Your Critical Thinking Advocate

ABOUT THE COMPANY

Jason Forde and Dagan Ferrier are former teachers in San Antonio. They created Forde-Ferrier, LLC in 1998 to provide teachers, students, and parents the most comprehensive educational materials and teaching techniques designed to help all students master the Texas Essential Knowledge and Skills (TEKS). Forde and Ferrier used these materials and techniques in their own classrooms, and the results were impressive. Their students consistently achieved pass rates of 100% and commended rates over 80% in all areas.

Forde and Ferrier use research based methods to continually improve their high quality practice materials for all tested areas. A variety of writers contribute to provide comprehensive materials that challenge students, but most importantly, help them learn the skills they need to succeed.

In addition to materials, Forde-Ferrier also continually improves its instructional methods, providing excellent professional development and training in mathematics, reading, writing, and science. These award winning workshops are designed to help teachers understand and effectively teach the essential skills students need to learn to be successful. Teachers leave the workshops confident that they can make sure all students master those skills. Forde and Ferrier have shared their methods with teachers throughout Texas, and their products and services have helped thousands of students achieve the highest levels of success on standardized tests.

Forde and Ferrier strive to build ongoing relationships with teachers, students, and school districts. They truly believe in what they do and are excited when they help others succeed. Schools using their methods and materials have achieved high levels of success on TAAS, TAKS, and now STAAR tests.

COMMON ASSESSMENTS: In the exact format of the STAAR Test!

We can create STAAR modified tests!

Each assessment we create has the rigor and depth of the STAAR test. We can create assessments based on TEA specifications, district guidelines, or any other parameters. Assessments can be based on sets of skills following your district's timelines, or we can make comprehensive practice STAAR tests.

All of our tests are written "on demand" and not printed from a pre-generated computer bank. New items are constantly written, reviewed, and updated by content experts. This ensures each assessment we create is based on the latest information about STAAR and accurately measures mastery of the TEKS. In most cases, results on our comprehensive practice STAAR tests have mirrored actual STAAR test results.

POEMS & PLAYS: READING WORKBOOK

Grades 2-8

READING/WRITING WORKBOOKS

POEMS & PLAYS:

In response to the incredible demand for additional reading practice on poems (grades 3-5) and drama (grades 4-5) we have created our new line of poems and plays workbooks. Every selection in the third grade workbook is a poem. Half the selections in the fourth and fifth grade workbooks are poems while the other half are plays. Each selection comes with a full set of rigorous, STAAR formatted items. These workbooks are a must-have for teachers who want to make sure their students are fully prepared for the STAAR reading assessment.

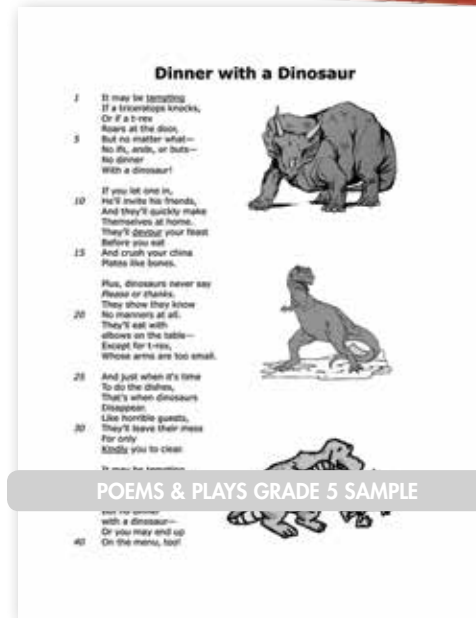

STAAR BRIGHT READING:

The *STAAR Bright Reading* books provide teachers and students with several complete practice reading passages. Each passage has the "look and feel" of the actual STAAR reading test.

STAAR WRITE WRITING Editing & Revision | Test Book

Prepare students for the STAAR Writing Test or simply reinforce writing skills with this workbook. Students will practice all writing STAAR Reporting Categories, including identifying sentence fragments, capitalization and punctuation rules, and grammar mistakes by editing 75 different samples of writing.

SCIENCE CVP STAAR: CONTENT, VOCABULARY, AND PRACTICE

Grades 2-8 also available in Spanish
UPDATED FOR STAAR!

