About us

Swift Marine Tech Services Pte. Ltd is a supplier of genuine and OEM spare parts for all types of marine equipment. We provide a full range of services in the fields of ship equipment and spare parts trade.

With Swift Marine, you can receive trouble-free supply of technical spares through one single contact. Shipping business is non-stop and running all the time. Every second is operating cost thus delivery time as well as price are the first priority to be concerned.

Our various range of quality products can be supplied as customer needs with satisfaction. We have worldwide delivery from our spare parts competence centre or directly from the country of origin.

Core Business

- Professional sourcing and procurement of technical and sophisticated parts.
- Professional logistics on global scale.
- Genuine, OEM or alternative parts.
- Specialized knowledge about parts made worldwide.

Among our customers you may find ship-owners, ship repair companies, trade companies and others operating on field of ship building and ship equipment.

We also cover major Industries and Factories.

Thanks to the consolidation and good relations with worldwide producers and distributors, we are a really a good partner of all those who need spare parts of good quality at very competitive prices.

Swift Marine has good experience not to disappoint Ship Owners. Our main goal is to supply good quality in the shortest time just to keep your vessels running.

Our Services

With our vast experience and knowledge of the marine market / industry and its well-established partnerships, Swift Marine Marine Tech can assist its customers not only supplying spare parts but also for Repairing ,Servicing and Annual Calibration on board vessels.

We are ready 24x7 to attend any service call to clients on behalf of our principal manufacturers.

Oil Mist Detection (OMD)

Marine Flow Meter,

Actuator, Valve Remote

Fresh & Portable Water Treatment systems. Ballast Water Treatment System

15 ppm Bilge Alarm / Separator, Sewage Treatment Plant

We provide OEM parts, Genuine parts and Reliable Replacement parts for all the major brands. If you are looking for parts for a less known brand, ask us for these too.

Swift Marine Tech Pte Ltd offers variety of services packages on-board of commercial ships, harbor vessels, offshore vessel. We are specialized in servicing automation, electrical, instrumentation, communication, navigation and safety electronic equipment, including Engine Monitor System, Oil Mist Detector, ODME , Cargo Tank Monitor, GMDSS, VHF, Satellite Communications (Inmarsat, Iridium, VSAT), RADAR, ECDIS, Gyro, Autopilot, Sounder, SpeedLog, AIS, Navtex, (D)GPS, (S)VDR, BNWAS.

Our Services Include:

- Installation and Commissioning Various Marine Equipment
- Calibration and Certification
- Annual surveys for GMDSS, SVDR/VDR
- Annual maintenance of Gyro Compass
- Magnetic Compass Calibration and Certification
- Repair works on-board
- PCB Repair & Testing
- Repair works in workshop
- Used Parts Supplier as customer demands

CALIBRATION AND CERTIFICATION

Our team of service engineers carry out the Annual Calibration Verification and Certification, regular servicing, troubleshooting and repair of ODME/15 PPM/GD/UTI/OMD . This includes the newer MEPC 107(49) compliant monitors, and the older MEPC 60(33) compliant monitors.

PCB Repair And Testing

Swift Marine Tech Pte Ltd renowned Portsmouth printed circuit testing and repair facility diagnoses faults on a wide range of boards and units for organizations across the India. Utilising electronic PCB test and repair technology, we manage both low and high volume test contracts.

Our cost-effective test and repair services save companies up to 60 % over OEM repair prices.

Why choose SMTS for your printed circuit board (PCB) repair? We've got more expertise, better equipment and more scalability than the next repair provider. Not only do we have millions of dollars in custom PCB repair and system test fixtures, but our Diagnosis Pin Point Systems are the latest universal in-circuit test equipment available.

When coupled with proprietary serial PCB testing techniques and surface-mount handling equipment, SMTS can repair even the most advanced microprocessor or digital signal processor circuits. Our highly trained technicians are certified in ESD and IPC repair and rework standards, and routinely detect stressed components that others miss (see this case study on CCA component inspection). Plus, after the repair is completed, your printed circuit board is functionality tested to ensure performance.

- Many customers ask us to improve failure-prone products through the use of newer, more reliable
- printed circuit board parts or full printed circuit board redesign services. But did you know that
- SMTS can design printed circuit boards and manufacture replacement PCBs for obsolete
- electronics? That's right. We deal with End of Life (EOL) issues on a daily basis. Nobody offers a
- wider range of cost-saving services for printed circuit boards than SMTS.

