With its powerful, fuel-efficient engine, the BR 600 sets the standard for professional-grade blowers. It produces the highest air volume and velocity of all our **backpack blowers**, yet features a low-emission engine, making it a great choice in both urban and rural areas. No matter where the job takes you, the BR 600 blower is the ideal choice for heavy-duty cleanup.

Important Information

Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

Note: STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL warranty. [Learn More...](#)

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.

Model Features

Built in the USA

Indicates products that are built in the United States from domestic and foreign parts and components.

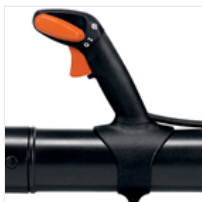

[More information](#)

Reduced-Emission Engine Technology - Caring for Nature

The STIHL Inc. "Caring for Nature" seal identifies its powered products that are more environmentally conscious, producing zero or low exhaust emissions. STIHL Inc. defines "low exhaust emissions" as being cleaner than EPA and/or CARB exhaust emission standards.

[More information](#)

Multi-Function Control Handle

Having easy access to all of the controls on one comfortable handle makes it easy to complete tasks so the operator's hand never has to leave the handle.

Anti-Vibration System

The STIHL anti-vibration system helps reduce operator fatigue and provides a more comfortable working experience.

Adjustable Support Harness

STIHL **backpack blowers** and sprayers are equipped with an adjustable support harness that distributes weight evenly across the shoulders and back, reducing user fatigue.

Meets all my needs

Maineah
From: Maine **Age:** 65 or over **Do you own your own house?** Yes **Outdoor tool expertise:** Highly Skilled

Quiet, excellent anti vibration system, plenty of power to move even small rocks not pebbles rocks! Easy starts, good fuel economy light enough for extended use what's not to like?

Pros Easy to Use
Cons straps are a bit cumbersome

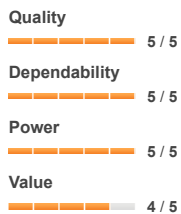

Yes, I recommend this product.

Easey to start, really powerful

Lj48
From: Hayes Va. **Age:** 65 or over **Do you own your own house?** Yes **Outdoor tool expertise:** Highly Skilled

I bought this blower because our vacation property gets ignored in the winter time and my 15 year old BR340 just took too long to blow all the wet leaves into the woods. Now my wife and I can double team the leaves and finish up in a couple of hours. This blower really has a lot of power and can push a lot of leaves. I really like that the blower doesn't have a handle "on" switch, just pull and blow. I would highly recommend this blower if you have a large area to clean up. The only thing that would be nice is a chest strap, the blower keeps trying to slip off my left shoulder.

This blower is fairly light considering the amount of power it has. I am 69 years old and have no problems using this blower.

Pros Easy to Use, Light, Reliable, very powerful don't need to run wide open for most

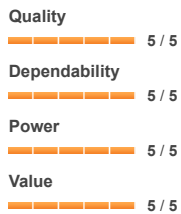

Yes, I recommend this product.

This product is an amazing combination of air speed and volume.

Legendaryseth21
From: Lake of the Ozarks, Missouri, USA **Age:** 18 to 24 **Do you own your own house?** No **Outdoor tool expertise:** Intermediate Skill

The 600 has less cfm than the 700 but it makes up for it in air speed. The higher air speed helps it blow through piles of leaves by getting them to roll as you push them. I have used this blower with wet leaves and snow covered leaves and it powers through all of them, even half decayed, packed down leaves. Gathers all acorns and moderate sized sticks in its path. The higher air speed also allows for a more initial blast to get the objects in its way moving. The tube is lighter than the 700 and extends farther putting less strain from swinging side to side and allows the tune to get closer to the ground foe

those that are taller. The tube allows for maximum flexibility, can even be rotated upwards or backwards with minimum resistance.

Pros Easy to Maintain, Easy to Use, Reliable

Yes, I recommend this product.

I have only had this blower for 2 months, but I can give you an idea of what to expect. First I would like to talk about power. This machine can blow wet, large piles of leaves with little effort. Second topic is noise. The noise did not seem loud to me, but I do wear ear protection muffs. Third topic is fuel efficiency. It seemed to consume a good amount of fuel but that is normal for a machine in this power category. Overall I am very satisfied.

