F-EHS-02 Rev 00

Green Globe/ ISO 14001 - KEY PERFORMANCE INDICATOR FOR 2020

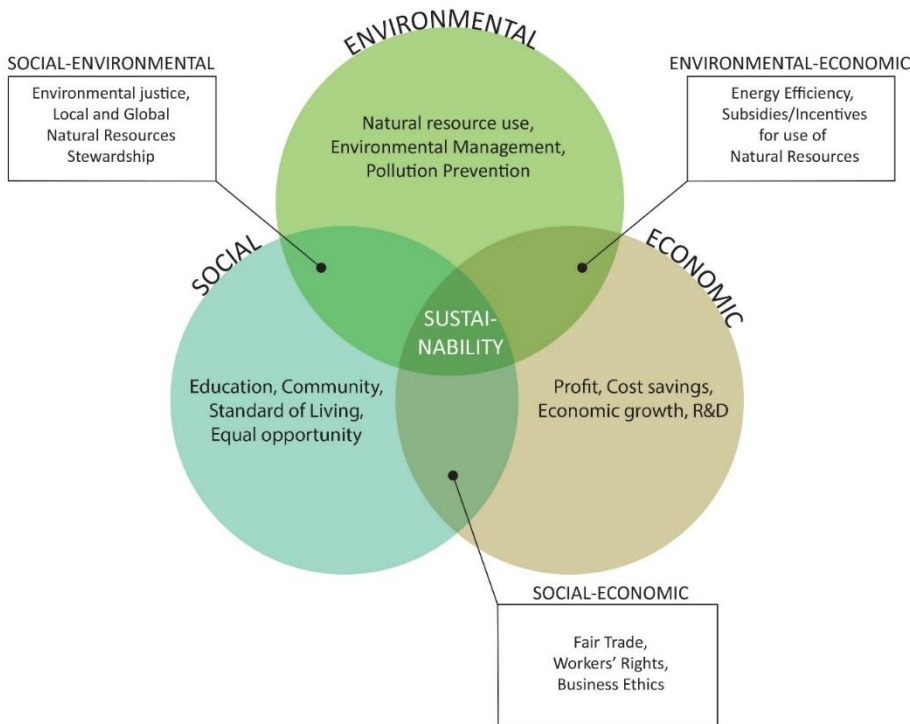

No.	Green Globe / ISO 14001 Objectives	Departments	Target	Achieved	Variance s in +/- in %	Remarks
1.	1% Increase on the improvement on Green Globe score per year	Quality	82%	92%	+10%	In 2020, we obtained 92% and Gold certificate for continuous efforts in Sustainability for 5 years.
2.	Reduce carbon foot print per occupied room by 2%	Engineering	2%	+0.09	-1.91	Carbon foot print has Decreased by -0.09 this year. Total 1006 rooms are in operation as compared to 910 apartments in 2019.
3.	Guest Satisfaction scores to be 82% in Trust You	Front Office	82%	85%	+3	Focusing more with the guest experience by courtesy call process from our DMs and GRO
4.	Colleagues satisfaction scores to 80% once a year	HR	80%			Not been Done due to the Covid Pandemic any were not available.
5.	2% of staff to be placed through development programs to be successfully promoted internally	HR	2.00%	4%	+2 %	12 Internal promotions are given HK-1, FO-2, HK -3, Eng-4, Fin-3, F&B -1 and T&C -1
6.	85% employees are trained in Planet 21 Sustainability Program	Training	85%	50%	-35 %	Due to pandemic, the training were only online and very less sessions
7.	Average of 40 hours per year need to be spent on training, assisting and supporting our stakeholders	Training	40 hours	31.5 hours	-8.5 hours	31.5 hours where obtained as many staff were not working and there are many outlets that were closed. More than six months
8.	To conduct CSR Activities for Welfare of the Society, Environment, Women and Children.	HR	12	6	-6	Reduced Activities only 6 activities have been conducted due to social distancing requirements and closure and lockdown done due to Covid 19 Pandemic.
9.	To use Garage sale activities for the donations.	HK/ HR	20% of Revenue	20% of Revenue	-	Garage sale done. 200 used Handed to T&C for Charity, as this year there was only once because that
10.	Saving in below areas : Electricity 2% ; Water 2% ; LPG 3%	Engineering	Electricity:2% Water 1% LPG: 3%	Electricity:-7.9% Water : +0.6% LPG : +16	5.9% 0.6% +16	Electricity saved In last year because we done some energy saving activities in suits section and for unit's suits section fixed the advanced GRMS system/ units we made a time schedule through the BMS system. Water and LPG were high because Total 1001 rooms are in operation as compared to 910 apartments in 2019. There are new outlets, 8 meeting rooms and new Kitchen put into operation.
11.	Reduce purchasing of Stationary paper by 1% Water Pet Bottle by 11%	Purchase	1% 11%	Stationary Paper over all +25% Water Pet Bottle 76.94%	+24 %	Reduced over all 25% by 425 Rim compare to the year 2019 to 2020. Due to the in house glass bottle introduced, pet bottle consumption is reduced by 76.94% compared to last year.
12.	5% Reduction of Land fill Waste compared to last year	Kitchen Stewarding	5%	-1.26%	-1.26%	We have increased excess of General by 1.26 % additional as thorough waste segregation was not possible due to Covid 19.
13.	2% reduction of the Food Waste	Kitchen / Kitchen Steward	2%	62.5%	62.5	The restaurants were shut down due to lock down and there were not buffet which was served was guest it was only in Room service or Takeaway, so huge reduction in food waste.

