T/R CATTLE COMPANY COMPLETE DISPERSAL OF THE GLENCOE, OK, LOCATION. MORE THAN 600 HEAD SELL

Angus, Hereford, Simmental, SimAngus,
Charolais, Red Angus, Shorthorn Plus and
select Crossbred and Commercial Females

Friends & Cattlemen,

I'd like to welcome you to the T/R Cattle Co. Dispersal. After two short years I did not think I'd be writing a letter as such, but with the selling of the ranch, we have decided to offer you our absolute best! Unique opportunity is the first thing that comes to my mind any time I see an offering like this. Through aggressive selection strategies and genetic management, we have brought to you an elite genetic base accompanied with sound, functional cattle.

The chance to buy genetics of this caliber doesn't come around often. I feel the cattle offered in this sale have the potential to make an impactful return on investment and be huge money makers for their new owners. Numerous banners, track records and proven progeny follow this offering. Over 500 head will sell and their genetic potential is unlimited. I hope the sale offering brings to your herd, what they have brought to ours.

On December 10-11, you'll have the opportunity to own some of the leading Angus, Hereford, Simmental, Maine-Anjou, Shorthorn Plus, Charolais, Red Angus, Crossbred and Commercial cattle in the country.

With that being said, there is an opportunity to offer some of these elite genetics from these multiple breeds to you. If you thought last year's offering was special, then here is your chance to buy in and make some of them your own. There are many donor caliber females along with an elite set of opens and bred's that can stand their ground in any cow herd.

As tough as it is to sell some of these lots, I know that I wouldn't be able to have put together a set like this without the help of numerous people. Just to mention a few: My dad, Mark; mom, Carol; and brother, Nathan are three of the most influential people in my life. Without the three of them I wouldn't have learned what I did growing up and most certainly wouldn't have the chance to be where I am today.

Also, without the everyday help of these three people I really don't know where the operation would be. Whether it's taking care of cows, show cattle, daily chores, clipping, paperwork or anything else that comes along; Tyler Perry, Chase Comer, and McKenna Knight allow the long days to go by somewhat easier. I certainly owe all of these people more than a thank you!

We would also like to thank the following people for their continued support and encouragement: Blake and Wravenna Bloomberg; Jarold, Jennifer, and Ryan Callahan; Amy Cowan; Delvin Drinkall and family; Chad and Misty Hirschfeld; David Ozzello; Joe Nelson and family; Kristin Toll; Mark Sandstrom; Stephanie Sindel; Reva and Marty Stachniw; Ron Throgmartin; and Jack Ward.

We're sorry for the delay of the catalog as the days are short and busy as we prepare the best possible information on the cattle selling for the buyers. Please contact me if you have any questions about the sale.

Sincerely,

Trent Ray, Owner, T/R Cattle Company

Dear Friends and Fellow Cattle Breeders:

Welcome to the Complete Dispersion of the T/R Cattle Company Glencoe, OK herd. The recent sale of the ranch has made it necessary to liquidate this tremendous set of cattle and is sure to be an opportunity for you, as breeders, to take advantage of the cutting-edge genetics they have assembled. The decision to sell these cattle was a difficult but necessary one.

That brings us to December 10 and 11, two days that will mark the beginning of a new chapter in not only the legacy of T/R Cattle Co., but also for those who choose to take advantage of this opportunity to incorporate foundation genetics from one of America's top Hereford, Angus and SimAngus herds into your own program.

If you are already a customer of T/R, you understand the philosophy that has gone into the selection and breeding decisions that have built this herd. The goal of Trent and his team has been to produce sound, functional cattle that have look, but that can also thrive in any environment. They have utilized the breed's best available genetics and have paid close attention to improving individual performance while maintaining the phenotype that won them championships in multiple breeds at the highest levels of competition. This herd is young, and the set of cattle you have an opportunity to select from is second-to-none. These are real world cattle that have been managed and developed to be low maintenance and problem free.

In closing, first, I would like to thank Trent and Mark for the confidence they have shown in me and for allowing me to be a part of their marketing program over the years. Next, I would like to thank the T/R ranch staff: Trent Ray, Brian Clark, Garret Clark, Austin Cogle, Chase Comer, Angie Distl, Luke Fowler, Chuck Holder, Kale Kiesewetter, Lindsey Meyer, Tyler Perry and Jacob Postin for their help in the preparation of the sale cattle for photos and the inventory collection of over 500 head. I would also like to thank Blake Meyer, Tyler Perry and Jacob Postin for their assistance with the catalog. Finally, I would like to thank Kyle Haley, Mary Quigley and Ricki Rookstool from Precision Marketing and Don Denny of Slate Group for the type-setting and printing of the catalog. I apologize for the late availability of the catalog, but we thought it best to provide you with the best and most accurate information and the magnitude of putting this together in the period of time we had to work with is hard for most to comprehend. I am proud to have had the opportunity to assist with the marketing of this tremendous set of cattle and look forward to what the future holds for Trent and T/R Cattle Company.

Whatever the goals of your breeding program are, I am confident you will find cattle that fit your particular needs. Please join us for this historic event on December 10 and 11, 2017. As always, if you have any questions or if I can help in any way, please do not hesitate to call me directly at (405) 641-6081.

Sincerely,

Matt C. Sims, Sale Manager/Auctioneer

To compliment this, she is stout made, wide based and blends champion caliber design with donor cow potential. This female is sure to be a favorite of many, and destined to bring home the purple and produce progeny that will do the same! This lead lot of the sibs selling as lots 15 through 19 that combine BR Aventus 3116 ET, the Supreme Champion Hereford at the 2016 National Western Stock Show with 4064B, the National Champion Horned Female from the 2016 National Western Stock Show that was Reserve in Denver in 2015 typifies the success of this cutting-edge mating.

LOTS 32-36

The dam of lots 32 – 36, CHEZ Strawberry Wine ET 204Z, was the Reserve Champion Polled female in the owned show at the 2013 JNHE and Reserve Champion Polled Female at the 2014 National Western Stock Show. To add to her accomplishments 1/2 interest was sold in her at the 2014 National Hereford Sale commanding \$82,500 for the 1/2 interest.

204Z is a direct daughter of the immortal R Sweet Red Wine 039 and is a maternal sister to Full Throttle whose progeny where very dominant at this past summers NJHE.

The progeny offered out of the immortal 204Z donor dam have tremendous upside and are sired by some of the most popular bulls in the Hereford industry today. Whether you are in the market for a big-time show heifer prospect or a future donor prospect this set of siblings can fit that bill to a tee!

- Sired by the proven time tested 88X and stems from the show ring dominant Two-Timin cow family. Beautifully marked and well-designed this young donor has all the makings of being a great producer. Ultra-cool made up through her front 1/3 yet still carries the rib, hip and bone we have become accustomed to seeing on 88X progeny. This female is just starting to scratch the surface of her future monetary value. This is Trent's favorite bred heifer and he hates to part with her. The pregnancies by 5280 hold great potential.
- Full sister sells as lot 40.

- Lot 140 is among our favorite Catapult daughters from Coyote Ridge. This young female is super long and extended, especially from her shoulder forward. She uniquely blends style and eye appeal without sacrificing power, shape and dimension. The pregnancies selling as lots 141 thru 146 by AmericanClassic are sure to make waves once on the ground.
