Maths	<p>Intermediate Tier The best thing they can do is look at the higher tier material that doesn't overlap. Topics like coordinate geometry, surds, quadratic equations aren't in intermediate at all, but do feature in Higher, and are some of the first topics in A Level.</p> <p>There's a book for that higher tier here: https://www.amazon.co.uk/Maths-Revision-Guide-Online-Wales/dp/1789080681/ref=sr_1_2?dchild=1&keywords=wjec+higher+tier+maths&qid=1584980659&sr=8-2</p> <p>And there's loads of online resources.</p>

Higher Tier

Then it could be worth investigating the material in the ADDITIONAL MATHS course.

MORE GENERAL MATHS WORK

If the students want to look at something maths related, but not necessarily GCSE work, I've copied the list of 'Stretch and Challenge' websites off the AS Moodle.

Khan Academy

A fantastic website for all things and all levels mathematics, which has written articles, videos, interactivity and community discussion.

The resources here are suitable for both Maths and Further Maths A Levels.

There are also series for the sciences, economics, and all sorts of other things.

Has an account system, testing and assessment, so you can monitor your progress too. Completely free.

Maths and Physics Tutor

Collection of Past Papers from all exam boards. Lots of these are split up into topic banks.

A similar website that does this specifically with WJEC is [Jack Tilson](#). Maths and Physics Tutor also have a section for [STEP papers](#) if you are interested in applying to a top university.

UKMT 'Maths Challenge' Papers

The Maths Challenge is an annual competition aimed to stimulate mathematical thinking. It is a multiple choice paper (don't think that makes it easier) The next Senior Challenge is set for the 7th November 2017: let one of the lecturing team know if you would like to sit it!

NRICH

NRICH is a collection of mathematical problems, articles and games. It aims to introduce mathematics in rich and meaningful contexts.

There are a lot of nice problems to think about here from a variety of topics.

Music	<p>For AS level music, the most essential task for all students is to improve their reading of music notation and improve their theory. There are multiple online theory courses but I always recommend the ABRSM website which has downloadable resources</p> <p>Books to recommend: ABRSM GUIDE TO THEORY-BOOKS 1 and 2 [Pink and Blue books] Lots of other theory books available on Amazon. Basically-THEORY, THEORY THEORY and of course personal practice on their instrument or voice- get into a daily routine to improve technique and stamina - aim to be able to perform to a MINIMUM of Grade 5 standard by September if possible. This is a perfect opportunity to improve as a musician so everyone should make the most of it!</p>
PE	<p>There are no books provided by WJEC but below is a link to an online resource which covers some of the AS content. The students can navigate through the different stages of a game and it links the theory to that particular aspect or time of the performance.</p> <p>http://resource.download.wjec.co.uk.s3.amazonaws.com/vtc/2015-16/15-16_30/eng/index.html</p>
Physics	<p>S-cool for physics: https://www.s-cool.co.uk/a-level/physics</p> <p>Good physics channel: https://www.youtube.com/user/minutephysics</p> <p>Good science channel: https://www.youtube.com/results?search_query=kurzgesagt</p>
Psychology	<p>Psychology website (free registration) -cool.co.uk/a-level/psychology</p> <p>Lots of experiments, activities and games on Neuroscience for Kids https://faculty.washington.edu/chudler/neurok.html</p> <p>Ted Talks for Psychology (lots of talks to stir your curiosity about psychology) https://www.ted.com/talks?sort=newest&topics%5B%5D=Science&q=psychology</p>
Sociology	<p>Policing the crisis - Stuart Hall; Chavs - Owen Jones; Mind the gap - Ferdinand Mount; Gang leader for a day - Sudhir Vankatesh; Ain't no black in the Union Jack - Paul Gilroy</p>
Tourism Level 2 & 3	<p>BTEC Level 2 First Travel and Tourism Student Book (BTEC First Travel & Tourism) Paperback – 4 Jun 2010</p> <p>The Road Less Travelled (DK Eyewitness Travel Guide) Hardcover – 20 Jan 2011</p> <p>Mad Dogs and Englishmen: A Year of Things to See and Do in England Hardcover – 18 Jul 2013</p>

Y11 Recommended Reading Material

	<p>Any other material on travel – including a familiarity with the UK Map and key countries for British individuals to visit.</p>
