Te Wai-ora-tanga is the life-giving properties of the sun. The word waiora is often interpreted as the 'waters of life' or 'life-giving waters'. We believe the word, waiora, gives expression to the concept of sunlight; the healing rays of the sun; a secondary meaning is well-being' or 'prosperity'.

Te Waioratanga Ōtautahi 2021 is a directory of local Māori who serve and promote Māori healing and wellbeing. It is not an exclusive list; it is just a beginning. The purpose is to promote local, traditional and contemporary ways to wellbeing.
