Plot:

Someone has put a powerful forcefield around the Superheroes' favorite diner.

When the Superheroes confront the Villains, they found out it was not them, but a new evil wizard in town.

The wizard has also put a forcefield around the Villain's favorite diner.

The evil wizard is more powerful than all of them.

What will become of our Superheroes and Villains?

Will they be able to stop the wizard and return to their favorite diners again?

Wonder Woman:

I just got back from the
Soup and Heroes Diner
and someone put an
evil force field around it.
I couldn't get through.

Flash:

Who would do such a thing? I was just going to zip over and grab the soup the day.

The Hulk:

I am so mad.

Today was pea soup.

I like green soup.

I will SMASH.

Batman:

Relax Hulk.

According to my
computer- the force
field will blow up if you
touch it.

Robin:

Great Scott Batman-
that could destroy the
diner and the city.

Superman:

Maybe I can burn
through it with my
X-ray vision.

Iron Man:

I know you think your
X-ray vision is SUPER
SPECIAL,
but it will make the
forcefield blow up.

Aquaman:

Do you think we could
enter through the
water under the street?

Ironman:

The forcefield is
PROBABLY around the
whole building.

Flash:

I'll go check.

(Flash goes off screen and comes right back).

Ironman is right- the forcefield is surrounding the whole place.

Scene Note

Villains call in on the
screen.

(Funny ringtone)

Superman:

Who is calling?

The Joker:

He he he. I see our
superheroes look a
little hungry.

Supergirl:

With the diner closed,
the only place to eat
nearby is the Diner of
Doom!

The Penguin:

(laughs) They have the best fish soup and crackers.

Batman:

I will never eat there-
the food is too greasy
and salty.

The Penguin:

Exactly why I love it.

Robin:

And the service there is
too slow!
I can't stand it.

Aquaman:

Which one of you
bad guys
did this?

The Joker:

He he he...It wasn't me.

The Penguin:

Don't look at me.

Scene Note

(The call is interrupted)

Voldemort:

I was me. Voldemort.
And I just put a force
field around the Diner
of Doom too.

Villains:

Gasp

Voldemort:

Give me Harry Potter
and I will leave you all
alone.

Storm:

Why should we?

Voldemort:

Because, I am more
powerful than all of
you.

There is really nothing I can't do.

Spiderman:

Okay Voldemort,
enough.

I have a secret everyone.

(Takes his mask off).

I am Harry Potter.

Supergirl:

I thought you were extra moody and nerdy lately. That explains the sudden British accent.

I thought it was just too many James Bond movies.

Spiderman/Harry:

I switched places with Spiderman a month ago and sent him to fight crime in London.

Voldemort:

Ah Harry. At last.

I am going to...

I am going to...

invite you over to play

Snakes and Ladders.

Spiderman/Harry:

What?

Voldemort:

I beat the Hulk on
Monday,
and he got so mad.

The Hulk:

I hate to lose.

I hate snakes.

Voldemort:

I played with Storm on
Tuesday,
and she cheated.

Storm:

I am sorry the wind
blew the game pieces
off the board
right when you were
about to win.

Spiderman/Harry:

Okay I'll play you
Voldemort, but if I win, you
have to change everyone
back and remove the
forcefields from both
diners.

Voldemort:

Deal. And if win, I get to destroy the Soup and Hero Diner and the Diner of Doom and open up my own diner. The Death Eatery.

Spiderman/Harry:

Fine. Let's play Snake and Ladders, and may the best wizard win...