 Personal Commitment

PLANET 21 SUSTAINABILITY MANAGEMENT PLAN ENCOMPASSES 4 STRATEGIC FOCUS AREAS AND 2 PRIORITIES:

ETHICAL & CSR CHARTER
=
Code of Conduct

COMPLIANCE

=
*Business ethics, labor law,
human rights, data privacy, etc.*

COMMITMENTS

=
*Values, corporate social and
environmental responsibility
with Planet 21,
Solidarity AccorHotels*

I. Environmental – Planet 21 Sustainable management plan of Accor Group is actively involved in conserving resources, reducing pollution, conserving biodiversity, ecosystems and landscapes. The recommendations for moving towards carbon neutral buildings. Mercure Hotel suites & Apartments **have** made the analysis of environmental impact and the measures to mitigate the environmental impact. The property will enable to protect the environment through the conservation of depleting resources and controlling the environment from pollution, reducing their carbon emissions. It takes initiatives, the steps to protect the bio-diversity through preserving the wildlife species through activities. The hotel has spearheaded for removing

II. Socio-cultural – As part of Ethical and CSR charter of Accor group. The team are involved in corporate social responsibility actions for supporting the local communities, employees, guest and other stake holders. There are community development activities like Clean Up, Can Collection etc, fair trade, support local entrepreneurs, and activities to respect local culture. A policy against commercial exploitation, equitable hiring, employee protection and last but not least, that our business do not jeopardize the provision of basic services, such as water, energy, or sanitation to neighboring communities. Accor’s policy against discrimination against any form is been followed.

III. Quality – any activity that can sustain itself economically through creating competitive advantages within the industry with inspired service that not only meets, but exceeds guest expectations; it continues to contribute to the economic well-being of the surrounding community through Planet 21 Practices , buying local products that are eco-friendly like Amenities, Paper and Chemicals etc. A sustainable business should benefit its colleagues, customers, business partners, owners, other stakeholders. The guest satisfaction levels are measured through the online review scores from Booking.com Trip Advisor and has an internal survey from Trust You and through I auditor monitoring of individual standards. IFA is been Signed a contract for the mystery shopper for reservations. This is maintain the quality parameter of reservation and there is also Accor brand standard audits. **The Hotel has undergone new certification for ISO 22001 and HACCP certified from SGS, ISO 9001 and 14001 Standards are certified by Intertek. We have received the Gold certificate from Green Globe for the year 2020 which is pride of the hotel for following the sustainability standards.**

IV. Health & Safety – Mercure Hotel Suites & Apartments complies with all health and safety regulations recommended by the Local government, ensures that guest, staff and all the stake holders are well protected. Usage of safety instruments and machinery are ensured with the respective PPE required for the tasks. The training on health and safety are given to all staff and contractors. Mercure Hotel Suites & Apartments made all initiatives for making the work environment safe and secure to all the members. Regular trainings and internal on Health and Safety; HS audits are scheduled to ensure for a Safe environment. All safe implementations are in place for the Covid precautions are in place.

ENERGY CONSERVATION AT MERCURE HOTEL SUITES & APARTMENTS

We have more concern on the energy conservation through the involvement of new technologies and Planet 21 initiates to work towards a greener Dubai. We strive to implement innovated technologies which is the best for our guest, the environment and all our employees. This has a greater impact on saving the energy and conserving it for reducing the carbon emissions

MERCURE HOTEL SUITES & APARTMENTS ENERGY SAVING INITIATIVES 2020

- Water Collection form the FAHU unit for the 1st floor toilets and car parking as well.
- Cold water transfer pumps in 41st floor was installed with the energy saving PLC and VFD.
- Salt Generation System is installed which reduces the direct chlorine addition completely.
- Water bottling plant has been installed in the hotel and Reusable glass water bottles being used, which ensures the reductions in plastic waste generation.
- The Renovated Public areas in lobby and in the restaurant were the motion sensor faucets are fixed.

