

The Rooks Nest Adventure

By Year 2
Lockdown 2020

It had been a hot and sunny day.

Oliver had been playing in the pool all day.

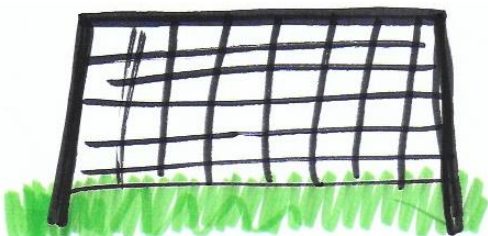

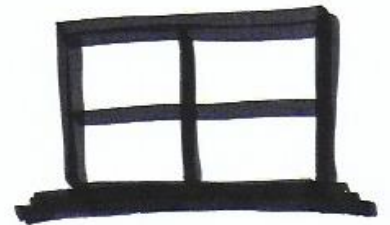

Then it had turned night time and Oliver went to bed.

He couldn't get to sleep because he kept hearing a banging noise that was coming from outside.

He got out of bed to investigate what that annoying noise was!

He looked out of the window and he saw Henry kicking a ball.

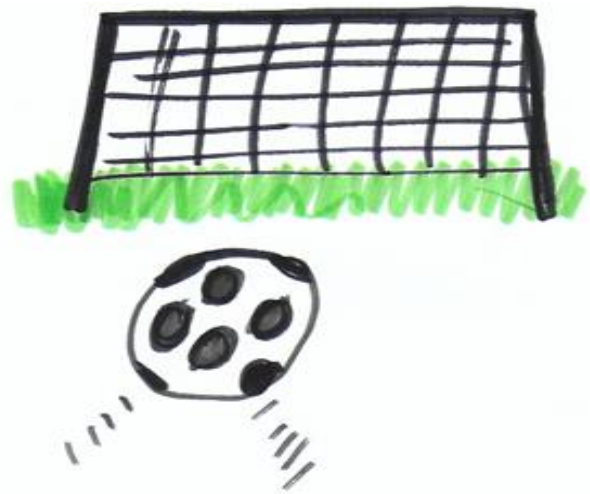

Henry was playing football and Oliver wondered why Henry was playing football at night time !

Henry said he had been into bed and had woke up and decided to go into his mum and dads bedroom, they was fast asleep so I run downstairs and thought aww the weather is nice so I went to play football outside

I was practising kickups, step overs and getting goals into my football net, as I need to practice to get better.

Then mum came down saying “Henry what are you doing ?” “It’s late please come in and go back to bed you will be very tired tomorrow” so I came back in and went to bed.

I fell fast asleep as I was really tired then I had a dream about Reece playing football on the school field and getting a hat-trick wow Reece.

GOAL !!!

“Woohoo” shouted Reece as his third goal went in passed the strange looking goalkeeper. Reece never thought he would come up against a team of PANDA’s!

Reece had played against many teams but it felt strange that he had just scored and won against this team of Panda’s. The final score was 3-2. The crowd were cheering!

Reece’s teammate, Luka knew this had been a very different game.

Back in the changing rooms Reece and the rest of the team celebrated the win, except Luka, who was now outside chatting with the HUGE panda coach.

Why was this?!

The HUGE panda looked just like a Pokemon called Pangoro.

He was showing Luka that they are not panda's, but they are actually dragons in disguise and he is called Rayquaza.

The next day Luka went to the beach to catch a legendary Pokemon.

The beach was quite empty which was surprising because it was sunny and hot.

Luka went to get an ice cream to cool down and saw his friend Spencer buying an ice cream.

Luka then had a swim with Spencer and they saw an extinct shark called a Megalodon!

Spencer and Luka swam to the shore as fast as they could. They could hardly breathe but they were relieved.

“Wow! That was scary.

I wish I'd had my underwater camera” Spencer said.

“We could have scared the other children at school with the picture, especially our brothers Adam and Flynn!”

Luka said that they should go and tell someone.

Spencer suggested they go to the shark museum and tell someone who works there about what they had seen.

