HELLO

Welcome to NESCol's Part-time and Distance Learning directory for 2021/22. Here you will find courses that can help you develop new skills, gain qualifications and pursue a hobby or interest.

- Perhaps you want to take your career in a different direction or improve job prospects?
- Are you looking for a bit of escapism by trying something completely different?
- Do you want to build on a long held passion?

Surprise yourself and book yourself onto a learning journey with NESCol.

There's always something satisfying about taking on a new challenge.

Amaze yourself with what you are able to achieve!

YOU CHOOSE

You can study at one our campuses or learning centres located across the region. Our part-time courses typically have multiple date and location options.

Alternatively take the distance learning option where courses can be studied at a time and place of your choosing.

Many are fully online (with and without tutor support) whilst some require campus or centre attendance often for assessment purposes only.

WATCH THIS SPACE...

Details of our part-time programme in Inverurie will be announced soon

Keep an eye on our social channels and www.nescol.ac.uk for further information

HOW TO USE THIS GUIDE

1. Browse subject areas that interest you and shortlist course options
2. Go to the dedicated course web page for further information at www.nescol.ac.uk
3. Make your choice and book your place

CAN'T FIND WHAT YOU ARE LOOKING FOR?

We want to offer courses at a place and time that is right for you. Let us know what you are looking for and if we have enough interest to run a course we'll set one up. For campus or centre based courses we can only do this if we have a viable class size. Drop us an email: part-timelearning@nescol.ac.uk

COURSES FOR COMMUNITY GROUPS AND EMPLOYERS

If you are part of a group or organisation which would benefit from training in a particular subject, e.g. digital skills or languages, we can come to you. Alternatively we can deliver a tailor-made course for you in one of many learning centres across the region.

Contact Joy Aiken to discuss what you are looking for at j.aiken@nescol.ac.uk or call **07540 417 314**

HOW TO BOOK

ONLINE PAYMENT

- Find the course you wish to book
- Click the apply button
- Select the online option
- Follow the instructions

Please note online booking cannot be used for Fee Waiver, Individual Training Account (ITA) payments or those who may not meet the residency requirements. You need to complete a Waiver 1 Form or SDS (ITA) Declaration form and attach with a paper application that you can download on the course web page.

Not all of our courses are available for online booking. In some cases entry requirements must be verified prior to applying and you will be asked to contact us regarding your booking.

PAPER APPLICATION

- Go online and find the course you wish to book
- Click the apply button
- Select the paper application option
- Follow the instructions

EMAIL

Email the completed application form to studentadvice@nescol.ac.uk and an advisor will arrange to call you and take payment. We accept MasterCard/VISA/Maestro/Delta card payments.

EMPLOYER BOOKINGS

If you are looking to upskill or reskill your employees there are courses in this guide that may suit your needs. From professional accreditations to **modern apprenticeships** we are here to help. We are able to provide bespoke training and you may be eligible for funding from the Flexible Workforce Development Fund (FWDF).

The FWDF offers funded training up to £15,000, [find out more here](#)

Depending on your chosen course you can book through the online or paper application options as above selecting either the "Book For An Employee" button (online) or Employer Booking Form (paper).

The online option requires you to register if new to the service. Once your employees enrol and you have registered for the service, you will be able to see up-to-date attendance information and will have access to verified results.

Employers looking to book Distance Learning courses must use the Distance Learning Application from which is available online on the course page under the paper application option.

For help or advice email employerbookings@nescol.ac.uk

THINGS YOU SHOULD KNOW

COVID 19 AND COURSE DELIVERY

Part-time campus and centre based courses may be delivered through a blend of on-site classes and/or remote learning. Please check when you book.

All classroom environments follow strict government social distancing guidelines to ensure the health and safety of students, staff and visitors.

