T8 Twin Engine AWD | XC60 Polestar Engineered
707 Crystal White Pearl

Polestar Engineered

PURE PERFORMANCE.

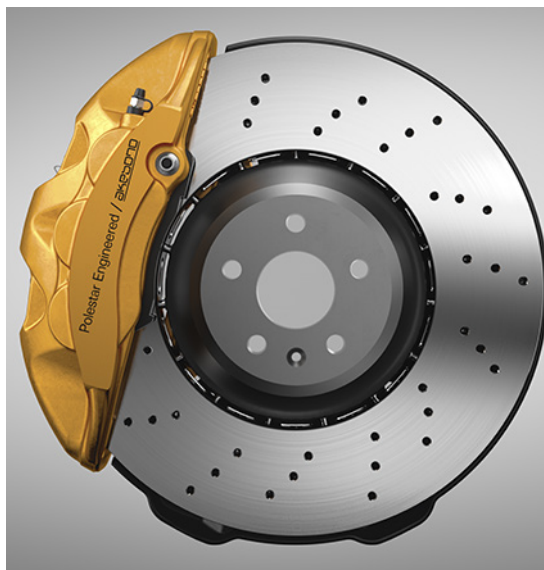

We created the Volvo XC60 T8 Polestar Engineered with one single-minded ambition – to give you the most precise and involving driving experience, period.

To achieve this, we joined forces with the engineers at Polestar – our electric performance car brand. Refinement, human centric innovation and world class safety combined with Polestar's applied performance expertise enable what we call advanced driving dynamics.

This means we've fine-tuned and engineered each component to act as one for your driving enjoyment. Everything, from the powerful T8 Twin Engine AWD plug-in hybrid powertrain to the exclusive Polestar Engineered Öhlins chassis and the high-performance Polestar Engineered Akebono brakes, works together to optimise performance, handling and control. Combined with lightweight, Polestar Engineered forged wheels and distinctive styling, this will provide you with a high-precision driving experience that's simply electrifying.

The Volvo XC60 T8 Polestar Engineered takes the driving precision and performance of your dynamic Swedish SUV to a higher level. The 246kW+65kW T8 Twin Engine AWD powertrain with plug-in hybrid technology and all-wheel drive gives you uncompromised power and efficiency. Together with the engineers at Polestar, we have upgraded the highly capable XC60 chassis with stiffer springs by Polestar and high-end suspension technology by Öhlins – the renowned Swedish manufacturer of shock absorbers for performance and racing cars and motorcycles. This gives you precise and consistent handling characteristics together with maximum road contact in all road conditions, while still providing supple ride comfort. And the Polestar Engineered Akebono brakes maximise braking performance for your peace of mind.

The Polestar Engineered Akebono brakes feature 6-piston brake calipers and large ventilated discs at the front. They're designed to maximise your control and braking performance with a minimum of fading even during hard driving.

We created the Polestar Engineered Öhlins Chassis to give you the perfect balance of agility, control and comfort. The advanced Öhlins shock absorbers work together with the Polestar Engineered front and rear springs that stiffen up the chassis and lower the ride height. This gives a somewhat firmer and more composed ride with less roll and more grip when cornering. And for stable and predictable handling, the technical layout of the T8 Twin Engine AWD powertrain adds to even weight distribution and a low centre of gravity.

The advanced, hand-made Öhlins shock absorbers deliver the perfect mix of agility and comfort. The unique Dual Flow Valve technology means the shock absorber can react more quickly, allowing the wheel and tyre to regain road contact instantly after passing a bump or a pot hole without losing traction. You can enjoy sporty handling and great control without compromising comfort.

The front suspension is further stabilised by a Polestar Engineered strut bar. This contributes to even more precise, responsive steering characteristics at all speeds and more controlled handling through the curves.

