Citrus Trees Special Sale

Dwarf Citrus Buy 3 & get the 4th Free!

New Roses 2010

These are potted and ready to fruit plants, grown in #5 nursery pots (we have larger plants for West Coast customers) with strong root systems. Depending on the time of year and weather in the shipping system plants can arrive with fruit or ready to fruit.

Enjoy the flavors of fresh summer and fall tree fruit. Most of these plants grow great in containers on your patio. All will produce a bountiful harvest of fresh juicy fruits that will have you wanting to plant more and more. Plant a farmers market in your own back yard, get started today. Larger sizes, some very big available.

Fresh is better, grow your own. A [dwarf Improved Meyer Lemon](#) 28" tall in Italian pot. Pot and tree are separate items.

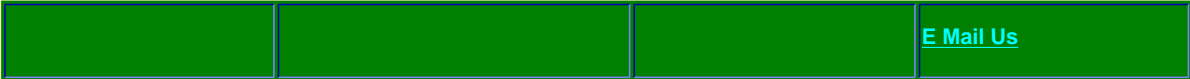

We have a huge selection of Sub-tropical fruit trees. Take your self back to that relaxing trip in the tropics with fresh fruit from a Guava tree.

We can ship our trees ready to harvest. Large trees have a lot of tasty fruit.

Tree Roses

Black Jack	Delicious, medium-sized, sweet fruit has strawberry-red flesh. Attractive tree has a naturally semi-dwarfed character. Makes an excellent espalier or container specimen. Self-fertile.	FtrFgBj5	\$32.00	
Black Mission 	The taste standard for figs. Rich-flavored fruit has deep red flesh. Excellent fresh, dried or canned. Attractive tree bears reliably from June to frost. Self-fertile.	FtrFgBM5	\$32.00	
Brown Turkey 	A favorite choice for home gardens. Large, elongated fruit is juicy and firm with a rich-flavored, pink flesh. Excellent fresh, dried or canned. Semi-dwarfed tree bears reliably from June to frost. Self-fertile.	FtrFgBT5	\$32.00	
Conadria Fig	White, large fig. The flesh is a white-strawberry color. Flavor is sweet but mild. Great fig for hot summers and cold winters. Strong long lived tree.	FtrFgCon5	32.00	
Panache 	A leading commercial variety used for fresh eating and canning. Delicious fruit has sweet, amber flesh. Attractive tree needs little pruning. Bears continuously from June to frost. Self-fertile.	FtrFgPa5	\$32.00	
White Genoa 	A great choice for home orchards. Large, flavorful fruit is delicious fresh or dried. Vigorous, spreading tree is a great choice for coastal climates. Self-fertile.	FtrFgWG5	\$32.00	
	Jujube: <i>Ziziphus jujuba</i>	Annaab	.	.
Lang 	a.k.a. Chinese date. Medium-sized, oval, reddish-brown fruits are sweet and chewy like dates when fully ripe. Attractive, slow-growing tree is drought-resistant and virtually pest and disease free. An excellent choice for all climates. Self-fertile	FtrJuLg5	\$38.00	
Li 	a.k.a. Chinese date. Large, rounded, reddish-brown fruits are sweet and chewy like dates when fully ripe. Attractive, slow-growing tree is drought-resistant and virtually pest and disease free. An excellent choice for all climates. Self-fertile	FtrJuJl5	\$38.00

Mulberry Fruit Trees				
Pakistan Mulberry 	Long (3 inches), firm, red to black, sweet syncarpous (like a blackberry) fruit. Non-staining juice. Month-long early summer harvest. Fruit used fresh and for pies, jams and jellies. Large, vigorous, disease-resistant tree.	FtrMIPak5	\$42.00	
Persian Mulberry	Morus nigra Densely foliated tree to 25-30 ft. Large heart-shaped leaves. Large syncarpous (like a blackberry) fruit is juicy, dark red to black, good for jam.	FtrMIPr5	\$42.00	
White Mulberry	Morus alba 'White' Medium sized, sweet, white fruit shaped like blackberries. Grows at a moderate rate to 20-60' depending on soil quality and depth. Drought tolerant once established. Grows larger and more rapidly with irrigation	FtrWhMI5	\$42.00	
Persimmon				
Chocolate 	Small to medium size, oblong, bright red skin. Sweet, spicy, firm, brown flesh, superb flavor-the choice of connoisseurs. Astringent until ripe. 200 hours. Self-fruitful	FtrPerCho5	\$42.00	
Coffee Cake 	<i>If you are considering a Fuyu...plant it together with Coffee Cake for the perfect persimmon experience.</i> Coffee Cake's spicy complexity contrasts with the delicate, sweet, flavor of Fuyu. Both varieties are flat-shaped, non-astringent, and eaten while still firm.	FtrPercof5	\$42.00	
Fuyu 	The leading oriental persimmon variety. Flattened fruit has an attractive, reddish-orange skin. Firm flesh is non-astringent even when under ripe. Handsome tree has vibrant yellow/orange fall color. Self-fertile	FtrPerFu5	\$32.00	
Giant Fuyu 	A popular oriental persimmon variety. Attractive, flattened fruit is 40% larger than the Fuyu variety. Firm flesh is non-astringent even when under ripe. Handsome tree has vibrant yellow/orange fall color. Self-fertile	FtrPerGf5	\$32.00

