TEAM ENERGISERS

SAMBA DRUMMING

Powerful, loud, bringing everyone together. Our fun drumming coordinator will have everyone synchronising the beats in no time.

THE HAKA

This traditional & ancient Maori Tribal routine acts as a powerful energiser. Your group will experience 100% Maori passion from our Haka masters – some of whom are related to the original tribesmen who wrote this Haka

BOOMWHACKERS

Create your own colourful orchestra and transform your team with our fun and unique boomwhacker events.

LAUGHTER WORKSHOP

Happy people = motivated people

From ho ho ho's to hee hee hee's, your team will be surprised at how effective this team building session is, and is a perfect way to start off the day to energise and engage guests ready for the day ahead.

INDOOR TEAM BUILDING CHALLENGES

ICE BREAKERS

The uneasy start to the day can be avoided by exercises designed to create a feeling of unity rather than embarrassment. A successful ice breaker will engage the audience quickly and create the foundation of a focused group of individuals.

CIRCUS SKILLS

From plate spinning to juggling, our circus skills workshops work great as a session to get your team energised and having some fun

THE CRATE ESCAPE

The group will be given simple instructions to find the gem held within the box....and then the clock begins! Multiple clues will need to be connected if the team are to succeed.

PAPER HIGHWAY

The challenge of each team assembling and connecting their part of the Paper Highway seems simple ... as with all construction projects there are obstacles and set backs to be overcome

LOST

Our facilitator sets the scene where by your team are the only survivors of a plane crash. You and your team will need to discuss and plan the items needed to survive. This exercise always promotes lively conversation as delegates battle between personal feelings and the good of the group!

SPACE SHUTTLE

By listening to and giving basic instructions you must assist the team in creating an exact replica of the space ship model you have in front of you.

INDUSTRIAL ESPIONAGE

Steal the trade secrets of a major competitor. There is a twenty second gap in the security guards rounds, which enables you to rush into the room and copy the prototype.

TOWER CHALLENGE

Teams are challenged to build the largest tower of the day. Building materials will be given to each team and certain building criteria need to be met!

TEAM BUILDING CHALLENGES

BOMB DISPOSAL

Against the clock the teams must complete a series of challenges and reach the bomb. Will you retrieve the right clues to crack the code?

CONNECTIONS

Your objective is to build railway around an Island. Each team is allocated a section to build with various roles to fulfil. Although the group is in teams, this is a collaborative exercise designed to encourage delegates to look at the bigger picture and avoid “silo” thinking.

TREBUCHETS

The Trebuchet Challenge requires teams to construct their war machine and land their missiles at various targets. Once the siege weapon is deemed fit for purpose the chosen missile must hit three targets including the castle wall.

SHIPWRECKED

The mission is to escape from a sinking vessel with the aid of floating icebergs. On the way you have the chance to collect survival items floating in the ocean. Will your crew cross in time and survive?

CANNON CHALLENGE

Two teams will compete to build, load, aim and fire our replica cannons, built from original moulds used on HMS Victory. Assigned by their team, the “Gun Captain” leads the crew. A hands on team building challenge perfect to test delegation, leadership, teamwork/roles, and time management.

TEAM BUILDING CHALLENGES

VIRUS ATTACK

Contamination Alert! A localised Virus has been released into a contained area.

Your challenge is to safely remove the container and deposit it into a 'safe zone'. All is not as easy as it may first seem, and no person or object used can touch the contaminated area around the virus.

SWEET SENSATIONS

The aim of this challenge is to plan, budget and build a sweet delivery facility for ACF Candy Ltd using 'purchase' materials. Every minute counts as there will be limited time (and money) available.

PITSTOP CHALLENGE

Teams must plan, budget and build a non-motorised speed machine using the materials provided. Every minute counts so it isn't just the vehicle that has to be quick! Your team must plan your 'go-kart' design. Health & Safety regulations must be enforced, along with the 'Racing Boards' rules and mechanical specs!

