Front cover model shown is new Golf Highline with optional 18" 'Jurva' alloy wheels, LED headlights, Winter pack, 'R-Line' exterior and interior styling pack with 'Vienna' leather upholstery and 'Turmeric Yellow' metallic paint.

Model shown is new Golf Highline with optional 18" 'Jurva' alloy wheels, panoramic sunroof, LED headlights, Winter pack, 'R-Line' exterior and interior styling pack with 'Vienna' leather upholstery and 'Turmeric Yellow' metallic paint.

Beautifully designed. Technologically advanced.

Charismatic, confident and capable, the new Golf features a powerful new design and a wealth of technology. New generation infotainment systems and advanced driver assistance systems ensure you're equipped to handle just about anything everyday life can throw at you. And as you'd expect, it's all done with effortless style and flair. It's time to experience the future. Today.

01 Newly designed bumpers to the front and rear, a **restyled radiator grille**, **new headlights** with LED daytime running lights, rear LED tail lamp assemblies, redesigned front wings and a fresh selection of alloy wheels and colours give a stylish updated look and feel to this iconic car. Model shown is new Golf Highline with optional 18" 'Sebring' alloy wheels, LED headlights, Winter pack, 'R-Line' exterior styling pack and 'Oryx White' premium signature paint.

Model shown is new Golf Highline with optional 18" 'Sebring' alloy wheels, 'R-Line' exterior styling pack and 'Turmeric Yellow' metallic paint.

Model shown is new Golf Highline with optional 18" 'Sebring' alloy wheels, LED headlights, Winter pack, 'R-Line' exterior styling pack and 'Oryx White' premium signature paint.

Exterior.

With its powerful, refined design, the new Golf makes a real statement. The characteristic C-pillar, generous wheelbase and short overhangs create an unmistakable silhouette, while the redesigned bumpers, restyled radiator grille with extended chrome strip and new headlights accentuate the width, creating presence and style.

01 The front of the new Golf is characterised by the instantly recognisable Golf styling. Changing with the times while remaining true to its heritage, the latest generation Golf delivers on every level. Model shown is new Golf Highline with optional 18 inch 'Jurva' alloy wheels, LED headlights, Winter pack, 'R-Line' exterior styling pack and 'Turmeric Yellow' metallic paint.

Interior.

01 The **Active Info Display** is a fully configurable, interactive 12.3 inch TFT display which replaces the standard analogue instrument cluster, displaying vehicle data and information on your dashboard quickly and easily using the multifunctional steering wheel. Five different modes allow you to customise the screen, with large or small dials as you prefer, and a number of items displayed behind them. When used in navigation mode, in conjunction with the 'Discover Media'¹ or 'Discover Pro' systems, you can move the speedometer and rev counter to the edge of the display, creating more space for the navigational map. If you wish, you can include driving, navigation and assistance functions within the graphics of the speedometer. As the Active Info Display is linked to all other assistance systems in the vehicle, any data shown in the centre console of the infotainment system, such as phone numbers or your music's compatible cover art, can also be displayed on the dash, conveniently placed directly within the driver's optimum field of vision. Standard on Highline models and optional on Comfortline models only in conjunction with optional 'Lights and Vision' pack (PLA).

02 The **new intelligent dashboard and controls** provide a gateway to the digital world, with a sophisticated new design, larger infotainment touch-screens and intuitive operation. The large 9.2 inch display of the optional 'Discover Pro' touch-screen navigation/DVD radio system features a stylish glass surface, with higher resolution display, sharper graphics clearly showing all the relevant information you need, and operable with touch, voice and gesture control. In addition, new decorative trim panels in the door, dash and centre console, along with a new selection of stylish seat upholsteries, allow you to personalise your Golf to your taste, creating your own interior ambience.

¹ When the large navigation map is displayed on the full Active Info Display in conjunction with the 'Discover Media' system, the navigation map cannot be displayed on the central 12.3 inch colour touch-screen.

Interior shown is new Golf Highline DSG with optional 'Discover Pro' touch-screen navigation/DVD radio system, 'Vienna' leather pack and 'Oryx White' premium signature paint.

Interior shown is new Golf Highline with optional 'Discover Pro' touch-screen navigation/DVD radio system.

Infotainment.