Rose Page

Hachiya 	A leading commercial persimmon variety. Attractive, reddish-orange, acorn-shaped fruit is astringent until soft and fully ripe. Handsome tree has red, bronze and yellow fall color. Self-fertile	FtrPerHa5	\$32.00	
Pomegranate are considered subtropical, yet they are cold-hardy to Sunset zone 5 (Northwestern Washington).	They have attractive bright green to golden foliage which puts on a great show in autumn, and they ripen late in the season and keep well, providing precious winter fruit. The fruit prefers a hot summer.			Shrub grows to approximately 10 feet. They are self-fruitful and bear heavily, even when young. USDA zones 7-10. Sunset zones 5-24
Utah	An attractive shrub with showy orange flowers and delicious fruit. Medium-sized, white/pink blushed fruit has sweet, pale pink kernels which do not stain. An excellent choice for all climates. Self-fertile.	FtrPomUt5	\$28.00	
Wonderful 	The best-known pomegranate variety. Large, bright red fruit has tart, crimson-colored kernels. An attractive ornamental with large red flowers. An excellent choice for all climates. Self-fertile.	FtrPomWf5	\$28.00	
Wonderful -Early	Deep crimson color fruit that is very juicy and even more sweeter than "Wonderful." Early Wonderful ripens in early September. Self fertile.	FtrPomErWon5	\$32.00	
Sweet Pomegranate	Fruit is large and matures in the Fall. Flesh color is light pink. Fruit ripens in early September, before Wonderful	FtrPomSw5	\$32.00	
Ambrosia Pomegranate	Fantastically huge fruits: up to three times the size of Wonderful. Pale pink skin, purple sweet-tart juice, similar to Wonderful. Long-lived, any soil. Inland or coastal climate. 150 hours. Self-fruitful.	FtrPomAm5	\$32.00	
Garnet Sash Pomegranate	Vigorous tree sets big crops of large, dark red fruit with deep-red, partially edible sweet-tart seeds. Can be grown as a shrub or tree and kept any height by summer pruning. Eat fresh or use in cooking. Excellent source of antioxidants. Requires 150-200 chill hours. Self fruitful.	FtrPomGarn5	\$32.00	
Eversweet Pomegranate	Very sweet, virtually seedless fruit. (Even immature fruits are sweet.) Red skin, clear (non-staining) juice. Harvest late summer through fall. Coast or inland. 8-10 ft. arching shrub, or train as tree or espalier. Large, showy, orange-red flowers. 150 hours. Self-fruitful. Pat. No. 5418	FtrPomEver5	\$32.00

Tree Roses

Kashmir Blend Pomegranate	Medium size pomegranate with light pink-red exterior. Ruby red seeds have intense flavor with no overbearing acidic taste. Tree has a slightly spreading growth habit and can also be grown as a shrub. Keep any height with summer pruning. Excellent source of antioxidants- eat fresh or use in cooking. Requires 150-200 chill hours. Self fruitful	FtrPomKas5	\$32.00	
Red Silk Pomegranate	Medium to large size fruit with a pinkish-red exterior. Firm yet edible seeds have a sweet berry flavor and a great acid/sugar balance. Naturally semi-dwarf tree has a slightly-spreading grown habit and sets large crops. Grow as a tree or shrub and keep any height by summer pruning. Excellent source of antioxidants. Eat fresh or use in cooking. 150-200 hours Self fruitful.	FtrPomRedS5	\$32.00	
Sharp Velvet Pomegranate	Large sized pomegranate with a very appealing, unique refreshing flavor. Fruit has a dark red exterior and dark seeds, the color of crushed-red velvet. Upright growing tree sets huge crops of highly ornamental fruit and can be kept any height with summer pruning. Eat fresh or use in cooking. An excellent source of antioxidants. Requires 150-200 chill hours. Self-fruitful	FtrPomVelv5	\$32.00	
Pink Satin	Medium to large size, bright red fruit with small, light-pink edible seeds. Light-colored juice is non-staining, with a sweet, fruit-punch flavor. Tree is vigorous and can also be grown as a shrub. Eat fresh, juice or use in salads. Excellent source of antioxidants. Chill requirement 150-200 hours. Self fruitful.	FtrPomPink5	\$32.00	Sold Out
Quince		From the Middle East, hardy as much as a Peach or Nectarine, they will survive temperatures as low as 0 degrees F.	Plants usually reach about 15 feet tall, can be pruned to be smaller. Plants have stunning displays	flowers and then produce a lot of fruit. Fruit is served cooked & used for jams.
Cooks Jumbo Quince	Extremely large, about twice the size of other varieties. Pear shaped, yellowish skin with white flesh. Good for cooking, pie fillings, candies and jelly. Ripens September & October.	FtrQuiCkjum5	\$32.00	
Quince Orange	Medium sized fruit in a golden yellow color. Flesh is yellow and tender. Plants are self fertile and ripen in September and October. Low chill hours 300.	FtrQuiOrg5	\$32.00	
Quince Pineapple		Produces large smooth fruit that has a dark yellow skin. Flesh is white in color with a slight pine apple flavor. Self fertile and it ripens in September. Low chill of 300 hours.	FtrQuiPine5	\$32.00
