

# The Bayou “Hands On” Sewing, Quilting, Knitting & Embroidery Conference

Four full days  
of hands-on and  
lecture classes!

Presented By:

**ALLBRANDS.com**  
SEWING MACHINES, VACUUMS & APPLIANCES

20415 Highland, Baton Rouge, LA

in beautiful New Orleans

**November 9-12, 2005**

Conducted By:

Thank you for your interest in “The Bayou “Hands On” Sewing, Quilting and Embroidery Conference” scheduled for **November 9-12, 2005**. Just minutes away from the Famous Bourbon Street we will have 4 fun-filled days of Sewing, Quilting, Knitting and Embroidery. **This conference is just what you need before the hectic holidays, 4 days of fun just for YOU!** It is hosted locally by AllBrands of Metairie, LA which is a full service sewing business conveniently located in the greater New Orleans area. They offer a broad selection of Industrial and Household Sewing, Embroidery, and Quilting Machines and offer personalized training on everything they sell!

This letter will attempt to answer most of your questions concerning **The Bayou “Hands On” Sewing, Quilting, Knitting and Embroidery Conference**. We are fully committed to making this conference one that you will want to attend year after year. We will have great teachers, great food, a great facility with discounted room rates, great bargains on a huge room full of sewing related products, great chocolate in the afternoons, and most important, we are committed to making sure that everyone from beginner to expert will have a great four days!

1. Everyone will have a class with each instructor and will work on three or more hands on projects. There will be classes that will be specifically for you based on the brand of software that you own. For example, if you own software by Singer, Viking, Pfaff, Artista, Janome, Elna, Kenmore, BabyLock, Brother, Bernina or Generations you will automatically be assigned for that class. There will also be classes for many other software programs that will be of interest. Some classes will be taught in the evening.
2. This conference will truly offer four full days. Classes will begin each day at 8:00 AM and will break for lunch at 11:00 AM. Classes will resume at 1:30 PM and will break for dinner from 4:30 till 6:30 PM, with night classes from 6:30 till 9:45 PM the first three nights. The conference will end at 4:30 PM on Saturday, **November 12, 2005**.
3. All fabric, threads, kits, and supplies will be provided by AllBrands except for your basic sewing tools from your sewing box.
4. There will be a welcome reception complete with light snacks and drinks on Tuesday Night, **November 8th**. Everyone is invited. This will be your opportunity to get acquainted with our teachers and your new friends.
5. The tuition fee of \$299 for this event covers the total cost of the conference. This fee includes classes with all instructors, all kits for the hands-on projects including all fabrics threads and supplies for each class, the use of a brand new top of the line machine in at least 3 classes, all evening sessions, a delicious full buffet lunch with drink and dessert every day, and the welcome reception on Tuesday night complete with light snacks. This school is an intensive four full days of sewing, quilting, and embroidery. Most schools of this type will cost over \$650 for the tuition. We are able to offer the discounted rate of \$299 only because the hosting dealer is paying for most of the expenses.

6. The Radisson New Orleans Airport is a deluxe hotel located just minutes from the New Orleans International Airport. Please go to <http://www.radisson.com> for more information or call 1-866-292-6118 (504-467-3111). When calling to make reservations, **be sure to ask for The Bayou 'Hands On' Sewing Conference discounted rate of only \$79 per night (+tax)**. There are a limited number of rooms that are held at this rate. Please reserve your room as soon as possible to guarantee that you get this discounted rate. The Radisson offers newly renovated beautiful rooms, 12,000 sq-ft of Conference Space, Beautiful Outdoor Courtyard Pool, On-Site Fitness Center, Restaurant, Lounge, Room Service, Starbucks coffee on site, Complimentary Airport Shuttle, Free Parking, Valet Laundry Service, Complimentary High Speed Internet Access in each room. And is only minutes from famous Bourbon Street and historic down town New Orleans. Don't wait to reserve your room at this special rate!

## Our Teachers

### Deb Jones

Deborah Jones is a 30-year veteran of computerized embroidery. Her parents owned some of the first computerized embroidery machines in the United States, and she grew up surrounded by machine embroidery.

In 1997, she was the third recipient of the prestigious Floriani Lifetime Achievement Award for embroidery education. A frequent speaker at industry trade shows, Deborah also writes for several home and commercial embroidery magazines. She is the founding editor of Club Ed, a web-based educational newsletter for home embroiderers. She now devotes her time to developing educational materials for embroiderers and raising Silky Terriers.

