> WE'LL OBSESS OVER THE DETAILS. YOU ENJOY THE RIDE.

At Mitsubishi Motors, we're obsessed with achieving perfection. In fact, there's a Japanese word for this kind of obsession – Kodawari, which means "in pursuit of perfection." That Kodawari mindset fuels everything we create. The practice is centered around three key pillars: passion, persistence and precision. To reach our Kodawari ideals, we apply these pillars to every vehicle we engineer, design and innovate.

Why are we so consumed by perfection? Why do we continue to refine everything down to the smallest detail? Our inspiration is simple: you. The people who drive our vehicles. Those with an appreciation for uncompromising craftsmanship and a pioneering spirit. The ones who don't mind being a bit unconventional, if it means pushing boundaries and shaking things up. Some call it idealistic, but for us, it's simply **Kodawari**.

> KODAWARI

**PASSION IS A FIRE FROM WITHIN, AN INNER
CONVICTION THAT SOMETHING IS WORTHWHILE.
ALL OUR PASSION FOR CRAFTSMANSHIP WENT

> 01 SWING INTO TRACTION

The 2021 Outlander Sport lets you explore without limits. Designed for rally racing and motorsport championships, the legendary Mitsubishi Motors **All-Wheel Control**¹ system lets you comfortably navigate all types of terrain. Whether it be snow, gravel, or highway, it actively monitors the road and intelligently delivers power to the wheels with the most traction. Featuring available **Electronic Brake Force Distribution** with **Brake Assist**, the Outlander Sport helps each wheel get the proper amount of braking force. Along with available **Active Stability Control**² and **Traction Control Logic**, these systems work together to increase traction, handling and performance

> MADE TO MOTOR

The 2.0L four-cylinder engine delivers 148 HP and 145 lb-ft of torque for maximum agility and smooth pick-up. Engineered to give you the best of both worlds, it balances consistent engine power with low fuel consumption³ for a driving experience that's effortless and efficient. An available 2.4L four-cylinder engine boosts power to 168 HP and 167 lb-ft.

> **FEEL-GOOD FUEL EFFICIENCY**

**EXPLORE
PERFORMANCE**

Balancing performance with fuel economy, the Outlander Sport goes full throttle without guzzling the gas tank. Feel free to roam farther with a rating of **30 Highway/24 City/27 Combined MPG³** that's among the best-in-class.

> 02 KEEP YOUR WORLD CLOSE

The 2021 Outlander Sport seamlessly connects you to entertainment, navigation and all your contacts – no matter where you are⁴. With the available **8" Smartphone Link Display Audio System**, it's as easy as a few taps on the touchscreen. Make hands-free calls and jam to playlists over Bluetooth. Access your favorite apps through available **Apple CarPlay^{®5}** and **Android Auto^{™6}** and use voice navigation with Siri[®] or Google Assistant[™]. Plus, available easy-to-reach dual USB ports to keep everyone else connected too.

> THE FORECAST CALLS FOR COMFORT

In the Outlander Sport, everyone can get their temperature just right. **Automatic Climate Control** directs the air where it's needed so drivers and passengers are equally comfortable.

> GO KEYLESS

EXPLORE TECHNOLOGY

Forget key in hand – you won't even have to take it out of your pocket or purse. With the available **Fast-Key Entry system**, you can quickly lock or unlock your Outlander Sport just by grabbing the door handle. Then, the push button start makes it just as easy to get on your way. To power up, simply push the start/stop button while applying the brake.

> 03 STAY ON THE SAFE SIDE

Your peace of mind comes first, which is why the 2021 Outlander Sport is equipped with our latest integrated safety systems. The **Forward Collision Mitigation system with Pedestrian Detection**⁷ scans the path in front of you, sending alerts when it detects something in the way. If you don't respond and there's a chance of collision, it attempts to brake on your behalf.

You can also stay aware of vehicles in your blind spot, thanks to **Blind Spot Warning**.⁸ The system monitors your blind spot, activating a warning light and beeping when it's not safe to change lanes. For extra visibility, **Rear Cross Traffic Alert**⁸ can sense what's behind the vehicle while you reverse. If it picks up on anything, you will receive an audible alert. Together, these systems all work in tandem to keep you safer and more secure.

> GUIDING LIGHT

Ideal for nighttime driving on busy roads, the Outlander Sport's **Automatic High Beam (AHB)** provides better visibility for you and other drivers. If the system detects cars ahead and in oncoming lanes, it switches to low beams. When the road ahead is clear, the high beam headlights will automatically switch back on.

> ADDED BUFFER

EXPLORE SAFETY

The Outlander Sport's front, front-seat-mounted and side-curtain airbags⁹ all work together to safeguard you and your passengers. In addition to six standard airbags, a seventh is included underneath the driver's side dashboard for even more protection.
