Council & Decision Making

The Three Tiers of Government

The three tiers of government - local, state and Commonwealth - work together in various ways to govern and provide services to the community.

Local government is an elected system of government directly accountable to the local community.

The Local Government system in SA is integral to the democratic system of government in Australia which provides vital economic, social and environmental support for communities. Since the 1960s councils' roles have steadily expanded.

Role and Functions of Council

The *Local Government Act 1999* sets out the role and functions of a council.

This includes being a representative, informed and responsible decision-maker in the interests of its community:

- participating in public policy development and planning activities with the other tiers of government
- providing and co-ordinating services and facilities that benefit its area, ratepayers, residents and visitors
- developing its community and resources in a socially just and sustainable manner
- providing for the welfare, wellbeing and interests of individuals and groups within its community
- representing the interests of its community to the wider community and other tiers of government
- planning at the local and regional level for the development and future requirements of its area.
- managing, developing, protecting and conserving the environment; and
- regulating local activities such as development and building, keeping animals, parking, and maintaining public health.

Who makes up our Council?

District Council of Streaky Bay has 8 Elected Members, who each represent wards (a ward being a specific geographic section of the Council area). The Mayor (who is part of the 8 Elected Members) is chosen by the members (not elected by the Community as Mayor).

All council members are elected for a four-year term (or less if elected at a supplementary election during the council term) and regardless of whether they are ward or area councillors, have a responsibility to consider the interests of the council area as a whole.

Who makes decisions?

Council members combine to form the "council" that meets formally monthly and makes decisions. Council staff assist in presenting reports providing information for the decision making.

Individual council members have no authority to make decisions on behalf of the council, it is the **elected council as a whole** that has this power. Decisions of the council are made by a majority vote of the members who are present and entitled to vote (for example, they may be precluded from voting by the conflict of interest provisions of the *Local Government Act 1999*).

Council members are part of an incorporated body which has responsibility for carrying out the duties and exercising the powers conferred on the council by the *Local Government Act 1999* and other laws.

Elected Members spend a large amount of time reading reports, attending meetings and speaking with staff.

The Local Government Act specifies that council members must:

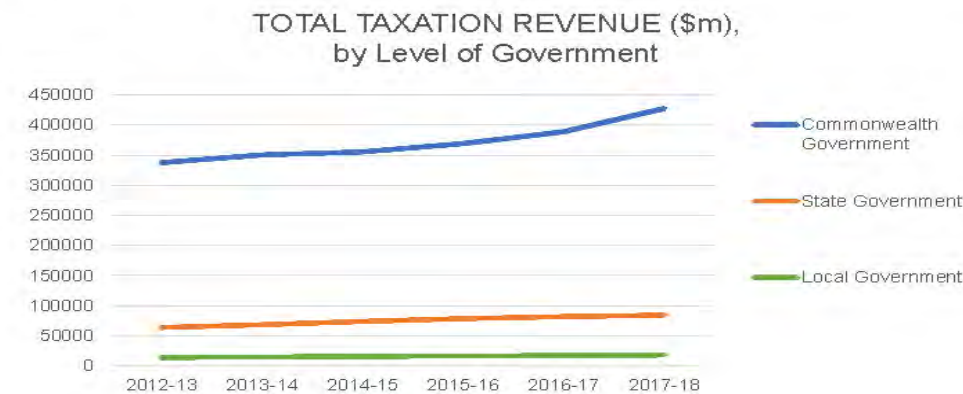

- represent the interests of ratepayers and residents;
- provide community leadership and guidance; and
- facilitate communication between the community and the council.

Council Funding (General)

Council funds, supplemented in some cases by funding from state and Commonwealth governments, are used to deliver a diverse range of services to their local communities.

The sole source of taxation revenue for local governments is taxes on property.¹

The graph below shows the total taxation revenue **collected** by all levels of government in Australia from 2012-13 to 2017-18.

The graph below indicates that in 2017-18, the Commonwealth Government collected around 81% of total taxation revenue, State Government around 16% and Local Government around 3%.

¹ Australian Bureau of Statistics (ABS) – 5506.0 – Taxation Revenue, Australia, 2017-18

Who sets the Budget?

The process of budget (Annual Business Plan) presentation varies from Council to Council, however there are minimum legislative requirements around dates, raising of revenue and community consultation.