The new Golf incorporates the latest generation infotainment systems, providing new levels of connectivity and intuitive operation, utilising touch-screens, voice control, phone operation and, for the first time ever, gesture control.

01-02 Innovative gesture control enables you to operate the optional 'Discover Pro' touch-screen navigation/DVD radio system with the greatest of ease. Using a simple sideways swiping gesture, you can scroll through the main menu, change radio stations, flip through the playlist or browse through your picture viewer or albums in the media library. Successful swipes are confirmed by a sound effect that can be deactivated if you wish. Optional on Comfortline and Highline models. Images shown feature optional 'Discover Pro' touch-screen navigation/DVD radio system.

03 The wireless smartphone charger¹ allows Android smartphone charging without the use of cables. The storage compartment in the front centre console contains a wireless charging pad that you place your phone on top of to charge. The advantage of wireless charging is that it's quicker and easier, as you don't have to plug and unplug each time and, it also looks neater without any trailing cables. Non-Qi-compatible smartphones can be retrofitted with a cover or wireless charging module to allow operation. Please see www.qinside.biz/en/support/qi-enabled-phones-2017 for full details. Optional on Comfortline and Highline models. Must be ordered in conjunction with either a 'Discover Media' touch-screen navigation system or a 'Discover Pro' touch-screen navigation/DVD radio system.

¹ Inductive charging eliminates AUX-in socket and must be ordered in conjunction with two USB interfaces (UQ5).

01 The **'Composition Colour' system** is equipped with a 6.5 inch colour touch-screen, CD player, SD card reader and USB connection. It also features Bluetooth connectivity¹, title and compatible cover art display and facilitates music playback from MP3, WMA and AAC files through four speakers front and rear with 4 x 20 watt output. Car information display provides journey analysis and driver tips for more fuel efficient driving. Standard on Trendline models.

02 The **'Composition Media' radio system** is equipped with a glass-covered 8.0 inch colour touch-screen, Multi Device Interface (MDI), CD player, SD card reader and USB connection. It allows music playback from MP3, WMA and AAC files, simultaneous pairing of two compatible mobile devices¹, SMS functionality, Bluetooth telephone and audio functionality, and provides driver tips and journey analysis via the 'Think Blue. Trainer.' Eight speakers, situated to the front and rear, deliver 4 x 20 watt output. Standard on Comfortline and Highline models and optional on Trendline models.

03 The **'Discover Media' touch-screen navigation system** adds navigational functionality to the 'Composition Media' system, providing dynamic navigation based on TMC+, points of interest, preloaded European navigation data, Speed Limit Display² and three routes (Fast, Short and Eco), and 2D/3D map view. It comes with 3-years' **Car Net 'Guide and Inform'**³, providing online access to such information as fuel pricing, parking space availability, weather and news feeds; and includes online navigation software updates, enabling you to download the latest map data. Optional on Comfortline and Highline models.

04 The **'Dynaudio Excite'** soundpack produces phenomenal sound, delivering 400 watt output via an 8-channel digital amplifier and eight speakers located around the cabin. The Digital Signal Processor (DSP) maximises the sound from each speaker, ensuring every seat is in the optimum listening position. Optional on Comfortline and Highline models.

05 The **'Discover Pro' touch-screen navigation/DVD radio system** features a glass-covered 9.2 inch colour touch-screen for navigation, DVD, CD and radio functions. It responds to spoken voice commands for navigation and telephone functions, and also features gesture control for use with various different menus, responding to a sideways swiping gesture and confirming a successful swipe with a sound effect, which can be deactivated if required. Building on the 'Composition Media' specification, it is equipped with a 64 GB SSD hard drive, preloaded European navigation data, 3D map view, three calculated routes (Fast, Short and Eco), dynamic navigation based on TMC+, points of interest, Speed Limit Display², photo display from JPEG and PNG files and two SD card readers. It comes with 3-years' **Car Net 'Guide and Inform Plus'**³, providing online access to such information as fuel pricing, parking space availability, weather, news feeds and Google Earth; and includes online navigation software updates, enabling you to download the latest map data. Optional on Comfortline and Highline models.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.
² Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in-between map updates.
³ Car-Net 'Guide and Inform' and 'Guide and Inform Plus' services are accessed via a compatible mobile device. Please see www.volkswagen.ie for more information. The use of 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net 'Guide and Inform' services.

