Health:
 All cattle will sell with proper health certificates for in-state and out-of-state shipment.

Dear Friends

What a pleasure it is to welcome you to our Tenth Annual Female Sale at the farm in Evening Shade, AR. We would like to start by thanking our new customers for interest in our sale, and thank all of our past customers for unwavering loyalty and support. Your satisfaction and profitability is of utmost importance to us and our operation: and we are excited about the offering we have for you on sale day.

Our genetics, we feel, will work in many different types of programs and can benefit any and all sizes of cattle operations. We have emphasized calving ease, maternal traits, carcass merit, superior growth and performance.

Once again, we are completely dispersing our 6 year old Charolais cows. We feel like they are in their prime and offer many years of production. The balance of the female offering consists of proven donors and donor prospects, bred heifers, open heifers, and embryo lots. We have utilized the tools available to produce the best cattle possible by: combining the best genetics, phenotype, and demand for the best performance in the breed.

We would like to invite you to join us and our guest consignors at the farm in Evening Shade, AR. Come and enjoy a complimentary lunch from Hobo Beef Shack starting at 11:00 am.

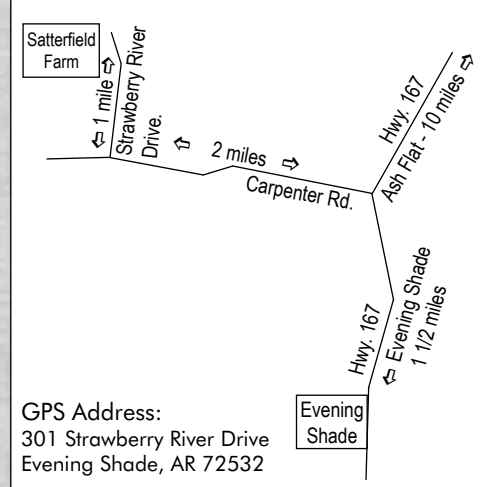

If you would like to view the offering before the sale or we can assist in any way, please don't hesitate to give us a call.

Thank you,
 Mark

In each female sale
Satterfield's have
dispersed every female
that has reached
SIX YEARS of age!
Nothing is held back,
every female born in
2015 sells!

Lot 1

Swan Sweetheart M205 ET ♦♦ Dam of Lot 1

Pasture exposed from 4-15-21 to 6-17-21 to SAT Gridmaker 6306 P ET & from 7-8-21 to sale day to SAT Profitmaker 0203 P.

What a feature female to start this catalog off with! When you get here to see this female you will quickly see she is every bit as good as this picture. She is big and powerful, thick, deep and easy keeping. LT Sundance has established himself as one of the very best of the Lindskov-Thiel herd sires, producing great sons as well as daughters. The ET dam of this female Swan Sweetheart M205 is a maternal sister to the many times multiple trait leader Baldrige Fasttrack 82F. She has produced 34 progeny at AICA and her dam 53D has produced 38 progeny. Yes, this is same "Sweetheart" cow family that is not only the start of the Fasttrack line, but also Baldrige Sweetheart 7M, M&M Ms Stealth 8512, M&M Ms Stealth 9509 and National Champion Bull GJL Ruidoso 3082! This is a featured donor to be and consider her herd sire prospect also.

& from 7-8-21 to sale day to SAT Profitmaker 0203 P.

Lot 2A - POLLED BULL CALF #1201: born: 1-24-21, BW: 88 lbs.
sired by SAT Gridmaker 6306 P ET.

This picture and pedigree will attract your attention to this tremendous donor prospect! These LT Ledger daughters are some kind of brood cow. This one out of the super donor dam of Mead-RF X-Factor and 50 plus other ET progeny. She has an excellent set of WW and YW EPDs capped off with a super TSI number in the top 6% of the breed. This female has an excellent udder loaded with milk, perfect udder structure, and always raises a good one. One daughter sold to Eoff Charolais another daughter sold to Live Oak Farms in Louisiana and her last heifer calf born on 2-11-20 had an AWW of 797 lbs. to ratio 111, sired by SAT Gridmaker 6306. Now turn your attention to the stud bull calf at her side born 1-24-21.

