing Lodge

(Note: tickets **MUST** be purchased in advance)

**Thank you! To all of the people who served on the TLCA Board of Directors and Committees in recent years. Our special thanks go out to: Donna Murphy, Jean-Yves Losier, Michelle Zettler, Larry Hewitt, Barry Zettler, Wanda Kasprzycki, Bob Donaldson, Barb Moxham, and all the unnamed heroes who volunteer at the picnic, fish fry, install safety lights, maintain fire pumps, and work at the fish pond.**

## ENVIRONMENT & FORESTRY REPORT— Bob Nikolic, Director

Greetings to all Campers and welcome to new summer season.

In mid-May we carried out phosphorus water sampling and Secchi readings. We will also carry out Secchi readings in mid-July and again mid-September which will give us a good water clarity average for the season. There are plans to test the lake for oxygen content which is vital information as far as lake trout is concerned. It should give us some idea about water conditions to support this species.

As far as forestry is concerned there is harvest going on by Chartrand outside 1km no summer harvest. There is new road at about 9 km mark on Shaw road and harvest is located north of the road and quite far away from the lake. We will be visiting the site to monitor operations and don't expect any problem with this company.

Enjoy the clean water and beautiful forest around you – so many people around the world do not have a chance to do the same.

**KEEP ACCESS TO THE WATER AS NARROW AS POSSIBLE –  
NATURAL SHORELINE PLANTS PROTECT THE SHORE FROM EROSION AND  
FILTERS OUT POLLUTANTS ENTERING THE WATER**

***OUR LAKE – OUR FUTURE***

# EMS Presentation at Annual General Meeting - June 4, 2016

## By Jack Suski

On June 4, 2016, the Trout Lake Campers Association AGM members had the privilege of attending a presentation on Emergency Preparedness. A big thank you to the facilitators Darrell Duval from Ornge and Robert Smith (Paramedic Services - Sudbury/Manitoulin Emergency Management Services).

The presentation was not only informative but it was engaging as well. They provided information on services available to residents in the area including land/air ambulances and the various services available at the time of need including specific medications and other life saving devices.

Discussion followed on the use of helicopter service and land ambulance service with the need to utilize GPS locations to assist in the accuracy of locating those in need of help. The importance of keeping your GPS location in a visible accessible area such as on your fridge was suggested.

We are recommending our members obtain their GPS coordinates i.e.: Longitude and latitudinal locates which can be found on your GPS or cellphone. Consider downloading an application called "Where am I?" <https://ctrlq.org/maps/where>.

Also recommended was keeping emergency information on hand for professional service attendants such as personal data including drugs being prescribed, health card number, address, latitude and longitude for those in the residence.

The presentation was followed by a question and answer period. Campers are urged to visit the websites for both organizations to obtain more information.

Special thanks were provided to our guest speakers and they were provided with complimentary TLCA t-shirts and beer cozies.

## FISHERY REPORT—Larry Hewitt

GREAT NEWS - On Saturday June 25 we released ELEVEN THOUSAND FISH from the hatchery to the lake . This was done with many volunteers. Working the pond were John Rothery, Al Cormac, Rob Wylie, John Rudinski, and Brian Smith. Boats were there from Bill Munro, Larry Hewitt, Dave Guay, Art Wismer and Chris Carriere. Also having helped earlier were Terry Gauthier and George Zanetti. Special thanks to Owls Nest Lodge for allowing us to use their dock and facilities for the stocking, and for work last fall and this spring in preparation of the pond.

In all about 25 TO 30 bags of fish were placed in the lake in different locations. They were very healthy and of a good size. A very good job by all . Thank you for all of your help in the past ..If I missed you for helping I do apologize but this was the info I had on Saturday. This will be my final report as I have resigned from the director's position.

The Board would like to thank Larry for taking on this position, working his way through the necessary paperwork to maintain the permit, grants, etc. Without someone to take the lead, the pond work cannot proceed.