- PL C System was installed for hot water circulation system to make it more efficient and ensure proper power usage in the hot water system.
- Guest Rooms Emergency light System updated full building. (Can monitor through the system in BMS)

A. SUSTAINABLE MANAGEMENT

A1. Implement a Sustainable Management Plan- Planet 21:

Mercure Hotel Suites & Apartments shall establish and maintain the Planet 21 internal sustainable practices complying with requirements of Green Globe. There are a number of elements that make up the Planet 21 in action guide for the world wide Practice of Sustainability in Accor Group.

Mercure Hotel Suites & Apartments shall formulate policies and procedures of Planet 21 that:

- a) are appropriate to the nature and scale of the organisation's activities
- b) are aligned with the four key areas of Green Globe environmental, socio-cultural, quality and health & safety issues is also in line Planet 21 which comprises of 4 Strategic Programme
- c) Includes a commitment to continual improvement of the SMP and target for the Green Globe.
- d) includes a commitment to comply as a minimum with the current applicable legislations regulations and other requirement to which the organisation subscribes
- e) provide a framework for setting and reviewing SMP objectives and targets.
- f) They are documented, implemented, maintained and communicated to all employees.
- g) they are available to all interested and associates parties and
- h) SMP is reviewed periodically to remain relevant and appropriate to the organisations
- i) Accor Planet 21 sustainability plan includes monitoring of yearly basis and we have obtained 132 score in Gaia platform

A2. Legal Compliance:

Mercure Hotel Suites & Apartments is licensed according to the UAE law and in compliance with all relevant international or local legislations and regulations, including health, safety, labor, environmental aspects, and insurance policies and other guest and colleague protection instruments are up to date and in order.

A3. Employee Training:

Employee hiring, training, annual appraisal and performance review, at Mercure Hotel Suites & Apartments are in line with the Accor Group.

There are various training modules initiated by the Accor Group including the skills, knowledge and attributes that make organizations and individuals successful. Once competencies are identified, people with these competencies trained and developed according. This builds an organization of successful colleagues who are capable of delivering business goals and execute strategies.

While competencies may enable people to achieve success, they alone do not ensure success. We see people who are competent but do not deliver business results or vice versa. In other words, only assessing people against competencies is not enough. We must also measure their achievements against the desired business goals within their roles.

At the same time, competencies provide the link between organizational vision, behaviors, outputs and results and are the foundation for recruitment, selection, performance management, development and succession planning.

Training on sustainability management, health and safety and environmental impact are done through Induction. ANES is a new learning platform and periodic sessions are conducted for Manager and Assistant Manager and Supervisors. The Sustainability goals and management plans are communicated to the employees in the Induction and allocated specific training on sustainability management.

A.4 Customer Satisfaction

Mercure Hotel Suites & Apartments, customer satisfaction is supported by Front Office and Sales & Marketing Department. To operate in a way that focuses on continuous improvement and long term sustainability. It works with all departments and areas of the business to ensure that our guests are always our first priority by having a system in place that allow us to measure how well we are doing, and to respond quickly when we are not getting the desired results.

Besides customer satisfaction we also review and monitor internal quality performance. Some of the

tools used for monitoring and reviewing the same are:

IFH mystery shopper audits are planned from 2021, QEMS, Trust You, , F&B guest comment cards, financial audit on cashiering practices, reservations mystery audits and other online Social Media platforms such as trip advisor, booking.com and platforms which enable us to know the guest needs. These are potential areas for reviewing the Guest Satisfaction levels and ensuring the scores levels are monitored on regular basis and the necessary actions are taken.

Mercure is certified for ISO 9001 and ISO 14001 from Intertek 2019. The training of ISO awareness and Internal Auditor training is given for the Heartist. Mercure has successfully obtained the ISO 22000 and HACCP from SGS even during the Global crisis.

Green Globe Gold certificate is obtained for 2020 and achievements of five years continuous achievement in sustainability.

A.5 Accuracy of Promotional Materials

All communication regarding promotional material Mercure Hotel Suites & Apartment goes through the Sales and Marketing team and is in line with Accor Group principles, local regulations and cultural norms and sustainability practices of Planet 21. Any dissatisfaction from our guests is tracked through the guest feedback forms and online reviews.

