APPENDIX C: FY20 Grantees by Program	12

¹ The details of specific energy programs can be found in Volume 1 of the Fiscal Year 2020 Strategic Energy Investment Fund report.

APPENDIX B: FY20 Grantees Receiving Multiple SEIF Awards

Appendix B contains a summary of individuals, or individuals whose address, has been identified by the Maryland Energy Administration (MEA) as receiving multiple awards from the SEIF in FY20, as required by §9-20B-12 of the State Government article.

There are several ways that non-profit organizations, counties, local governments, and businesses can be eligible for multiple awards in a given fiscal year from the SEIF.

- The Low-to-Moderate Income Energy Efficiency program is offered on a regional basis to ensure geographical diversity. In this way, a non-profit organization that wishes to implement projects in more than one region could submit multiple applications, resulting in the possibility of multiple awards.
- Within the Transportation program, commercial Electric Vehicle Supply Equipment rebates allow commercial entities to be eligible to receive multiple awards if multiple stations have been installed.
- Entities can opt to participate in more than one energy program. Several counties and local governments participate in multiple MEA energy efficiency programs.

As an individual, one way that it is possible to receive multiple awards from the SEIF is by participating in the Clean Energy Rebate program after installing more than one renewable energy technology. Another potential way is to participate in the Clean Energy Rebate program in conjunction with the Electric Vehicle Supply Equipment rebate program, which provides financial incentives for electric vehicle charging equipment.

A list of the non-profit organizations, counties, local governments, businesses, and individuals that received multiple SEIF awards in FY20, or whose address received multiple awards, is shown below.²

Program Name	MEA Award	Funding Amount to the Award
Commercial, Industrial and Agriculture Program	7250 Limited Partnership, LLLP	\$ 100,000
Residential Clean Energy Rebate Program	Aitha, Mahesh Kumar	\$ 1,000

APPENDIX C: FY20 Grantees by Program

The following pages contain a list of more than 4,000 grant awards issued by the Maryland Energy Administration in FY20. Awards are organized first by program, using the program order shown in the Table of Contents, and then alphabetically within each individual program by award name. To further aid the navigation of Appendix C, each award is preceded by the letter assigned to the program in the Table of Contents.