Deborah's class "**Digitizing 101**" will thrill the novice and challenge the professional. Even if you never intend to digitize, you will love this class. Learn why some designs sew out so beautiful while others are so frustrating.

### Ann "The Gran" Cobb

Digitizer, designer, embroiderer, author, teacher, and Grandmother, Ann certainly is well known in the home embroidery industry as one of the original digitizing teachers. Her generosity of sharing her high quality personally digitized designs through the years as well as her vast embroidery knowledge has made her one of the most requested teachers. Check out her website at <http://www.annthegran.com>

Ann's hands on class "**Ann's Box Of Colors**" is sure to be a favorite. You will construct a fabric covered box that you will embellish with embroidery designs combined with Crayola colors.

### Lyn Christian

Digitizer, embroiderer, designer and web site owner, Lyn has been crafting in some sort since she was about 8. She has won several digitizing awards as well as many ribbons for embroidery and sewing throughout the years. Well known for her Southwestern designs you can visit her website at <http://www.adesignbylyn.com>.

Her love of digitizing makes her constantly reach for new ideas and techniques. You will forever be thrilled with her class "**3 D Embroidery**". Every student will leave the classroom with new ideas and uses for their software.

## Walter Floriani

Walter A. Floriani, Jr. of Tehachapi, California has been dubbed by many as the “Guru of Digitizing”. As well He should be, He’s only been exposed to embroidery his entire life. In fact, Walter is a fifth generation Designer, Digitizer (just wait until you see the samples of his work), author, lecturer and consultant. He owns and operates Floriani Favorite Stock Designs and Floriani Embroidery Consulting Services. For most of his life he has worked primarily with commercial embroiders, but for several years now has been involved with what is termed by Walter as the Fun Embroiderers! Meaning those that embroider just for fun. In fact He now maintains the Fun Club. Walter has taught thousands of digitizers, and teachers of digitizing. He has shared his embroidery knowledge through out the US from coast to coast including Martha Pullen’s “School of Art Fashion”. He is full of excitement and motivational! Check out his web site at <http://www.floriani.com>

You will love his hands on class “**A Bag for All Seasons**”. You will not only experience a master of digitizing, you will also experience how a properly digitized design should stitch while embroidering a beautiful bag that you will construct your self.

## Suzanne Hinshaw

Having been an Interior Designer, Fashion Coordinator and working with her own Graphic Arts, Suzanne incorporated her knowledge of fashion and design with her diverse studies in Heirloom sewing and originated “Garments of Praise” pattern line. Suzanne is most known for her U.S. Patent #6,101,962 “**Shadow Work by Machine**” and has developed beautiful Design Collections for Embroidery Sewing Machines using this unique concept. Suzanne has studied abroad in England, Scotland, and Madeira with various museums and sewing schools and uses her gained knowledge of handwork to incorporate the special touches she adds to her elegant Shadow Work Designs that allows you to do with your machine in a matter of minutes.

Suzanne has written many articles in Sew Beautiful magazine and has taught in the Martha Pullen School of Art Fashion for over 16 years. She teaches and lectures at many National Markets, Expos, and Sewing Machine Conventions.

(Shadow Work was originally only done by hand, Suzanne’s patented technique duplicates handwork in that all the color under the fabric shadowing through the fabric is the machine threads themselves, including the outline on top of the fabric. You never have to hoop your fabric and it’s easier to do than regular embroidery.)

## Nancy L. Burgess

Seamstress, embroiderer, teacher, wife and mom. Nancy has been "creating" fabric art for more than thirty years. She has sewn and crafted just about everything there is in the field of sewing. She has taught both business and creative seminars all over the continental U.S. Ishabibbel, Inc is the wonderful company that Nancy expresses herself through. Nancy is an expert on the Viking/Pfaff software. She has taught many Viking Dealers the Viking Cross Stitch Program, at Viking Convention. Her simple explanation of the Viking and Pfaff Software will challenge the expert and excite the beginner.

Nancy will also be teaching a class titled “**Where does it go and how do I get it there?**” This is an embroidery placement with the appropriate stabilizer class. This lecture/demo is for all embroidery machine enthusiasts, regardless of machine. You will learn how to embroider on difficult areas such as collars and cuffs; difficult items such as caps and socks; and difficult designs such as cross-stitch on Aida cloth and more.

