2008 ENERGY STAR® Commercial Food Service Program Guide

The 2008 ENERGY STAR Commercial Food Service (CFS) Program Guide provides an overview of select utility-sponsored programs for ENERGY STAR qualified CFS equipment (fryers, hot food holding cabinets, solid door refrigerators and freezers, ice machines, dishwashers, and steam cookers). This guide provides information about incentives, marketing activities, contact information, and other relevant details for programs sponsored by ENERGY STAR partner utilities and program sponsors. On an as-needed basis, as programs change and new utility programs and new ENERGY STAR qualified products are launched, EPA will update this program guide.

The guide is divided by regions of the country: Northeast, Midwest, and West. Below is a map of the United States, where CFS rebates and activities listed in this guide exist as of October 2008 (i.e., states in blue).

Incentives may vary depending on size and qualifying criteria (ENERGY STAR qualification, CEE Tier 2 and CEE Tier 3 qualification). Certain gas customers are eligible for incentives on gas-fired equipment.</p> <p>Web site: www.nyserda.org/programs/Existing_Facilities/default.html</p>
<p>VT</p>	<p>Efficiency Vermont</p> <p>Nicole Carpenter Phone: (888) 921-5990 ext. 1154 E-mail: ncarpenter@veic.org</p> 	<p>CFS incentives: Efficiency Vermont is offering rebates from \$75 to \$125 on ENERGY STAR qualified refrigerators and freezers. Additionally, Efficiency Vermont is offering customized rebates on ENERGY STAR qualified steamers, hot food holding cabinets, and fryers.</p> <p>Please contact Efficiency Vermont for more information.</p> <p>Web site: www.encyvermont.com/pages/Business/RebateCenter/</p>

Midwest

<p>IA</p>	<p>Alliant Energy Interstate Power and Light Co. (IPL)</p> <p>Dorothy Cooper Landt Phone: (319) 786-4522 E-mail: dorothylandt@alliantenergy.com</p> <p><i>Program begins January 2009</i></p> <p><i>Note:</i> Equipment must be purchased after December 31, 2008 to qualify for incentives.</p> 	<p>CFS incentives: Interstate Power and Light Co. (IPL), an Alliant Energy Company, offers mail-in rebates for:</p> <ul style="list-style-type: none"> • ENERGY STAR qualified hot food holding cabinets (\$250) • ENERGY STAR qualified electric steam cookers (\$500) • ENERGY STAR qualified solid door freezers (from \$50 to \$125) • ENERGY STAR qualified ice makers (\$100) • ENERGY STAR qualified solid door refrigerators (from \$100 to \$200) • Glass door refrigerators (from \$125 to \$225)** • Natural gas steam cookers (\$500)** • Natural gas fryers (\$500)** • Natural gas convection ovens (\$500)** • Natural gas conveyor ovens (\$500)** <p>Marketing/outreach: Marketing and outreach to end users and trade allies is conducted through direct mail, trade shows, association meetings, trade account managers, Business Resource Center, and strategic account managers. Participating trade allies earn incentives on qualifying equipment they sell to IPL customers. Targeted end-use sectors include hospitals, institutions, restaurants, and schools. IPL welcomes collaboration with equipment distributors, dealers, buying groups, trade associations, and other trade allies on cooperative marketing opportunities.</p> <p>Web site: www.alliantenergy.com/business <i>Note:</i> Information about this program will not be posted online until January 2009.</p> <p><i>** For specifications for this equipment, see Alliant Energy program claim forms or Web site.</i></p>
<p>IA</p>	<p>MidAmerican Energy</p> <p>Dave Ahlberg Phone: (515) 252-6762 E-mail: drahlberg@midamerican.com</p> 	<p>CFS incentives: MidAmerican offers mail-in rebates for ENERGY STAR qualified hot food holding cabinets (\$250), solid door refrigerators (from \$100 to \$200), solid door freezers (from \$50 to \$125), ice makers (\$100), and natural gas fryers (\$500). Mail-in rebates are also available for glass door refrigerators (from \$125 to \$225) meeting CEE Tier 1 specifications. The program conducts research and analysis to expand the menu of equipment eligible for rebate.</p> <p>Marketing/outreach: Marketing and outreach to end users and trade allies is primarily conducted through direct mail. Targeted end use sectors include schools, restaurants, hospitals, and institutions. Looking to collaborate with equipment distributors, dealers, and other trade allies on cooperative marketing opportunities.</p> <p>Web site: www.midamericanenergy.com/ee</p>