The final decision of raising (if any) of rates and budget allocations to projects and services remains with the Elected Members.

It is then the role of the CEO and staff to implement the Annual Business Plan within the budget set.

Any additional expenditure or budget amendments are subject to thresholds and policy requirements, however with generally larger amounts it is Elected Members who authorise these variations.

What is the CEO Role?

The CEO is responsible to the council:

- for the implementation of council decisions and the general administration of council functions and affairs;
- for employing and managing all other council staff;
- to act as an adviser to council members; and
- to ensure the council acts within the law.

MEDIA RELEASE

Local Government Partnerships Program – Western Transit Loop

The District Council of Streaky Bay was notified this week of Premier Marshall's State Government Local Government Partnership Programs funding application success for a "Western Transit Loop" road development in the township of Streaky Bay.

The intent of Partnerships Program Funding is to rapidly deliver economic stimulus projects to drive economic growth and employment in response to the COVID-19 economic downturn, 57 projects were funded across the state including \$392,287 towards this transit loop.

The Western Transit Loop Streaky Bay is a multi-faceted project aimed to provide immediate economic stimulus and contribute to ongoing economic sustainability including jobs within our community.

The project will provide improved road access, stormwater management, safe pedestrian and cyclist access, improved road safety, traffic calming and road and associated infrastructure network to support local industry.

The project will provide improved access to key local businesses and community facilities including Doctors Beach recreational space, Streaky Bay Area School, Streaky Bay Swimming Pool, Streaky Bay Community Complex and Oval Facility and the Streaky Bay Discovery Foreshore Tourist Park. In addition, the East to West road network upgrade will provide a safe mode of travel for towing vehicles from the Port Lincoln highway into the Foreshore Tourist Park. Improved safety and road accessibility for heavy vehicles from the western farming district to bulk handling facilities will also now be possible.

Mayor Travis Barber said "It's a project that has been in the pipeline for quite a few years and we are looking forward to seeing it finally come to fruition. It will certainly look to address many of the safety concerns currently associated with Wells Street and assist heavy vehicle access through the Southern side of the township."

The project overall will align with the State's growth agenda through the provision of quality infrastructure that improves amenity, increases the region's liveability, and seeks to stimulate and sustain the economy, creating an environment conducive to attracting new residents.

Darren Walker, Manager Infrastructure Civil Works advised that final concept plans had been prepared and would be provided to Council to go out for final consultation as soon as possible. "The plans have been back and forth a few times and Council want to make sure they align with community use, safety concerns and that the roads are fit for purpose." Darren expects physical works to commence early in the new financial year, Council will await the grant agreement for final details.

STREAKY BAY INDOOR BOWLS

March has been quite the birthday month for indoor bowlers. Six members celebrated. Owen 4/3, Bev W 7/3, Jim P 7/3, Gay 8/3, Lorraine 22/3 and Don 25/3. To celebrate there were multiply cakes cut on Wednesday 3rd and on the 24th.

March has also brought the closing of the gap above the partition wall. On 24/3 President Shirley thanked Darryl and Barry for their fine workmanship and presented each with a Streaky Bay Bakery voucher.

Turning now to the game of indoor bowls, attendance each Wednesday during the month has been good (usually in the low 20's) and the club has welcomed visitors on three occasions.

Each week the final scores have often been only 1 shot the difference, a few times drawn results. However the penalties continue to be a pain - although they do bring life to the game. There are times when the kitty seems to have a mind of its own.

On 17/3 there were only 3 penalties, the next week a whopping 10. The usual cry of in form one week and a shocker the next no matter how hard the bowler tries.

This was evident on 24/3 when two of the six teams scored the lowest of low shots despite every members efforts.

Winners were=

March 3 = Bev W, Gay, John, Maureen (visitor)

March 10= Roger, Julie, Coralie.

March 17= Wayne, Alan, Don, Bev O.

March 24= Alan, Marlene, Don, June.

STREAKY BAY MEN'S SHED

The Men's Shed has been busy finishing some projects that were started last month.

We have finished the four chairs that originally came from the institute hall for Jane Holland

The bookcase for the Op Shop has been completed, delivered and filled. See picture below.