## **Nita O'Keefe**

Nita O'Keefe is the owner and sole digitizer of Fancy That Designs and her embroidery design collections are exquisite in their detail and incorporate efficient digitizing techniques to minimize thread jumps. She has a complete mastery of the PE Design/Palette software to use it to its fullest potential and is not afraid to experiment with it to create new and interesting effects in the digitizing process. In recognition of her digitizing achievements, Nita has been awarded 3 honors awards from the EMB contest 2001. Also a 3<sup>rd</sup> place Outstanding Digitizing Award & a 3<sup>rd</sup> place Best Embroidery for Single head Embroidery shops competing against professional digitizers & using only her PE-Design/Palette software to create with, from the Impressions contest 2001.

In 1999, Nita began teaching her techniques and digitizing style at dealerships and national embroidery events. Her "standing room only" classes are always well received and the students love to learn how they too can create such unique textures like "Fur & Feathers" and "Detail & Shading". Nita's website address is <http://www.fancythatdesigns.com>

Nita's class "Let's get Creative" will be three hours of fun. This is a class based on learning several different techniques to use with your designs and software. It will focus on three techniques 1) Fringe - How to create and apply fringe. 2) Fur - Nita's method for creating realistic looking animal fur. 3) Feathers - How to create realistic looking feathers.

## **Martha Sheriff**

Martha has been around sewing most of her life. She learned to do free motion embroidery in the '70's. When her sister purchased an embroidery machine, it was the perfect opportunity to get into the business. What started in her sister's sewing room has now become OESD. Martha ran the embroidery machines for many years and then supervised the production line. Martha also digitized many designs in OESD's catalog as well as training new embroidery start up companies. Her approach to embroidery is down to earth and sensible, and she is able to convey this to the many students she has taught in a very understandable manner. She is co-author of "ABC's of Embroidery by Machine" and "Sew Much Fun".

Martha's class "Explorations Software" is designed to explain how this fun and affordable software can make your embroidery more enjoyable. Experience the software that recognizes all popular embroidery formats and allows you to position designs on actual garments or projects! Size the project, apply fabric and lay out your embroidery. You will see how Explorations can make your projects fast, successful and FUN

## **Sheryl Capps**

Sheryl Capps is a fulltime Industry Educator and a certified Martha Pullen Heirloom Sewing Instructor. She has taught at the Martha Pullen School of Art Fashion for five years, and has been a guest on the Martha Pullen TV show for three years. She has taught sewing, embroidery and software classes and seminars all over the nation. Sheryl has adapted a method of teaching that people dearly love, and her talent has impressed even the most advanced sewers/embroiderers. She has been published in Designs in Machine Embroidery Magazine and her designs are featured in the following Martha Pullen books. The Australian Blouse Book, Lovely Lingerie, Fancywork magazine and Sew Beautiful Issue No.99, 2005

Sheryl's hands on class "The Magic of Embroidery" will allow you to experience a magical moment in time. You will create a beautiful project using embroidery, decorative stitches and the latest sewing technology.

## Andrew Hill

Based in Nottingham, England Andrew has been associated with Compucon for over 9 years firstly working for Compucons UK distributor before joining Compucon directly. Andrew has always worked in the Textile trade and has a varied knowledge of fabric knitting and dyeing all the way through to the garment manufacture. Now working as a Business Unit Manager, this position covers a wide and varied product range with Stitch and Sew being one of them. Taken from Compucons commercial background Stitch and Sew is a revolutionary software that incorporates many commercial aspects but they have been adapted for the home user. Andrew will be teaching to aspects of this unbelievably simple to use software. **Photostitch and Lettering.**

## Bocca Sue Rambo

After having a career as a teacher, librarian, and CPA, Bocca Sue Rambo of Longview, Texas, has finally found what her true calling is as a designer, author, and educator in the sewing field. She has been working with a needle since preschool and has always loved handwork and sewing as a hobby. After acquiring a Pfaff 7570 for her 25<sup>th</sup> wedding anniversary she was able to combine the love of needlework with the love of computers. Bocca Sue has been working on computers on a daily basis since 1986 and has developed a fascination and enthusiasm for computers and many sewing computer programs.

Bocca Sue won the 1999 first place Sulky Wearable Art contest amateur division. This was the jumping off place for her new career. She has written 3 books, *Pasting Your Way to Fills with PC-Designer*, *Computerized Sewing Using Windows 98 Paint Program*, and *The Buzz on Windows Explorer 98, Buzz Tools, and Buzz Edit*. Pfaff headquarters was so pleased with the book on the Pfaff program that they mailed out the flyers for the book to all their dealers. She has just completed designing and writing the articles on the *Mystery Quilt for Designs in Machine Embroidery* magazine.