Satterfield Charolais will retain a 1/3 interest in this promising herd sire prospect.

Lot 3A - POLLED BULL CALF #1210: born: 2-19-21, BW: 81 lbs. sired by SAT Gridmaker 6306 P ET.

Another great LT Ledger daughter and this one is out of LT Bridger 9191's dam! They only flushed her one time with the embryos selling to Lindskov-Thiel. She has done one heck of a job here at Satterfield Charolais with big performance progeny because she has an abundance of milk flow. One daughter has sold to C&C Farms and another daughter sold to Lindskov-Thiel and another high-end daughter has been retained to carry on with these power genetics. This female will raise you one great set of ETs or one great one at a time. **Satterfield Charolais will retain a 1/3 interest in this promising herd sire prospect.**

Lot 4A - POLLED BULL CALF #1203; born: 2-28-21, BW: 73 lbs. sired by SAT Momentum 9303 P ET.

Mark always puts a few younger females in the sale every year besides all the six-year-olds and this is one of them. He always whines that he shouldn't let them go, but here is one of them. This one comes out of the LT Carol 4105 cow family and of course she was the dam of LT Bridger 9191, a long-time fixture in this herd. She has all the look and numbers to go out and be a donor. These Fargo daughters are making some kind of brood cows. This female ranks in the top 3% of the breed for WW EPD, the top 1% for YW, the top 9% for MTL, top 15% for REA and the top 2% for TSI. Mark will retain one successful flush at the buyer's convenience, so you know he doesn't want to lose the genetics here.

Lot 5A - POLLED BULL CALF #1212; born: 2-23-21, BW: 86 lbs. sired by SAT Momentum 9303 P ET.

Another young one that is high performing with a 105 weaning weight ratio. He will not be letting many of these LT Patriot 4004 daughters go before they turn six-year-olds, so you'd better get a few of them too. Her dam sold well to Bowen Farms. She went back to the #8891 \$14,000 donor that Link Charolais purchased. Her bull calf at side is by SAT Momentum 9303 in which a one-half interest sold in the 2020 Satterfield Bull Sale for \$12,000 to Rathmourne Charolais in Michigan and Sellhorst Charolais in Nebraska.

Her dam is a full sister to the breed popular Baldrige Fasttrack 82F. Her sire M6 Bells & Whistles 258 has been a good producer here at Satterfield Charolais. This daughter is moderate framed and a good milking machine. Check out her calving interval and record: 2-22-18, 4-14-19, 3-3-20. Her first 2018 daughter sold to Myrick Charolais in Oklahoma after recording an AWW ratio of 104. Her next 2019 daughter stayed in the herd and her 2020 son had an AWW of 714 lbs. and sold to long-time customer Harold Stark. Unfortunately, we lost her spring 2021 calf in a blizzard this past spring.

Lot 7A - POLLED BULL CALF: born: 2-22-21 sired by SAT Cornerstone 4234 P.

A consignment from one of our good friends and customers the Reinhart's. This is another good ET product sired by the super producing LT Sundance 2251 that we will talk about and you will see throughout this entire catalog. Her dam is the good M6 Ms 6062 Grade 867 donor that weaned her first three bull calves to an average AWW of 782 lbs. before going into embryo production. Her service sire RCF Freedom F125 is a home-raised son of LT Patriot out of a M6 Bells & Whistles daughter.

Presented by Reinhart Charolais, Paragould, Arkansas

Due this fall to **LT Tioga 4090 Pld.**

One of the most beautifully constructed females you have ever seen! This female is from the very top of the Brian Ingram – Rathmourne herd in Michigan. Now there is a great deal of LT Blue Value daughters out there, but this has to be one of his very best. Her first calf was born 8-26-15 well before her second birthday and weaned off with an AWW of 805 lbs. Her last two heifer calves born 8-8-19 sired by LT Patriot and born 9-15-20 sired by LT Tioga both will remain in the Rathmourne herd. The dam of this stunning cow, Baldrige Elvira 120M is a great donor in the breed with 47 progeny registered at AICA and the maternal granddam Elvira 62D has 84 progeny. This female will be a featured lot in this sale and will have lots of friends. **One successful flush will be retained at the buyer's convenience!**

Due this fall to LT Authority 7229 Pld.