A bench seat for the fish factory is now finished. We are still working on the sign for the fish fix van

Our bird nesting boxes and a small wooden cart that we had in the craft shop have all been sold so we are busy making some more. Thanks to all those people that support us by purchasing our items from the craft shop.

We had two visitors recently in John Moyes from Yarragon in Victoria and John O'Brien from Streaky Bay came and helped with some projects.

With a background of building John O'Brien will be a great person to have around the shed.

Thanks to Glenys Horseman we have been given tools and other items that were left over from a recent garage sale. When asked by the person that had the sale where would be the best place to give the items and Glenys suggested the Men's Shed.

We do have some projects that we need to start working on. Some garden beds for Perlubie Sea and more work for the Newsagency.

The Men's Shed is still collecting old spectacles to give to the lions club in Port Lincoln to check and send overseas.

We at the Men's Shed are still looking for someone to do test and tagging of all our machinery and power tools. If there is anyone in the district that can help us please contact Wayne on 0448 173 564

A special thankyou must go to Mick Le Cerf for mowing the "A" green and around the edges. Thanks Mick.

Wishing Chris Boylan all the best in her new role and thanks for your involvement with our group it has been much appreciated.

Guest speaker Carmen from Red Cross gave an interesting talk on the role and activities of based at Ceduna to which many in our town have benefited.

This body is not just about transport and has many roles within Ceduna supporting those needing help and guidance with such things as:

Court procedures, support for concerns, loneliness providing tea coffee and a chat, filling out forms etc.

They also support for learner drivers to get their hours up using a red cross car and volunteer driver.

The Tender for this body was for 8 years originally with 2 years left to go they have bodies from here to Berri and are hopeful that the tender will be renewed again.

Volunteer Drivers are a valued resource

You will need a:

- Current first aid certificate

The SA Country Womens Association, Streaky Bay Branch -

“Sharing And Caring With Action”

Howdy fellow Streakians.

Another month in the calendar ticked off.
Hope everyone had an enjoyable Easter and
you got to indulge in the little things in life –
Chocolate Easter Eggs, of course!

Our March meeting at the RSL Hall had a couple of
agenda items to sort but outside of that, we had plenty
of time talking about courting tales.

Now, just when you think the earlier years gone by
were of a quiet and subdued era, nope, think again,
these ladies know how to tell a story and some quite
funnily dramatic at that. Some discussion was also
had regarding the new single use plastic rules in SA.

Some members will get together at the April meeting
to learn floral wreath making, with an upgrade to our
Anzac Day wreath in mind.

Others not so keen on the floral side of things will bring
along their choice of craft (eg one of our ladies will be
crocheting red poppies for our wreath instead).

April will also have some Tumby Bay SACWA
members visit us to home-base in Streaky Bay a
framed tapestry of the EP to which most EP SACWA
members contributed a stitch or two, several years ago.

Our branch will be hosting the Cancer Council Biggest Morning Tea on Thursday 27/5/2021 at the RSL Hall from 10am – 2pm.

Save those coins and lock in the date to enjoy a cuppa
with family, friends and those who need us most at this
stage of their treatment.

We are so glad we can host this event again, given we
were not able to in 2020 due to COVID.

If any members have somewhere /someone they would
like to visit / listen to please contact one of your

STREAKY BAY RSL REPORT

Streaky Bay RSL Sub Branch held its quarterly meeting on Sunday 28th of March 2021 and the high agenda item was **Anzac Day** and what to do.

We had great cooperation from Streaky Bay District Council in that Jess Davis attended and advised us on COVID issues and our concerns and we thank Jess and Council for their support and assistance.

After much consideration and with the Safety and Health of our members and the Community foremost it was decided to limit the risk and only have the:

One service and that will be held at the: RSL Hall ANZAC Day at 11:00am

There will be NO march and NO after service activities as has been the custom in non pandemic times.

Traditional badge day sales have also been cancelled. In lieu of a Dawn Service RSL Headquarters Adelaide have recommended a repeat of last years successful theme of a 'Light up the dawn' commemoration from your own home or with neighbors.

To help with information on how to do this visit <http://www.lightupthedawn.com.au> and you can also donate to the **ANZAC Appeal** though this website.

