JANUARY 2019

GEOGRAPHY

Where in the World?

Identify the location on either the front or rear cover to win a ZigZag Geography water bottle!

See inside cover for details...

VIEW INSPECTION COPIES AT ZZED.UK/YE92

ZigZag Education Unit 3 Greenway Business Centre, Doncaster Rd, Bristol, BS10 5PY
Tel: 0117 950 3199 Fax: 0117 959 1695 Email: YE92@zigzageducation.co.uk

PLACING YOUR ORDER

You get:

- ✓ Free P&P if you quote **YE92** (£3 otherwise)
- ✓ Full photocopy/network site licence included in the price
- ✓ Automatic Sale or Return 10-Day Evaluation Period
- ✓ Quality guaranteed, or your money back

View sample pages of each resource at zzed.uk/YE92 so you know exactly what you are buying.

To Order

Ring **0117 950 3199**

Fax **0117 959 1695** using the enclosed order form

Tick and Post the enclosed order form

Order online at zzed.uk/YE92

Official purchase order numbers may be required for school purchases. Private orders welcome – please send a cheque with postal orders.

Ordering Options

Resources come as photocopiable masters with site licence. Resources can also be ordered in:

- PDF format for easy distribution and printing – add 30%^{+VAT} to 'go PDF'
- Word format for easy printing and editing – add 50%^{+VAT} to 'go editable'

Where in the World?

The first 5 customers to correctly identify the location on the front or rear cover will win a ZigZag Geography aluminium water bottle – perfect for fieldwork season!

Answers must be submitted along with your order using the code YE92. Use the notes field if ordering online, or tell us your answer over the phone when placing your order! Good luck!

GCSE (9–1) TEACHING PACKS

NEW!

Designed and written specifically for the new GCSE (9–1) specifications.

So much more than a text book or work sheets. An **entire scheme of work** with relevant **lesson plans** and structured **work sheets** to enable you to deliver high quality and innovative teaching and learning.

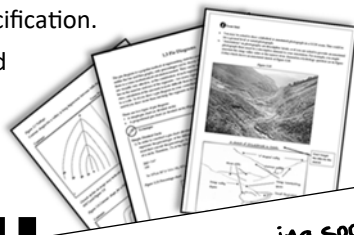

- ◆ Structured coverage of all the spec key ideas
– *Contains every point your students need to know*
- ◆ Includes starters, mains, plenaries, and extension material
– *Your whole lesson from start to finish*
- ◆ Accessible worksheets with innovative activities
– *Perfect for learners of all abilities*

Based on **best practice** and **theoretical pedagogy** these resources have been created to:

- * **Minimise your time spent planning** how to deliver specification content
- * **Make your marking meaningful to students**
- * **Enable you to track student progress**
- * **Give you time to focus** on the needs of your specific students and their learning

Original and engaging schemes, written by teachers to match the learning objectives. Each resource covers a particular section of the specification.

Simplify your planning, preparation and marking and cultivate pupils' love for Geography!

“ A brilliant resource, has made me feel a lot more relaxed about teaching the new specification as this resource covers everything you need for this section.”

- L Keeley, Head of Geography & Independent Reviewer

GCSE (9–1) HOMEWORK PACKS

NEW!

Varied and engaging homework activities organised by topic.

Presented using a number of scenarios that students choosing to pursue a career in geography might encounter.

- ☺ Consolidate classroom learning
 - Broaden student knowledge and understanding
- ☺ Standalone activities
 - Will fit into *any* scheme of work
- ☺ Answers Included
 - Hassle-free marking for teachers and students

Tasks enable students to practice skills, exam technique and application of knowledge.

Never plan another homework again!

The perfect companion to ZigZag Teaching Packs

Each homework activity follows on from the content of two sequential lessons in the pack of the corresponding topic, helping to consolidate learning aims and reinforce classroom learning!

GCSE (9–1) Homework Packs

QA	QA	QA	QA	QA
AQA	YE92/8244	Urban Issues and Challenges	8 Homeworks	£39
Edexcel B	YE92/7123	2: Development Dynamics	8 Homeworks	£39

OCR B	YE92/7141	6: Dynamic Development	5 Homeworks	£39

GCSE (9–1) COVER LESSONS

NEW

Be prepared for staff absence with these stand-alone, versatile cover lessons.

Worksheets covering every key point of the specification so you're ready for unplanned cover at any time. Ready to use at a moment's notice!

