WILDERNESS ADVENTURES

Adventure enthusiasts rejoice! Our 37,000 acres, 100 miles of trails and 10 miles of the Blackfoot River combine to make for the ultimate wilderness playground for adults and kids alike. Saddle up for a definitive equestrian experience, take your best shot at a world-class sporting clays course, fly-fish with an expert guide or kick up some dust on an ATV tour. And, if that doesn't satisfy your adventure appetite, there's also swimming, boating, hiking, mountain biking, paintball, rafting, rappelling, hot air ballooning and more. Visit in the winter and you'll enjoy cross-country skiing, snowshoeing, dogsledding and snowmobiling. When it comes to adventure, Paws Up is an all-you-can-eat buffet.

EQUESTRIAN ADVENTURES

Time to cowboy up. From spectacular views of the legendary Blackfoot River to Jones' Pond and the endless coniferous forests, our horseback adventures offer a wide-eyed gulp of the Montana wilderness. Whether you're an experienced rider or you've never been in the saddle before, you'll lay eyes on sight after historical and heart-stirring sight during your unforgettable horseback excursion. Horse whispering workshops, custom riding exercises and the Junior Wrangler Program are also available in the Paws Up Saddle Club, Montana's largest private equestrian center.

LEGENDARY FLY-FISHING

Every fisherman has an image of the perfect trout stream: cold waters, stunning scenery, solitude and large, eager fish. Here, you'll cast to rising fish again and again while floating on the Bitterroot, Blackfoot and Missouri rivers. The streams are captivating, much like your fishing tales to come. These perfectly untamed rivers offer unrivaled dry fly-fishing for species such as the wild westslope cutthroat trout. So, if you'd like a chance to find fly-fishing heaven, join us at Paws Up for the angling adventure of a lifetime.

RIVER JOURNEYS

You can't visit Montana without getting out on the water. The rivers flowing through the landscape show reflections of your serene surroundings—until the current picks up, of course.

For visitors to Paws Up, there are levels of river journeys from leisurely paced to all-out whitewater, including the Clearwater River Canoe Trip, the Blackfoot River Float Trip and the Alberton Gorge Rafting excursion, a full day of adventure featuring Class III+ rapids.

ADVENTURES IN FLIGHT

Imagine soaring over the historic Lewis & Clark Trail, watching eagles gliding below you and Montana's Big Sky unfolding above. For Paws Up's flight adventures, choose your speed and altitude by selecting from a majestic journey in a hot air balloon's gondola or a thrilling ride in a helicopter's cockpit over the Bob Marshall Wilderness or Glacier National Park. Either way, you've never spread your wings like this before.

WORKING RANCH EXPERIENCES

Paws Up is situated on a sprawling, 37,000-acre working cattle ranch. For an authentic Western ranch experience, it doesn't get any better than a cattle drive. You'll saddle up your horse and set out to gather the cattle and trail them to the working corrals, sort them and then trail them back to their home pasture. It's an unforgettable adventure that will help you discover your inner wrangler. Other ranch activities include scenic horse-drawn wagon rides, wagon team driving lessons and our famous chuck wagon dinner.

LAKE EXCURSIONS

There's something uniquely wonderful about a glacial lake. Maybe it's the calm, cerulean surface, inviting you to splash right in. Or maybe it's the remote beauty and spectacular views of distant, rocky shores. Whatever it is, Paws Up's lake excursions afford guests the ideal opportunity to zip around on a personal watercraft, skim along on skis or a wakeboard, soak up glistening rays and ogle the majestic Chain-of-Lakes scenery. The unforgettable experiences at Paws Up include the Seeley Lake Adventure and day trips to the private Island Lodge at Salmon Lake.

THE SKY LINE AERIAL ADVENTURE PARK

Challenging both mind and body, the Sky Line™ Aerial Adventure Park is a gripping experience that will push the boundaries of your comfort zone. On the Canopy Tour, you'll guide yourself through 10 separate platforms, complete with rickety bridges, spider nets, swinging platforms, tightropes and a heart-pounding 40-foot free fall. For thrill seekers, the Challenge Course features spine-tingling elements that are more difficult, including a quick drop that's 55 feet up in the air.

A row of white canvas tents is set up in a lush green meadow, surrounded by tall pine trees. The tents are arranged in a line, with a dark wooden reception cabin on the right. The scene is bathed in soft, golden light, suggesting late afternoon or early morning. The sky is a clear blue with a few wispy clouds.

SPA TOWN AT PAWS UP

Discretely nestled on the edge of an expansive meadow, in the waving shade of soaring pines, sits Spa Town at Paws Up. This haven of relaxation offers natural light, soothing sounds and indigenous aromas—and that’s just the reception cabin. A winding boardwalk takes you to the privacy of your own treatment tent, where one of our talented therapists will provide healing treatments for mind, body and spirit. This sanctuary of rejuvenation gives new meaning to the term “getting lost” in the woods. And only steps away, Paws Up’s Huff-and-Puff Fitness Center is accessible 24 hours a day, seven days a week.

WINTER ADVENTURES

Winter in Greenough, Montana, is the perfect time for any sport that makes use of land blanketed by white. The Resort at Paws Up offers more than 100 miles of lightly traveled wilderness trails for a diversity of unique winter excursions. For those who yearn to explore the great outdoors of Big Sky Country, we feature unforgettable adventures like dogsledding, downhill skiing, cross-country skiing, Fat Tire Electric Bike tours, snowmobiling, tubing, indoor equestrian lessons and even ice skating—all in a winter milieu filled with peace and magic.

DOGSLEDDING

It should probably come as no surprise that one of The Resort at Paws Up's signature winter adventures is centered around man's best friend: dogsledding. We've all heard of horsepower, but few have ever experienced paw power. Imagine being pulled by Iditarod champion Alaskan huskies through the wilds of Montana, all at the foot of the Garnet Mountains—one of the most impressive ranges in the Rockies.

SKIJORING

Sure, you've conquered the world's best slopes, but are you ready for a challenge that can really earn you bragging rights? Then strap on your skis—or a snowboard—as you're securely tethered to the saddle of a horse that's about to break into a gallop. Skijoring, an exciting new sport that's all the rage in Scandinavia, is like waterskiing on snow, only you're using real horsepower.

THE HOLIDAYS AT PAWS UP

Leave the hustle and bustle of crowded cities and ski resorts behind. The Resort at Paws Up offers families the ultimate holiday vacation—from Thanksgiving through the new year. And from gourmet food and fine wine to a fireworks display and live entertainment, our New Year's Eve celebration doesn't stop until you do.

DINING AT PAWS UP

Drawing from the agricultural wealth of Montana and the West, the executive chef at Paws Up creates delectable cuisine that articulately blends sophisticated culinary techniques with the freshest Montana meats, produce and ingredients available. Huckleberries picked from the surrounding mountains might complement a breakfast of French toast and handmade sausage. Rocky Mountain trout sautéed with fresh herbs may be paired with an exquisite Napa Valley chardonnay. Every meal brings new adventure.
