Moon Phases 101

Maternus on the Moon

'...For we feel in our bodies the increases of the waxing Moon and the losses of her waning.

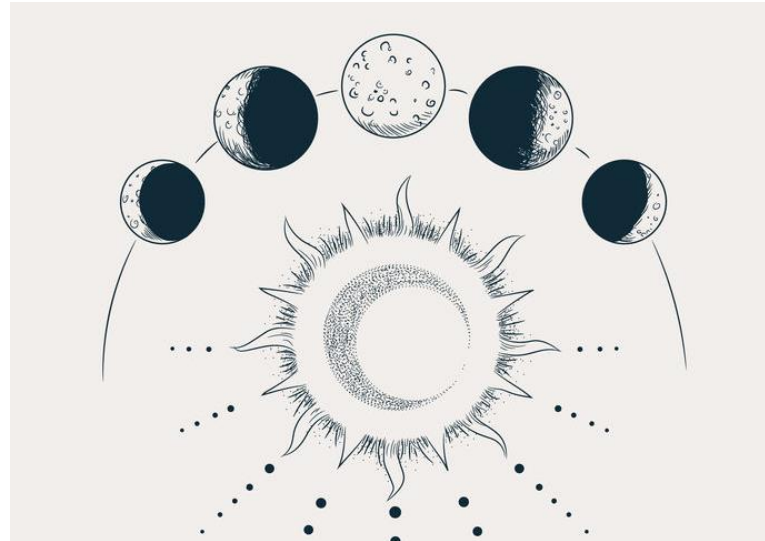

The innermost parts of the human grow when the Moon grows,

and when she begins to lose light they languish, fatigued in body; when she grows again, their power of growth comes flooding back.'

(p118 Bram translation)

Light, Moon as Fortune

- 8 different phases
- 4 waxing/ 4 waning
- 4 active/ 4 passive
- 4 bright/ 4 dark
- Every phase by progression in 30 years