Just what a cover teacher needs:

- ✓ Structured lessons that supply teachers can pick up easily with instructions and handy timing prompts. **Geography specialist not required!**
- ✓ Varied and engaging activities to **keep students progressing** throughout each lesson.
- ✓ **Built-in extension tasks** keep even your fastest finishers on task right up to the bell!
- ✓ **Answers included** for self-marking

Includes a Teacher / Head of Department crib sheet for quick and easy decision-making – cross referencing every lesson with the spec so that the chosen lesson will fit seamlessly into the current scheme of work.

Lessons are organised into broad themes and progress from an introductory level, to more in-depth content, allowing you to pitch each lesson at the correct stage of learning within the topic.

- ✓ Pick and choose from a diverse range of relevant topics.
- ✓ All lessons build on key specification content
 - consolidating knowledge and refining skills!
- ✓ Minimal teacher input required.

You'll always have a lesson relevant to the course – even when there's no time to prepare!

GCSE (9–1) CASE STUDIES WITH EXAM PREP.

From £24!
See order form for details.

Designed for GCSE (9–1) with an examination focus in mind.

Every spec point is covered, providing a detailed synopsis of the event, location or theme in question. In addition, single-page summaries, revision material, and practice exam questions help guide students in the lead up to their exams.

The Case Studies:

- ☺ Includes thought-provoking images and starter questions to get students thinking
- ☺ Detailed information banks with all the content you could possibly need
- ☺ ICT interactive links and reliable sources to extend research

The Exam Prep:

- ☺ Single-page summaries for an at-a-glance overview of the topic
- ☺ Rapid-fire Revision Questions to drum home the facts and figures
- ☺ Exam-style questions to practice writing answers supported by case studies

GCSE (9–1) TOPIC TESTS

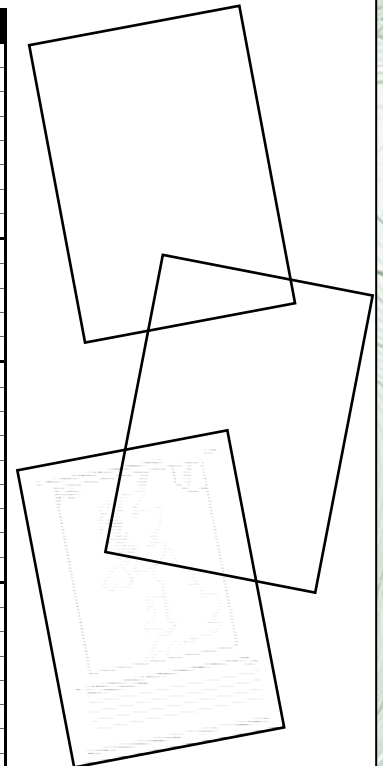

Ensure complete revision coverage with these topic-by-topic question banks – written specifically for the 2016 GCSE Geography specifications.

- Each topic is divided into tests which can be used in **class** or as a **homework** activity.
- The number of tests per unit allows for **1 test every fortnight** over a two year course of study if the full set of resources is used.
- Perfect for **continued assessment**, and **progress tracking** throughout the GCSE. See which areas your class are strong on and which need a recap.

Within each test, questions progress from short/factual to longer-answer or exam-style. Every test is **differentiated** with an **extension** section that can be offered to higher ability students.

☺ Full **answers provided** so students can return to their completed tests to revise!

GCSE (9-1) LEARNING GRIDS

Students have to read their textbook/notes to complete a grid of questions based on a sub-topic of the learning criteria. Cross-referenced to the most popular GCSE textbooks and ZigZag Education Teaching Packs to ensure a structured reading of the text.

- ✓ Minimal preparation for the teacher — great for cover lessons!
- ✓ An easy-to-set, yet valuable homework option.
- ✓ Results in a set of comprehensive revision notes.
- ✓ Covers all textbook content.
- ✓ Questions and Answers provided

“Very good, especially for weaker students... gets students READING the textbook.”
A Neal, Head of Geography & Independent Reviewer

A godsend for those students who find learning difficult and motivates the less willing.

- The structured method of learning grids is of great value to students, especially if they find it difficult to absorb all the information in class.
- Case study specific learning grids make perfect factsheets for revision.
- Engaging diagrams break up text and engage visual learners.

GCSE AQA (9-1) GEOGRAPHICAL SKILLS

The ultimate GCSE AQA reference and technique guide for the geographical skills checklist!

All the information needed to learn, practice and master every skill...