<p>IL</p>	<p>Commonwealth Edison</p> <p>Erinn Monroe or Sandra Henry Phone: (888) 806-2273 E-mail: comedsmartideas@kema.com</p> 	<p>CFS incentives: ComEd is offering prescriptive incentives on various refrigeration, lighting, HVAC and motor technologies through the Smart Ideas for Your Business program. Prescriptive incentives include strip curtains on walk-in coolers/freezers (\$4 per square foot) and evaporator fan controls (\$60 per motor). Custom incentives are also available for projects that reduce electrical energy usage. Incentives can be paid to trade allies when deducted from customer's invoices.</p> <p>Marketing/outreach: Program marketing and outreach is geared toward product and service providers and to customers directly, as well as through account managers.</p> <p>Web site: www.comed.com</p>
<p>IL</p>	<p>Department of Commerce & Economic Opportunity</p> <p>Bureau of Energy & Recycling Andrea Reiff or Tom Coe Phone: (217) 785-2863 E-mail: Illinois.Energy@illinois.gov</p> 	<p>CFS Incentives: The State of Illinois is offering standard incentives on various refrigeration, lighting, HVAC and motor efficiencies through the Illinois Energy Efficiency Portfolio Program. Public sector facilities such as public K-12 schools, community colleges and universities, other units of local governments such as public safety, water and park districts, federal, state and local government buildings, and municipalities and townships that are Ameren Illinois or ComEd electric utility customers are eligible. Numerous standard refrigeration incentives are available and range from strip curtains on walk-ins to high-efficiency ice makers. Custom incentives are also available for projects that reduce electrical energy usage.</p> <p>Marketing/Outreach: Bureau of Energy & Recycling Marketing and Outreach Coordinator targets public sector groups to promote the Energy Efficiency Portfolio programs. Tradeshows, seminars and association meetings are a primary outreach function. Cross-marketing with local partnership programs such as the Illinois Municipal League are effective marketing and outreach tools. Vendor alliances are continually being developed as are outreach opportunities with ComEd and Ameren Illinois account managers.</p> <p>Web Site: www.illinoisenergy.org</p>
<p>KY OH</p>	<p>Duke Energy Ohio/Kentucky</p> <p>Connie Rhodes Phone: (317) 838-1939 E-mail: Connie.Rhodes@Cinergy.com</p> 	<p>CFS incentives: Food service operators in Ohio and Kentucky can take advantage of Duke Energy's mail-in rebates for ENERGY STAR qualified solid door refrigerators and freezers (from \$50 to \$90), as well as energy-efficient ice machines (from \$100 to \$200), refrigeration condensers (\$12 per ton), night covers for displays (\$10 per lineal foot), head pressure controls (\$60 per ton), vending equipment controllers (\$50), and anti-sweat heater controls (\$40 per door).</p> <p>Web site (Ohio customers): www.duke-energy.com/ohio-business/energy-management/food-services.asp?sec=content</p> <p>Web site (Kentucky customers): www.duke-energy.com/kentucky-business/energy-management/food-services.asp?sec=content</p>

