WHO WE ARE

As the largest training provider in Australia, TAFE NSW is dedicated to collaborating with its global network of education institutes, industry and corporate services partners through a range of tailored training solutions. If you are looking to improve the skills, knowledge and practices of your students, staff or trainers, TAFE NSW can customise a product to suit the needs of your business, institute or industry.

Our internationally recognised courses are accredited under the Australian Qualifications Framework and are highly regarded by industry and employers. We design and deliver customised training programs and services for major government and commercial clients in Australia and overseas.

TAFE NSW International specialises in global educational partnerships, global industry partnerships, study tours and professional development programs.

Industry sectors

With over 1,200 courses in a wide range of industry sectors, TAFE NSW delivers quality training to suit the needs of government, business, industry and individual learners. We design our courses in consultation with business and industry, ensuring that our training offers the skills needed for the jobs of today and the careers of the future.

TAFE NSW offers training across nine broad skills areas:

- **Innovative Manufacturing, Robotics and Science**
- **Agribusiness**
- **Career Pathways, Aboriginal Languages and Employability Skills**
- **Health, Well-being and Community Services**
- **Supply Chain and eCommerce**
- **Tourism and Experience Services**
- **Technology and Business Services**
- **Creative and Design Ideation**
- **Infrastructure, Energy and Construction**

Centres of Excellence are a special feature of some TAFE NSW delivery locations, providing a world-class learning environment that is focused on a particular field. Featuring the latest industry standard equipment and expert staff, our Centres of Excellence include:

- **Sydney Coffee Academy:** a modern, custom-designed specialist coffee and café training centre.
- **Sydney Wine Academy:** an award-winning provider of world-class training for the hospitality and wine industry, as well as wine enthusiasts.
- **Design Centre, Enmore:** home to many of Australia's best-known design courses.
- **Equine Studies Centre, Richmond:** serving the equine industry with specialised training including horse breeding, racing and trade courses in farriery and blacksmithing.
- **National Environment Centre:** located outside Albury and offering specialist training in Civil Construction, Natural Resource Management, Water Operations, Permaculture, Organic Farming, environmentally related studies and sustainable agriculture.
- **Hunter Valley Hotel Academy:** a state-of-the-art tourism and hospitality training facility that combines student learning and practical skill development with the daily workings of an Accommodation and Conference Centre.
- **Newcastle Maritime & Marine Engineering Centre:** offering hands-on Marine Engineering and Maritime Operations training, utilising the latest technology.
- **The Transformational Technical Training Building (TTT):** a Horticulture and Animal Science training centre in Yallah, built with sustainability at the core of all its functionality. The TTT facility aims to be one of the first projects in Australia to be certified under the Living Building Challenge (LBC) with net zero energy and water targets.
- **The Children's Services Centre:** a purpose-built Early Childhood Education facility in Shellharbour that provides an advanced training facility in the child care field, using the latest technology.

GLOBAL EDUCATION PARTNERSHIPS

TAFE NSW delivers Australian vocational and education training courses to over 3,000 students worldwide, through our network of global education partners. We specialise in developing joint programs and education pathway partnerships, including industry training.

Our global education partnerships include:

FIJI NATIONAL UNIVERSITY, FIJI

www.fnu.ac.fj

Fiji National University (FNU) is the largest and first national university in Fiji. With more than 1,600 staff, FNU specialises in technical and vocational training, with a focus on qualifications for real jobs, while providing pathways to higher qualifications.

TAFE NSW has been in partnership with the Fiji National Training and Productivity Centre (NTPC), now part of FNU, since 1998, offering a variety of Australian equivalent courses across various campuses, including qualifications in Business, Information Technology, Tourism and Hospitality.

PARTNER WITH TAFE NSW

TAFE NSW International Business
international.secretariat@tafensw.edu.au

GLOBAL ACADEMY OF TOURISM & HOSPITALITY EDUCATION (GATE), NEPAL

gate.edu.np

GATE is an award-winning Tourism and Hospitality academy in Kathmandu, Nepal. TAFE NSW is proud to have been partnering with them since 2015, via a benchmarking and recognition program for the Certificate III in Commercial Cookery (SIT30816).

INTI INTERNATIONAL COLLEGE PENANG, MALAYSIA

newinti.edu.my/campuses/inti-international-college-penang

TAFE Digital is proud of its 15 year relationship with INTI International College. This partnership provides a cooperative distance delivery program of the TAFE NSW Accounting qualifications to Malaysian students, who can then pathway to further university study in both Malaysia and Australia. Training resources are customised for use in the INTI classrooms in Penang, and TAFE Digital teachers visit Malaysia regularly to provide on-going support and quality assurance of program delivery.