Interior shown is new Golf Highline with optional 'Discover Pro' touch-screen navigation/DVD radio system.

Model shown is new Golf Highline with optional panoramic sunroof, 'R-Line' exterior and interior styling pack with 'Vienna' leather upholstery and 'Turmeric Yellow' metallic paint.

Connectivity.

Volkswagen provides on-line services in your new Golf via optional Car-Net, giving you a wealth of practical services and apps to help simplify your everyday life on the road and helping to make it a more enjoyable and exciting experience.

01 Car-Net 'Guide and Inform'¹ gives you online access to a wide range of useful information, such as weather, exciting destinations in your surrounding area, nearby parking spaces or the next filling station. Car-Net 'Guide and Inform' is standard on the optional 'Discover Media' touch-screen navigation and the 'Discover Pro' touch-screen navigation/DVD radio systems on Comfortline and Highline models. Image shown features optional 'Discover Pro' touch-screen navigation/DVD radio system.

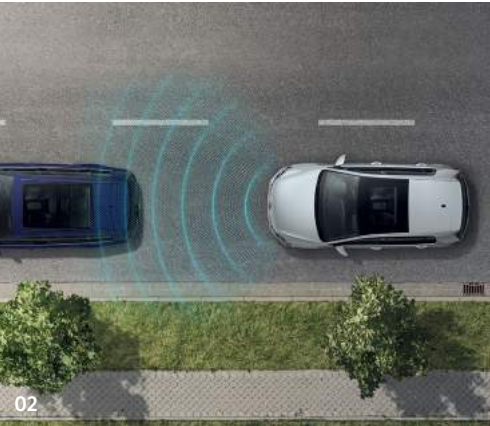

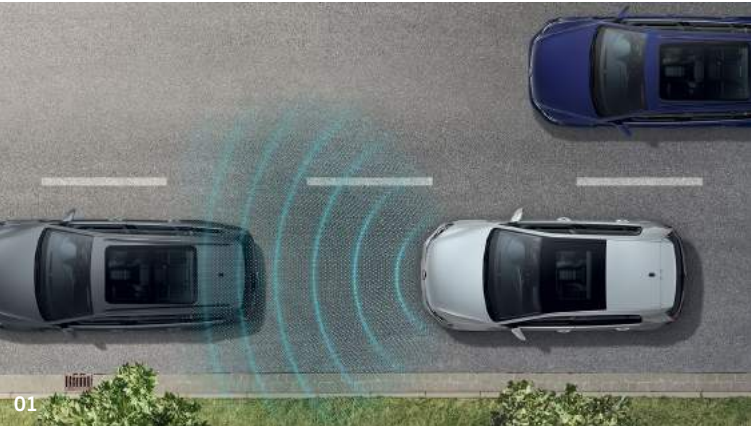

02 Car-Net 'App-Connect'² allows your Golf to connect with current Apple and Android smartphones through three innovative technologies: Apple 'CarPlay', Google 'Android Auto' and 'MirrorLink'™. This enables you to 'mirror' your smartphone's most important functions, such as phone contacts, receiving and sending texts, news and music on the touch-screen of your infotainment system, and if you choose, you can even operate the system by voice control, allowing you to manage them simply and safely during your journey. Please note, there is usage of only certified apps while driving. Standard on Comfortline and Highline models. Image shown features optional 'Discover Pro' touch-screen navigation/DVD radio system.

1 Car-Net 'Guide and Inform' and 'Guide and Inform Plus' services are accessed via a compatible mobile device. Please see www.volkswagen.ie for more information. The use of 'Guide and Inform' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of Car-Net 'Guide and Inform' services.
2 Only operable in conjunction with compatible smartphones. Please see www.volkswagen.ie to check smartphone compatibility.

Driver's assistance systems.

Intelligent driver assistance systems ensure greater comfort and convenience on your journey, and can help you to overcome or avoid potentially critical situations.

01 Blind spot monitor with 'Rear Traffic Alert' and 'Lane Keeping Assist' is a camera and radar sensor controlled warning system that helps you keep your distance in congested traffic and avoid a typical congestion type collision. Should your vehicle drift out of lane, the system accelerates, brakes and steers as appropriate, as long as it detects the driver's hands on the wheel. Optional on Highline models.