FEES

The College reserves the right and to amend fees/prices chargeable without giving prior notice

Fee rates quoted in this guide do not apply in the case of any individual who does not meet residential criteria relating to 'home status'. The basic criteria are that you must be ordinarily resident in Scotland on the start date of the course, have lived in the UK for the last 3 years, and have no restrictions on your right to stay in the UK. Any applicant unable to fulfil these criteria should state this at the time of booking so they can pay the non-subsidised fee rate that applies in these cases.

Applicants who are not entitled to pay 'home' fee rates are advised that they must pay the overseas fee rate to be entitled to take up a place on the course.

The conditions relating to residence are complex and an enquiry in this respect may be referred to the College's Student Advice Centre.

EXTRA COSTS

SQA Unit and Group Award Costs for Higher National Qualifications

All SQA Higher National qualifications are subject to an administration fee as follows:

- HN Unit £14
- HNC Group Award £114.25
- HND Group Award £137.50

Students undertaking individual Higher National units on a stand-alone basis must pay the additional HN unit fee at time of booking.

Students undertaking an HNC/D through Distance Learning must pay the Group Award charge when booking the final unit of the qualification or earlier if preferred. Students will then receive a Group Award Certificate on completion of all required units.

For all part time HNC/D courses, which are typically campus or centre based, this charge is included in the Year 1 cost of the course.

Miscellaneous

Examination entry fees may be payable for certain courses later in the session. Details are available from the class tutor.

A charge may be made for materials used by students on part-time programmes.

IMPORTANT BOOKING INFORMATION

Courses are offered subject to sufficient numbers of bookings and the availability of resources.

The College reserves the right not to run courses where numbers are insufficient or where resources are not available.

A course fee is payable upon booking and this should be confirmed with the College at this time. Fees are only refundable up to 14 days before the course starts and if the course does not run.

If you do take up a place on a College course, at the start of the course you will be asked to enrol. By completing the enrolment you will enter into a contract with the College and be bound by the North East Scotland College Standard Terms and Conditions of Study.

ADDITIONAL INFORMATION:

For Asylum Seekers/Visa holders with restrictions

If you have any restrictions on taking up employment or seeking benefits in the UK, then you may not be eligible to make an online application.

If you are not sure, please supply a photocopy of your most recent Home Office documentation (or stamp on your passport), confirming your status to remain in the UK, along with your application.

For Forces Personnel

Under the temporary non-resident arrangements, forces personnel are treated as being resident at the establishment where they are based. If they are ordinarily resident* in Scotland but are serving overseas, they would be eligible.

* Ordinarily resident means that you live in Scotland year after year by choice, apart from temporary or occasional absences such as holidays or business trips. Living here totally or mainly for the purpose of receiving full-time education may not count as being ordinarily resident.

If you are not a UK national, you must be settled in Scotland (as set out in the Immigration Act 1971) immediately before the date on which you made your application.

ACCOUNTING

Enhance your understanding of finance and accounts, whilst developing the fundamental skills needed to work in industry or public sector accounting or bookkeeping.

Please contact the [Distance Learning Team](#) for further information on **01224 612007** or distancelearning@nescol.ac.uk

• Please note that opportunities exist to undertake HNC Accounting on a Day Release basis by infilling into existing groups at both our Aberdeen City and Fraserburgh Campuses. Please contact the Student Advice Centre for further information.

Please note: these courses are bookable until April 2022

BRITISH SIGN LANGUAGE

British Sign Language (BSL) is the sign language used in the UK and is the first or preferred language of many deaf people. Interpreters, as well as relatives and colleagues of deaf people, often learn sign language to enhance their communication abilities. The language makes use of space and involves movement of the hands, body, face and head.

JOE: UPSKILL - RESKILL - JUST FOR FUN

Joe Lewis's Distance Learning story - HNC Business

Aberdeen Football Club captain Joe Lewis is midway through studying for an HNC in Business via distance learning, combining coursework with commitments in football and at home.

He admits it was a prospect that brought some trepidation.

He said: "It was the first time I'd written more than a paragraph in 15 or 16 years, it was quite scary. Distance Learning can be a bit daunting at the start because you are second guessing yourself, but the tutor was really helpful and available all the time. It has been great - I'm just over half way through, so I've got a little way to go, but I'm enjoying it.