VHF SKANTI GMDSS communication devices/equipment

The Repair Specialists for Marine or Industrial Electronics and PCB

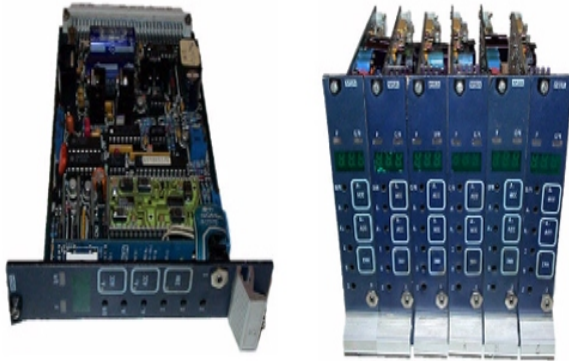

SMTS's PCBA Repair Services Cover:

- Repair of Programmable Controllers (PLCs)
- Repair of CNC Controls
- Repair of NC Controls
- Repair of Welder Controls
- Repair of Industrial Controls
- Repair of Electronic Terminals
- Repair of Electronic Displays

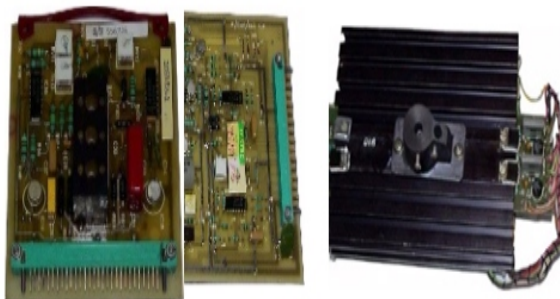

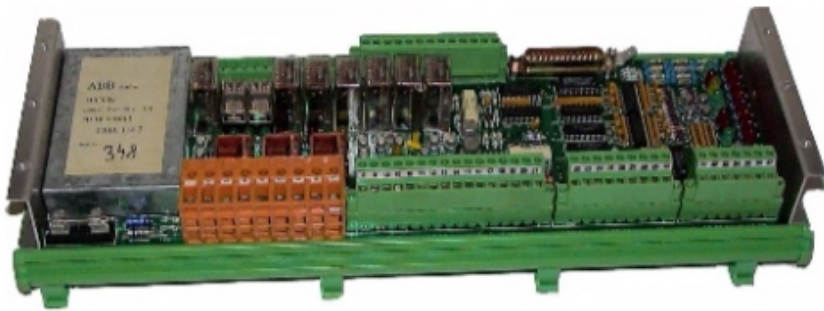

ABB DICON Control CMA112 & CMA 114

MSA PCB board for MSA XT140 Gas detector system

Main PCB board for SASAKURA ODM system

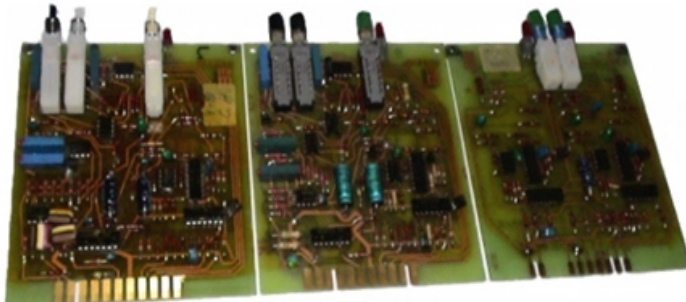

Main logical control PCB board for ABB M/E stop/start

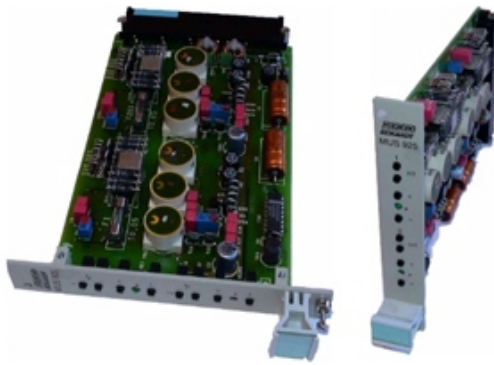

Ms20 logical PCBs for MSA LIRA 303 gas analyzer

Soren T Lyngso TDU analogue Card for Exh. Temp monitoring

NAKSKOV SKIBSVAERFT PCB cards series for Engine alarm system

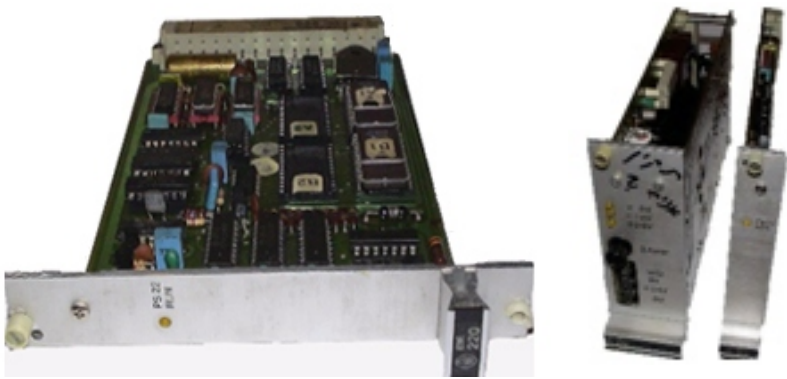

MUS925 Foxboro Eckardt cards for Power Supply Unit for Intelligent Transmitter

Main control PCBs for Crane systems

ED 090 for Auer ex-alarm PCBs for MSA Fixed gas detection system

Main processor cards for Purifier systems

SMTS has many years of technology service experience in the industry.

SMTS is a specialist in repair and recondition of all kinds of electronic Printed Circuit Boards, field service and commissioning of control and automation systems in industry, marine and oil & gas.

SMTS also has import and export trade business which serves globally and supplies spare parts that are transmitters, sensors, soldering equipment and provides custom machining services, furnish different kinds of ball transfers and so on to meet to our global customers' needs.

SMTS provides general customer machining services that produce a batch of new parts or components according to customers' requirements with samples or detail technical drawings supplied by the customer.

Oil Discharge Monitoring System ODM (SASAKURA, BABCOCK, TOKYO KEIKI, ARPOIL, JOWA, STC and Seres etc).

Bilge Alarm Monitoring System (15ppm) & oily-water separator control (level) system.

Fire Alarm, Smoke detector, Oil Mist Detector/Alarm System, O2 analyzer.

Service and repair of all kinds of electric/electronic controllers, devices and equipment.