A.6 Local Zoning, Design and Construction

DESIGN AND STRUCTURE

Mercure Hotel Suites & Apartments is built with relevant government agencies approval. It accommodates 1015 one and two and bedroom suites and apartments. It's a 100% non-smoking rooms and has Exit Bar for the sports loving Guests were major games like Football, Cricket and Rugby is telecasted.

- 681 one bed room suites
- 334 two bed room suites
- 3 restaurants and cafes
- Three pools - main pool, Jacuzzi and kids pool
- Football court, basketball court and two squash courts
- Spa with saunas and steam rooms
- Fitness set up with the latest gym equipment
- Retails shops for beauty and fashion

- Kids Club

Ongoing maintenance and repairs are performed regularly. The refurbishments and , if any include re-using as much of the original structure as possible and renovation/interior design is always performed with the purpose of being as sustainable, energy-saving and long-lasting as possible, and includes use of environmental friendly materials as per the specification. Every effort is been made to ensure that all appliances that have been purchased for operating the hotel are energy efficient. The water savers has been installed in all the areas as the sustainability plan to reduce the water consumption. The LED lights and motion sensors are replaced where applicable to reduce the energy consumption. The design and materials are reviewed on eco-friendly and on sustainability management.

The lobby as a natural plants as the background made of Moss and Lichens which give a great ambience, and the new renovated floors are with having eco-friendly mattress and also fixtures are LED lights.

Swimming pools with chlorine free and use active ions which decrease the usage of chemicals and make the swimming pool eco-friendly and maintains water quality.

A.7 Experiential or Interpretation Tourism

We inform our guests about the local environment, local culture and cultural heritage through various means; may be electronic signage or something as simple as tent cards. As UAE is predominantly a

Islamic country guests are made aware of the local culture, traditional and places of interest. The strength of the local community is shown to the guests during the holy month of Ramadan.

This year due to the Covid lockdown there were very few trips which was arranged.

Various expedition packages are available with local tour organizers to visit places of historical interests, museums, heritage village, etc. or to embrace a moment of serenity within the vast desert. Mercure Hotel Suites & Apartments work closely with the local market, and as such it is beneficial to the company and the local community.

Mercure Hotel Suites & Apartments endeavors to deliver imaginative and exhilarating experience in culturally connected environments offering thoughtful and generous service.

A.8 Communications Strategy

We communicate with our guests and visitors to the hotels and the website in a comprehensive manner. Our implementations, plans and strategy for a sustainable operation are clearly defined, as well as our involvement with the local community and other charity work. Our sustainable operations involve our guests, example; we have Environmental cards in all the rooms in order to give our Guests an option to participate for protecting the environment, hence providing them an opportunity to play a direct role in water and energy conservation. Also encouraging the guest for growing plants by giving free tree saplings. Mercure Hotel Suites and Apartments actively participates with the Emirates Environmental Group which is a local organization that strives towards the protection of the environment, sustainable management and social responsibility. There are various community activity such as tree plantation, Can Collection collections that are done by them. Apart from these we also camps on blood donation, Clean up campaigns in association with Dubai Electricity and water department. The Guests are given tips on the energy, water reduction practices in the television and LED screens in lobby. The waste segregation practices are displayed for the awareness for the guests. Earth hour initiatives of Environmental initiatives, the guest are involved. All the Safety precautions in line with the regulatory standards for the COVID 19 requirements. The

signage for Masks and Sanitizers are available in all locations. All safe Accor brand standards for the COVID 19 precautions are implemented and also reviewed by Accor and we are certified for compliance.

A.9 Health and Safety

We follow strict environmental, health and safety laws, regulations and procedures to conserve and protect the environment and create a safe workplace where we bring the best out of our colleagues whilst avoiding the risk of injury and accidents.

Employees are appropriately trained to make them aware the health and safety issues while working and guests are made aware of hazards by using appropriate signage and other form of communication like cautions, emergency evacuation routes. Purchase and operating policy for all mechanisms, equipment and facilities is that they be as environmental friendly as possible: low emission and consuming minimum energy and star rated and focusing on Health and Safety parameters. We have an experienced team of engineers and technicians who maintain the facilities so that we have constant check on them being in good working condition. All necessary and mandatory safety requirements for the same are found in order, such as method statement, risk assessment, and personal protective equipment to have a safe environment.

Local law enforcement agencies frequently visit the premises to ensure all emergency systems are in order, there are also evacuation mock drills and there are safety audits conducted to ensure that hotel risks are reduced. The hotel nurse is available in house with medical license for handling first aid and there are also certified trained first aiders. HACCP audits are conducted to ensure compliance to the Food Safety Management System to ensure food served is safe. New kitchen staff are trained on food safety and safety and procedures. As per DM requirement they will undergo a mandatory basic food hygiene course for safe food handling.

