04491	Tricyclic Antidepressants		
04492/04492i	Tricyclic Antidepressants – Oral Fluid		
04810	Vilazodone		
04856/04856i	Vilazodone – Oral Fluid		
04811	Vorioxetine		
04855/04855i	Vorioxetine – Oral Fluid		

\*Presumptive testing results will reflex to definitive testing via mass spectrometry. Only one presumptive testing code may be billed per day. This code will not be billed if presumptive testing is already performed for same date of service.

\*\*Definitive testing charges will be determined based upon total number of definitive tests performed. Only one CPT/G code will be utilized for definitive testing.

\*\*\*Positive methamphetamine results will reflex to methamphetamine D/L Isomer testing.

**\*Gastrointestinal Infection:**

CPT code will be determined based on total number of pathogen targets tested.

87505 (3-5 targets)

87506 (6-11 targets)

87507 (12+targets)

**\*\*Respiratory Tract Infections:**

CPT code will be determined based on total number of pathogen viral targets tested.

87631 (3-5 targets)

87632 (6-11 targets)

87366 (12+targets)

(Targets notated with a (B) are bacterial and excluded from the total count)