<p>MN</p>	<p>CenterPoint Energy</p> <p>Ann Peterson Phone: (877) 809-3803 E-mail: Ann.Peterson@centerpointenergy.com</p> 	<p>CFS incentives: Facilities receiving natural gas service from CenterPoint Energy in Minnesota can take advantage of a \$250 mail-in rebate for ENERGY STAR qualified gas fryers, and a \$200 mail-in rebate for ENERGY STAR qualified gas steam cookers.</p> <p>CenterPoint also offers rebates for the following equipment to promote efficient use of natural gas: infrared upright broilers (\$600), infrared charbroilers (\$300), combination ovens (\$1000), convection ovens (\$300), conveyor ovens (\$750), rotating rack ovens (\$500), infrared rotisserie ovens (\$500), dishwashers (\$750), pasta cookers (\$200), infrared Salamander broilers (\$150), booster water heaters (\$500).</p> <p>Web site: www.CenterPointEnergy.com/foodservice</p>
<p>MN</p>	<p>Southern Minnesota Municipal Power Agency (SMMPA)</p> <p>John O'Neil Phone: (507) 292-6443 E-mail: jp.oneil@smmpa.org</p> <p>SMMPA member utilities include: Austin Utilities, Blooming Prairie Public Utilities, Fairmont Public Utilities, Grand Marais Public Utilities, Lake City Utilities, Litchfield Public Utilities, Mora Municipal Utilities, New Prague Utilities, North Branch Municipal Water and Light, Owatonna Public Utilities, Preston Public Utilities, Princeton Public Utilities, Redwood Falls Public Utilities; Rochester Public Utilities, Spring Valley Utilities, Saint Peter Municipal Utilities, Waseca Utilities, and Wells Public Utilities.</p> 	<p>Program Goals: SMMPA's 18 member utilities promote energy efficiency in food service operations through rebates covering a comprehensive suite of CFS equipment.</p> <p>CFS incentives: Mail-in rebates available for ENERGY STAR qualified steam cookers (from \$400 to \$550), hot food holding cabinets (from \$200 to \$300), fryers (\$150), dishwashers (from \$300 to \$1000) and refrigerators and freezers (from \$100 to \$125). Additional incentives for energy efficient combination ovens (\$900), convection ovens (\$225), griddles (\$175), ice makers (from \$100 to \$400), and low-flow pre-rinse spray valves (50 percent of installed cost).</p> <p>Marketing/outreach: SMMPA's outreach strategy targets end users as well as manufacturer representatives, dealers, distributors, and other trade allies that support the food service industry. SMMPA provides education and training to food service operators and trade allies, conducts facility audits to identify energy savings opportunities, and is interested in collaborating with trade allies on marketing promotions.</p> <p>Web site: www.SaveEnergyInMyCommunity.com</p>

WI	<p>Focus on Energy</p> <p>Mindy Guilfoyle Phone: (262) 284-3838, (888) 598-4376 E-mail: mguilfoyle@franklinenergy.com</p> 	<p>Program goals: By the end of 2008, Focus on Energy's goal is to reduce summer peak demand by 100 kW, achieve 500,000 kWh in electricity savings and 30,000 therms of natural gas savings by promoting energy efficient food service equipment in Wisconsin.</p> <p>CFS incentives: Mail-in rebates available for ENERGY STAR qualified steam cookers (\$100 per pan), hot food holding cabinets (\$300), fryers (\$300 for gas and \$150 for electric models), ice machines (from \$150 to \$500) and refrigerators and freezers (from \$75 to \$100). Additional rebates are available for equipment meeting CEE specifications: commercial ice makers (from \$100 to \$400), large vat fryers (from \$150 to \$300), griddles (from \$100 to \$200), convection ovens (\$200 per compartment), combination ovens (\$1,000 for electric and \$400 for gas models), and rack ovens (\$500 per compartment).</p> <p>Marketing/outreach: The program targets marketing activities to distributors, dealers, and other upstream trade allies as well as food service end users. Looking to collaborate on cooperative marketing opportunities. \$30,000 budget for co-op advertising and \$7,500 budget for marketing collateral.</p> <p>Web site: www.focusonenergy.com/Incentives/Business/FoodService.aspx</p>
----	---	--