Accor – All Safe for COVID 19 precautions:

We have got online monitoring system of Covid Protocols for each and every department the details are reviewed by VP of Accor and Regional Quality and Sustainability head and we comply with the Accor Brand requirements. Temperature

Tree Planting 20th December 2020

Mercure Hotel Suites & Apartments as part Accor initiatives for Planet 21 and its roles and responsibilities in contributing to the sustainable development of the communities in which it operates. This aims at maximizing the return on community investments and their impact on the local community. Through our community investment program, we have identified unique areas of involvement where we can actively support our local communities and engage in a mutually rewarding way with our Employees, partners, stakeholders and Communities.

- **Healthcare:** Supporting initiatives aimed at enhancing the health and well-being of local communities.
- **Education:** Supporting initiatives focused on vocational training and skills development that improve employability in the tourism and hospitality sector.
- **Cultural Preservation:** Supporting initiatives aimed at preserving local culture, heritage and promoting cultural diversity.
- **Economic Development:** Supporting initiatives aimed at enhancing the ability of small and medium enterprises (“SMEs”) that are strategically linked to business needs to perform more effectively in order to create economic growth.
- **Environmental Protection:** Supporting initiatives that help protect the integrity of the environment. We also want to support initiatives that use innovative products and services to help solve environmental problems.

B.2 Local Employment

Mercure Hotel Suites and Apartment prefers and supports local employment and gives all possible preferences for sourcing workforce in order to support the local community. As part of initiatives it has mentioned as UAE national preferred in specific Job advertisements. As per the hotel’s annual road show calendar, Mercure Hotel Suites and Apartments has planned to participate in all relevant local career road shows and events. As a part of sustainability plan we have approached several Hotel management colleges to support recruitment of locals as employees and interns. Due to lockdowns and COVID precautions, there were very less hire for this year 2020 Equal employment opportunity policy.

- Business conducts and ethics policy
- Recruit and select colleagues policy
- UAE Federal Law no 8, for 1980

B.3 Fair Trade

Mercure Hotel Suites & Apartments ensure the use of right methods to select suppliers and procure goods and service at the right quality, price, time, source and delivery while protecting the company. The main focus is on the suppliers with eco-friendly products and promote on the green purchase. Purchasing is done only through local suppliers and preference given on the basis of the needs and requirements of the hotel. The Green procurement policy will design the requirements of Purchase of the hotel through the local vendors, eco-products used Amenities and Chemicals, FSC certified for paper and wood. Low or Zero VOC for the paints. Fair trade coffee and other products are used.

B.4 Local Entrepreneurs

Mercure Hotel Suites & Apartments as a part of Accor group where in our aims to experience the local produce and local culture through the. Mercure Hotel Suites & Apartments do not engage with local entrepreneurs dealing with historical artifacts moreover it is not permitted by law.

It is worthwhile to state that, at Mercure Hotel Suites & Apartments we do engage in organizing events and activities that portray the local culture, especially during Ramadan, Eid and UAE National Day.

B.5 Respect Local Population

As stated earlier UAE is predominantly a Muslim country and as such guests and employees are made aware of the local culture. Information of the same is provided through multimedia or through books and magazines and also to the guest service directory. Local culture awareness presentation is done during employee Induction and also presented in the Employee Handbook. Local cultural information booklet is also available at the concierge desk. Rules and regulations following local culture are also placed in swimming pool and recreation area Do and Don't of UAE is mentioned in the service directory of the guest.

B.8 Employee Protection

Salaries and benefits meet national regulations, and all payments required by law into insurance and holiday funds are made on behalf of all employees. Overtime is paid for hours worked beyond the established work in accordance with UAE labor law. Week hours and working hours do not exceed the legal maximum established by the labor law, but being a hospitality industry at times a need might arise to work additional hours, colleagues are accordingly remunerated as per the policies outlined. The employees are given career development plans and cross training exposure to preferred areas to motivate the moral of the employees.

B.9 Basic Services

The activities of the business have not impacted or jeopardized resources or services in the local area or neighbouring communities in any negative manner. The activities of the business generate a number of secure jobs and reflect positive influence in the community.

B.10 Local Livelihoods

Mercure Hotel Suites & Apartments has designated runoff from buildings and parking lot. As it's the building structures are designed according to legal compliance and appropriate mitigation. The building structure is in Tecom area and follows the regulations in line with DTCM and Dubai Municipality norms.

