# SELECTION PROCESS

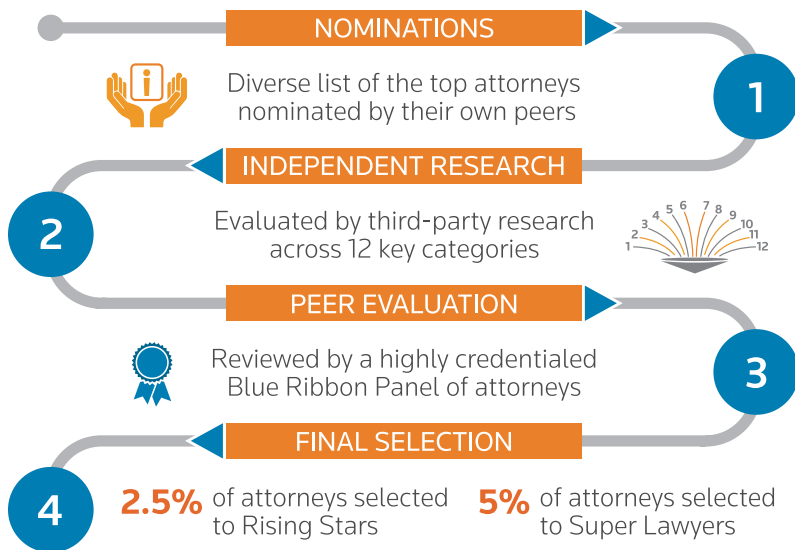

## Super Lawyers selects attorneys using a patented, multiphase selection process.

Super Lawyers selects attorneys using a patented, multiphase selection process. Peer nominations and evaluations are combined with independent research. Each candidate is evaluated on 12 indicators of peer recognition and professional achievement. Selections are made on an annual, state-by-state basis.

The objective is to create a credible, comprehensive and diverse listing of outstanding attorneys that can be used as a resource for attorneys and consumers searching for legal counsel. Since Super Lawyers is intended to be used as an aid in selecting a lawyer, we limit the lawyer ratings to those who can be hired and retained by the public, i.e., lawyers in private practice and Legal Aid attorneys.

The Super Lawyers selection process involves the steps outlined in the graphic below.