“Perhaps they will send a deep sea diver” said Luka

They jumped in the car and drove away.

On their way they saw Millie walking on the pavement.

Millie was walking home from her long walk and waved at Luka and Spencer when they came passed.

On her walk she saw this really strange animal that had three legs, a fiery, red beak and one wing.

Millie stared at the animal for a second and wondered “what animal is this?” She thought, “should I get closer or not?”.

She decided not to get closer because she was scared.

Suddenly the animal started to move towards her and Millie ran as fast as she could to get away from it!

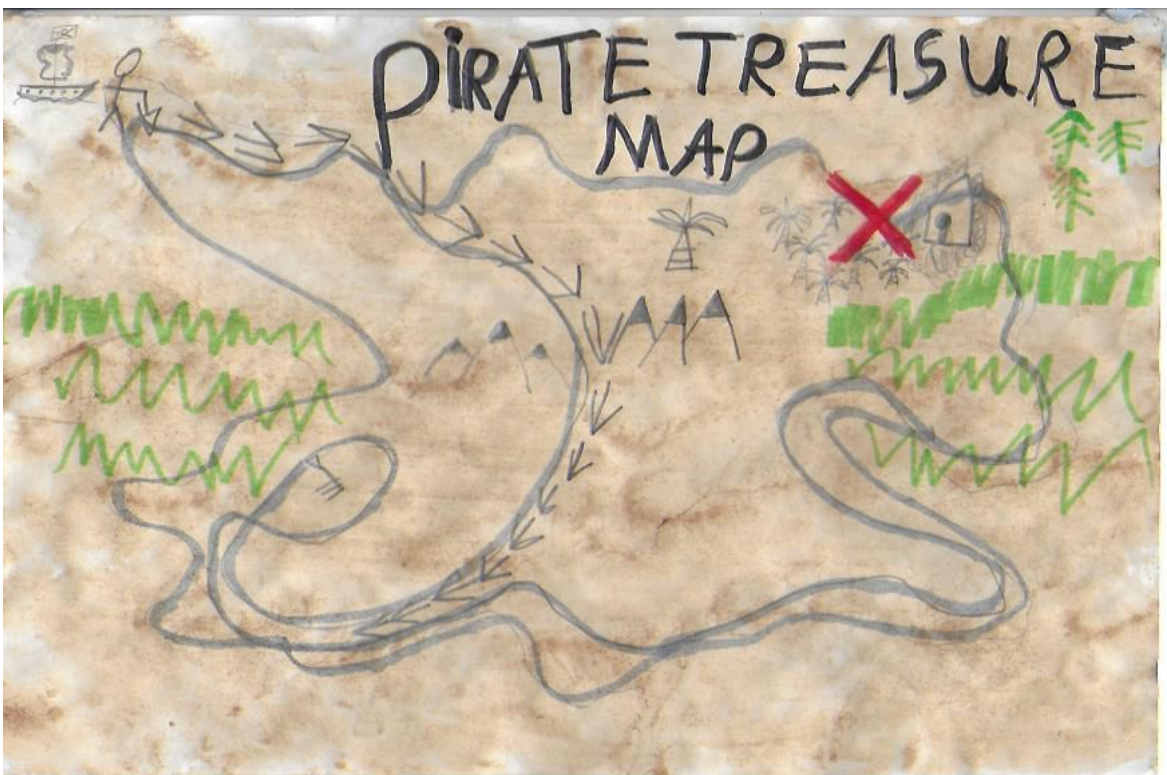

She carried on running until she got to Neave's house and heard a BANG!

It made her jump! She went to see what it was and it was Neave, she had fallen off her scooter.

"Are you ok?" Millie asked. Neave answered and said "Yes".

Neave asked Millie if she wanted to come and play with her and Millie said yes.

Millie and Neave invited Ella over and they pretended to be pirates and created a treasure map.

They went off on their exciting, fabulous, adventure.

Ella was very excited because Neave's garden had lots of animals to play with chickens, dogs and a crow which was poorly but now lots better.