B.11 Bribery & Corruption

Mercure Hotel Suites & Apartments strictly prohibit all forms of bribery taken directly or indirectly. It prohibits its employees from soliciting, arranging or accepting bribes intended for the employees benefit or that of the employee's family, friend associates or acquaintances. The management reviews on fair practices based on the selection of vendors and materials that are eco-friendly and support the vendors with best environmental practices. Not gifts can be accepted from any supplier or third party partner. Mercure Hotel Suites & Apartments adhere strictly on anti-bribery and corruption and no forms of bribes or gifts are encouraged. As per Mercure Hotel Suites & Apartments policy charitable contributions and sponsorships are not used as a subterfuge for bribery.

C. CULTURAL HERITAGE

C1.Code of Behaviour

C2.Historical Artifacts

C3.Protection of Sites

C4.Incorporation of Culture

The company policy code of conduct includes established guideline on the code of behavior concerning the protection of local cultures and the guests are provided with relevant information of local culture, customs and tourisms of UAE.

The employees at Mercure Hotel Suites & Apartments are trained to guide guests towards the cultural sights and events and/or entertainment/restaurants that the guests are most interested in. Local UAE culture and idiosyncrasies can be explained and discussed with guests, but mainly the culture is significantly different from anywhere else in the western/developed part of the world, from where we have a substantial amount of guests coming from. Guests can read through the basic do's and don'ts in their complimentary tourist guide 'Discover Dubai'. The hotel also provides pick and drops for selected locations to promote tourists.

Historical and archeological artifacts are not sold, traded, or displayed. Business complies with laws, standards and regulations concerning the protection of historical sites and cultural heritage.

Mercure Hotel Suites & Apartments places great emphasis on being a part of the local environment in regards to cultural and social activities, as well as incorporating use of local food and competencies from local businesses. We take great pride and spend a lot of time and energy explaining our collaboration with local suppliers and businesses to interested parties.

Mercure Hotel Suites & Apartments represent the local cultural and heritage by offering dates and Arabic coffee to all guests arriving at the hotel.

D. CONSERVATION OF RESOURCES, REDUCTION OF RESOURCES AND CONSERVATION OF BIODIVERSITY

In line with Mercure Hotel Suites & Apartments Sustainability Development plan, the use of Environmentally Preferable Purchasing (EPP) helps Mercure Hotel Suites & Apartments “buy green,” and in doing so, uses the buying power to stimulate market demand for green products and services. However, this statement should not be key deciding factor in making a commercial buying decision. Mercure Hotel Suites & Apartments offers green meeting package as well, as a part of our sustainability initiative.

- Biodiversity:** As part of Accor group policies, Mercure Hotel Suites & Apartments environment commitment we are not purchasing, using or promoting any products originating from unsustainable practices or serving food from endangered species prescribed by ICUN Red list. Endangered species or items stemming from unsustainable practices are not used or consumed as per company’s purchasing policy. Mercure Hotel Suites & Apartments will support the biodiversity through EWS-WWF in participating in their activities.
- Mercure Hotel Suites & apartments prohibits the use of invasive alien species in the landscaping or the available potted plants. Native plants and low water plants are used to minimize water in the indoor and outdoor garden.
- Preserving the environment is one of our core values and we will extend our continuous efforts to raise awareness and encouraging not only our employees, but also our guests to be more conscious about the environmental sustainability. In order to reduce the typical for the MENA region and the hospitality industry carbon footprint we have partnered with environmental organizations to guide us to our goal

CONSERVATION OF RESOURCES, REDUCTION OF RESOURCES

Black and gray waste water is managed by the city in a non-polluting way, and does not affect public health. This is mandatory and unavoidable by UAE law. Major of the areas are provided with the LED lights and water savers to conserve the majors resources like energy and water and outdoor lighting is controlled by a timer.

We minimize our output of printed matter, and prefer to communicate through our website (which is CO2 neutral). Our suppliers often bring their products in crates and cases, which are reused and taken back. Every attempt is made to increase the awareness of the suppliers to avoid using crates and cases where ever possible.

Refrigerator and freezer temperatures are measured and monitored on a constant basis by the culinary staff of food. Energy usage is specified and recorded. Motion sensors are established in some of the areas, feasibility to cover more area is considered. All rooms need room key in order to turn on lights – whereby all electric appliances are turned off when guest is not in room. The BMS controlled helps in maintaining the ambient temperature in all locations.

Energy efficient equipment is purchased wherever available, and only used when needed. Bed linen, duvets and towels that are used for hotel use but still usable, the old ones are donated to charity. No disposable cutlery or other eating utensils are used in the hotel.