As part of the core study of geography students are required to develop and demonstrate a range of geographical skills. This resource brings together all of those required skills into one easy to use, easy to teach pack. Including cartographic, graphical, statistical and fieldwork skills.

- ☺ 'Technique tips' explain best practice
- ☺ 'Exam hints' help students avoid common mistakes
- ☺ Each skills explained in student-friendly language and in context

Over **200** pages of detailed information, figures, diagrams, maps and graphs – It's the only skills resources you will need!

AQA	YE92/8442	GCSE AQA (9-1) Geographical Skills	£129
-----	-----------	------------------------------------	------

GCSE AQA PAPER 3 PRE-RELEASE RESOURCE PACK

Written to support the GCSE AQA Paper 3 exam.

The Paper 3 Pre-Release Resource Pack is written to help students to master the specific subject content, geographical skills, and fieldwork knowledge required to ace their final GCSE geography exam!

Featuring:

- ✓ A structured breakdown of all of the items in the AIB
- ✓ Activities to help students fully understand the AIB issue
- ✓ Two original Practice Exam Papers with mark schemes – perfect for mock exams!

Alongside the printed resource we have also included a number of digital components to support revision lessons and add interactive elements for students in the lead-up to the exam:

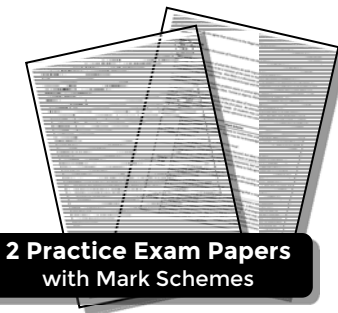

- ✓ PowerPoint presentations to aid classroom teaching
- ✓ Google Earth 'Fly-through' site orientation activity
- ✓ Digital MindMap topic overview

FAST-TRACK postage £7

AQA	YE92/8973	GCSE AQA Paper 3 Pre-release Resource Pack 2019	£69
-----	-----------	---	-----

⚠ Anticipated dispatch date is **Tuesday 23rd April**. All pre-orders placed with **FAST TRACK POSTAGE** (additional £7) are guaranteed to be sent in batch 1 on the first dispatch day, by next-day courier. Non-fast-tracked orders should arrive soon after (posted ASAP by Royal Mail 2nd class). Please ensure that you select FAST TRACK during online checkout, or specify on fax or telephone orders.

⚠ All customers who pre-order *and* register an email address at zzed.uk/freeupdates will be able to download our **early release activities** pack before the Easter break. Containing self-led activities to help students familiarise themselves with the AIB content during the holidays and return to school ready to evaluate the issue in class! This content will also be included within the final resource.

16 MODELS AND THEORIES FOR A LEVEL GEOGRAPHERS

A student guide to the most relevant geographical models and scientific theories that underpin physical and human geography for A Level

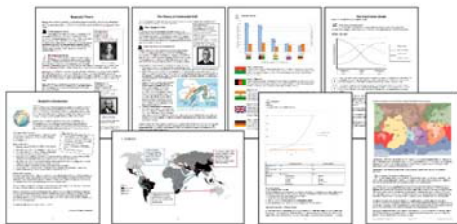

Familiarise students with key models and theories they will have to understand and use throughout their A Level studies.

- * A stand-alone chapter on each model and theory
- * Questions and activities to test comprehension and application of knowledge
- * Fully cross-referenced for **AQA, Edexcel, OCR, Eduqas** and **WJEC**

Suitable for more able **GCSE** students as an extension to their studies

“At a time when theory is taking on more importance in the A level course, and when text books seem to be even more expensive, a resource like this is a useful addition to the teachers' armoury.”

Autumn 2018
GA Teaching Geography

Each chapter contains two main sections:

1. Detailed content including:

- Information on the **model, theory and thinker**
- **Critical perspectives** for each model or theory
- Relevance to the student; **how to apply in an exam**

Includes:
Demographic Transition Model
Boserup's Theory
Malthusian Theory
Continental Drift

AS AND A LEVEL PRACTICE EXAM PAPERS

Packs of four unique exam-style practice papers for each AS and A Level exam!

Write-on papers, in the style of the actual exam, each with a clear and detailed mark scheme. AS and A Level papers are written to perfectly match the specification requirements for command words and mark allocation. Your students will be fully prepared to succeed in every exam!

- ◆ Full mock exam papers – each examined section of the specification is covered – including all optional units.
- ◆ Photographs, data and diagrams provide excellent stimulus material – just like in 'real' exams.
- ◆ Original papers – not available from the exam boards!