I live on a large wooded lot with constant needs for clearing leaves and other debris. The BR 600 is so powerful and easy to use that I actually look forward to cleaning the yard. It starts easily, runs steadily, blows with authority, and can take on most challenges. I even used it to clear three inches of light snow from my sidewalk and cars. Do buy a noise canceling over the ear headset. All of that power makes some noise.

From: Minerla Bluff, GA **Age:** 65 or over **Do you own your own house?** Yes **Outdoor tool expertise:** Intermediate Skill
Overall good blower. Like the adjustability features. Need to add strap across the chest between the shoulder straps for long term use (similar to straps on backpacks for hiking).
Pros Easy to Use, Reliable
Cons high cost

Yes, I recommend this product.

You Will Also Need

HP Ultra 2-Cycle Engine Oil
No matter how you slice it (or trim it or shred it), there's no better protection for your high performance 2-stroke engine than STIHL HP Ultra Oil. This 2-cycle engine oil has outstanding engine cleaning characteristics, plus "ultra" lubricating qualities that are superior to other 2-cycle engine oils. This fully synthetic oil is also highly biodegradable, degrading by 80% in 21 days. We're so confident this oil will protect your engine, we'll double your STIHL limited warranty* when you use it. It's that good.

***Double your warranty** when you purchase either STIHL HP Ultra Oil (six pack) or STIHL MotoMix® Patented Premixed Fuel (one gallon minimum) with your STIHL product purchase. Double limited warranty protection applies to select STIHL gasoline-powered products purchased for personal non-income producing, household purposes only. Other restrictions apply. See dealer for details or refer to STIHL's **Limited Warranty Policy**.

Reflective Safety Vest
The Reflective Safety Vest from STIHL meets the standard for use along highways and other high-traffic areas. It features a longer tail in back for maximum reflective exposure – great for workers using backpack blowers. Two front pockets and one chest pocket provide great utility for carrying job necessities.

Meets ANSI/ISEA 107-2004 standard
Available color: High-Visibility Yellow
Available sizes: M, L, XL, XXL

No-Spill® Fuel Containers

No-Spill® fuel containers advance convenience and quality in gasoline-can design by reducing emissions of hydrocarbons from evaporation, permeation and spillage. This helps protect the environment as well as saves you on fuel costs due to waste. Each container is molded from fluorinated, high molecular weight material for low permeation. The thumb-button flow control allows filling even smaller-sized tanks reducing the risk of spilling and is designed to stop the flow automatically, when the tank becomes full, to prevent overflowing. Built on a wide, stable base for less likelihood of upsets and equipped with child-resistant closures, all No-Spill® containers comply with both EPA and CARB requirements. With 1¼-gallon, 2 ½-gallon and 5-gallon sizes available, you're sure to find one that fits your needs.

For Your Safety

Black Widow Glasses

STIHL Black Widow Glasses offer an ideal combination of protection and style. These protective glasses have a lightweight, wrap-around design that blocks out 99% of harmful UV rays. Their soft-touch temple inserts provide additional comfort and are designed to help reduce slippage. The lenses are made from optical-grade polycarbonate and are available in multiple shade color options.

Meets ANSI Z87+ Standard

Available lens colors: Indoor/Outdoor Mirror, Smoke Mirror

STIHL TIMBERSPORTS® Series Gloves

When professional competitors take on other leaders in the field, they use STIHL TIMBERSPORTS® Series Gloves. Made from premium goat-skin leather, these gloves provide exceptional comfort. Their sport-styled design enhances work control while an adjustable wrist closure provides a secure fit.

Materials: Premium goat skin leather palms and fingers, stitched fabric backing and elastic cuff

Available sizes: M, L, XL

STIHL® Pro Mark™ Hearing Protector

Heavy machinery doesn't have anything interesting to say – block out that noise with our most noise-reducing hearing protection. These top-quality Hearing Protectors feature padded stainless steel spring-wire headbands maintain constant pressure. So no sliding around and letting in unwanted sound waves. They're also easy to adjust. Set a comfortable fit and get to work in peace.

Meets ANSI S3.19-1974 standard. Noise Reduction Rating (NRR) of 29 dB(A).

Available color: Orange