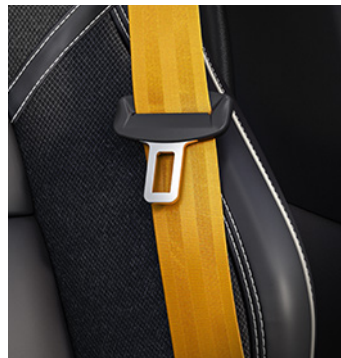

The Volvo XC60 T8 Polestar Engineered is exclusively available in Bright Silver metallic, Crystal White pearl, Onyx Black metallic or Osmium Grey metallic.

Any of these exterior colour choices in combination with the Polestar Engineered 21-inch 5-Y spoke black forged wheels and Polestar Engineered exhaust pipes in stainless steel with black chrome finish will definitely set you apart from the crowd.

The dynamic Charcoal interior of the XC60 T8 Polestar Engineered with Contour seats in Fine Nappa Leather/Open Grid textile with adjustable seat cushion extensions and our tailored dashboard with contrasting stitching.

Safety belts coloured in gold, a subtle nudge to the unique chassis details of your XC60 T8 Polestar Engineered.

Adding to the car's excellent handling as well as its distinctive look, the Polestar Engineered 21-inch 5-Y spoke black forged wheels are in a unique light-weight design.

XC60 POLESTAR ENGINEERED

Includes the following:

Safety and security

- 360° camera
- Adaptive cruise control with pilot assist
- Adjustable speed limiter
- Airbags (frontal - driver and front passenger; knee - driver; side - driver and front passenger; side curtain)
- Alarm with interior motion sensors and private locking
- Belt minder all seats
- Blind spot information system (BLIS™) with steer assist and cross traffic alert
- City safety - autonomous emergency braking, collision warning, avoidance, steering and mitigation support with vehicle, cyclist, pedestrian and large animal detection
- Distance alert
- Drive mode settings
- Driver alert control
- Electronic stability control featuring understeer logic control, engine drag control, advanced stability control, corner traction control by torque vectoring and roll stability control
- Head up display
- Hill descent control
- Hill start assist
- ISOFIX child seat mounting points - second row, outer seats
- Keyless entry with remote tag and handsfree tailgate opening and closing
- Lane keeping aid
- Leather clad key remote
- Lockable glovebox
- Oncoming lane mitigation
- Park assist pilot with park assist front and rear
- Power child lock, rear side doors
- Pyrotechnical pretensioners, all seats
- Rain sensor
- Run-off road mitigation and protection
- Side impact protection system (SIPS™)
- Tempered glass, side and rear windows
- Tyre pressure monitoring system
- Whiplash injury protection system (WHIPS™)

Interior

- 12.3" driver display
- 12V outlet in luggage area
- 2 USB connections, centre console
- 2-Zone electronic climate control
- Armrest with cupholders and storage, centre rear seat
- Automatically dimmed inner and exterior mirrors
- Bluetooth connection
- Bowers & Wilkins premium sound
- Cargo opening scuff plate - metal
- Charcoal interior headlining
- CleanZone air quality system
- Digital audio broadcasting
- Heated front seats
- Heated steering wheel
- Humidity sensor
- Illuminated vanity mirrors in sunvisor, driver and front passenger

- Integrated booster cushion, outer rear seats
- Interior illumination high level
- Leather gear lever knob
- Leather steering wheel with gear shift paddles
- Load cover, manual
- Manual folding rear seat backrests and headrests
- Metal mesh decor inlays
- Netpocket on tunnel
- Parking ticket holder
- Power adjustable cushion extension, front seats
- Power adjustable driver and front passenger seat with memory
- Power adjustable lumbar support, front seats
- Power folding rear seat headrests
- Power operated tailgate
- Preventilation and prolonged heating after engine shut off
- Remote control buttons in steering wheel
- Road sign information (RSI)
- Sensus 9" touch screen centre display
- Sensus navigation with realtime traffic information
- Smart phone integration (Apple Carplay & Android Auto)*
- Soft load net stored in bag
- Sport pedals
- Tailored dashboard
- Textile floor mats, front and rear
- Tread plates in metal 'Volvo'
- Tyre repair kit
- Voice control
- Warning triangle

