## Message from the Chairman

### Renovations and Upgrades

Since the election of the 2015 Board of Management in November 2014, the Board has delivered on its promise to renovate and upgrade our club house and bowling green facilities for the benefit of our members and guests.

By improving the club house and its facilities we can now offer our members and guests greater comfort combined with a unique experience to enjoy a night out with friends in the best club in Burleigh Heads.

### Projects that remain to be completed are:

- installation of WIFI for our members and guests.
- repair to the concrete pathway adjacent to #3 green.
- sealing of several roof leaks combined with the resealing of our roof tiles.
- upgrading of the XXXX sign with a club information area utilising LED screens on both sides.

### Thank you

At this point in time, on behalf of the club I would like to thank the members for their patience for the disruptions caused by these extensive renovations and upgrades but I'm sure you will agree the end result has been worth the pain.

A special thankyou goes to Karen Gilfillan for her excellent management of these projects, especially with her tireless energy in ensuring the many companies and contractors delivered their work on time, at cost and at the standard she demanded.

I would also like to thank Paul Hynes for his scrutiny of our expenditure along the way and those members and guests that took the time to complete our 'what do you expect from your club' survey. All your suggestions were considered and many of your ideas, if they proved to be viable, have been implemented.

There is still much to be improved and the Board, by being proactive, is determined to improve our club customer service through in house training by our club managers. Our staff are not only the biggest single cost item but also our most important resource. Club entertainment in the form of top class shows and great regular weekly entertainers are constantly being reviewed to ensure our members and guests get the very best that is available. The juke box has already proven to be a success and is the key along with good entertainment to attract more clientele to the club.

### Summary

On behalf of the Board of Management and our Club Managers I hope that you enjoy our newly renovated facilities and rest assured that the financial status of the Club is secure.

Please keep in mind that the overall cost of these renovations and upgrades has come out of the net profit from our 2014 trading year.

To date in 2015, the bar is generating very good sales, the gaming lounge is producing record turnover and barefoot bowls continues to fill the club on Sunday afternoons and the Board is confident that 2015 will be one of our best trading years ever.

It is with great sadness that we announce the passing of Honorary Member, Don Brown. The majority of his life was dedicated to this club and helping our members. Our sincerest sympathies go to his family.

# FINANCE REPORT

Many members have commented on the internal club renovations and how pleased they are with them. The Board and I are pleased to provide an update on our financial situation as a result of the renovations. The top chart indicates the money the club has invested in Term deposits and Cash/Cheque withdrawal accounts with the Bank. The balance was displaying a healthy increase until the Income and Expenses for February took effect on the March balance. February was a month of exception where Bar, Gaming and Green Fees income were down due to a number of 'washed out' days and rain on the Gold Coast for 22 days of the month. Expenses included items for the renovations/repairs and a Building & Contents Insurance bill for \$25,051. As can be seen the Income/Expenses have now normalised during March and April and our reserves in the Bank are growing.

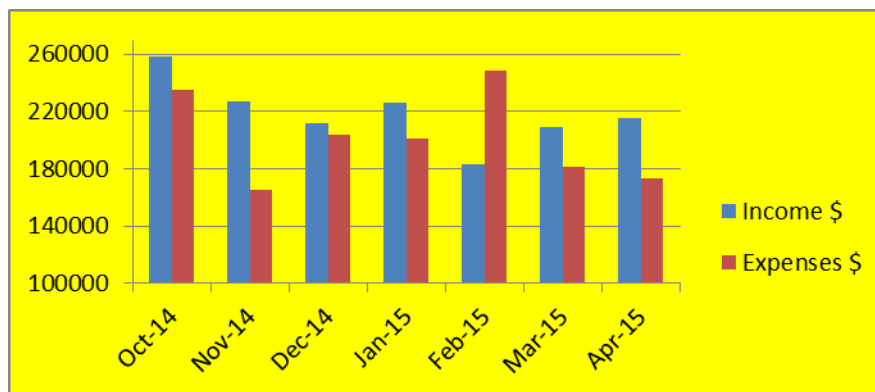

The board and I thank members for taking an interest in our club's affairs. It is through your involvement that the club will continue to prosper.

## Coaching Notes by Ron

Last month I talked about learning the track of your bowl, due to weight and green conditions your bowl actually has many different paths to travel. To allow you to play shots into and through the head, you need to be able to visualise the track your bowl will take and allow the grass line to change to accommodate this different path. If you can train your imagination to visualise the perfect game, and every shot you will play in that game, the chances are that you will at some time achieve the perfect set of shots. Visualisation is the next step up the psychological ladder from focus and requires a lot of intense mental practice. To be a good reliable player it is not only necessary to train to play all the shots you will ever need to play, but to train your mind to believe you can play the shots every time you are called on to do so. When you have a training roll up with another player I imagine you are all trying to beat your training partner", and if not, why not, the competitive spirit must kick in. This is good match experience, but you need more, you must play shots in which you don't have utmost confidence, to develop the shot and be comfortable playing that shot. Training therefore must involve not only a friendly game but also time to set-up shots you need but are not comfortable with and play them over and over until you know they can be played at will. The shots falling into this category are, usually, conversion shots, running shots or drives. The Conversion Shot is really a draw played to a different place, through the head and finishing behind and to the side. The aim is to either pick up the jack and move it to a more advantageous place, or to sit a shot bowl out of the head and replace it with your bowl, or perhaps to push a short bowl of yours into a counting position. The other use is to push a short bowl of your opposition through the head and stay for shot. Weight control for all these shots is critical and requires a lot of training to develop the required .speed.