# SAFETY REPORT—Darryl Taylor

Hello fellow campers. I hope you are all enjoying this hot, dry summer.

I took over the Director of Safety position at the Annual General Meeting on June 4, 2016

Thank you to the past safety director Barry Zettler for all his hard work over the past years.

Also a big thank you to the marker/light stewards and the members who store and maintain the fire pumps. Have a safe summer and please contact me if you see any markers /lights that need repairs.

On June 20, 2016 a fire was reported at the government landing on the south shore. It was confirmed that lightning had struck a pine tree.

The fire pump from the Gravelle camp was picked up by Rich Saul and used to extinguish the fire prior to the fire departments arrival.

Thanks to Rich Saul, John Rudinski, Chris Carrier, Terry Gauthier and Dennis Kay for their speedy response and hard work.

Fire Pump Refresher - If anyone would like a quick refresher or would like instructions how to operate the fire pumps please feel free to contact me.

I have a pump set up and it would only take a couple of minutes.

Please note the fire pump location change on the fire pump map from Jacobson's to Moxham's on Lafreniere Rd.

Emergency responders at the fire at the government landing, South Shore. This fire was started by lightning hitting a tree. It was in the very dry part of late June.

## **CAMPFIRE & BURNING REGULATIONS (Ministry of Natural Resources & Forestry)**

### **You are responsible for fires you light**

From April through October, people using outdoor fires must follow [strict guidelines](#) under the Forest Fires Prevention Act of Ontario to ensure their fires are properly managed.

Anyone who starts a fire outdoors must take all necessary steps to tend the fire, keep it under control, and make sure the fire is out before leaving the site. A person failing to burn safely could be fined and held responsible for the cost of putting out the fire. People living in municipalities should check with local fire officials for bylaws on outdoor fires.

### **Rules to burn wood, brush and leaves**

You don't need a fire permit to burn piled wood, brush, leaves or wood by-products if you follow these rules:

- ignite the fire no sooner than 2 hours before sunset and extinguish it no later than 2 hours after sunrise
- burn only a single pile at any one time
- ensure the pile is less than 2 metres in diameter and less than 2 metres high
- keep the fire at least 2 metres from any flammable materials
- have tools or water adequate to contain the fire at the fire site

#### **ensure a responsible person tends the fire until it is extinguished**

##### **Using an incinerator**

You don't need a fire permit to burn piled wood, brush, leaves or wood by-products in an incinerator if you :

- ensure the incinerator is an enclosed device constructed entirely of non-combustible material
- cover the incinerator with a screen having a mesh size of not more than 5 millimetres
- keep the incinerator at least 5 metres from any forest area
- keep the incinerator at least 2 metres from any flammable material

#### **ensure a responsible person monitors the fire until it is extinguished**

To get a permit, contact your local municipality or the nearest Ministry of Natural Resources and Forestry office. (705) 564-7823

# How to build a safe campfire

## Choose a site

- pick a site close to a water source and sheltered from the wind
- build your fire on a rock surface or bare dirt
- build your fire at least three metres away from logs, stumps, trees and overhanging branches
- build your fire 15 metres away from buildings or tents

## Prepare the site

- clear a space (about two metres wide) for the fire
- remove pine needles, grass, leaves and twigs
- scrape the area right down to the soil
- ensure you have a pail of water and a shovel to control the fire

## Build your campfire

- keep your fire small — it shouldn't be bigger than one metre high and one metre wide
- small fires are safer, easier to control, and easier to put out
- a small fire will also keep cooking tools from blackening and let you get close enough to cook

## Stay nearby

- never leave a campfire unattended
- if you start a campfire, you are responsible for tending it, ensuring it is kept under control, and putting it out

## Put the fire out

Use the following steps to put your fire out.

- pour lots of water on the campfire
- stir the ashes with a stick
- pour more water over top of it

Repeat these three steps until:

- the ashes don't hiss
- everything looks wet
- no more smoke comes from the ashes

## Safety tips for kids

- always have adult supervision when you are around a fire
  - never play with matches or fireworks
  -
- if you see a fire burning out of control, tell an adult immediately**

Your smile for today...

A woman walked into the kitchen to find her husband stalking around with a fly swatter. "What are you doing?" she asked.

"Hunting flies," he responded.

"Oh! Did you kill any?" she asked.

"Yep, 3 males, 2 females," he replied.

Intrigued, she asked, "How can you tell them apart?"

He responded, "3 were on a beer can, 2 were on the telephone."

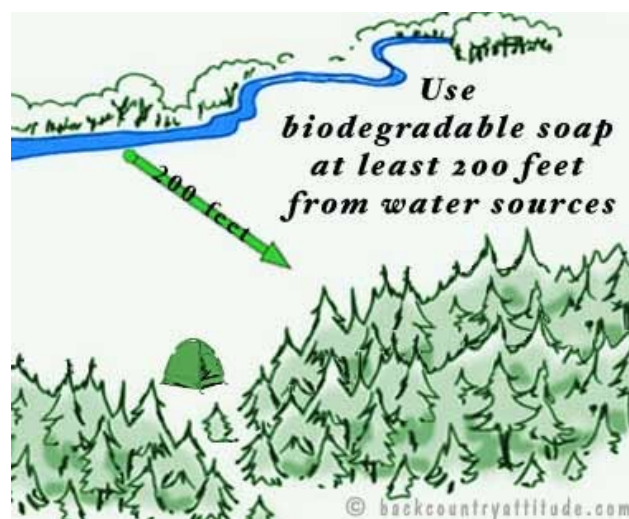

---

## Even Biodegradable Soap Can Pollute Water Sources

We really need to clear up some misconceptions about biodegradable soap. There are many people out there with good intentions who are using biodegradable camp soap or shampoo IN THE LAKE, thinking that it is good for the environment. Biodegradable soaps are preferred over other soaps but should still be used at least 200 feet from any water sources.

*All soaps, unfortunately even biodegradable ones, can contaminate fresh water sources.  
Using a biodegradable soap doesn't reduce its immediate environmental impact...  
..it just means that the soap will biodegrade in time.*

What does biodegradable mean? Well by definition it means capable of being decomposed by biological agents like bacteria. Materials are usually deemed biodegradable if they break down to at least 90% h<sub>2</sub>O, CO<sub>2</sub> and biomass within 6 months, although some materials may take years to biodegrade. Keep in mind that biodegradability doesn't necessarily mean environmentally friendly.

### Biodegradable Camp Soap:

- Biodegradable soap is NOT biodegradable when it ends up in a river or lake because it requires

soil for it to breakdown properly.

- Biodegradable soap is NOT NATURAL.... it is a chemical.  
If you wouldn't want to drink it then keep it out of water sources.

## What to use instead of Biodegradable Soap:

- Use a washcloth.
    - Hot water and a little scrubbing can clean mostly anything.
    - Scrub dirt or grime away with wet sand and/or tiny pebbles.
    - Use alcohol based waterless hand sanitizers to kill germs.
- Soap is not 100% necessary for good personal hygiene

## If you feel you must use soap :

Make sure that any brands of biodegradable soap you use are actually biodegradable and phosphate-free.

- Be sure to use biodegradable soap sparingly.
- Do all washing, bathing, or cleaning at least 200 feet from any water sources.
- Dispose of soapy wash and rinse water in a hole 6 inches deep to allow bacteria in the soil to completely biodegrade the soap.

Guess where we should use biodegradable soap? At home, instead of regular detergents. Hey let's all try to be "green" and lessen my environmental footprint any way we can.

The last thing anyone wants is a blue green algae bloom in front of their property. Remember why you come to the lake, for its pristine beauty and cleanliness. Please don't jeopardize it for everyone.