West		
AZ	<p>Southwest Gas Company Anita Hart Phone: (702) 876-7011 E-mail: anita.hart@swgas.com</p> 	<p>CFS incentives: Southwest Gas Company is offering rebates on ENERGY STAR qualified pressure-less, water-saving steam cookers (\$1,500); griddles with an efficiency of 38% or higher (\$1,000); and, water heaters exceeding 82% efficiency (\$10 per 1,000 Btu; maximum of \$1,500 per qualifying appliance).</p> <p>Web site: www.swgas.com/efficiency/az/commercial_equipment.php.</p>
CA	<p>Family of Southern California Water Agencies Phone: 1-877-728-2282</p> <p>Members: Calleguas Municipal Water District, Central Basin Municipal Water District, Eastern Municipal Water District, Foothill Municipal Water District, Inland Empire Utilities Agency, Las Virgenes Municipal Water District, Los Angeles Department of Water & Power, Metropolitan Water District of Southern California, Municipal Water District of Orange County, Three Valleys Municipal Water District, Upper San Gabriel Valley Municipal Water District, West Basin Municipal Water District, Western Municipal Water District of Riverside County</p>	<p>CFS incentives: Family of Southern California Water Agencies is offering a \$485 rebate on connectionless steam cookers.</p> <p>Web site: www.mwdsaveabuck.com/devices_01.php?id_dvce=1</p>
CA	<p>Los Angeles Department of Water and Power Steve Brown Phone: (213) 367-1075 E-mail: Steve.Brown@ladwp.com</p> 	<p>Program goals and funding: Refrigeration goals include reduction of 1.4 MW and 11.2 GWh; funding of \$1.4 million. Custom Efficiency Program reduction of 2.4 MW and 12.3 GWh; funding \$2.6 million (includes incentives/rebates for electric cooking and related food service energy efficiency measures).</p> <p>CFS incentives: LADWP is offering rebates on CEE Tier 2 equipment: refrigerators (from \$75 to \$225) and freezers (from \$100 to \$500). They are also offering \$600 per compartment for connectionless steamers.</p> <p>Marketing/outreach: LADWP will be working with customers, manufacturers, and dealer/distributors, and professional organizations to promote their programs.</p> <p>Web site: www.ladwp.com/nrrp</p>

<p>CA</p>	<p>Pacific Gas & Electric (PG&E)</p> <p>Andy Doeschot Phone: (415) 973-3707 E-mail: AJDb@pge.com</p> 	<p>Program goals and funding: Current Goals are savings amounting 12,500,000 kWh; 1,200 kW; 250,000 Therms. Budget is \$1 million but flexible against entire portfolio.</p> <p>CFS incentives: PG&E is offering:</p> <ul style="list-style-type: none"> • Mail-in rebate from \$75 to \$225 on the purchase of select commercial, solid-door refrigerators that meet CEE Tier 2 criteria (ENERGY STAR plus 40%) based on equipment size; • \$750 mail-in rebate on the purchase of a new ENERGY STAR qualified gas or electric steamer; • \$200 mail-in rebate for an ENERGY STAR qualified electric fryer; • \$500 mail-in rebate for an ENERGY STAR qualified gas fryer; and • Rebates on select high-efficiency hot food holding cabinets. Rebates are available for models with an energy consumption rate less than or equal to 20 Watts per cubic foot of volume. <p>See rebate form for eligibility requirements and see www.fishnick.com for a list of models eligible for the rebate.</p> <p>Marketing/outreach: PG&E has Field Service personnel to call on dealers and promote programs; offers marketing materials; has done two direct mail campaigns to end use customers that also involve dealers; placed an ad in the home energy magazine and articles in multiple publications; attended four food service related conferences and will be attending at least three more in 2008; will participate in at least two franchise functions in 2008; attended dealer open house (sales) events as well as manufacturing representative open house event; and, is working with several chain accounts on specialized incentives as well as promotion of standard program products.</p> <p>Web site: www.pge.com/fstc</p>
-----------	---	---