Here is another big ribbed, deep volume cow that is a maternal sister to LT Bridger 9191 out of the great donor LT Carol 4105. Her September 2019 son, SAT Authority 9049 P, was one of the best bulls in the 2021 spring SAT Bull Sale selling for \$5,500 to Darren Lillard and he was a LT Authority 7229 son too! Her 9-6-20 Authority son will be another top prospect in this coming spring Satterfield Bull Sale. The buyer of this female may want to keep breeding her to LT Authority 7229, it flat out works!

Due this fall to SAT Gridmaker 6306 P ET.

This female represents the end of an era for us at Satterfield Charolais. She is the last LT Bridger 9191 daughter remaining in the herd. LT Bridger 9191 was born in 2009 and was the high-selling bull in the 2010 Lindskov-Thiel Bull Sale when Mark purchased him for \$21,000 for 2/3 interest. He walked the pastures for many years here and has 549 progeny registered at AICA, most born right here. Satterfield Charolais would not be what they are today without him! Bridger's dam LT Carol 4105 also made herself known throughout the industry producing her first 7 calves all bulls including Bridger, that had an average adjusted weaning weight of 852 lbs., three of which were the #1 weaning weight bull calf in the L-T herd! One daughter remains in the herd to carry on and her last two fall born sons made or will make the SAT Bull Sale.

This female was Mark's choice out of the Ridder Farms open heifers in a sale a few years back. She has been a very productive cow for the Satterfield's. Her calving record; 9-5-18 a LT Patriot replacement heifer still in the herd today, 8-19-19 a LT Authority heifer calf that is in the replacement pen and 9-5-20 a LT Authority 7229 son with an 81 lbs. BW that will be in the bull sale this spring. She ranks in the top 30% of the breed for WW, to 25% for YW, top 9% for MARB and top 20% for TSI.

Due this fall to LT Authority 7229 Pld.

A big framed, big volume, powerful cow with a good udder. Mark purchased her from Chris Link Charolais where she calved as a two-year-old on 8-22-17 and has kept right on going with that calving interval; 8-30-18, 8-27-19 and 10-23-20. Those last two progeny were both sired by LT Authority 7229 and she will have another Authority for you at side sale day or close to it. Last year's heifer calf has been retained to replace her in the herd. This female ranks in the top 25% for the breed for WW, the top 9% for YW, and really brings the carcass value home with her CW EPD in the top 4% for the breed, REA in the top 20%, MARB in the top 6% and TSI in the top 5%! The dam of this female #8891 was a donor that Chris Link purchased from the Satterfield's during the 2014 female sale for \$14,000.

Due this fall to SAT Gridmaker 6306 P ET.

This good female is sired by JASR SC Ironman 18A, a sire the Satterfield's owned in partnership with the Jedlicka brothers that comes from the powerful Barbra cow family, a staple of the Satterfield program. She descends from another strong maternal cow family here the Snowqueens. The female has left two nice daughters in the Satterfield herd. I would expect great results with this next calf sired by SAT Gridmaker 6306. His first son to sell in this past spring's Satterfield Bull Sale commanded \$20,000 to C & C Farm.

There is going to be quite a few breeder's eyeball this nice younger female that could certainly be a future donor prospect! She was Mark's selection out of the Wild Indian Acres production sale. She is extremely beautiful in the pasture, moderate and great udder. Her EPDs are to say the least as impressive. She ranks in the top 20% of the breed for both CE & BW, in the top 15% for both WW & YW, top 15% for REA, top 30% for MARB and top 15% for TSI! These LT Ledger daughters keep coming to the top and this one has even more genetics to back her up. She is an ET out of the impressive Creek Cut Greta 576 donor, who's dam was another power donor after being selected the Reserve National Champion Female. Her equally impressive Resource daughter will stay right here at SAT. Mated to SAT Gridmaker 6306 could be deadly!