02 Adaptive Cruise Control (ACC) including Front Assist radar sensor controlled distance monitoring system, City emergency braking system, cruise control and speed limiter, offers you intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to try to reduce the severity of a collision or possibly even prevent the collision entirely. Standard on Comfortline and Highline models.

03 Forward collision warning 'Front Assist' with pedestrian recognition warning features a camera and radar sensor controlled warning system. This alerts you should it detect any pedestrians at the edge of the road or on the carriageway, via acoustic and optical signals as well as a gentle jolt of the brakes. Standard on Comfortline and Highline models.

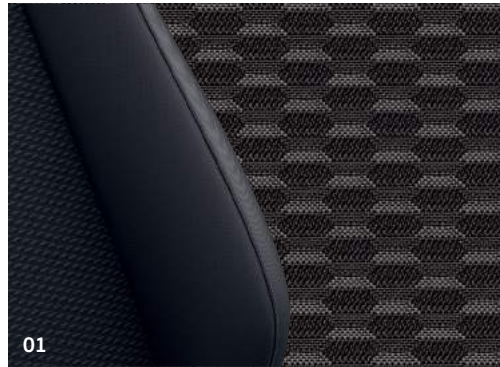

04 Trailer Assist including 'Park Assist' and 'Park Distance Control' (PDC) helps you reverse a trailer or caravan with a weight of up to 1,800 kg into a parking bay or entrance from the street. To operate, simply engage reverse gear and activate the system via a push button. The driving angle and possible driving angles are displayed on the instrument cluster. All the driver has to do is operate the accelerator pedal and brake, while the system automatically controls the direction of the car, using Park Assist to move the trailer backwards into the required position. Optional on Comfortline and Highline models. Must be ordered in conjunction with optional trailer hitch – manually swivelling (1D4).

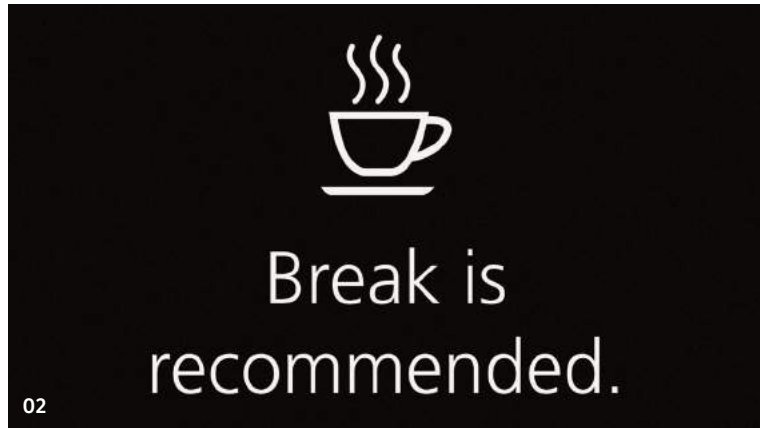

05 The Active Info Display is a fully configurable, interactive 12.3 inch TFT display which replaces the standard analogue instrument cluster, displaying vehicle data and information on your dashboard quickly and easily using the multifunctional steering wheel. Five different modes allow you to customise the screen, with large or small dials as you prefer, and a number of items displayed behind them. When used in navigation mode, in conjunction with the 'Discover Media'¹ or 'Discover Pro' systems, you can move the speedometer and rev counter to the edge of the display, creating more space for the navigational map. If you wish, you can include driving, navigation and assistance functions within the graphics of the speedometer. As the Active Info Display is linked to all other assistance systems in the vehicle, any data shown in the centre console of the infotainment system, such as phone numbers or your music's compatible cover art, can also be displayed on the dash, conveniently placed directly within the driver's optimum field of vision. Standard on Highline models and optional on Comfortline models only in conjunction with optional 'Lights and Vision' pack (PLA).

¹ When the large navigation map is displayed on the full Active Info Display in conjunction with the 'Discover Media' system, the navigation map cannot be displayed on the central 12.3 inch colour touch-screen.

Golf Trendline.