Ella said let's pretend that the crow and the chickens are our pirate parrots because every pirate has to have a parrot.

The crow sat on Ella's shoulder and the Chickens rested on Neave's and Millie's and off they went to follow the ma

They followed the instructions on the map which told them to get their scooters and bikes and head to the park.

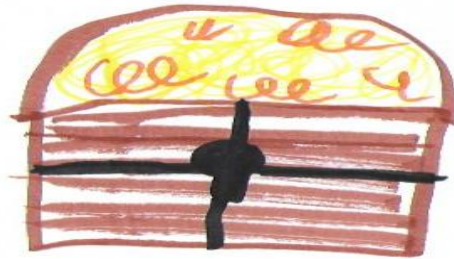

They got to the spot in the park marked with an X it was under a hedge.

Marks the Spot !

Ella began to dig and dig
'this is really hard work' Ella said.

Then with a bang the spade had hit something "the treasure!"
'they all screamed.

They heard a little girls voice behind them ask "can I look too" it was Ellie who had also gone to the park.

Of course you can help us pull it out.
Just then Ellie shouted "there's a
strange animal with 3 legs a red beak
and 1 wing under the hedge.

Ellie grabbed the box and they all ran
away – what was in the box and why is
the strange animal following them?

The girls all ran away back to Ellie's house and quickly ran down the pavement and into the house And Ellie's sister Evie locked the door behind them.

The girls went into Ellie's bedroom and Ellie showed them the magical door that led to another world and Ellie said "let's open the treasure chest in there".

Ella, Neave, Millie and Evie were very excited to open the chest.

When they went through the magic door they shrunk because the door was tiny.

At the other side of the door there were lots and lots of magical fairies and lots and lots of fierce dragons.

The fairies were riding on the dragons' backs.

When the friends saw the fairies, the girls knew that when they started to shrink they were turning into fairies and that the magic would open the chest.

Each of them sprinkled fairy dust onto the chest and it began to open.

Woah! Somebody here looked familiar, it was Jenson!

Jenson explained that he had been out catching Pokemon and had fallen into a pile of leaves but beneath those leaves was a secret door to this secret little village!

Jenson met Billy who was also here, the pair had been shrunk so tiny and needed to find a way back!

Thank goodness the girls had found them!

Jenson climbed onto a dragon he had made friends with, he had named him Splasher, Splasher was blue, Jenson took off into the sky and over in the distance he saw something unusual....

“Wow Jenson! Look at all them bright lights, what do you think it is?” asked Billy.

Jenson said “I think It’s a party?” Billy said “I think it’s a fire.”

