Tata Vision 2025

By 2025, 25% of the world's population will experience the Tata commitment to improving the quality of life of customers and communities.

As a result, Tata will be amongst the 25 most admired corporate and employer brands globally, with a market capitalisation comparable to the 25 most valuable companies in the world.

The TATA Mission:

To improve the quality of life of the communities we serve globally through long-term stakeholder value creation based on Leadership with Trust.

Today, Several Tata Companies are market leaders
