

The Dormouse Bibliography

Version: February 14, 2004

Contents

Muscardinus	1
Glis	13
Eliomys	26
Dryomys	35
Myomimus	39
Graphiurus	41
Glirulus	42
Chaetocauda	43
Fossils	44
General, Miscellaneous and Unknown	48

You'll find the most current version of this document at

[www.glirarium.org/dormouse/bibliography/
dormousebibliography.pdf](http://www.glirarium.org/dormouse/bibliography/dormousebibliography.pdf)

If you want to use larger parts of this bibliography please give the Dormouse Hollow as its source; we can provide the BibTeX-File if needed. Compiled by Kathrin Passig and Werner Haberl with the help of many contributors, especially Pat Morris and Rimvydas Juškaitis.

Please help compiling the Dormouse Bibliography by:

- submitting the titles of your new papers / books at www.glirarium.org/dormouse/bibliography/addentry.html
- sending your lists of literature by e-mail to: dormouse@glirarium.org
- posting reprints / copies to the following address: Dr. W. Haberl, Hamburgerstr. 11, A-1050 Vienna, Austria
- sending corrections and amendments for this bibliography to dormouse@glirarium.org. Bibliographies compiled in languages the compiler doesn't understand are bound to contain many mistakes. Please help us by correcting the mistakes you find in the entries in your mother tongue.