The new Golf Trendline offers better performance, greater safety and a higher level specification than ever before. Key features include the new radio 'Composition Colour' system with 6.5 inch colour touch-screen, USB interface (compatible products only) and Bluetooth telephone connectivity¹, multifunction display 'Plus' and Climatic manual air conditioning fitted as standard, ensuring an exceptional driving experience. Inside, a leather trimmed three spoke multifunction steering wheel and gearshift knob, front centre armrest, 'Polar Night Black' decorative inserts in the centre console and 'Spotpoint' on the door trim panels complement the stylish and durable 'Basket' cloth upholstery. Safety features such as a Post-collision braking system, Fatigue detection, brake pad wear and flat tyre indicator make your journey even safer and more enjoyable, while remote central locking, electric windows front and rear and an electronic parking brake make for a more convenient journey. The restyled black radiator grille with chrome strip, new halogen clear headlights with separate LED daytime running lights, and rear LED tail lamp assemblies exude style and charisma, epitomised by the sleek tornado line running down the side of the Golf. Rear fog lights and 15 inch steel wheels with contemporary full size covers complete the look. However, the new Golf doesn't just have great looks and lots of specification, it also packs in great technology to help you save fuel. Already more fuel efficient than its predecessor it features a Start/Stop function, energy efficiency display and battery regeneration (recuperation – energy recovery during braking), so it's kinder to your wallet.

01 The interior of the new Golf Trendline is further enhanced with Titan Black 'Basket' cloth upholstery.

02 **Fatigue detection** monitors driver behaviour. As soon as it detects unusual driving patterns, such as lane deviation or erratic steering movements, it recommends taking a break via visual and acoustic signals.

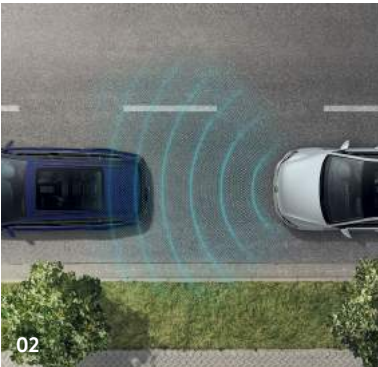

03 15 inch **steel wheels** with 195/65 R15 tyres and contemporary full size wheel covers give the new Trendline an exclusive look.

04 The '**Composition Colour**' system is equipped with a 6.5 inch colour touch-screen, CD player, SD card reader and USB connection. It also features Bluetooth connectivity¹, title and compatible cover art display and facilitates music playback from MP3, WMA and AAC files through four speakers front and rear with 4 x 20 watt output. Car information display provides journey analysis and driver tips for more fuel efficient driving.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

Golf Comfortline.

More elegant, luxurious and flexible than ever, the new Golf Comfortline offers the highest levels of comfort and convenience. The exterior is characterised by stylish 16 inch 'Toronto' alloy wheels, front fog lights with static cornering light and chrome detailing on the restyled front radiator grille and air intake. The chrome detailing continues inside with the chrome-plated light switch surround and mirror adjustment switch. The interior is upholstered in 'Zoom' cloth and is complemented by 'Polar Night Black' decorative inserts in the centre console and 'New Brushed Dark Metal' on the door trim panels. Standard features include front comfort seats with manual height adjustment and lumbar support and a leather trimmed three spoke multifunction steering wheel and gearshift knob. Adaptive Cruise Control (ACC), forward collision warning 'Front Assist', Bluetooth telephone connectivity¹ and a 'Composition Media' radio system which is equipped with a glass-covered 8.0 inch colour touch-screen, help take the strain out of your journey ensuring you arrive at your destination relaxed and calm. Finally, 2-zone 'Climatronic' air conditioning allows you to change from one pleasant climate zone to another at the touch of a button, leaving you to enjoy your journey in the greatest of comfort.

01 The '**Composition Media**' radio system is equipped with a glass-covered 8.0 inch colour touch-screen, CD player, Bluetooth connectivity¹, USB connection and allows music playback from MP3, WMA and AAC files, through eight speakers.

02 **Adaptive Cruise Control (ACC)** including Front Assist radar sensor controlled distance monitoring system, City emergency braking system, cruise control and speed limiter, offers you intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to try to reduce the severity of a collision or possibly even prevent the collision entirely.