"You have to plan for the future, I've witnessed people early in my career who didn't do that - you get an injury or your career fizzles out a bit quicker than you think it's going to and then all of a sudden you're in a sticky situation. If you're not ready to go into another job or you're not preparing for that next step it can be really difficult.

"I'd like to stay within football but on the business side. I'm not 100% certain on that, that's where I think the HNC in Business is great foundation. When I complete this I will have to make my mind up a more about what direction I want to go in, there's the potential to go on and do the HND or maybe using the HNC as a gateway to doing something more specific, football related or something else depending what I want to do. The HNC gives a great overview.

"I signed up for my latest unit, which is IT applications software. That was one where there was a tutor available all through the summer as well, so it's really handy that there's still someone available so I can continue through the holidays.

"During the season I can work around training and playing. If we have an away game, I'm away in a hotel on my own so I've got no excuses - I take my laptop, notes and notepad and can get through a good few hours work then."

JOANNA: UPSKILL - RESKILL - JUST FOR FUN

Joanna's part time surprise – Joinery

Joanna Nicholson was a complete beginner to the evening class in joinery and wanted to acquire basic skills to enable her to do jobs around the house. The class project was for each student to make a door – building the frame, the door and the hinges.

Joanna got much more out of the course than expected.

She said: *“I’ve been so surprised by the meditative qualities of working with wood and it’s such an antidote to digital life. Nothing’s been done with a computer or calculator, it’s all with your eye and the feel of the natural materials.”*

Joanna’s earnings had dropped because of the impact of the Covid pandemic which meant she was eligible for funding for the course.

She added: *“It has been amazing. There are eight of us in the class, all different ages and backgrounds. It’s been really interesting to meet everyone.”*

Due to Covid-19 some courses may be delivered through a blend of campus based classes and/or remote learning, please check at time of booking. The College reserves the right to amend fees/prices chargeable without giving prior notice. Course fees should be confirmed with the College at the time of booking.

FOCUS ON: WORLDHOST

Worldhost is a world-class training programme in customer service excellence. It's delivered in one day and is flexible enough to be adapted to suit each different organisation. Using real world situations and examples the course is both engaging and interactive for participants and is relevant to any industry sector.

Lauren Fearn, Worldhost lecturer says, "Customers are key, that has never been more true today in this rapidly changing online world that we live in. Why not provide yourself with training in the gold standard of customer service: Worldhost. A brand trusted by the Olympic Games, Eurovision and the Rugby World Cup and training which is delivered in an engaging, interactive and fun one day course - you won't regret the investment you're making"

In an environment where customers are both informed and empowered, customer service is no longer something to be glossed over. Successful companies build and nurture a culture of customer service excellence and this is something which this course can help you to achieve.

EDUCATION AND CHILDCARE

A career in education and childcare is both rewarding and challenging. This broad range of courses focuses on specific areas when it comes to looking after children, and will provide you with the knowledge and skills needed to be effective in your role and to progress professionally.

Where courses are marked ● a work placement is a mandatory component for successful completion. An Enhanced Disclosure check is therefore required.

For the PDA Childhood Practice, all applicants must have evidence of 120 Credits at SCQF Level 7 and 120 Credits at SCQF Level 8, and meet the following requirements:

- Working as a Lead Practitioner/Manager in a Childcare or Playwork setting
- On the SSSC Register as either a Practitioner or Manager in a day care service for children
- Hold a Childcare Qualification at SCQF Level 7 that allows registration with the SSSC as a Practitioner.

ELECTRONICS: HN DISTANCE LEARNING OPTION

The SQA HN Units listed below are offered on a distance/blended learning basis, and combine to form an overall group award. Units can also be undertaken as stand-alone courses. HN Units are booked one at a time when working towards PDAs or HNCs. The Group Award fee can be paid at the time of booking any Unit whilst working towards the HNC. Students will receive a HNC Group Award Certificate on completion of all required Units.