Another outcross daughter of M6 Bells & Whistles 258 that is moderate and well-made again with a desirable udder structure. She was so attractive that she was shown by the Reinhart family as a young heifer. Her EPD profile pops right up there with her CE & BW numbers in the top 20% of the breed, her WW & YW in the top 15%, REA in the top 30%, the MARB in the top 25% and TSI at the top 8%! She has excelled in production with the last few fall calves. Her 8-28-18 son had an AWW of 769 lbs. to ratio 113 and sold to Full Circle Cattle Company in Kansas for \$6,500. Her 8-20-19 daughter had an AWW ratio of 102, sired by LT Authority 7229 and will be her replacement in the SAT herd. Then finally her 10-20-20 bull calf also sired by Authority will be sought after in this coming spring bull sale.

Due this fall to LT Authority 7229 Pld.

She is one beautifully made cow and was always one of Mark's favorites growing up as a young heifer. She will be missed, but not after leaving two outstanding fall born daughters in the herd to replace her genetics and looks. That last daughter born 8-23-20 is a LT Authority daughter full sister to the calf this female will have at side. Her dam Eatons Brusset 10722 is now a donor for Sara Shepherd in Iowa after selling a one-half interest to her for \$20,000 in the 2017 female sale. This #5239 female has some impressive EPD ranking too; top 20% for both BW & WW, top 6% for YW, top 8% for CW, top 4% for MARB and top 3% for TSI.

Bred AI on 5-31-21 to LT Remington 0038 Pld.

A big, powerful, long-spined female that will spin the head on many a breeder attending the sale. LT Authority 7229 is putting some great females into the pastures around the country. Mark doesn't let too many of these Sweetheart bred females go before they hit the six-year-old date to go into the sale. She was one of the highest performing heifers in her contemporary group with a 113 AWW ratio. LT Remington 0038 Pld was highly sought after during the 2021 Lindskov-Thiel Bull Sale as a calving ease sire with his 13.5 Calving Ease EPD and his -5.9 BW EPD that ranks in the top 1% of the breed for that trait. He sold for \$27,000 to our friends at Full Circle Cattle Company.

Bred AI on 5-31-21 to LT Concorde 0426 Pld.

This bred heifer will impress all sale day. These Landmark daughters are a proven calving-ease line and they milk crazy good. The bottom side of this pedigree has also proven itself in many herds. These next three bred heifers sell bred AI to LT Concorde 0426 that sold for \$35,000 in the 2021 Lindskov-Thiel Bull Sale. Mark really wanted to use him on some yearling heifers and expects outstanding results for calving-ease and performance. His BW EPD is -5.7 in the top 1% of the breed and he had an AWW of 811 lbs!

M6 Ms New Elvira 1134 P ET ◆ Dam of both Lots 31 & 32

This is quite a pair of full ET sisters. They are sired by the high performing RBM Fargo that is putting more weaning and yearling weight into his offspring. Therefore, the high weaning and yearling EPDs that rank them in the top 6% for the breed for WW and in the top 4% for YW and that pushes them into the top 7% for TSI. Their dam has produced ETs in the herds of M6, Satterfield, Reinhart, Sellhorst and Lindskov-Thiel. Their maternal granddam OBG Elvira 4303 has been selling high dollar progeny across the United States.

One guaranteed pregnancy each. LT Inception 7456 is the bull that captured everyone's attention during the 2018 Lindskov-Thiel Bull Sale when Full Circle Cattle bid \$36,000. He is a LT Patriot 4004 son out of a daughter of LT Brenda 6120! The dam of these 6 embryos #3112 was purchased from Satterfield Charolais in 2019 for \$11,000 for one-half interest. She is a LT Ledger daughter out of SAT donor M205 making her a maternal sister to Lot 1 in this sale.

Presented by Mazeppa Charolais and Michael Armstrong, North Carolina