03 **Forward collision warning 'Front Assist' with pedestrian recognition warning** features a camera and radar sensor controlled warning system. This alerts you should it detect any pedestrians at the edge of the road or on the carriageway, via acoustic and optical signals as well as a gentle jolt of the brakes.

04 Titan Black '**Zoom**' cloth adorns the front comfort seats adding a touch of refinement to the interior.

05 16 inch '**Toronto**' alloy wheels with 205/55 R16 tyres add a stylish touch.

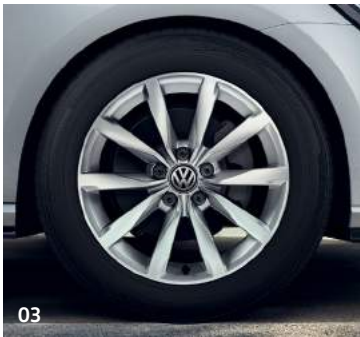

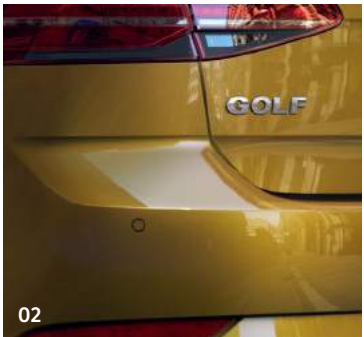

06 '**Car-Net 'App-Connect'**² combines the functionality of Apple 'CarPlay', Google 'Android Auto' and 'MirrorLink'™ allowing 'mirroring' of smartphone display on the infotainment touch-screen via USB connection. Please note, there is usage of only certified apps while driving. Image shown features optional 'Discover Pro' touch-screen navigation/DVD radio system.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.
² Only operable in conjunction with compatible smartphones. Please see www.volkswagen.ie to check smartphone compatibility. Please note, images 02–03 are for illustration purposes only and may not necessarily reflect Irish specification.

Interior shown is new Golf Highline DSG with optional 'Discover Pro' touch-screen navigation/DVD radio system, 'Vienna' leather pack and 'Oryx White' premium signature paint.

Golf Highline.

01 The **rear tinted windows** from the B-pillar backwards are approximately 65% tinted to help reduce the glare from the sun's rays, to ensure a pleasant temperature for rear seat passengers, while also enhancing the exterior's sporty appeal.

02 **Park Distance Control (PDC)** includes front and rear parking sensors that assist parking manoeuvres by emitting both audible and visual signals, alerting the driver to any obstacles in the way. The closer you are to an obstacle the faster the sound frequency, while a parking display indicates your distance to obstacles.

03 17 inch '**Dijon**' alloy wheels with 225/45 R17 tyres give the exterior a stylish and sporty look.

Sporty, charismatic and refined, the new Golf Highline combines exclusivity with elegance, offering a driving experience that is second to none. Its exterior features distinctive 17 inch 'Dijon' alloy wheels and front fog lights with static cornering light which add further style and safety, while the black front air intake, radiator grille with chrome trimmed mouldings on fins, are perfectly complemented by rear LED tail lamp assemblies. Inside, front sports seats with height and lumbar adjustment upholstered with 'Art Velours' seat centre sections and 'Global' cloth side bolsters perfectly complement the 'Piano Black' decorative inserts in the centre console and 'Linearus' decorative inserts in the dashboard and door panels. Standard equipment includes the 'Composition Media' radio system which is equipped with a glass-covered 8.0 inch colour touch-screen, Park Distance Control (PDC) for the front and rear to ease parking situations, Adaptive Cruise Control (ACC), rear tinted windows, Bluetooth telephone connectivity¹ and an innovative Active Info Display which ingeniously displays all instrumentation in a fully interactive virtual format, with high quality graphics on a large 12.3 inch screen. Finally, an automatic dimming interior rear-view mirror, automatic coming/leaving home lighting function with separate daytime running lights and electrically foldable door mirrors provide extra convenience.

04 The **Active Info Display** is a fully configurable, interactive 12.3 inch TFT display which replaces the standard analogue instrument cluster, displaying vehicle data and information on your dashboard quickly and easily using the multifunctional steering wheel. Five different modes allow you to customise the screen, with large or small dials as you prefer, and a number of items displayed behind them. If you wish, you can include driving and assistance functions within the graphics of the speedometer. As the Active Info Display is linked to all other assistance systems in the vehicle, any data shown in the centre console of the infotainment system, such as phone numbers or your music's compatible cover art, can also be displayed on the dash, conveniently placed directly within the driver's optimum field of vision.