Exterior

- 21" 5-Y spoke black polished forged alloy wheels
- Colour coordinated door handles with illumination and puddle lights
- Colour coordinated fender extensions, front and rear wheel arches
- Emergency brake light (EBL)
- Fully colour adapted sills and bumpers
- Headlight high pressure cleaning
- Integrated roof rails in gloss black
- LED illumination with active high beam, active bending lights and Thor's Hammer daytime running lights
- Panoramic sun roof
- Polestar chassis
- Polestar dual integrated tailpipes
- Polestar front grille
- Polestar rank mark, front grille and rear tailgate
- Rear view mirror covers in gloss black
- Retractable side mirrors
- Tinted windows, rear side doors and cargo area
- Window trim in gloss black
- Wiper blades with integrated nozzles

PRICE: \$129,900

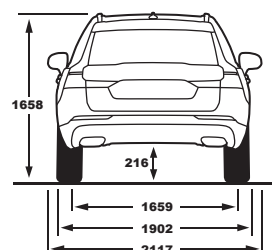

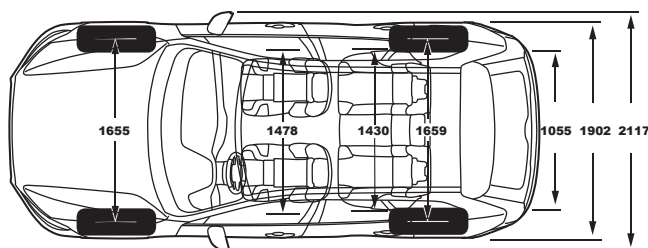

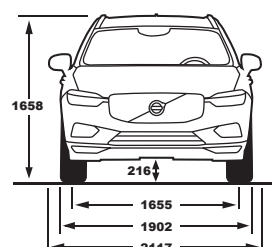

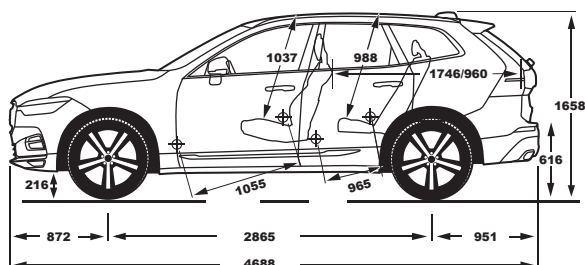

*Not all devices are compatible with Apple CarPlay and Android Auto, contact your nearest Volvo Car dealership for more information.

POWERTRAIN

Polestar Engineered

| | |
|--|--|
| Engine type: | Plug-In Hybrid with 2.0 I4 petrol supercharged/turbocharged and electric motor |
| Transmission: | Eight-speed Geartronic™ |
| Engine max. power, kW at rpm: | 246 at 6000 |
| Engine max. torque, Nm at rpm: | 430 at 4500 |
| Battery type: | Lithium-ion battery |
| Battery energy, kwh | 11.6 |
| Battery charging time, at 16A / 10A / 6A fuse, hours | 3.0 / 4.0 / 8.0 |
| Battery placement | Centrally in tunnel of the car |
| Electric motor max. power, kW | 65 |
| Electric motor max. torque, Nm | 240 |
| Driveline max. power, kW | 311 |
| Driveline max. torque, Nm | 670 |
| Acceleration, 0–100 km/h in sec: | 5.2 |
| Fuel tank, litres: | 70 |
| Environmental classification: | Euro 5 |
| Fuel consumption, litres/100 km, mixed cycle: | 2.2 |
| CO ₂ g/km: | 50 |
| Towing capacity, braked kg: | 2100 |