Please note: these courses are bookable until April 2022.

*HN Units involve an additional fee, please see the fees section on page 5 for further information.

For clarification on HN Units, Group Awards or fee structures, please contact our [Distance Learning Co-ordinators](#) on **01346 586136** or distancelearning2@nescol.ac.uk

LISA: UPSKILL - RESKILL - JUST FOR FUN

Lisa Shaw's apprenticeship journey – NC Mechanical Engineering Level 6, Day Release

Lisa is a Prosthetics and Orthotics Technician for NHS Grampian. Her role involves working at the hospital with patients who are fitted with prosthetics, orthotics or use manual and electric wheelchairs.

This role was advertised as a Modern Apprenticeship position which meant that Lisa would learn new skills and achieve industry recognised qualifications whilst working and earning. As part of her apprenticeship in Mechanical Manufacturing Engineering Lisa attended College on a day release basis to gain her National Certificate Level 6 Mechanical Engineering qualification.

She explains, “As a mature student and a home owner I have been able to work and learn at the same time – if I had returned to full time education then I would have struggled financially. I came away from school with few qualifications and didn't think that I would go back into education. This has shown me that I have a huge potential for learning and it's given me more interest to pick up learning again in the future.”

Lisa won NESCol's 2021 Apprentice of the Year award within the engineering category.

“ I was hesitant about distance learning but it really works! If more Quality Management courses come up, please let me know. It was a fantastic course & relevant to my day to day activities. It's made my decision making as a Quality Engineer easier. I would be happy to study at NESCol again, it was a wonderful experience. ”

Mechanical Engineering: HN Distance Learning Option

A number of SQA HN Units are offered through Distance Learning. These are normally booked one at a time and can be undertaken as stand-alone courses or whilst students work towards a Group Award. *HN Units involve an additional fee, please see HN Unit and Group Award Fees on page 5.

Most HN Units involve mandatory attendance at a College campus for assessment purposes. In addition, some may require an evening class, day class or short course.

For information regarding the method of delivery please contact our [Distance Learning Co-ordinators](#) on **01346 586136** or by emailing distancelearning2@nescol.ac.uk

“ I’m just waiting to complete my practical assessment on my final unit to finish my HNC. It’s taken 3 years, fitting it in with working offshore and a young family so you’ve got to have the drive to do it. I wanted to keep on learning and challenging myself and hopefully this will give me more career options in the future. ”

KIMBERLEY: UPSKILL - RESKILL - JUST FOR FUN

Kimberley Rodgers shares her experience of the Introduction to Manicure evening class.

"I'm a hair and beauty receptionist so when the course came up I thought I'll give it a try as it will give me a bit more knowledge and also a qualification at the end.

"We covered nail filing and shaping, pushing back cuticles safely, hand massages and also applying nail polish properly.

"It's a great course for anyone wanting to learn to do nails or just to start off learning something new for themselves."

KAREN: UPSKILL - RESKILL - JUST FOR FUN

Karen Watson's reskilling journey –

Introduction to Sport and Exercise Massage

A part-time course can often lead to an alternative career path as Karen Watson experienced when she applied for the eight week Introduction to Sport and Exercise Massage course last year. She enjoyed the course so much she decided to complete it twice!

Karen said, "It was really fun, enjoyable and great to meet new people. It was mainly practical with some theory around physiology and anatomy of the body and I decided to enrol again mainly to increase my confidence and understanding in the subject as I thought I might like to take it further."

"I then progressed onto a further evening class

– Sport and Exercise Massage, before deciding to return to College to study the HNC Soft Tissue Therapy course. So I changed my hours at work to accommodate my study and once I finish I will be qualified as a Sports Therapist.

"The evening class was a revelation. I never dreamt of a different career path but I just got completely hooked!"

Karen has recently completed the full-time HNC Soft Tissue Therapy course and is now self-employed on a part-time basis as a Sports Massage Therapist.
