THE MAGAZINE OF FLORIDA BUSINESS

THE
2018
BOOK
OF **LISTS**

NEW TO COME

Welcome!

Welcome to the 2018 edition of FLORIDA TREND's *Book of Lists*, a compendium of the largest companies in the state.

FLORIDA TREND magazine is celebrating its 59th year in business, and throughout that time the magazine has provided both insight and sales leads to executive readers in every corner of the state. Just how many corners does Florida contain?

Well, Florida is a large and diverse place ranging some 835 miles in driving distance from Key West in the far south to Pensacola in the northwest region. The population today has hit 20.7 million and we foresee another quarter million each year.

So it's hard to know everyone and everywhere. That's where FLORIDA TREND's *Book of Lists* comes into play, because facts and data drive business success just as much as insight and intuition.

We have gathered together the many lists published throughout the year—from top public companies and private companies to the accountants and lawyers that serve them. We have key locations such as airports and seaports. We list the hospitals and colleges and utilities. And of course we list the banking institutions that provide the financing to keep business rolling.

You will note that these top companies don't come from just one city or region but in fact exist across the geography.

Please let me know any other listings we can provide to ensure your success. Then please use the *Book of Lists* along with the regular monthly issues of FLORIDA TREND to stay in touch with the growth and diversity of Florida.

With best regards,
— Andy Corty

THE MAGAZINE OF FLORIDA BUSINESS

The 100 companies that made the cut in our eighth annual Best Companies to Work For rankings

THE LIST

To identify Florida's best employers, FLORIDA TREND partners with the Best Companies Group, which surveyed firms that chose to participate. Any firm with at least 15 employees in Florida, including firms based outside the state, could participate at no cost.

The first part of the survey involved a questionnaire about company policies, practices and demographics. The second part went to a randomly selected group of each firm's employees, who responded— anonymously—to 72 statements on a five-point agreement scale.

The survey also included two open-ended questions and seven demographic questions. The questions focused on eight themes: Leadership and planning; corporate culture and communications; role satisfaction; work environment; relationship with supervisor; training and development; pay and benefits; and overall engagement.

Contract employees were not included in employee surveys and not added to employee counts.

10	Doral Performing Arts & Entertainment Academy	Miami-Dade, charter, arts 9-12	330	94%	55%	823

How the State Scores High Schools

A school gets points based on:

- The percentage of students who achieved passing scores on statewide standardized tests – including end-of-course tests – in English, Math, Science and Social Studies.
- Learning gains in Math and English by all students and by those among the lowest-performing 25% of students at the school.
- The percentage of students who pass a high-school level end-of-course test or industry certification.
- The graduation rate, based on how many ninth-grade students finish within four years.
- The percentage of students who earn a passing score on the Advanced Placement or similar-type test or who pass a college-level course in a dual enrollment program.
- Each school has a maximum number of points available. A school earns an A if it achieves 62% of its possible points. B=54-61%. C= 41-53%. D= 32-40%. F= 31% or fewer.

LIFE AFTER HIGH SCHOOL IN FLORIDA

Florida Trend's NEXT is loaded with crucial information that is aimed at helping high school students make a smooth transition to life after high school.

Whatever direction a teen plans to take after high school, this publication can help. [Click here to read an eZine version](#) (it's free!)

A limited number of copies of NEXT are distributed to high schools in Florida at the beginning of every school year. Only a small percentage of students, however, receive their own copy.

Purchase a print copy of the 2017/18 issue for your favorite high school teen today and make sure he has the valuable information he needs right at his fingertips!

For information on how to purchase a copy, call **Marsha** at **727-892-2643**, or email CustomerService@FloridaTrend.com.

Published in July 2017. Source: Forbes Travel Guide, AAA, Condé Nast, and individual hotels. Forbes Travel Guide considers five-star properties "outstanding, often iconic properties with virtually flawless service and amazing facilities." They consider four-star properties, "exceptional... offering high levels of service and quality of facility to match." AAA says that its five-diamond award "provides ultimate luxury, sophistication and comfort with extraordinary physical attributes, meticulous personalized service, extensive amenities and impeccable standards of excellence. Four Diamond hotels are refined and stylish, providing upscale physical attributes, extensive amenities and a high degree of hospitality, service and attention to detail."