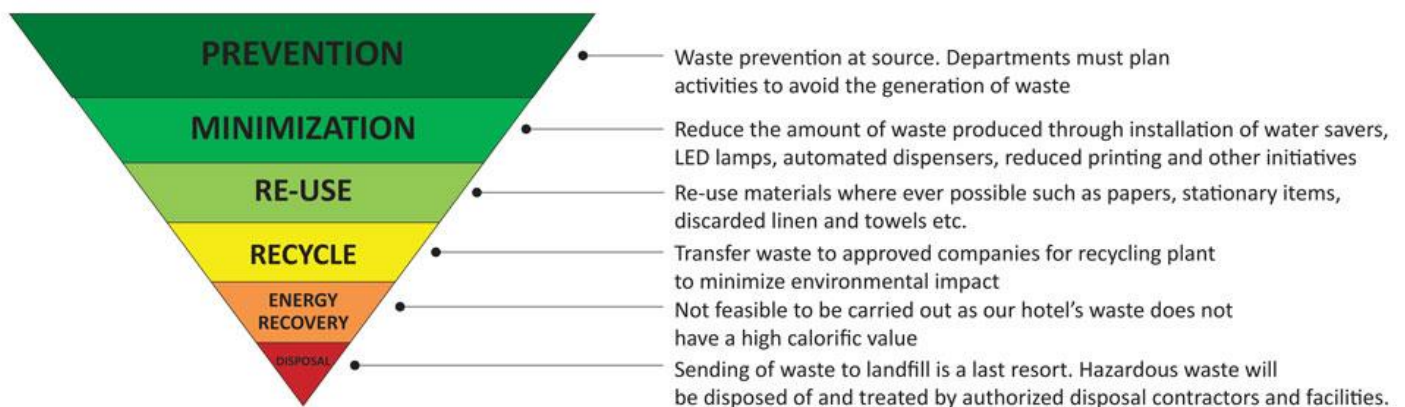

Active system in place to detect and repair leaking toilets, faucets and showerheads in guest rooms, and is run in co-ordination with housekeeping department and engineering department. Active system in place to detect and repair all machinery and equipment on a regular monthly basis, and is run by engineering department.

Native plants or low water plants used in landscaping are used to minimize water in the outdoor garden to use minimum water.

Mercure Hotel Suites & Apartments recycles waste and are looking for more improvement. We have asked for specific glass, cardboard and paper recycle bins, and encourage guests to help us with our recycling. In the first level we try to reduce the waste generation, secondly preference for reusing the items and lastly donated to the charity organizations. Using reusable crate for vegetables and bakery products to minimize waste generation. We attempt to produce as little waste as possible, and nothing is thrown out, that can be used again.

WASTE MANAGEMENT AT MERCURE HOTEL SUITES & APARTMENTS

As far as is reasonably practicable, waste management and waste minimization will be practiced through the following waste hierarchy approach:

Waste Hierarchy

Waste Segregation

Waste streaming is a highly effective way of reducing waste. The segregation of waste plays a role in reducing, reusing and recycling the waste. In current days due to the COVID the segregation has a huge challenge as the

members are required to say for the safety and only over all segregation is very little when compared to the other years.

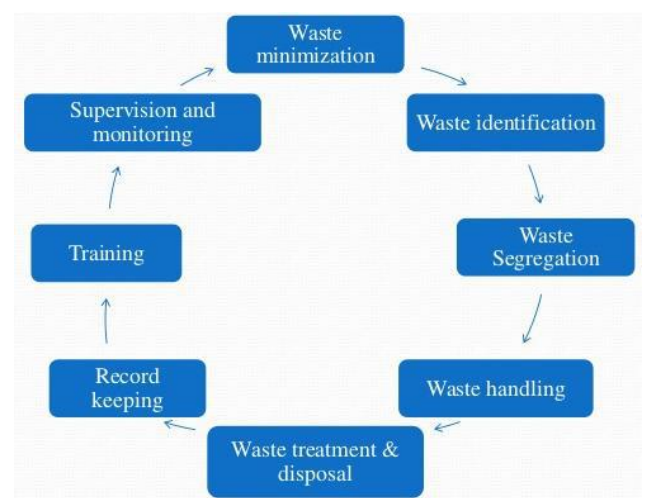

- All kitchens, restaurant, café and banquet areas are provided with color coded bins are for proper segregation of waste in the specified areas
- Guest rooms waste bins: The guest rooms are placed with two bins one in the bed room and the other one in the bathroom in order to segregate the waste
- Housekeeping staff: - In the floor level the segregation of the waste are done for general waste and can and plastic bottles.
- The garbage chute is operational and the waste segregation of landfill is thrown in the garbage shoot. The recycle items needs to be segregated on the floor and brought separately to the garbage room.
- Guest room’s waste collection: Two separate bags are used to collect general waste and the cans and plastic bottles from all the guest rooms to increase the recycle waste and measure for proper segregation
- All hazardous wastes like battery and bulbs are been separated and stored in designated area and monitored by engineering and IT department. The waste is disposed to the approved suppliers.
- All new joiners are fully briefed about the benefits of segregation, procedures for collection waste and also aware of the Hotel’s environmental policies
- The masks and gloves has a segregated bins.
- All recycled and non-recycled waste have to be sorted, collected and stored at separate segregated areas in the garbage room