Service and Calibration of Portable & Fixed Combustible Gas Detectors/Alarm System, Gas Concentration meters (such as Toka, Riken, Finchcom, Sniffer, Drager, MSA, Ranger, TQ Environment etc.), portable heater calibrators, temperature and pressure gauges, Oil-water Interface detector UTI level detector etc.

SPECS OMD SERVICES

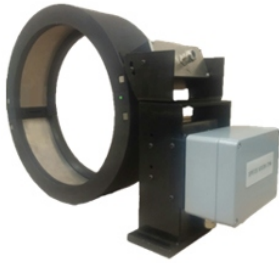

OMD for Engine Room

OMD for engine

OMD for engine

TPM

SPM

BWM

Since the foundation of the company in 1970, SPECS Corporation has put its highest priority of concern on meeting the diverse and difficult needs of its clients and becoming an innovation leader in the technologies that the company is pursuing.

SPECS is now one of the undisputed leaders in its area of expertise, which to provides products and services for safety, instrumentation and control systems required by marine and related industries.

During the last decades of its history, marine industry has acknowledged Oil Mist Detector (OMD) system as an important measurement to reduce the risk of fire from machinery space flammable oil systems or explosions induced by oil mist inside diesel engine crank case.

Through SPECS is one of the latest participants in this market, its oil mist detector for engine room (AOMD) and the one for inside crankcase (COMD) have already obtained reputation of being the top quality products throughout global clients.

For those SPECS AOMD and COMD, type approvals by major classification societies of the world have been granted.

Bearing wear monitoring system(BWM) is another result of SPECS' continuous efforts to respond to the needs of its clients. SPECS' BWM system can check the wear conditions of bearing in ship engine by real time monitoring.

Included above OMD, BWM system, SPECS supplies ship's monitoring system which consist of SPM (Ship Performance Monitoring system) and TPM (Shaft Torque Power RPM Meter). This system can monitor, check and help to maintain better performance for ship's energy saving. SPECS provides the systems and services including installation, consulting and repair.

UTI, MMC Tapes

Our Trained Engineers are regularly carrying out Annual calibration, re-certification including Repairs of Hermetic UTI & MMC UTI Tapes as per makers specification and procedures.