Those attending the 11:00am service will be required to observe COVID protocols i.e social distancing and signing in via QR code with your smartphone or hard copy sign in on the attendance list.

Mick Stewart, Secretary

ANZAC BISCUITS

It wouldn't be ANZAC Day without these golden, oaty treats.

During the war, the biscuits were often baked to raise funds and an appropriate name helped sell them.

They became 'Red Cross biscuits' or 'Soldiers' Biscuits' & were often sent in care packages to the troops overseas. Without eggs, the biscuits kept well on the long sea voyages

Why not bake up a batch this ANZAC Day?

FOOTBALL & NETBALL 2021 RESTRUCTURE

It's been a tumultuous start to the 2021 Netball and Football Season!

The surprising exit of a newly combined Central Eyre and Wudinna (Central Eyre United) to the Eastern Eyre Association caused quite a bit of unrest and a need for quick decision making.

The decisions that were required to be made and the consultation undertaken was extensive in the time periods given. All the clubs understood the enormity of those decisions, their impacts and the some of the strong connections that would be broken with the proposed changes.

The impacts were not taken lightly by any of the clubs involved and especially not by the club executives. Each club had many many internal, club member, inter club and inter associations and discussion with relevant state groups.

It is a credit to all our local clubs and association executives as they have shown empathy, great consideration and and community interest in their decision making. In these situations, it is difficult to make decisions that will suit everyone. Everyone also understands that for some there be a sense of loss, others maybe feeling anxious, others will be still searching for a right decision for their family, and those that are still unsure what the future holds.

Through all of this though there is opportunity, and let's hope that all families, supporters and volunteers have a wonderful 2021 with which ever pathway they have chosen!

There have been many questions bantered around a few of them have tried to be answered below.

POOCHERA 100 YEARS CELEBRATION

March 27th 2021, and the Poochera community was finally able to meet together and mark the town's 100th anniversary.

The weather was great, the company (close to 300 people) was excellent and the food more than met the expectations of a West Coast Country Event.

The formal part of the morning included the National Anthem sung by Heidi Coleman and her group of singers.

The flag and the time capsule were raised by long time resident Mary McCormack followed by addresses by Phillip Gosling, Graham Gunn and Peter Treloar.

After this, people spread out, to view the vintage cars, the museum, and the timeline of photographs at the hall, plus morning tea.

The Poochera Hotel provided a pig on a spit lunch, there were alternative meals provided by the Sports Complex and mid afternoon saw a cavalcade of cars heading out to investigate the new Poochera Water Catchment Project.

It proved to be a most successful day.

Thanks must go first to the entire Poochera community, who prove time and time again, that when something needs to be done, they are always well able to do it.

Thanks again to the Poochera Hotel, The Hall Committee, the Complex Committee, the Streaky Bay District Council and everyone else who pitched in to make the day such a success.

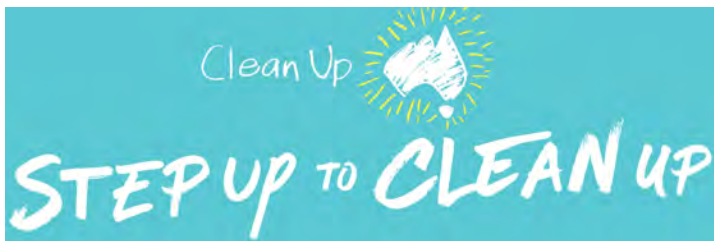

Thanks also to the:
Vintage car club people who brought some beautifully renovated old cars along, James Cook for the brilliant orange tractor
Those who planted and tended the gardens,
Rebecca Gosling for the photo exhibition,
Dusty's Gallery and last, but not least,
Phillip Gosling and the Poochera Historical Society.

Souvenirs are still available for anyone who could not attend the day,

Poochera Hotel will be celebrating 100 years in 2030. Watch this space.

Community News

Every year since 2008, the Streaky Bay Children's Centre have been involved in Clean up Australia, cleaning up the Jetty Beach.

Armed with bags, tongs and gloves children, collected 13.5 kg of rubbish, predominantly glass.

At kindergarten children learn to care for their environment and the local community.

We learn about recycling, the danger to people if we have glass on our beaches and the danger to sea creatures if they consume plastic.

We thank parent volunteers who helped out on the day.
