#### ORGANIZATION

This listing is arranged alphabetically by tune title. If a specific performance has been issued, one or more of the release numbers is shown in the right hand column. If a performance is known to still exist but has not been issued, an "R" (Recording exists) is shown in the right hand column for that performance.

Dates of performances are shown for the actual dates when the performances occurred (local time at the site of performance). If a performance took place at 12:30AM on, for example, June 4, 1946, it is shown as 46-06-04 (June 4, 1946), not as a continuation of 46-06-03 (June 3, 1946).

If a performance is not specifically dated but known to exist in a date range, for example, June to October 1950, it is listed as 50-06/10.

If a performance is known to be from a month and/or year but is otherwise undated, for example, January 1948, it is listed as 48-01-00. If only the year is known, for example, 1949, it is listed as 49-00-00.