## Mary Corollo

Mary is a certified Quilting Instructor, and a fulltime industry educator specializing in machine quilting techniques, machine embellishment and embroidery artistry. You may have seen Mary on various television programs demonstrating her creative, time saving techniques. Everyone is sure to love their class with this gifted teacher, titled ***“Quilt Creativity”***. Learn why quilting has become the latest sewing addiction. You will learn new techniques in the ever-growing quilting trend. Turn your basic sewing skills into quilted artwork, while you learn how easily you can become a quilting expert. This class requires no previous quilting experience just the desire to be creative!

## Madra Prater

Madra Prater is a software educator from Amazing Designs. Her love of designs and embellishment are evident in her list of honors. She is a six time winner of the Sulky Thread Challenge, three time winner of Ghee's Fiber Art challenge and has had garments travel with the Hoffman Challenge Trunk Show. Madra's creativity has been featured in many publications. After her second year of winning top awards in the Amazing Designs Sulky Challenge in the professional category, she joined the Amazing Designs education team. Now she is challenging and inspiring her students to create with Amazing Designs.

Madra's class ***“Simply Amazing”*** will be of interest to anyone that embroiders. She will offer many examples of how to use Amazing Design's products to create spectacular clothing, and items for the home. She will explain techniques that are quick and simple so that everything looks as easy to complete, as it is gorgeous to display or wear.

## Becky J. McNeill

Becky McNeill began her design journey in 1975 when she first picked up a needle, thread, and counted cross-stitch chart with her sister-in-law's encouragement. After becoming a devout stitcher, collecting over 18,000 designs, stitching models for shops, offering her work for sale and filling her home and her friends' homes with her work, she found a new avenue of expression with machine embroidery. Combining her 20+ year experience with cross stitch, Becky now creates her own designs from photographs, teaching others in her tricks and techniques, and distributes her designs to well-deserved acclaim through the Internet currently to fifteen countries and counting!

Working with Hobbyware, she has been instrumental in the design and refinement of PatternMaker Professional version for Machine Embroidery, a highly effective program for creating machine-stitchable cross-stitch designs. In addition to designing, Becky actively teaches at seminars and through her self-guided tutorial CD-ROMs (now eleven) on techniques she uses in her own burgeoning collections of designs.

Becky's website is <http://www.beckyjdesigns.com>

Becky J. will show us how to create works of cross-stitched art worthy of framing or giving as gifts in her informative class! **Pattern Maker** is an easy cross-stitch program that converts scanned images and pictures to produce gorgeous embroideries that look hand stitched.

## Jim Serritella

For over 10 years, Jim and Betty have owned a commercial embroidery company, E-Z Stitches. Jim provides seminars on the "Business of the Embroidery Business." He has written the EZEstimator production software which includes numerous features to assist the embroiderer in controlling business. Jim is a seasoned speaker and is a regular presenter at the NNEP functions, the SWF Extravaganzas, and various sew and vac facilities.

Jim's class "Start your own Embroidery Business, its EZ-ER than you think!" will take the average person through the steps of starting an embroidery business for profit.

## Freida Burt

Freida and her husband Steve, are the owners of ABC Embroidery. A distributor of Embroidery Threads, Stabilizers, and many really neat accessories that make embroidery less frustrating, for the Home Embroiderer. Freida will be explaining the differences in stabilizers and threads and needles for different fabrics and weights. She will also be demonstrating how easy it is to hoop any garment or fabric correctly the first time, everytime, with the Embroiders Friend. This will be one of your favorite classes, especially if you are a beginner!

## Karen Varinecz

Karen was a commercial digitizer for many years before joining the Janome Sewing Company as one of their premier software educators. Karen's class is a must for those who own the Janome Digitizer Software program or are considering adding a digitizing program to their current equipment. You will be impressed with how easy the digitizer is to use, and learn why the Janome digitizer is a favorite "home" program for many commercial digitizers.

**As of this mailing, the list of educators and classes continues to grow! This is an event you cannot afford to miss! Please do not hesitate to call and register now. Space is limited! Call us toll free at 1-888-739-6350.**

**Wednesday November 9, 8:00am-11:00am With 15 minute break at 9:30am**