CA	<p>Pasadena Water and Power</p> <p>John Hoffner Phone: (626) 744-4420 E-mail: jhoffner@cityofpasadena.net</p> 	<p>Program goals and funding: \$400,000 budgeted for FY2009.</p> <p>CFS incentives: Rebates for equipment purchases will be available for connectionless steamers, hot food holding cabinets, electric fryers, ice machines, griddles, combination and convection ovens, and reach-in refrigerators and freezers.</p> <p>Other Activities: Program (under development) will include audits and direct installation of efficient lighting, HVAC tune-ups, window film and other measures at no cost to the customer. Water and gas efficiency measures to be surveyed and a report with recommendations provided to each customer.</p> <p>Marketing/outreach: Direct marketing to food service customers in Pasadena by utility staff and contractors.</p> <p>Web site: www.PWPweb.com</p>
CA	<p>San Diego Gas & Electric (SDG&E)</p> <p>Christina Rathbun Sr. Program Manager Phone: (858) 636-5776 E-mail: CRathbun@semprautilities.com</p> 	<p>CFS incentives: SDG&E is offering mail-in rebates for the purchase of the following:</p> <ul style="list-style-type: none"> • From \$75 to \$225 for select commercial, solid-door refrigerators that meet CEE Tier 2 criteria (ENERGY STAR plus 40 percent) and equipment size; • \$750 for new ENERGY STAR qualified gas or electric steamer; • \$200 for an ENERGY STAR qualified electric fryer; and, • \$500 for an ENERGY STAR qualified gas fryer. <p>Marketing/outreach: SDG&E Account Executives and program personnel work with customers and dealers promoting the program rebates. Tradeshows, seminars and association meetings are a primary outreach function. Cross-marketing with local partnership programs are effective marketing and outreach channels also. Vendor alliances are continually being developed including a vendor incentive pilot.</p> <p>Web site: For additional information and eligibility requirements go to www.sdge.com/business/esc. Visit www.fishnick.com for a list of models eligible for the rebate.</p>

<p>CA</p>	<p>Southern California Edison (SCE) Marissa Barrera Phone: (626) 633-3016 E-mail: marissa.barrera@sce.com</p> 	<p>Program goals and funding: Program's annual budget is \$1.8 million per site or service account.</p> <p>CFS incentives: SCE is offering the following mail-in rebates:</p> <ul style="list-style-type: none"> • From \$75 to \$225 on the purchase of select solid door refrigerators that meet CEE Tier 2 criteria (ENERGY STAR plus 40 percent); • From \$75 to \$500 on the purchase of select solid-door freezers that meet CEE Tier 2 criteria (ENERGY STAR plus 30 percent). Rebate amount varies by equipment size; • From \$75 to \$250 on the purchase of select ENERGY STAR qualified air cooled ice machines that meet CEE Tier 2 criteria; • From \$150 to \$500 on the purchase of select ENERGY STAR qualified air cooled ice machines that meet CEE Tier 3 criteria; • \$750 on the purchase of new ENERGY STAR qualified electric steamers; • \$200 on the purchase of new ENERGY STAR qualified electric fryers; and, • \$200-300 on the purchase of select ENERGY STAR qualified hot food holding cabinets. Rebates are available for models with an energy consumption rate less than or equal to 20 Watts per cubic feet (ft³) of volume. <p>See rebate form for more details and for terms and conditions. The 2006-2008 Express Efficiency Program runs from January 1, 2006 until December 31, 2008. Rebates are paid on a first come, first served basis until the deadline expires or allocated funds are spent, whichever comes first. Customers are encouraged to submit their applications as early as possible.</p> <p>Marketing/outreach: SCE offers marketing materials, Customer Success Story literature, energy audits, and training and seminars. SCE's Foodservice Technology Center (FTC) offers customer testing and training for commercial food service equipment, and holds seminars and classes regarding energy efficiency for CFS. The FTC also works with the equipment representative groups and local dealers. FTC works with several chain accounts on testing equipment and specialized incentives. SCE attends several food service conferences and shows throughout the year including exhibiting a booth for local shows. Its marketing efforts have included direct mail to end use customers regarding updated rebate information and seminars, and placing the updated information in the CA restaurant publications.</p> <p>Web site: www.sce.com/RebatesandSavings/SmallBusiness/ExpressEfficiency/FoodServiceEquipment/food-service-equipment.htm; also visit www.fishnick.com for a list of models eligible for rebates.</p>
-----------	--	--