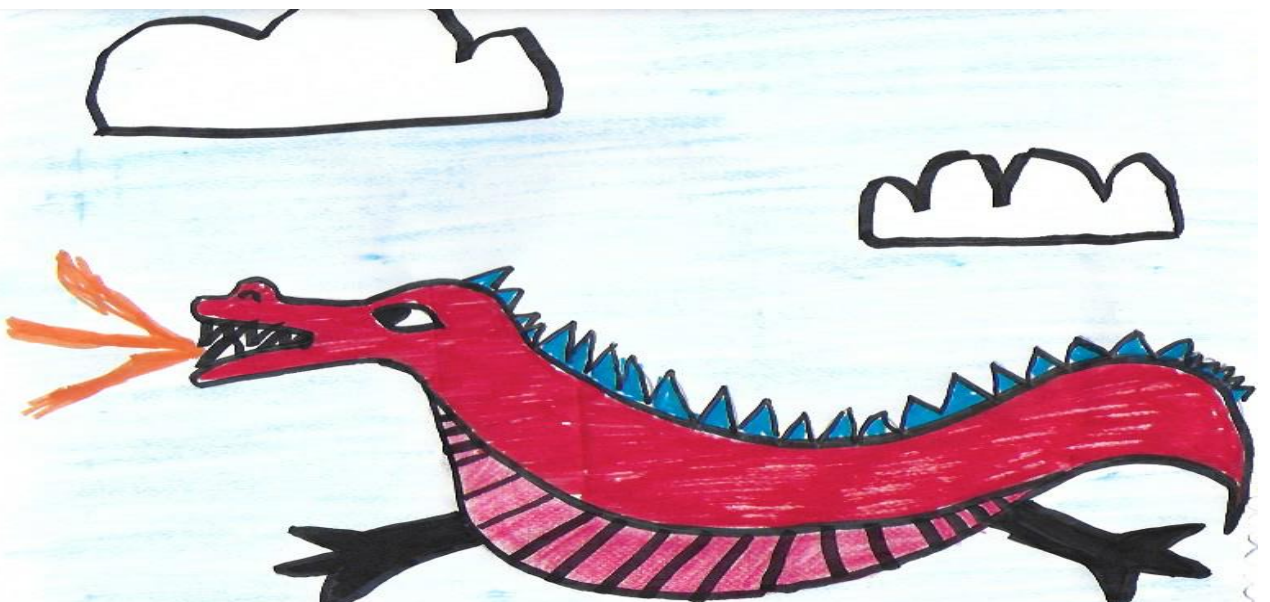

And guess what...they were both right!

There were fire breathing dragons and dinosaurs all having a party.

Billy and Jenson flew down on their dragons to join in.

Billy’s dragon was called Roman who was red, gold and green.

“Your dragon is so cool Jenson!” Shouted Billy. “Yours is cool too Billy!” Replied Jenson. “I’m so glad I found you Jenson as I have been all by myself.

I was digging for worms In my garden and I found a secret door which brought me here!”

As Billy and Jenson were walking over to join the party, they saw someone they knew dancing on the stage....it was Ollie!

He was a very good dancer and all the dragons and dinosaurs were cheering him on and joining in!

Billy and Jenson were so impressed that they joined in too...it was so much fun!

Just as the next song was about to start, there was a loud bang.....

What was that noise asked Jenson?

All the music and dancing stopped. Its William and he's
paragliding said Billy!!

We all looked up to the sky.
He looks like Superman!

Speaking of Superman I have a comic about him said
Ollie.

William landed near us and we all went to see.

What are you doing William? I don't know he said.

How did you get here? I can't remember.

William looked around where am I?

Come on said Ollie I'll show you around and we can read my comic.

William and Ollie sat down and started to look through the comic.

Suddenly the pages started to glow.....

William gasped, "I remember what happened now!"

He started to tell Ollie his story.

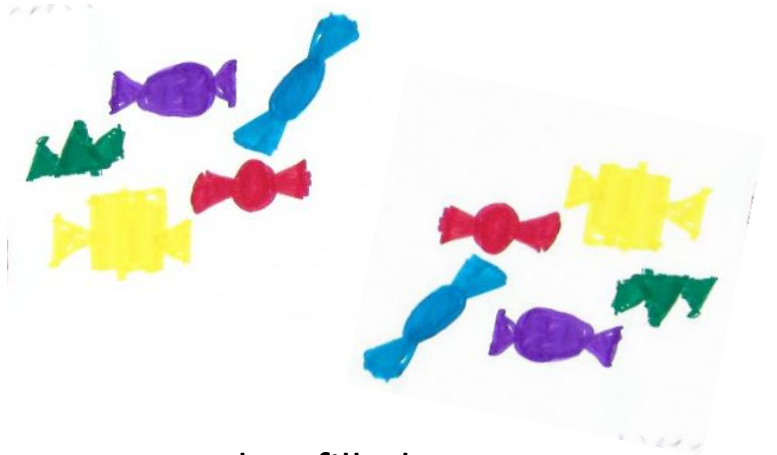

I found Pikachu and he was hurt.

He asked me to find the portal so he could get to Nurse Joy and get better.

He had asked many other people to help but unlike me no one had been able understand Pikachu.

We had to find our way through a maze made of fizzy Haribo and Moams.

I did my best not to eat many but filled my pockets completely full !

Look we can share them now Ollie! William took some out of his pockets and handed Ollie a fistful. They both gobbled them up hungrily!