- GREEN = Plastics
- BLUE = Papers
- YELLOW = Cans
- RED = Glass
- BLACK or GREY = General waste/ Food Waste

Color bins for public areas

Waste Management Cycle

Mercure Hotel Suites & Apartments recycles waste and are looking for more improvement. We have specific glass, cardboard and paper recycle bins, and encourage guests to help us with our recycling.

We attempt to produce as little waste as possible, and nothing is thrown out, that can be used again.

A food-saving program will be established wherein we will come up with strategies to reduce food wastage. Since such a program might interfere with the operation of the culinary department, the establishment of the same will be done in consultation with the F & B department. Other initiatives could be to decompose the food waste by installing food waste composting machine and using the product as manure for the trees within the property. We have introduced the Food crusher were introduced in the new renovation and it's an great step of minimizing the food waste.

No bin day is introduced for our employees to reduce the food waste. The menu designing is planned where very little food waste remains are found. The waste bin is not kept on the NO bin day. It is advised the employees to consume only the food they require and to prevent the food wastage.

All employee laundry is washed in-house with environmental friendly detergents. All back-office computer and electronic equipment is shut down when work-day is over. Meeting room's lights and equipment's are shut down when not in use. All appliances are set at the most efficient level, to save energy, money and appliances. Our concrete aim is to reduce our use of water, electricity and waste in the course of the next year, some of the targets and initiatives to achieve the same are:

- To raise awareness of the environment within the guest rooms by way of environmental information on the room television and room information brochures.
- In partnership with the EEG and Eco tech, collect recycle waste to ensure that zero waste goes to Dubai landfill site.
- Measure emphasis on sustainability development for continual improvement.
- Implement for energy saving projects.

WASTE COLLECTION CAMPAIGN – EMIRATES ENVIRONMENTAL GROUP (EEG)

Mercure hotels as with great efforts has segregated the recycle waste and collected 130kg of plastic and given obtained certificates from EEG. Mercure Hotel Suites & Apartments is actively participating on Emirates Environmental Group aluminium can collection campaign monthly and also in the Tree Plantation.

Mercure – Oasis In house water bottle project

Mercure Hotel Suites and apartments, largest Mercure hotel in Accor portfolio with 1015 keys, using an average hotel in Accor portfolio with 1015 keys, using an Average 266228 PET bottles of water in a year, while we were operating 525 keys. With the full inventory of rooms of 1015 we would use 52456 PET bottles of water in a year above 600000 bottles of water.

A systematic in house water project Oasis as spearheaded to provide safe drinking water to all our guest and support sustainability by eliminating PET bottles. The programme introduces an integrated system of water purification and filtration using UV-based processes. The Aqua sense bottle-free drinking water system not only helps reduce the use of plastic, but also diminishes the effects of storing, transporting and distributing bottles.

The 'Our Oasis' plant set up within the hotel has a dispenser programmed to fill two one-litre glass bottles every 20 seconds to avoid water wastage during the refilling process. There is also a dedicated glass bottle washer machine to ensure zero cross contamination.

We believe that it is our duty to help both the community and the environment. Our campaign is built on the guidelines from Dubai Municipality and Dubai Sustainable Tourism, with a collaborative approach and sustainable development as the main focuses. Our intention is simple; we want to help make our planet a better place for all."

We had the inauguration of the bottling unit with the support of Dubai Municipality and also Dubai Sustainability Tourism.

“We initiated this sustainable project based on the Planet 21 requirements to eventually reach zero single-use plastic within the hotel. Sustainable living is at the heart of our efforts and Dubai Tourism’s recognition of these activities motivates and enables the team to spearhead more initiatives.”

Oasis – Drinking water Unit

In house water bottle Process flow

Washing and Sanitization of the bottles

Filling

Labelling

Arranging in Crates

Transportation

We are very aware that sustainability is an ongoing journey; therefore the Sustainability Management Plan will be reviewed annually. Our Sustainability Management Plan is supported by the following policies and procedures along with other supporting documents:
