The Golden Circle

Why

How

What

“Start with **Why**”

Why

Why

Why = Vision

Why is our gut

Why has emotion and
heart

1978 - Rod Saunders, First Cochlear Recipient

Why gives us purpose,
cause, belief

Step back and challenge
your compelling

Why

Why creates commitment
to something bigger than
ourselves

Agile transformations must
start with a visionary

Why

**Intentional
Agile**

**Persistent,
sustainable
Transformation**

**Create
something
bigger than
yourself**

Why can be expressed a
number of ways

...but it is always...

True North

Foreword by Jim Warlick

Getting the Right Things Done

A leader's guide to planning and execution

by Pascal Dennis

**Can you articulate
your “Why” for
your Agile
transformation?**

**Skip *Why* at your own
peril!**

How = Mission

How brings us guiding
principles

How has logic and a bias
toward action

How provides the
infrastructure of intention

A **Why** needs a **How**

1978 - Rod Saunders, First Cochlear Recipient

Principles behind the Agile Manifesto

We follow these principles:

Our highest priority is to satisfy the customer through early and continuous delivery of valuable software.

Welcome changing requirements, even late in development. Agile processes harness change for the customer's competitive advantage.

Deliver working software frequently, from a couple of weeks to a couple of months, with a preference to the shorter timescale.

Business people and developers must work

Best Practice

“In a complex system,
agents modify the system
by their interaction with it
and with each other; they
co-evolve.”

What is your
system
complexity?