Co-Teaching?

These papers, whilst specific to AS or A Level, have been compiled to examine similar specific subject content across equivalent paper numbers:

- ⇒ Co-taught classes can ALL sit their mocks together – even mid-course
- ⇒ Students studying AS and A Level can communicate and share knowledge after their practice exams
- ⇒ Teacher marking will retain familiarity between scripts of AS and A Level students in the same class

AS AND A LEVEL TOPIC TESTS

Complete revision coverage with these topic-by-topic question banks – written specifically for the 2016 AS and A Level Geography specifications.

Each topic divided into tests which can be undertaken in class or as a homework activity. The number of tests per unit allows 1 test every fortnight over a two year course of study. Perfect for continued assessment, and progress tracking throughout the AS and A Level.

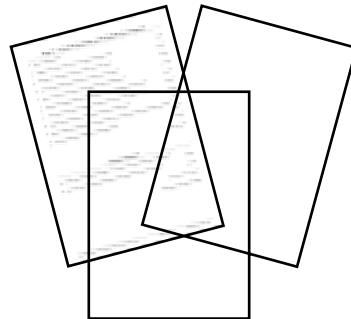

AS / A Level Topic Tests					
AOA	YE92/7252	Water and Carbon Cycles	6 Tests	£44	
	YE92/7253	Hot Desert Systems and Landscapes	6 Tests	£49	
	YE92/7254	Coastal Systems and Landscapes	6 Tests	£39

YE92/7313		3.4: Future of Food	6 Tests	£49	
YE92/7314		3.5: Hazardous Earth	8 Tests	£44	

Within each test, questions progress from short/factual to longer-answer or exam-style.

Every test is differentiated with an extension section that can be offered to higher ability students.

Where question style or mark tariff differs between the AS and A Level, differentiated extension sections are provided — perfect for those who are co-teaching!

Plus, full answers are provided.

AS AND A LEVEL LEARNING GRIDS

Students have to read their textbook/notes to complete a grid of questions based on a sub-topic of the learning criteria. Cross-referenced to the most popular endorsed A Level textbooks to ensure a structured reading of the text.

- ✓ Minimal preparation for the teacher – great for cover lessons!
- ✓ An easy-to-set, yet valuable homework option.
- ✓ Results in a set of comprehensive revision notes.
- ✓ Covers all specification content.
- ✓ Questions and Answers provided.

A godsend for those students who find learning difficult and motivates the less willing.

- 👍 The structured method of learning grids is of great value to students, especially if they find it difficult to absorb all the information in class.
- 👍 Case study specific learning grids make perfect factsheets for revision.
- 👍 Engaging diagrams break up text and engage visual learners.

“Some great ideas here to review learning either at the end of the topic or for revision before final examinations. A good opportunity for pupils to reflect on their prior knowledge and areas that are lacking.”

– E Gill, Teacher & Independent Reviewer

GEOGRAPHY WORKSHEETS FOR KS3

The Geography worksheets for KS3 focus upon eight areas of geographical study providing short, structured questions which can be used for starter activities, class work and homework.

Rivers, Coasts, Population, Settlement, Volcanoes, Rainforests, National Parks, Resources and the Environment

- Topics are cross-referenced to Subject Content for the 2014 National Curriculum
- Each topic includes a keywords section; designed to reinforce crucial geographical vocabulary
- Written by an experienced Chief Examiner, guiding students towards GCSE level

Four of the eight units also contain structured tests. Each has been written to give the correct balance of skills, knowledge and understanding needed to cover the curriculum.

Worksheets for KS3

KS3	Code	Topic	Lessons	Price
	YE92/6329	Geography Worksheets for KS3	74 Individual Worksheets!	£49

KS3 GEOGRAPHICAL SKILLS

12 Mapping Lessons – 8 ICT Lessons – 5 Fieldwork Lessons

Simplify your planning, preparation and marking: structured lesson plans, all resources and answers provided. A variety of resources that enables a teacher to cover a full range of geographical skills with nothing more than an atlas, the Internet and the resources within this pack.

- Clear objectives and learning outcomes
- Accessible worksheets with innovative activities to tackle each topic
- PowerPoints and Excel files included with guidance on when to use

Lessons can be taught as a complete structured scheme but can also stand-alone, so perhaps more beneficially, can be interspersed among different geographical themes during the key stage.

“ Superb - ICT and clear geographical skills that can be included into each unit of study.

- C Stevenson, Head of Geography & Independent Reviewer ”
