THE BMW Z4.

DRIVEN BY THE HEART.

While we use our heads to make important decisions, the most emotive decisions are made by our hearts. Choosing the BMW Z4 is an excellent example. The efficiency of its engines is a convincing rational argument – but one look at its irresistible lines is enough to awaken roadster love in the heart of the observer.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW Z4 model at www.bmw.co.uk/EfficientDynamics

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The BMW Z4 is available in a variety of engine and trim variants, each providing a different level of standard specification. These pages highlight some of these equipment differences, whilst further details can be found in the BMW Z4 model Brochure.

Z4 sDrive18i/20i/28i

- 17" light alloy Star-spoke style 290
- Air conditioning, automatic with single-zone control (18i only)
- Air conditioning, automatic with two-zone control (20i/28i only)
- Armrest – front, centre
- Auto Start-Stop (manual transmission only)
- Auxiliary input point for auxiliary playing devices
- Bluetooth hands-free facility with USB audio interface
- BMW Professional radio with single CD player (with MP3 playback capability)
- Bootlid operation, soft-close
- Child seat ISOFIX attachment
- DAB tuner
- Drive Performance Control
- Electric windows
- Headlight wash
- Interior trim, Satin Silver matt
- Kansas leather upholstery (20i/28i only)
- On-Board Computer (OBC)
- Panama cloth upholstery (18i only)
- Rain sensor with automatic headlight activation (20i/28i only)
- Rear-view mirror, automatically dimming (28i only)
- Retractable Hard-Top (RHT), two-piece with remote opening control in key
- Six-speed manual transmission
- Sport multi-function leather steering wheel
- Steering column with manual reach and rake adjustment
- Storage compartments in instrument panel and centre console
- Windscreen – rear, heated
- Xenon Headlights with welcome light and daytime driving lights

RRP from £26,780 inc. VAT

Z4 sDrive35i (In addition / replacement to Z4 sDrive28i)

- 17" light alloy Turbine-spoke style 292
- Door sill finishers with BMW designation, Chrome
- Exhaust tailpipes – single, round, left and right
- Extended lighting
- Front apron air inlets in Matt Aluminium
- Interior trim, Brushed Aluminium
- Kidney grille, Chrome with Matt Aluminium vertical slats
- Metallic paintwork
- Seat adjustment, electric with memory

RRP from £38,655 inc. VAT

M Sport (In addition / replacement to respective model)

- 18" light alloy M Star-spoke style 325 M
- Door sill inlays with BMW M designation
- Exterior trim, High-gloss Shadowline
- Headlining, Anthracite
- Interior trim, Carbon Aluminium
- Kansas leather upholstery
- M aerodynamic bodystyling
- M leather gear lever (manual transmission only)
- M Sport steering wheel
- M Sport suspension
- Sport seats

RRP from £30,665 inc. VAT

Z4 sDrive35is (In addition / replacement to Z4 sDrive35i M Sport)

- 18" light alloy Star-spoke style 295 wheels
- Adaptive M Sport suspension
- Colour-coded rear bumper insert with diffuser panel
- Exterior mirror casings in Oxide Silver, Matt (not in combination with Valencia Orange)
- Floor mats with sDrive35is designation
- Front apron air inlets with Matt Aluminium twist motif
- Seven-speed Double Clutch Transmission (DCT)
- Sports exhaust (+10db)
- Sport steering setup

RRP from £44,535 inc. VAT

PURE TRACTION DESIGN PACKAGE

Includes:

- Alcantara/leather combination in Black/Orange
- Headlining, Anthracite
- Metallic paint colour Valencia Orange¹
- Metal Weave trim
- Sport seats

From £550 inc. VAT

PURE BALANCE DESIGN PACKAGE

Includes:

- Exclusive Merino leather in Cohiba Brown
- Finesse Anthracite wood trim, High-gloss
- Sport seats

From £1,250 inc. VAT

¹ = Alternative exterior colour options available.

VED rates

VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. BMW Z4 models fall into one of the two categories listed below:

CO ₂ emissions (g/km)	Band G 151-165	Band K 201-225
First year VED	£175	£620
Annual VED (second year onwards)	£175	£280

Key

Figures in () apply to cars with Sport automatic transmission or Double Clutch Transmission for Z4 sDrive35i, Z4 sDrive35i M Sport and Z4 sDrive35is.
Insurance group figures refer to 50 Group Rating System.
- = Not available

On the road price

The recommended on the road price includes:

Delivery and BMW Emergency Service	£700
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Ellesfield Avenue, Bracknell, Berkshire, RG128TA (hereafter referred to as "BMW") provides the customer with vehicle-specific information and support services under the name "BMW ConnectedDrive" (hereinafter referred to as "Services"). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The "TeleServices" Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the "Teleservice Report". This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the "Teleservice Report". The "TeleService Battery Guard" continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the "BMW Emergency Call", and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The "BMW Online" (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The "Information Plus" (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service – in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (6AM)

The "Real Time Traffic Information" (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a "mobile traffic reporter" (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (6AR)

The "Internet" (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (6AP)

Use of the "Remote Services" (6AP) either upon request to BMW Customer Support or via the "My BMW Remote" smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kingdom.

"BMW Emergency Call" (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. "TeleServices" (6AE), "Information Plus" (6AN), "Remote Services" (6AP) and "BMW Online" (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. "Real Time Traffic Information" (6AM) is available in United Kingdom, Germany, Italy and France. The "Internet" (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) deactivated at any time at an authorised BMW Dealer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive").

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see:
