We are one of the manufacturer, supplier and trader of Turbo Power Vibrator, Pneumatic Vibrator, Electric Vibrator and many more. We also provide support service. Our quality of products & services are widely acclaimed by the clients.

About Us

Technotalent Engineering India Pvt. Ltd. has been serving the Industry for two decades.

Founded as a proprietary business in 1991, by I H Nasser, an engineer with loads of experience with Process Automation and Engineering consultancy, Technotalent changed its constitution to a Private limited company in 2007.

Technotalent operates from a 5000 sq foot facility for ware housing, assembly and servicing of the products. Our on line inventory management and ethical business practices are appreciated by our customers. The sales and services are ably supported by a team of dedicated engineers and Managers.

Technotalent is proud to have established ourselves as a reliable and most sought after source for world class vibrating motors, pneumatic vibrators and related suspension/ spring mounts.

"Our Objective is to provide a competitive edge to OEM's by offering them world class products at reasonable prices backed by a comprehensive design and application support to deploy these products with a high level of efficiency".
