# MBUX - the Mercedes-Benz User Experience infotainment system.

The state-of-the-art MBUX technology comes with a high resolution 7-inch touchscreen fitted as standard, offering intuitive touch control and enables Mercedes PRO connect services. You can also upgrade to a 10.25-inch display with HD resolution for additional features.

## 7-inch (standard) features

The state-of-the-art MBUX technology comes as standard in every Sprinter and offers a wealth of features:

- Works in conjunction with steering wheel touch pads, for quick and easy fingertip access
- Apple CarPlay/Android Auto, a DAB radio and Wi-Fi hotspot\*
- Allows text messages and navigation data to be sent between the driver and vehicle manager when the van is stationary to increase productivity and efficiency
- Permanent internet connection to the vehicle, which enables Mercedes PRO connect services. More information about Mercedes PRO connect is [available here](#).

## 10.25-inch (optional upgrade) additional features

- 'Hey Mercedes', Voice Command Operation
- Fully-integrated navigation system with Live Traffic, Van-to-X Communication and 3D map display with the Mercedes PRO connect Advanced Navigation Package
- What3words - a geocoded map system offering more accurate location services - integrated into the in-van navigation systems. Drivers with compatible models can now say or type in a 3 word address to get directions to a precise 3m x 3m location, anywhere in the world.

➤ For more information on optional features, see [page 22](#)

\*Wi-Fi hotspot requires a separate data contract with Vodafone, which can be purchased through the MBUX head unit.

All figures are based on a standard specification. The choice of wheels and transmission may affect CO<sub>2</sub> emissions and corresponding Road Fund Licence. The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Figures shown are for comparability purposes; only compare with other vans tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO<sub>2</sub> figures can be found at <https://www.mercedes-benz.co.uk/vans/en/WLTP>

# Finance options.

Get an agreement that suits you with Mercedes-Benz Finance.

At Mercedes-Benz Finance we have a number of finance options you can choose from to suit your business needs, because we understand the complexities of running a modern-day business...

## Agility

A flexible method of financing a vehicle over a fixed term. The agreement defers your decision of whether you purchase, hand back or part-exchange your vehicle until the end of your agreement.

- Fixed regular payments mean you can easily budget
- Payments are based only on a proportion of the van's value, keeping your monthly payments lower
- Our Optional Purchase Payment avoids the risk of unplanned depreciation of your vehicle.

## Hire Purchase

A straightforward route to ownership. This is the perfect way to buy a Mercedes-Benz if you want to work your way up to full ownership, spreading the overall cost over a fixed term.

- On completion of the agreement you will own the vehicle
- A flexible deposit and repayment term means you can tailor the financial agreement to suit you
- Monthly payments are not based on annual mileage.

## Operating Lease

A solution for those who want to drive one of our vehicles over a fixed term, with lower monthly rentals and without the worries or commitment of ownership.

- Pay an advance rental upfront
- Rentals are based on your annual mileage agreed at the start of your agreement and only on a proportion of the vehicle's value, keeping your monthly payments lower
- Rentals are allowable against taxable profits (proportionally).

## Contract Hire

Gives you the ability to enjoy driving a Mercedes-Benz without having to take on full ownership. With Contract Hire, you lease your vehicle for a fixed period and for a fixed monthly rental.

- No need for a large initial deposit
- Repair and Maintenance options are also available
- VAT is reclaimable depending on usage (proportionally).

## Finance Lease

Allows your vehicle to appear as an asset on your balance sheet, without the option of ownership as you hire a vehicle for a fixed period.

- Fixed regular payments enable you to easily budget
- The vehicle is an asset on the balance sheet, therefore tax allowances may be deducted from taxable profits
- Payments are not based on annual mileage.

## Keeping Businesses Moving.

Once you've driven away in your new Sprinter, the support we provide doesn't stop there. Did you know we offer a number of ways to keep your business moving long into the future? It's perhaps one of our best kept secrets...

### › ServiceCare

Because you don't stop, we don't either. We offer a range of servicing options to suit every business and to keep your vehicles on the road and running at their peak performance.

- **ServiceCare Maintenance**

Spread the cost of up to 6 services and save, without entering into a credit agreement. Pay one upfront sum or by monthly Direct Debit.

- **ServiceCare Flex**

Fix and reduce servicing costs for your van fleet by buying them in bulk. Specifically designed for fleets operating 25+ vehicles.

- **ServiceCare Complete**

Tailor a package that covers all your service and maintenance requirements and maintenance costs.