SHENZHEN POLYTECHNIC, CHINA

english.szpt.edu.cn

Shenzhen Polytechnic (SZPT) is a higher education institution approved by the Ministry of Education of the People's Republic of China to deliver full-time technical and vocational education and training. Founded in 1993, SZPT today has four campuses and is recognised as the No 1 Polytechnic in China. In partnership with SZPT, TAFE NSW offers the Certificate IV in Marketing and Communication (BSB42415), Diploma of International Business (BSB50815), and Advanced Diploma of Marketing and Communication (BSB61315). The partnership has grown to include student competitions, a summer school program, and a visiting teacher program.

NINGBO CITY COLLEGE OF VOCATIONAL TECHNOLOGY/ NINGBO FOREIGN AFFAIRS SCHOOL, CHINA

www.nbcc.cn www.nbfas.cn

Since 2011, TAFE NSW has partnered with Ningbo City College of Vocational Technology (NCC) and Ningbo Foreign Affairs School (NBFAS) to jointly deliver pathway programs in English language studies and vocational qualifications. Successful students graduate with English language proficiency and Advanced Diploma qualifications, which pathway with advanced standing into Australian universities that recognise TAFE NSW qualifications.

Professional development opportunities for teaching staff from Australia and China has facilitated the exchange of training methodologies, and successful collaboration on course design.

"I was honoured to have the chance to study at TAFE for five years. During my time there, I experienced the integration of Chinese and Western education firsthand. As a commissary in charge of studies, I learned how to communicate with foreign teachers, how to work in teams effectively with my classmates, as well as how to reach my entrepreneurial potential. After 5 years' study at TAFE NSW, we can either choose to study abroad or take part in college entrance examination to get a Bachelor Degree."

Wang Yong, graduate of Advanced Diploma in Marketing from TAFE partnership program at Ningbo Foreign Affairs School, Ningbo, China

GLOBAL INDUSTRY PARTNERSHIPS

TAFE NSW works closely with global industry partners to deliver customised training that enhances productivity and success. From small businesses to multinational corporations and government agencies, TAFE NSW can provide quality training for the whole workforce, from operational staff to senior management.

Our International industry partnerships include:

STUDY TOURS

TAFE NSW can offer customised study tours on a wide range of subject areas. They can include any combination of English language and subject-specific classes, company and industry visits or cultural site visits.

TAFE NSW has a thorough understanding of the needs of different groups and will work closely with you to tailor a program to suit your specific requirements. English classes can be integrated into our regular classes with other international students. All programs include a comprehensive orientation session and access to our student support facilities.

Study tours help students develop a deeper understanding of their respective industries from a global perspective, and the cultural experience leads to personal growth.

A sample of our study tours:

DENMARK

IBC International Business College

6-week program of Pathways to Further Education study

JAPAN

6-week program of English and Vocational study followed by a 4-week internship placement

PROFESSIONAL DEVELOPMENT PROGRAMS

Our professional development programs for delegations of trainers, industry personnel or government representatives blend training with industry visits and engagement with industry professionals.

We work with government agencies, international corporations, training providers and universities. Programs are customised to the learning and geographical needs of your workforce and can be delivered within the workplace for cost-effective, time-efficient professional development solutions.

TAFE NSW is a licensed provider of International Skills Training courses. These courses are designed by Australian industry experts and licensed by the Australian Government for delivery by quality Australian RTOs. They are tailored for flexible offshore delivery with an international context and will support the training of an international workforce by assisting other countries in growing their skills capacity.

From English language programs for government officials or overseas professionals to briefings on the Australian education system to International Skills Training courses, TAFE NSW can deliver professional development training tailored to the needs of your organisation.

A sample of our professional development programs:

JAPAN

National Association of Vocational Schools

A three-day Professional Development program for Senior Staff from vocational schools across Japan outlining the Australian vocational education system and the role of TAFE NSW in the delivery of vocational education and training.

LET'S COLLABORATE

BE COMMITTED

We are a high performing organisation with engaged, professional people. We are committed to delivering world-class training, building strong industry networks and work-ready graduates.

BE CUSTOMER CENTRIC

At TAFE NSW the customer is at the centre of everything we do. We take pride in exceeding customer expectations, and as our partner, we will provide you with quality, timely and professional services.

BE RELEVANT

Evolution takes place, fast. We know it's crucial to provide up-to-date, relevant skills that ensure our students are ready for a career. Let us share our expertise and experience with you.

BE RECOGNISED

TAFE NSW has gained international recognition through our long history of success in WorldSkills competitions. Our students have consistently been recognised at these events, winning gold, silver and bronze medals. Our international students have won the 'NSW International Student of the Year' award for three years in a row.

BE DYNAMIC

For education to be meaningful, it has to be relevant. Our team of analysts provide us with insights into the changes in employment patterns, assess market demand for skill areas and keep developing new, innovative products and pathways. This allows us to remain agile and dynamic while meeting the skills demand locally and globally.