**Can you articulate
the “How” of your
Agile
transformation?**

Skip **How at your own
peril!**

Dumles, celery, and rice
milk

Why

How

What

What = Results

What has practices

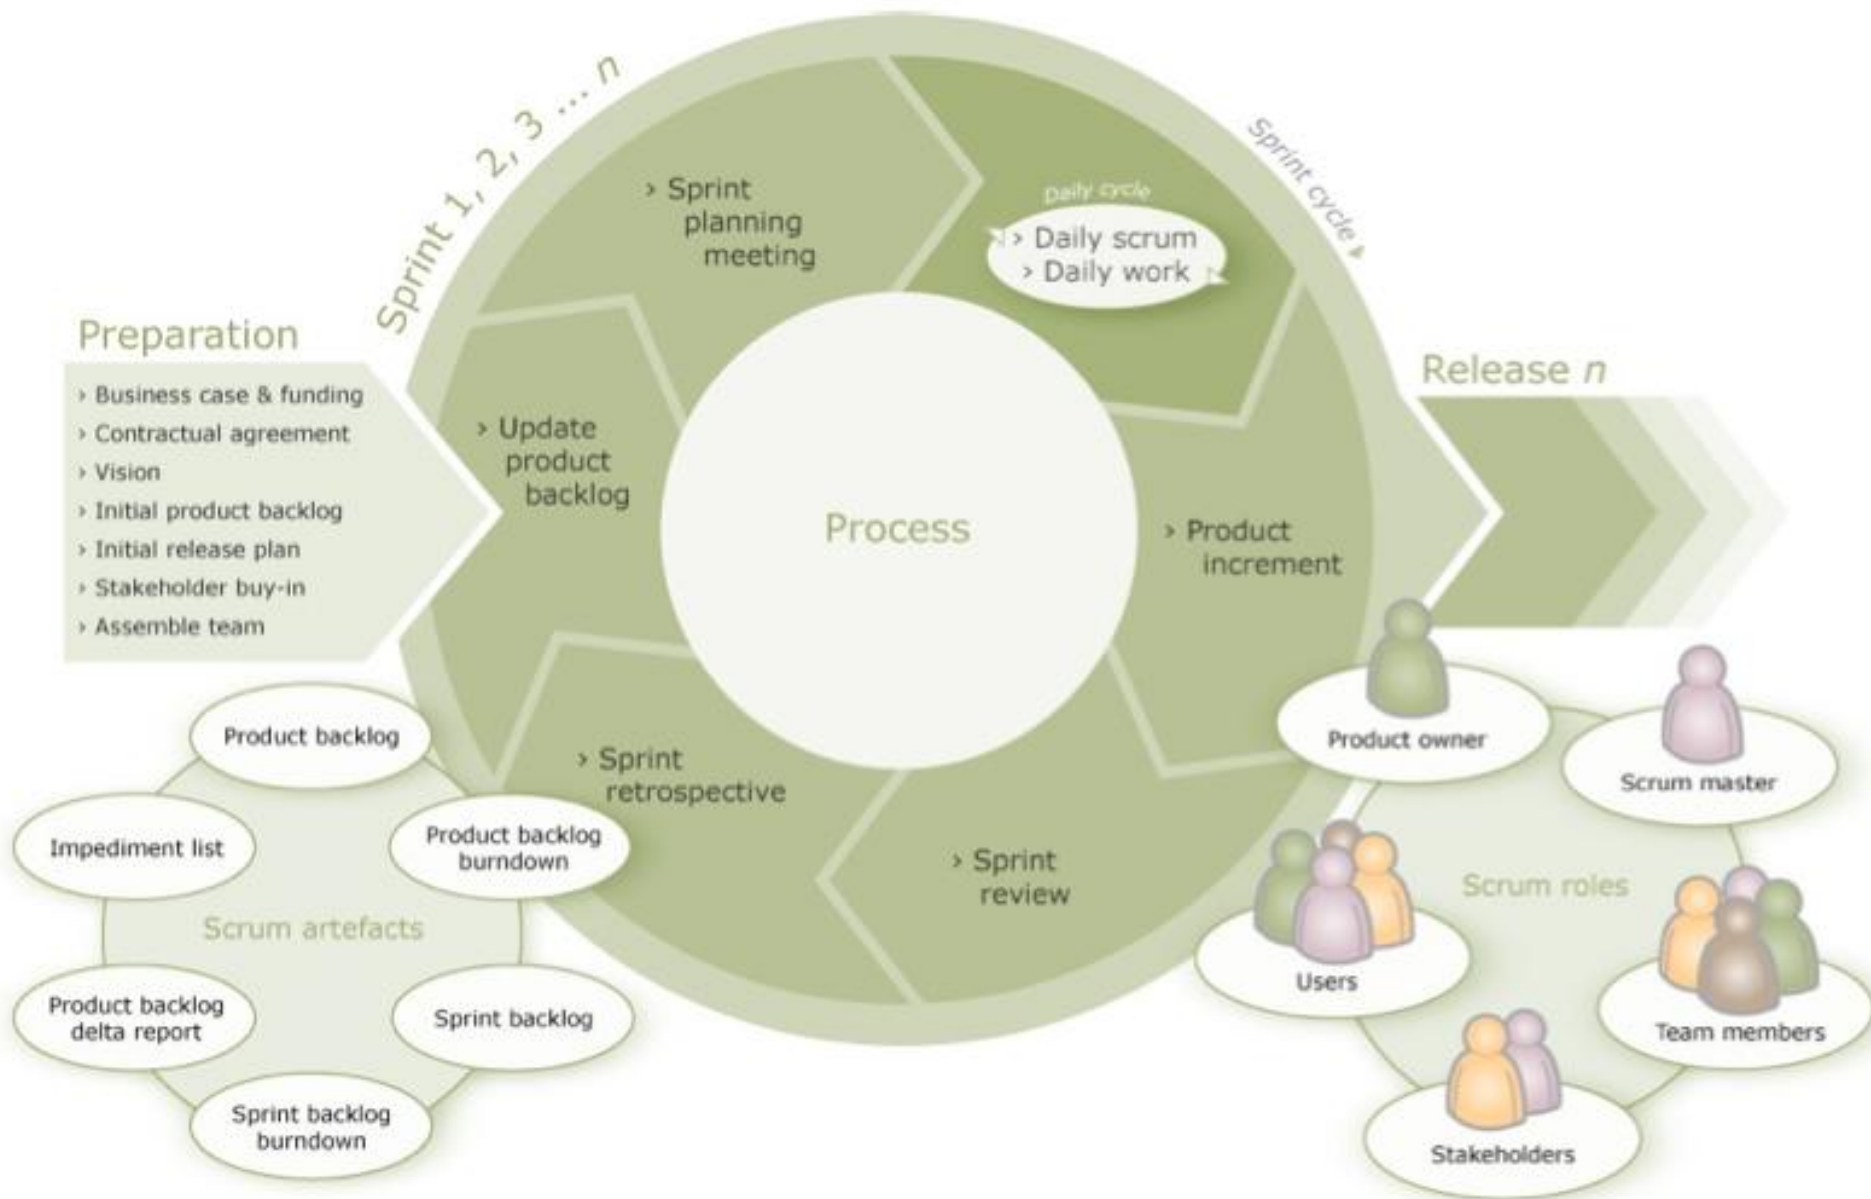

What is dynamic, organic

You can't have a **What**
without a **How** and a **Why**

Dumles, celery, and rice
milk are not an Agile
shopping list of **What**