CA	<p>Southern California Gas Company</p> <p>E-mail: ERCFOODSVC@sempra.com</p> 	<p>CFS Incentives: Southern California Gas is offering mail-in rebates for the purchase of new ENERGY STAR qualified commercial kitchen equipment. See rebate form for eligibility requirements as well as www.fishnick.com for a list of models eligible for rebates.</p> <p>Marketing/Outreach: Direct mailers, e-newsletters, customer success story videos, vender participation program promoting rebates as well as awards.</p> <p>Other Activities: Seminars and training are available. For additional information visit: http://socalgas.com/business/resourceCenter/ercHome.html.</p> <p>Web site: www.socalgas.com/business/foodService/</p>
CO	<p>Denver Water</p> <p>Cindy Moe, P.E. Phone: (303) 628-6009 E-mail: cindy.moe@denverwater.org</p>	<p>CFS incentives: A \$350 rebate is offered per steamer for customers that replace atmospheric steamers with approved boilerless units. A new boilerless steamer could save approximately 162,000 gallons of water each year! That would amount to utility savings of about \$650 for water and sewer plus energy savings of \$320 per year.</p> <p>Marketing/outreach: Direct mail to boilerless steamer manufacturers; article coming out in Restaurant Association Newsletter this summer; article in Denver Business Journal, information on web site; and, attended WestEx in May 2007 (Restaurant Association Trade Show).</p> <p>Web site: www.denverwater.org/cons_xeriscape/conservation/CommercialIndustIncentivePrgm.html</p>

<p>ID WA</p>	<p>Avista Utilities Catherine Bryan Phone: (509) 495-8011 E-mail: catherine.bryan@avistacorp.com avistacorp.com</p> 	<p>CFS incentives: Only for Avista's Washington and Idaho service territory:</p> <ul style="list-style-type: none"> • \$150 rebate for ENERGY STAR qualified electric fryers. • \$500 rebate for ENERGY STAR qualified gas fryers. <p>Washington and Idaho customers only. Rebates only for ENERGY STAR qualified hot food holding cabinet models:</p> <ul style="list-style-type: none"> • \$300 rebate for 9 cubic foot to 12 cubic foot models. • \$400 rebate for models greater than 12 cubic feet to 18 cubic feet. • \$500 rebate for models greater than 18 cubic feet. <p>For ENERGY STAR qualified gas and electric steam cookers:</p> <ul style="list-style-type: none"> • 3 pan rebates: \$500 gas, \$450 electric. • 4 pan rebates: \$540 gas, \$640 electric. • 5 pan rebates: \$590 gas, \$720 electric. • 6 pan rebates: \$630 gas, \$720 electric. <p>For ENERGY STAR commercial appliances:</p> <ul style="list-style-type: none"> • From \$70 to \$140 on ENERGY STAR qualified refrigerators and freezers. • From \$250 to \$2,000 for ENERGY STAR qualified dishwashers. <p>Web site: www.avistautilities.com/business/rebates/washington_idaho/page/default.aspx</p>
<p>NM</p>	<p>Public Service Company of New Mexico (PNM) Erick Seelinger Phone: (505) 241-2659 E-mail: Erick.Seelinger@pnm.com</p> 	<p>CFS incentives: PNM is offering \$250 rebates to non-transportation business gas customers for installing ENERGY STAR qualified gas fryers.</p> <p>Marketing/outreach: Efforts will be focused on targeted market channels such as direct mail, and PNM-hosted contractor events. A commercial cooking facility is available on-site for demonstrations.</p> <p>Web site: www.pnm.com/rebates/gas_fryer_bus.htm</p>
<p>NV</p>	<p>NV Energy Mary Ann Sheehan Phone: (702) 402-2073 E-mail: msheehan@nev.com</p> 	<p>CFS incentives: NV Energy (formerly Nevada Power and Sierra Pacific Power) is offering prescriptive rebates on qualifying high efficiency fryers, large vat fryers, high efficiency griddles, convection ovens, combination ovens, steam cookers, high efficiency holding cabinets, ventilation controls, auto door closers, door gaskets, strip curtains in walk-ins, anti-sweat heater controls, high efficiency air cooled ice-machines, high efficiency refrigerators/freezers, and lighting retrofits.</p> <p>NV Energy also offers customized rebates on other specialized commercial kitchen equipment based on electric energy savings. For details on equipment requirements and applications for incentives, please visit the company Web site or contact NV Energy at 1-800-342-6335.</p> <p>Web site: www.nvadapower.com/saveenergy/business/incentives/</p>