¹ Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

Wheels.

Stylish alloy wheels contribute to the charismatic road presence of the new Golf, with a choice of elegant, classic or sporty designs adding a touch of individuality.

01 6J x 15" **steel wheels** with 195/65 R15 tyres and full size wheel trims.

02 'Toronto' 6½J x 16" alloy wheels with 205/55 R16 tyres and anti-theft wheel bolts.

03 'Dijon' 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts.

Technology.

Technical specification notes

- 01) Figures are calculated in accordance with manufacturer’s criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48. Unladen weight shown refers to 5-door models.
- 02) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 03) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 04) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 05) The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂.

Transmission

- Electronic differential lock, combined with a hydraulically operated single-plate dry clutch with asbestos-free lining via a six or seven speed automatic DSG gearbox
- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Five or six speed manual, seven speed automatic DSG gearbox with double joint half axles

Brakes

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pad
- HBA (Hydraulic Brake Assist)

Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

Running gear

- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), ASR (Traction Control) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Twist beam rear axle (1.0 litre TSI 110HP, 1.6 litre TDI 90HP, 1.6 litre TDI 115HP)
- Multilink rear axle (2.0 litre TDI 150HP)
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar
- XDS electronic differential lock (1.6 litre TDI 115HP, 2.0 litre TDI 150HP)

Engines

- Front transverse-installed engine
- 1.0 litre/85HP (63 kW) petrol engine: EU6 emissions standard, three cylinder in-line direct injection engine, with two valves per cylinder. Fitted with a turbocharger module with electric boost pressure regulation. Available with a five speed manual transmission
- 1.0 litre/110HP (81 kW) petrol engine: EU6 emissions standard, three cylinder in-line direct injection engine. Available with a six speed manual or a seven speed automatic DSG transmission
- 1.4 litre/150HP (110 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission
- 1.6 litre/90HP⁽⁰¹⁾ (66 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a five speed manual transmission
- 1.6 litre/115HP⁽⁰¹⁾ (85 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a five speed manual or a seven speed automatic DSG transmission
- 2.0 litre/150HP⁽⁰¹⁾ (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a seven speed automatic DSG transmission

The new Golf Estate.

The new Golf Estate offers everything you would expect and more. It has the same high levels of equipment, refinement and safety as the new Golf hatchback, the same powerful performance and economy, and the same sporty elegance. With up to 1,620 litres of boot space, the Golf Estate is incredibly versatile. And that's just the inside story. Outside, it is equally impressive, with newly designed bumpers to the front and rear, a restyled radiator grille, new headlights with LED daytime running lights and redesigned front wings give a look that is dynamic and exciting. Never has such spaciousness looked quite so good.

01 Model shown is new Golf Estate Highline with optional 18" 'Jurva' alloy wheels, LED headlights, 'R-Line' exterior styling pack and 'Oryx White' premium signature paint.

Model shown is new Golf Estate Highline with optional 18" 'Sebring' alloy wheels, 'R-Line' exterior styling pack and 'Oryx White' premium signature paint.

Make way for the sports performers.

The new Golf GTD and GTIs prove that practical and sporty go together with head-turning style. From the minute you see their dynamic exteriors, you can tell they are something special. More distinctive than ever, the dynamic new Golf GTD and GTIs feature their own unique styling packs, comprising of a number of sporty exterior upgrades such as restyled bumpers, extended sills, rear roof spoilers, honeycomb radiator grille and badging. Inside, a luxurious interior with front sports seats and aesthetic detail creates the look and feel of a real sports performer.

Model shown is new Golf GTI in 'Tornado Red' non-metallic paint with optional 19" 'Brescia' alloy wheels.

Power combined with economy: GTD.

The new Golf's top diesel performer is here in the form of the GTD, delivering excellent performance and handling, along with dynamic new body styling and refined interiors, and equipped with a host of advanced features. Equally at home on long or short trips, it really comes into its own on the open road, delivering new levels of responsiveness and control. Power combines with economy in the new Golf GTD in one unbeatable package. GTD styling, flared sill strips and lowered sports suspension hint at its capability, while the 2.0 litre 184HP TDI diesel engine is built to perform and designed to thrill. The new Golf GTD delivers pure driving enjoyment mile after mile.