ELECTRIC FENCE

Your team are tasked with the job of constructing a means of climbing out of the electric compound without coming into contact with the fence. Can the group keep calm, work together and solve the problem given that the clock is ticking?

SPIDERS WEB

Every member of the team must travel from one side of the web to the other, through different holes, as quickly as possible. But beware of the restrictions – if any part of the body or clothes or hair touches the web the whole team must start again!

TEAM BUILDING THEMES

Often, a team building event is run in conjunction with a conference that has a theme. In order to re-enforce the purpose or message of the event ACF have created a number of team building challenges that can blend within a particular theme. Listed are some of the most popular, however given a brief, we can create the activities and challenges to fit seamlessly into the day and/or evening if required.

MILITARY MISSIONS – AIRSOFT

A group of rebel forces have taken the local village; they are well motivated and well-armed. It is believed that they have a high profile hostage, held within the confines of a small outpost, on the North Eastern side of the village.

You have been chosen to assist a small elite group of Royal Marine Commandos in this important mission. But before you can attack, you must go through a series of intense training.

After receiving thorough and realistic instruction from our team of highly trained and professional former Royal Marine Commandos you'll be thrown into the sharp end with a series of high-pressure situations drawn from real time operations.

Participants will be divided into their troops to complete the training, and will rotate around each stance throughout the afternoon.

- Speed / Memory Shoot
- Close Protection Group, VIP Escort
- The Assault Course "ATTACK!!"
- Camo / Sniper
- Assassination Group

This is not going to be easy, **but nobody gets left behind!!**

INFLATABLE TEAM GAMES

IT'S A KNOCKOUT

By far our most popular outdoor team event for the summer months, where teams compete head to head a series of wacky games. Based on the 1970's TV show this is a team building event guaranteed to put a smile on everyone's faces.

BUNGEE RUN

Guests will compete in a Head to Head competition to see who can run the furthest along the inflatable whilst attached to a bungee cord.

HUMAN TABLE FOOTBALL

The two teams face each other surrounded by the inflatable. The players must work as a team, co-ordinate and move in time with their team mate who is also attached to the same pole as themselves in order to score goals.

INFLATABLE OBSTACLE COURSE

An Inflatable Obstacle Course will offer a great mixture of fun and variety to the day.

BUBBLE FOOTBALL

Surrounded by the inflatable bubbles, you and your team mates won't be tackling your opponents for the ball. Instead, you'll bounce, bump and spin around the pitch while you try to score goals.

TEAM DEVELOPMENT

Using a number of carefully selected challenges, and our psychometric profiling tool 'MiRo', ACF can help you to create a winning team!

Understanding the way we perceive ourselves and others is a big step to becoming a more productive, efficient and happy team! There are times when a team may not functioning as well as it could be, or perhaps there are some clashes within the group. It could be that its just time to have a refresh and take a step away from day to day operations. Our team development day can help participants to understand themselves 'better', and also understand the team dynamics within their working environment.

TESTIMONIAL: "A wonderful day. I never expected to receive such an excellent gift. I will be reading through the MiRo information and hopefully take part again in the near future. Thank you"

TESTIMONIALS

Well Done! Everyone was so impressed with the whole day. Please thank everyone concerned, we will not hesitate to recommend you to other areas of our business. **(Wessex Water) Utilities Company**

The only word to describe last Friday is “SUCCESS” and this is due to the ACF work and management on the day. We are having a lot of good feedback, including : “I couldn't remember a time with so many people smiling around the site!” **Large Engineering Company**

Aaron and his team were superb. They worked well with myself and my team to ensure an enjoyable night was had by all. They adapted to suit our needs on the evening and I would highly recommend them to other units to use for activities. Thank you. **Public Sector**

Really well organised, all the team thoroughly enjoyed - even those that cringe when we tell them we are doing a team building event! **Airbus**

The activities met our objective perfectly, the blind 4x4 driving was great fun, very well organised thank you :) **Imperial Tobacco**
