A NEW COMMUNITY

The Arts Club Dubai is perfectly located in the heart of the DIFC, set over four floors and totalling 65,000 square feet, in the brand new ICD Brookfield Place development designed by Foster + Partners. It is the first international outpost of the celebrated and historical private members' club, established in 1863 in Mayfair, London.

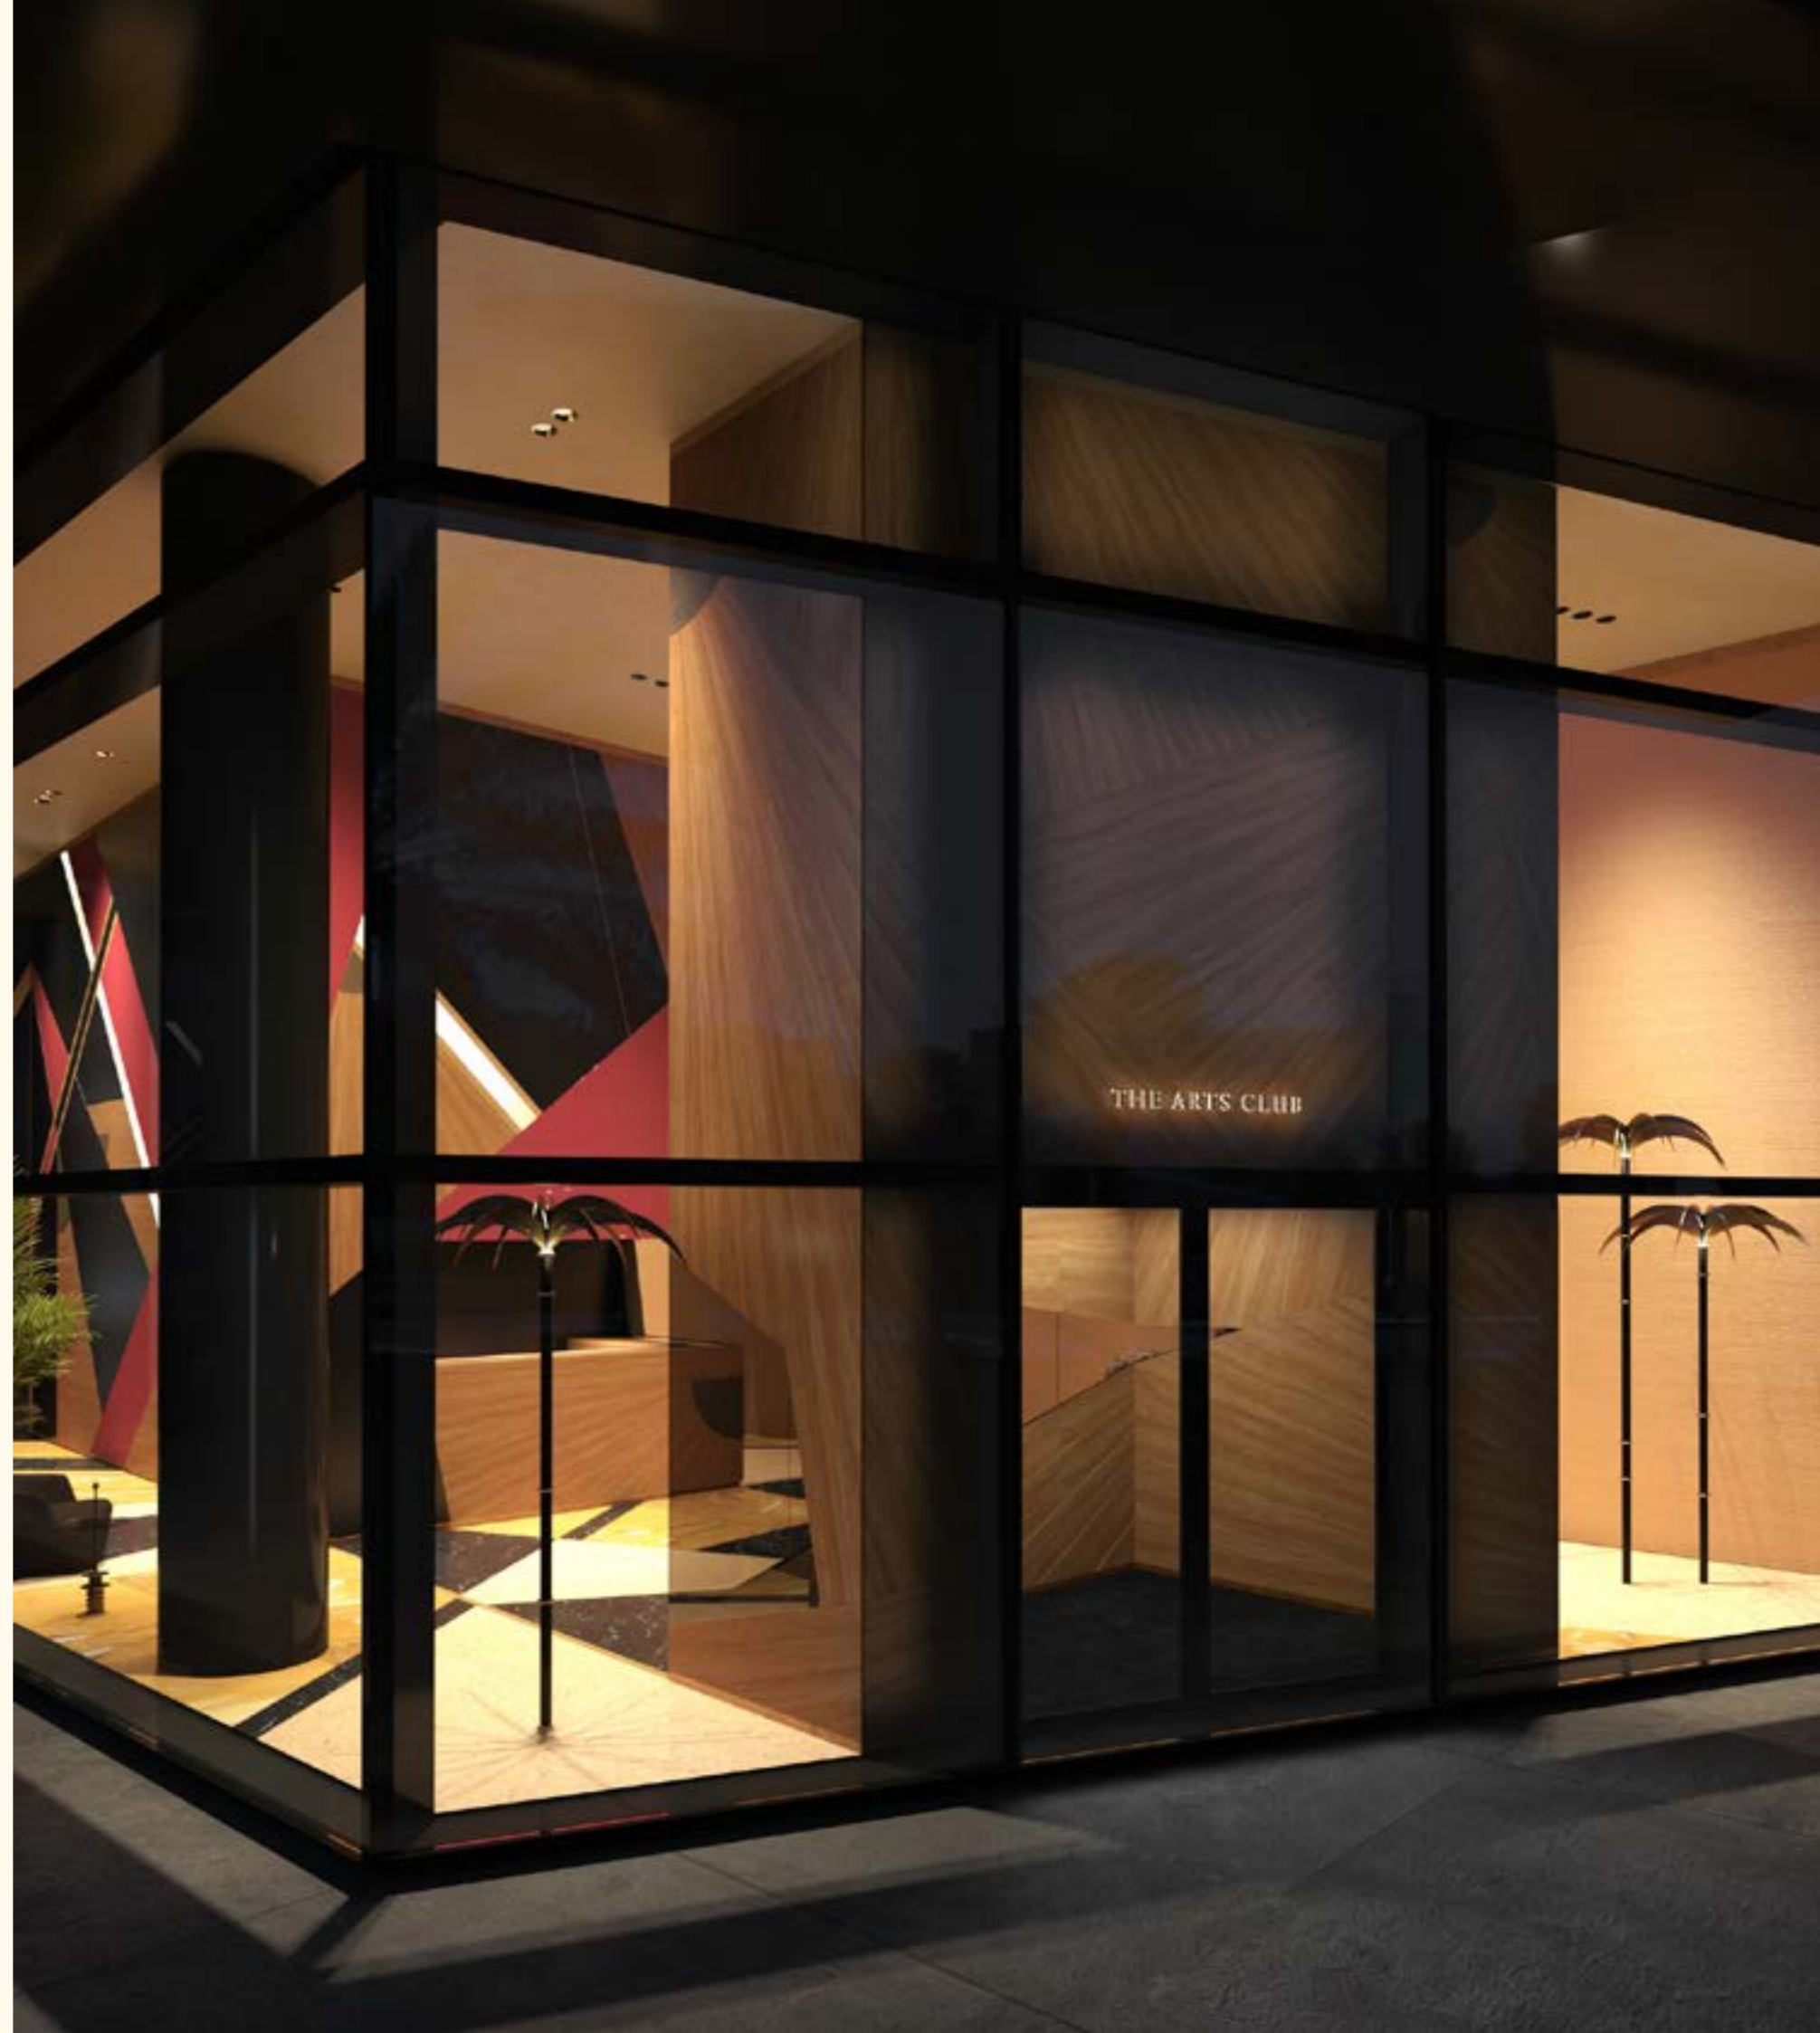

The Club's new Membership is an exciting community of like-minded, diverse and dynamic people, all hailing from different cultures and sectors, from the region and further afield.

A LIFESTYLE FOR ITS MEMBERS

The Club exists to provide its Members with a home away from home: a sanctuary for those seeking comfort, hospitality and elegance, with a level of quality, service and attention to detail that endeavours to leave them wanting for nothing.

It is also an office away from the office, where Members seeking a more relaxed environment in which to conduct business can do so at ease, either in a social and convivial setting or in a more private and secluded space.

RICH EXPERIENCES

Members can entertain in beautiful surroundings, dine and drink from exquisite menus, dance until the small hours, socialise and make new acquaintances, celebrate occasions and experience a richly inspiring Cultural Programme of art, music and events.