01 The new **intelligent dashboard and controls** open up the digital world, featuring an **Active Info Display** as standard, with large 12.3 inch high resolution dash display screen that shows all relevant information and can be personalised to your individual driving preference. Heated front sports seats, which are optionally available as part of the Winter pack, are upholstered in 'Clark Grey' cloth and complement the grey stitching around the leather trimmed three-spoke multifunction steering wheel with 'GTD' logo and gear knob gaiter. Stainless steel pedals provide a sporting detail, enhanced by the black rooflining and 'Honeycomb Black' decorative inserts in the dash and door panels. Interior shown is new Golf GTD with optional Winter pack and 'Discover Pro' touch-screen navigation/DVD radio system.

Model shown is new Golf GTD with optional Winter pack and 'Dark Iron Blue' metallic paint.

Model shown is new Golf GTI in 'Tornado Red' non-metallic paint with optional Winter pack.

The new GTI, the rebel returns.

Cool, stylish and powerful, the Golf GTI is back, delivering exhilarating performance and pure driving pleasure. Unique exterior styling creates a powerful road presence, while sports running gear with the XDSPlus electronic differential lock improves traction and handling, and lowered sports suspension hugs the road, especially on corners. With its new turbocharged 2.0 litre TSI petrol engine delivering 230HP on the GTI and 245HP on the GTI Performance, and with a wealth of new driver assistance systems, the new Golf GTI is all you'd expect and more.

01 Interior shown is **new Golf GTI DSG** in 'Tornado Red' non-metallic paint with 'Clark Red' cloth, and optional Winter pack and 'Discover Pro' touch-screen navigation/DVD radio system.

01

The ultimate performer.

Ready to go at a moment's notice, the new Golf R delivers sheer, unadulterated power. Sports-tuned suspension and 4MOTION all-wheel drive ensure control and comfort, while the powerful 2.0 litre TSI 310HP 4MOTION petrol engine delivers power exactly when and where you need it. Are you ready to go?

01 Interior shown is **new Golf R** DSG with optional Winter pack and 'Discover Pro' touch-screen navigation/DVD radio system.

01

Model shown is new Golf R with optional 19" 'Pretoria' alloy wheels and 'Lapiz Blue' metallic signature paint.

Volkswagen service.

The Volkswagen Warranty

Three-year Warranty

All Volkswagen Golf models come with a three-year/90,000km warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/90,000km (whichever is soonest) warranty*. Full details of the three-year warranty are available from your authorised Volkswagen retailer.

* All warranty work must be completed by an authorised Volkswagen retailer or repairer.

Three-year Paint Warranty

The paintwork of the Golf is covered against manufacturing defects for a period of three years. Naturally, the Golf must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen retailer for full warranty details.

12-year Body Protection Warranty

The internal body sections and panels of the Golf are covered against rusting through from the inside for 12 years. Naturally, the Golf must be cared for in compliance with the operating instructions. Please consult your Volkswagen retailer for full warranty details.

Service Intervals for Engines

Full details of what checks and work are recommended at each service are contained in the Service Book and your retailer will be able to advise you of any particular requirements.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

Volkswagen Finance

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen retailer for details.

Volkswagen Assistance

Every new car is registered for Volkswagen Assistance for three years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

Volkswagen Rental

For details, please contact your Volkswagen retailer.

CO₂ Emission

Increased weight of a vehicle, including higher trim levels and the addition of options will have a negative influence on the level of fuel consumption and CO₂ emissions produced.

The CO₂ and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note:

Every effort has been made to ensure that the contents of this publication (including CO₂, fuel consumption and technical information) were accurate and up-to-date at the time of going to press March 2017. Please be aware that model year and other changes (including specification or individual options) may impact on fuel consumption or CO₂ figures. Please check with your retailer regarding any queries on a specific model or chassis number. Volkswagen Ireland reserves the right to change specifications and withdraw products from sale without notice. Any such alterations will be notified to Volkswagen retailers at the earliest opportunity; please consult your local Volkswagen retailer for the latest product information.

Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland.

The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen retailer prior to ordering.