<p>OR</p>	<p>Energy Trust of Oregon</p> <p>Lyn Schmidt Phone: (503) 224-4751 E-mail: Lyn.k.schmidt@Lmco.com</p> 	<p>CFS incentives: Prescriptive incentives are available for Oregon Portland General Electric and Pacific Power electric customers that pay the public purpose charge as well as NW Natural and Cascade Gas customers. Cash incentives are available when restaurateurs purchase new high efficiency equipment:</p> <ul style="list-style-type: none"> • \$1,000 for an ENERGY STAR qualified gas fryer; • \$1,000 for a full-sized gas convection oven (6 cubic feet+ interior); • \$400 for an ENERGY STAR qualified electric hot food holding cabinet; • \$250 for an ENERGY STAR qualified electric steam cooker; • \$150 for an ENERGY STAR qualified solid door commercial freezer; • \$150 for an ENERGY STAR qualified solid door commercial refrigerator; • \$200 for an ENERGY STAR qualified dishwasher, high temp undercounter; • \$400 for an ENERGY STAR qualified dishwasher, high temp upright; • \$500 for an ENERGY STAR qualified dishwasher, high/low temp conveyor; • From \$300 to \$500 for an ice Maker (CEE qualifying); and • \$300 per horsepower for variable speed drive vent hoods <p>Marketing/outreach: Energy Trust outreach includes Oregon Restaurant Association, advertisements, direct mail, trade shows, manufacturers, manufacturer representatives, distributors, equipment dealers, and end use participants. Cooperative advertising is available for trade allies for newsletters, catalogues, ads, point of purchase signs, etc. Energy Trust provides training to trade allies and walk through energy surveys for participants.</p> <p>Web site: www.energytrust.org/restaurants</p>
<p>UT</p>	<p>Questar Gas Company</p> <p>Michael Orton Phone: (801) 324-5331 Email: michael.orton@questar.com</p> 	<p>CFS incentives: In October 2007, Nexant Associates, on behalf of Questar, submitted fast track approval for ENERGY STAR Commercial Fryers and Steam Cookers rebate programs to the Utah PSC. Questar received PSC approval for the commercial food service measures. Questar is offering \$1,000 for ENERGY STAR qualified gas fryers and steam cookers.</p> <p>Questar is offering the following rebates:</p> <ul style="list-style-type: none"> • ENERGY STAR Gas Commercial Fryer/ 50% Combustion Efficiency/\$1,000.00 • ENERGY STAR Gas Steam Cooker/ 38% Combustion Efficiency/ \$1,000.00 • High Efficiency Gas Convection Oven/ 40% Combustion Efficiency/ \$1,000.00 • High-Efficiency Gas Combination Oven/ 40% Combustion Efficiency/ \$1,000.00 • High-Efficiency Gas Griddle/ 38% Combustion Efficiency/ \$300.00

WA	<p>Puget Sound Energy</p> <p>Doug Dickson Phone: (425) 456-2476 E-mail: doug.dickson@pse.com</p> 	<p>CFS incentives: Puget Sound Energy is offering rebates for both gas and electric steam cookers (\$750); electric fryers (\$250) and gas fryers (\$750); hot food holding cabinets (\$500); and rebates from \$125 to \$150 on the purchase of select commercial, solid-door refrigerators that meet CEE Tier 2 criteria (ENERGY STAR plus 30 percent). Puget Sound Energy is also offering rebates for gas and electric convection ovens (\$1,000), electric combination ovens (\$1,000), rack ovens (\$2,000) and ice machines (\$300).