The Club is open 365 days a year, from early in the morning until late at night.

CULTURAL PROGRAMME

The Cultural Programme pulses life into each Member's experience of the Club, as much or as little as they desire, as and when they wish. Talks, current debates, tastings, exhibitions, studio tours, trips, workshops, cabarets, panel discussions, dance and live music permeates through the Club, adapting and reflecting the seasons, social calendar and changing times.

CLUB PARTIES

Seasonal moments are celebrated throughout the year with all-encompassing Club parties and festivities, and at the weekends well-heeled family-style brunching brings everyone together, with entertainment for little ones.

The Club also has its own in-house pâtisserie, so as well as furnishing the many dessert menus throughout the Club; it enables Members to order sweet treats for special occasions and to enjoy them at home.

THE TEAM

The Club's team comes with a broad experience in members' clubs. Within it, a dedicated Guest Relations Team is on hand to assist with all manner of Members' requests.

CLUB DESIGN

The Principals of The Arts Club have worked closely with the Milan based design firm, Dimorestudio, to achieve their vision for Club's interiors.

Each space, across all four floors, draws from a rich and sophisticated colour palette, expressed with strong textures and playful patterns, resulting in an overall design aesthetic that is both contemporary and classic. It is the ultimate blend of the past and present. A unique collection of art-deco furniture and lighting make reference to the Club's past and set a decadent scene, while sumptuous fabrics throughout add layers of luxurious comfort.

Rooms vary in size with grander lounges and restaurants for entertaining and socialising, and smaller more intimate spaces for discreet business meetings or quiet contemplation.

BREAKFAST
LUNCH
DINNER

There are three restaurants within The Arts Club Dubai, giving Members the flexibility to dine when and how they wish.

- BRASSERIE -

The first of these is a unique interpretation of the London Club's beloved modern European Brasserie. Operating as the engine room of the Club, it is open from early in the morning until the late evening.

- NIKKEI -

The second, a one-of-a-kind, homegrown concept, is an altogether different dining experience, taking inspiration from Peru and Japan, with bold and exhilarating cooking techniques, exotic flavours, brought together to push the boundaries of Members' imaginations.

- ITALIAN -

The third restaurant, also brand new and homegrown, is an elegant, family-style Italian restaurant, heavily influenced by the exceptional produce and the much-lauded culinary simplicity of Italy. Its classic Italian service brings style and flair back to the table.

- CLUB CLASSICS -

Outside of the restaurants Members can order from the Club Menu which features an array of club-classics, comforting and perfectly suited to its surroundings, whether it be in one of the Members' lounges, the library or on the rooftop terrace.

...AND DRINKS

There are no less than seven craft cocktail bars within the Club, each manned by a specialist team of waiters and bartenders, working alongside world-class sommeliers, who are on hand to guide Members through the meticulously sourced wine list, which features wines from the finest vineyards from around the world.

OSCURO

The Club's *Master of Habanos* has full reign over a beautiful custom-designed humidor, which takes centre stage in Oscuro, the Club's decadent cigar lounge (opening early 2021). Situated on the rooftop, Members and their guests can enjoy some of the world's most exceptional smokes, either in the lounge, or outside in a private cabana, with gentle music emanating from the Club's sundowner terrace next door.

PRIVATE MOMENTS

There are plenty of spaces within the Club for Members to host their own events and parties, from private and semi-private dining rooms of varying sizes, to terraces and rooftops, not forgetting screening room capabilities, with each event carefully handled by the experienced Events Team.

UP ON THE ROOF

Opening in early 2021, the vast 23,000 sq ft rooftop will seem like another world. Not only does it have uninterrupted views of the iconic Burj Khalifa, it will also house the Club's late-night lounge in an impressive standalone structure.

Inside the late-night lounge, the very best sound system has been commissioned, alongside a lighting installation that is itself a work of art. Both adding an extra special dimension to the progressive music scheduling that has been planned, with international DJs headlining intimate sets for those looking for something quite musically unique.

The rooftop will also be home to the Club's cigar lounge, *Oscuro*, kept well-stocked with an excellent selection of smokes by the *Master of Habanos*. Not forgetting, a vast outdoor terrace lounge, running the length of the building, with its own external rotating DJ booth, individual cabanas, pergolas and cooling water