SCIENCE & SOCIAL STUDIES WORKBOOKS

SCIENCE READING STORIES:

Practice for both the science and reading tests using our new STAAR Science Stories workbook. The book includes over 20 narrative passages which cover science concepts tested on STAAR. Great for both science and reading teachers.

STAAR SCIENCE INVESTIGATION JOURNAL:

This resource will help your students conduct short investigations to make concrete connections to some of the abstract ideas that they are studying in science. Students will have a chance to make observations, conduct investigations, collect data and draw conclusions about what it means. The goal of this resource is to provide a hands on experience to connect to the content that the students are learning in the classroom. By merging the two, we know that this will enhance the learning experience for the student, thus enabling them to retain the information and transfer it to performance assessments over time.

SCIENCE WORD WALL MAGIC CD:

This kit includes all necessary vocabulary words from Earth, Life, and Physical Science. Each word is displayed on a piece of cardstock in large, black letters ready to be printed and mounted on a word wall in the classroom. Great visual reference to use throughout the school year to prepare for the Science STAAR test.

CD includes the site license for the entire campus!

SOCIAL STUDIES:

Category 1, Categories 2-4, & Readiness Review

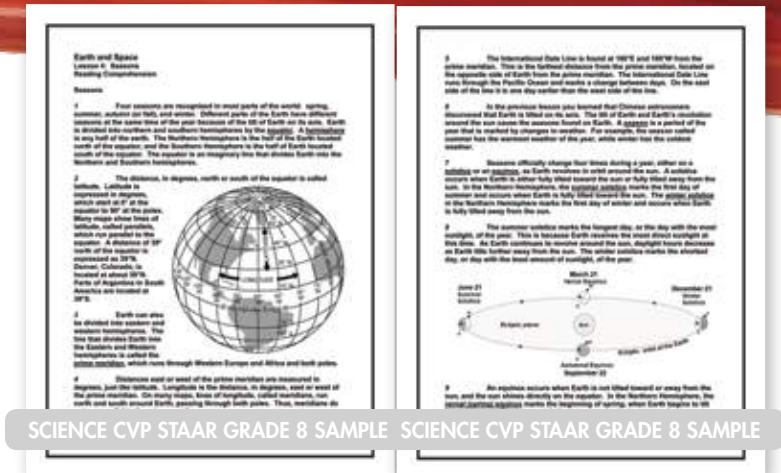

The Category 1 book features 360 STAAR formatted questions. Each item in each Standard in Category 1 is assessed in at least one question format and includes dual coded process standards, especially 8.29B and 8.29C that are the most common found on the SS STAAR test. These dual coded questions focus on the; sequencing of events in a timeline, completion of cause/effect graphic organizers and analysis, evaluation and interpretation of primary/secondary sources and excerpts, graphic organizers, visuals and maps.

Category 2-4 have STAAR formatted questions focused on Geography and Culture, Government and Citizenship, and Economics, Science, Technology and Society. The rigorous STAAR type questions include the most commonly assessed process skill standards that are tested each year.

BRAND NEW!

This is the ultimate resource for the fifth grade STAAR Science test. This workbook includes supplemental material to prepare students for the STAAR Science Test. All TEKS skills are covered with mini-lessons focusing on each specific skill. Each skill includes a lesson with an overview, vocabulary, vocabulary practice, concept practice (fill in the blank), and a final test. Test questions incorporate process skills with the content standards to reflect the more rigorous standards of the STAAR test.

ALL NEW: SPANISH WORKBOOKS!

LIBRO DE LECTURAS: VOLUMEN I

Estos libros proveen a los maestros y estudiantes con lecturas diseñadas para practicar el examen estatal. Cada lectura tiene el mismo tipo de pregunta que viene en el examen estatal para que los estudiantes puedan practicar "cómo se siente" tomarlo.

LIBRO DE ESCRITURA: VOLUMEN I

Estos libros de escritura proveen a los maestros y estudiantes con todos los conocimientos necesarios de preparación esencial y de apoyo para practicar y pasar el examen estatal. Cada lectura contiene 6 preguntas de las tres diferentes áreas de conocimiento para que los estudiantes pongan a prueba sus conocimientos de escritura durante el año escolar.

LIBRO DE EXÁMENES DE CIENCIAS NATURALES: VOLUMEN I

Estos libros de ciencias naturales proveen a los maestros y estudiantes con todos los conocimientos necesarios de preparación esencial y de apoyo para practicar y pasar el examen estatal. Cada examen contiene las preguntas necesarias para que los estudiantes practiquen sus conocimientos de ciencias naturales durante el año.

LIBRO DE MATEMÁTICAS: VOLUMEN I

COMING SOON!

Estos libros de matemáticas proveen a los maestros y estudiantes con todos los conocimientos necesarios de preparación esencial y de apoyo para practicar y pasar el examen estatal. Cada examen contiene el diseño de preguntas de las cuatro áreas de matemáticas para que los estudiantes pongan a prueba sus conocimientos matemáticos durante el año escolar.

PROFESSIONAL DEVELOPMENT MATH, READING, WRITING, & SCIENCE

Our updated math training for grades 3-5 is based completely on the new math skills. All the new Math TEKS in grades 3-5 will be explained, instructional strategies will be provided for each skill, and the way each skill will be tested on STAAR will be discussed. Teachers will leave the training with all the tools needed to teach and assess the new skills.

- Training to explain all new math TEKS in grades 3, 4, and 5
- Instructional strategies for each new math skills
- Coaching on the different ways each new skill could be assessed on STAAR

SCIENCE TRAINING:

This session will answer all your instructional questions to help you meet the need of your students in the science classroom. What to teach, how to teach, and when to teach will all be explained. Science concepts will be modeled and specific skills will be covered. How to maximize vocabulary development and integrate content will also be on the agenda. Learn how to get all your students to pass the STAAR Science Test.

WRITING TRAINING:

These sessions will focus on the essential writing traits that all students need to include when expressing themselves on paper. Find out how to get your students to make sense, and write like they mean it. Learn how to teach specific grammar, punctuation and capitalization skills, and identify complete sentences.

READING TRAINING:

These sessions will focus on all reading objectives students must master in order to pass the STAAR Test. Learn how to increase comprehension and fluency among your students, and how to teach specific reading skills, such as main idea, summarizing, sequencing, fact and opinion, and inference. Find out everything necessary for your students to become successful readers and the secret to getting all your students to pass the STAAR Reading Test.

CONSULTING | *Let us show you how to be a master!*

INTERVENTION:

Our expert consultants can work with your students at your campus on the skills they need the most. Our record of success is phenomenal! We have worked with small groups of students for just a few days and have seen them all pass their state tests.

CONSULTING:

Our consultants have been to hundreds of campuses working alongside teachers with the goal of reaching the highest levels of academic success. We provide the following services: teacher training, model lessons, academic planning, and student intervention. Our hands-on approach to training has been proven to be one of the most successful ways to improve student academic performance.

CONSULTING SKILLS

- NEW STAAR SKILLS
- WHAT AND HOW TO TEACH
- CRITICAL THINKING SKILLS
- HOW TO MAXIMIZE CONTENT
- COVERS ALL TARGET AREAS
- LEARN THE SECRETS TO GET ALL YOUR STUDENTS TO NOT ONLY PASS THE TEST BUT ACHIEVE THE HIGHEST STANDARDS

EDUCATIONAL DISCS
LIFE, EARTH, OR PHYSICAL SCIENCE CD

forde-ferrier.com/samples

EDUCATIONAL DISCS

Bring technology into your science classroom and make learning fun and interesting. Students will love learning about science concepts as they view presentations projected on your board or wall. Students can easily take notes while listening to the teacher explain and reinforce concepts. Teachers can also print notes for absent students, or students who need modifications. Each CD covers all STAAR Objectives and TEKS in Life, Earth, or Physical science through the use of vocabulary words, examples, explanations, pictures, and animations. Please specify Life, Earth, or Physical Science when ordering.

STAAR SCIENCE WORD WALL UPDATED for STAAR!

CDs of all necessary vocabulary words from Earth, Life, and Physical Science with pictures that allows you to copy as many as you need for your class. Great visual reference to use throughout the school year to prepare for the Science STAAR test.