We found the Portal and said goodbye to Pikachu, he went through and disappeared...

Suddenly everything around them started to glow, the sky turned purple and all of a sudden Mewtwo appeared above William and Ollie, Mewtwo was about to destroy the world.

But luckily Mason was walking past and he had a legendary Pokémon called Sekrom and a master ball which he threw to capture Mewtwo !

William and Ollie was in total shock and so pleased that Mason was walking past at that time !

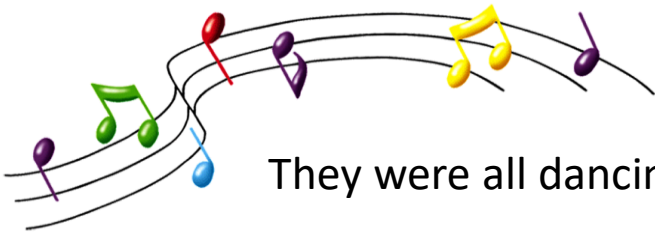

They thanked Mason for saving them and asked if Mason would like to look at the comic with them, so they all sat together to read the comic and looking at the pictures

But then who should appear through the portal ...

It was Kieron !

“Hi Kieron” I said, “you look amazing”

Kieran was wearing a Sonic the Hedgehog costume and he had been djing on the other side of the portal with Pokemon and super Sonic.

They were all dancing around to Dj Kieron's super beat with loud boom boom boom because they were having a massive party.

Kieron said goodbye to William and Ollie and went home. He packed away all his dj stuff and played Minecraft on his Xbox. Whilst Kieron was relaxing and playing on his Xbox he heard a knock at the door.

He went downstairs and opened the door to see Regan standing there. Hello Regan. How are you ?

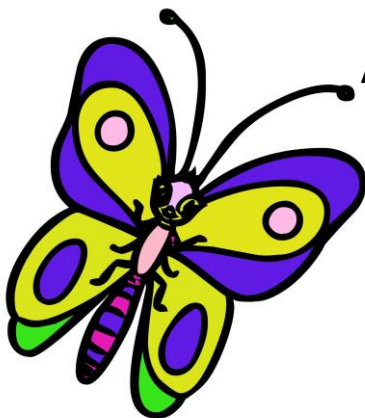

Hello Kieron, are you playing mine craft or pokemon.
Shall we go to the park and play so we can play on
the swings and slides.

Regan climbed to the top of the
slide as she slid down she saw a
sparkly rare unicorn.

Regan asked if she could ride the unicorn. The
unicorn replied of course you can my name is Sunny.

Shall we go on an adventure and find the fairies.

As Regan and sunny the unicorn rode through
the woods they came across a fairy riding a
butterfly.

She was a beautiful Fairy with sparkly wings. They sang songs together and laughed for hours.

They were having such a wonderful day.

The fairy said what one wish would you like.

Regan had a think and said I would love for one of my friends to be here.

Regan said I wish for Grace to come join me.

With a swish of her silver glittery wand and a few magic words Grace appeared.

Hello Grace how are you?

I'm good thank you. Shall we get our hair dyed? YES said Regan.

So we set off but to get there we have to go on a pink glittery bus!

When we got there we got our hair dyed . Regan's hair was blue sparkly and mine was pink sparkly

As we were leaving we saw Miss Fletcher, she was getting her hair dyed orange ready for her wedding!!!!!!!

When we got home I opened my front door and I saw...

All my friends.

They had all had such fun adventures during Lockdown but we were so pleased to see each other again.

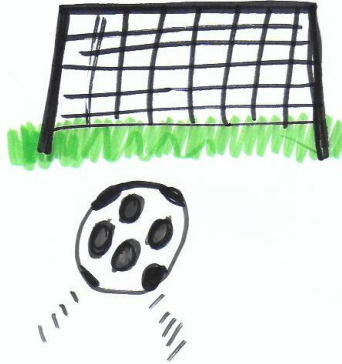

They were all looking forward to new adventures in Year 3 !!!
