Earths' Wonderful Volunteers

Principal Jennifer Boone

Message from Mrs. Boone

The rapid pace of globalization, the shift from an industrial to an innovation economy and the explosion of networked communications, have all created the need to work and interact in new ways and to gain fluency in new tools and paradigms. All young people today need to be critical thinkers and good problem solvers no matter what life path they choose. They also will need to be creative, innovative, and show aptitude in evolving skill areas, such as information, media and technology skills.

The Conejo Schools Foundation/EARTHS was created as a large fundraising organization in which 100% of all proceeds would directly go to our students to support the technology at EARTHS Magnet School in a time of horrific budget cuts. A three-year plan for technology was created and the Tee Off For Technology is the second event developed for to raise funds for our students. The EARTHS Foundation Board met weekly through the summer of 2009 before the school opened as well as monthly to plan and make sure that our students would have the tools necessary to navigate in today's world.

My deepest gratitude goes to Beverly Simmons, Jeff Rickert and Lilly Dollenmayer, the Tee Off For Technology Committee for pulling together this amazing event. Thank you, Zin Htway and Teresa Hanson for the program and trophies. I am grateful to Doug and Trish Hedin for the music and auctioneering talent. Thank you, LeAnn Cooper and Patty Holguin from the EARTHS PTA for supporting the Foundation with volunteers and room parents for communication. Of course, I appreciate all of you who have worked our event, as this event would never be able to take place without the myriad of volunteers it takes to insure that everything looks great and runs smoothly. Thank you, parents, teachers and community members for supporting our event with your attendance and donating the wonderful items for auction. Without working together, our students would not be the winners.

I give my heartfelt thanks to our EARTHS Foundation Board: Tiffany Campbell, Scott deRuyter, Lilly Dollenmayer, Christie Glaubke, Jana Goldsworthy, Zin Htway, Terry McCallum, Dennis Miller, Silas Nesheiwat, Jeff Rickert, Mark Ronk and Beverly Simmons for dedicating their service to our school.