Our Master Equipment's are traceable to National/International Standard.

We are undertake below mention jobs on board vessels in port/anchorage etc.

- Measuring Tapes 15 Mtrs. / 30 Mtrs.- Inspection/ Renewal & Spare Supply
- Temperature Sensor (Oil/water) – Inspection / Renewal & Spare Supply
- Display PCB – Inspection/ Repairs/ Renewal & Spare Supply

Spares are usually available ex stock at our works.

GAS DETECTOR

SMTS is very experienced in Annual Calibration & Certification Including sales, services of All types (any make/model) of:

- Personal & Portable LEL / Oxygen / H₂S & CO Single gas detectors.
- Multi Gas Detector
- HC/O₂ Gas Detector
- Tankscope , Explosivmeter
- Oxygen Analyzers
- Breath Alcohol Analyzers
- Fixed Gas Detection System In Pumproom & Accommodation.

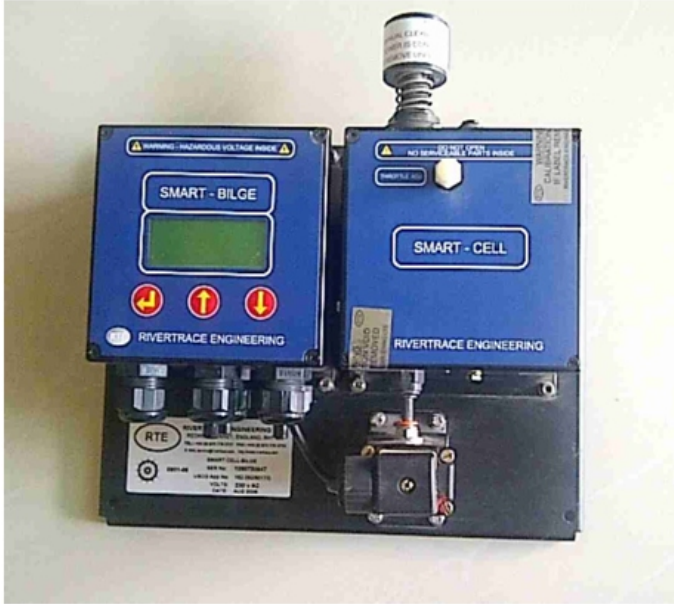

We are providing on board vessel services as well as On-Site including free Pickup / Delivery Services.

Personal / Portable Gas Detectors we regularly calibrate & service includes:-

- Riken Keiki
- Drager
- MSA
- Crowcon
- BW Technologies
- RAE Systems
- GMI, etc.....
- TQ ENVIRONMENTAL

We maintain a large inventory of certified Calibration Mixtures Gases(Oxygen, Methane,(%LEL),Nitrogen, Hydrogen Sulphide, Carbon Dioxide, Carbon Monoxide, Butane, Pentane, Propane, Isobutane, and more...)

Annual Calibration Test

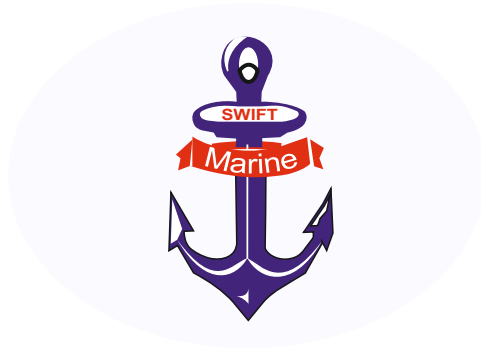

15 ppm Bilge Alarm Monitors – Annual Verification & Function Test.

Our team of qualified engineers are able to carry out a retrofit, new installation and/or calibration of your existing bilge monitor in 24/7.

We Have in stock of ;

- Smartcell Bilge Monitor – meets the requirements of MEPC 107 (49)and
- OCD-CM Bilge monitor – meets the requirements of MEPC 60

Swift Marine Tech Services Pte. Ltd.

Export & Stockist of Ships Spare Parts

SWIFT MARINE is a marine engineering company specialized in the supply of GENUINE , original, OEM spare parts for Main Engine, Auxiliary Engine, Generators and Auxiliary Equipments etc.

We will ensure your vessel is well maintained on the high seas by providing the best quality spare parts, ensuring a swift delivery and keeping your costs down.