## Board Vacancies

## IMPORTANT!!

There are two vacancies on the Board of Directors. We are seeking someone to be **Vice-President** and someone to take over the **Director of Fishery** position.

If you are interested in the longevity of this Association, please get involved. We would welcome new people with new ideas.

Please contact our President, Debbie Lanktree if you are interested.

**PICNIC**—Planning for the picnic has begun. If you are interested in working at the picnic please let us know! Have some new ideas for activities? We'd love to hear

### DESMARAIS, Colette

In loving memory of Colette Desmarais, who passed away peacefully in Sudbury on Saturday May 21st, 2016. Colette was born in Sturgeon Falls in 1924, to Albert and Blanche (Quenneville) Michaud. She is pre-deceased by her husband, the Honorable Jean-Noël Desmarais, her daughter Joanne (Conor Dobson) and her three sisters, Rolande (Regimbal), Mimi (Schingh) and Jocelyne Michaud, S.N.J.M. She will be missed by her children, Jocelyne, Michelle [Jacques Bouchard], Jean, Guy [Kathryn Kontak], Suzanne [François Laflèche] and Marie [Vani Santi], and eight grandchildren, Martine and Vincent Dobson, François, Jacques, Guy and Jean-

Noël Desmarais, and Nicolas and Geneviève Santi. Colette's faith and her love of family, nature and music sustained her throughout her life. At the cottage, she loved to welcome countless family members and friends. She is fondly remembered by nieces and nephews who knew the cottage as the extended family's gathering place. In addition to playing violin in the Sudbury Symphony Orchestra for many years, she was an accomplished pianist. She was actively engaged in the community as a founding member of Meals on Wheels and the Diabetic Education Centre in Sudbury and a board member for several organizations. Colette earned a Bachelor of Arts degree at Notre Dame College in Ottawa and a Bachelor in Dietetics from the University of Montréal. She married Jean-Noël and they settled in Sudbury. Colette was a pioneer in her field, as the first public health nutritionist hired by the Sudbury and District Health Unit. She was later recognized for her outstanding contributions in promoting the profession and for distinguished service. Colette never tired of the magnificent sunsets at the cottage. Over the last few years, she gracefully let the sun set on her own full life.

### McKIBBON, Donna

"To Live in the hearts of those we Love is not to die." It is with sorrow that the family of Donna Ann McKibbon (nee Harmen) Announces the departure from this earth of our Wife, Mother, Grandmother and Great Grandmother on Tuesday, June 7th, 2016. Donna was the Daughter of Jean and Bert Harmen (predeceased). Wife and Soul Mate of Donald McKibbon Mother of Chris (Kim), Jason (Pauline) Laura (Bill) Grandmother of 7 unique and wonderful Grandchildren Theo, Connor, Maija, Joshua (Melanie Gibeault), Dylan, Kylie and Adam, and Great Grandchildren Reese Ann and Nicholas William. At her request we are publishing her last message addressed to all those she loved. I do

not fear death, for death is merely a transition. It is a door that opens to a new path. My footsteps will tread upon timeless celestial shores. Shores that have been traversed by those who proceeded me. Behind me, the shifting sands of Eternity will drift over my steps. In preparation for the next soul to enter. Ahead of me, a golden bridge spans the River of Time. On the shore beyond I see familiar faces. They are waiting to welcome me. Do not weep for me, for I have come home. It is to thank you that I write this. You have shared my space, yet never crowded me. Held my hand. but never led me where I did not want to go. You have been my Family. You have been my Friend. Your love has strengthened me. Your wisdom has guided me. We've laughed together in the sunshine. Our tears have mingled in the darkness of doubt and despair. And so I ask. Remember me in the laughter – not in the tears. Remember me in the sunshine – not in the rain. Remember my Name. As I shall remember Yours. Until we meet again. Donna