The Running Shot is again a draw but somewhat heavier than a conversion shot because you are usually looking for 1 to 2 metres through the head and attempting to take the jack to the ditch, take a bowl or two out of the head or kill the end. Both these shots require a slightly longer back swing and a slight narrowing of the delivery line, your delivery must still be smooth and your body balanced.

The Drive Shot is used as an attacking or defensive shot to take the jack to the ditch, or remove a bowl or two from the head, open the area around the jack for further play e.g. to draw to the cleared jack, or to kill the end. Much the game as a running shot but played with considerably more speed produced by an exaggerated back swing. When you are driving never take your eyes off the target so keep your head up and remain balanced throughout the delivery, practice. This is a necessary shot to have as a means to get into a head which is blocked by short bowls. If anyone requires a training program see me and I will prepare one for your needs.

All these shots need your ability to visualise their path at the speed you intend to play, so play the shots repetitively as you train to develop the ability to visualise where they travel, and develop the skill such that you have complete confidence in your ability to achieve results. I have been asked to remind all leads that you have a duty at the end of the game which is sometimes overlooked. Please remember to:- ladies put the mats and jack in the mat box, men morning take the mats and jack to the same numbered rink on the south ditch side and afternoon return mats and jack to mat box.

Good bowling and enjoy  
Ron

# Lady Presidents Report

Tuesday and Thursday attendance has improved substantially due to beautiful autumn weather we have been experiencing. We are looking forward to the weeks ahead when once again our numbers will increase with the influx of our southern visitors.

Our Games Director Carolyn has the Pairs competition well underway. Congratulations to our 2015 Singles Champion Jacquie McWhinney. This win is special for her as it was her first ever singles Championship. Well Done Jacquie.

Rain didn't dampen spirits of approx. 75 members and guests who attended Moira Toovey's 90th Birthday Morning Tea on 30th April. Unfortunately the bowls had to be cancelled and postponed to 14th May. Many Thanks to Margaret McGregor who put so much planning and effort into making the day a success.

We would like to wish Val Beckman a Happy 90th Birthday for 30th May.

Please remember our Ladies club Birthday on 11th June. Sheets have been put up in the Ladies' locker room for those who would like to attend. It will be a sponsored day so there will be good prizes. Visiting bowlers will be welcome. The cost for visitors will be \$20 for Green fees and lunch.

Once again the Mixed bowls on Anzac day was a great success and enjoyed by all.

We were saddened to hear of the passing of Honorary Member Don Brown. A loyal and hard-working member, we acknowledge his huge contribution to the club over many years. He will be missed.

Enjoy your bowls ladies  
Barbara Ridgers

# MENS MANOR

*Barry's*

A woman went to her doctor's office. She was seen by one of the new doctors, but after about 4 minutes in the examination room, she burst out screaming and ran down the hall. An older doctor stopped her and asked what the problem was, and she explained. He had her sit down and relax in another room. The older doctor marched back to the first and demanded, "What's the matter with you? Mrs. Terry is 63 years old, she has four grown children and seven grandchildren, and you told her she was pregnant?" The new doctor smiled smugly as he continued to write on his clipboard. "Cured her hiccups though, didn't it?"

A bloke is walking down the street with a carton of beer under his arm.

His friend Ted stops him and asks, "Hey Dave! Whatcha got that carton of beer for?"

"Well, I got it for my wife." answers Dave.

"Wow," exclaims Ted, "Great trade."

One day a man was walking along the beach and found a bottle. He looked around and didn't see anyone so he opened it. A genie appeared and said, "For your kindness I will grant you a wish, but only one." The man thought for a minute and said, "I have always wanted to visit Hawaii but have never been able to because I'm afraid of flying and ships make me seasick. So I wish for a road to be built from here to Hawaii." The genie thought for a minute and said, "No, I don't think I can do that. Just think of all the work involved: the pilings needed to hold up the highway, how deep they would have to be to reach the bottom of the ocean. Think of all the pavement that would be needed. No, that is just too much to ask."

The man thought for a minute and then told the genie, "Well, there is one other thing that I have always wanted. I would like to be able to understand my girlfriend. What makes her laugh and cry, why is she temperamental, why is she so difficult to get along with? Basically, what makes her tick?" The genie considered for a few minutes and said, "So, do you want two lanes or four?"

- 250g pork mince
- 1 cup breadcrumbs
- 1 egg, lightly whisked
- 1 tbsp finely chopped basil
- 1 tbsp finely chopped oregano
- 1 tbsp olive oil
- 1 brown onion, extra, finely chopped
- 400g Heinz Tomato soup
- 1/2 cup (125ml) water
